Excerpts from the Book...

Yuko Sato Eighth Report - The Energy Enhancement Meditation Course Report on the Removal of the Bloody Red Witch Demon, Removing the Subpersonalities and Mastering Relationships with the Family

After all the work of clearing out the psyche of Energy Blockages connected to and supported by Black Magicians. The Removal of the Bloody Red Witch Demon - see the following episode - was complicated by its connection with an Ancient Satanic Organisation over many lifetimes also controlling evil subpersonalities within Yuko Sato and controlling subpersonalities in all the people around Yuko Sato - all relatives and friends - trying to control her, pervert her, degenerate her, deflect her from her mission on this planet - Mother Father, husband, daughters, Aunts, Uncles in this lifetime and in all previous lifetimes.

Here we see their advanced spiritual technology... The ritual creation of demons like the Bloody Red Witch Demon programmed in Ritual to pervert and deflect the spiritual direction of their victims like Yuko Sato into jealousy and revenge on the people they interact with and to vampirise their spiritual energies.

The evil satanic connection and control of every subpersonality to pervert and deflect the spiritual direction of their victims like Yuko Sato and by extension - EVERY HUMAN BEING ON THIS PLANET!

It would seem that the purpose of being planted on this Planet - after learning how to control the physical body, the emotions, the intellect, and the intelligence is to learn to use Meditation - Energy Enhancement Meditation - to open the Third Eye through advanced Meditational Techniques like the Kundalini Kriyas, Alchemical VITRIOL, and the Five Elemental Circulations of the Qi of Chinese Alchemical Taoism to protect against the perversion of the Energy Body through the implantation of Energy Blockages by the Satanic Phoenician Mega Trillionaire Elite minions of the Dark Gods.

Only by the purification of the Energy Body by removing All Energy Blockages can we learn Only to do the good and right thing. Through constant testing. By constant rejection of the Dark Side who offer the World at the cost of your Soul. Only by all this can God learn to trust you. So that he can entrust higher and more important missions to his beloved sons and daughters to help with the evolution of humanity.

STEALING YOUR SPIRITUAL ENERGY? - THE SUCCUBUS, THE INCUBUS The inner child from my third chakra had impetuosity like my mother. She learned this skill through endless experiences with my

mother and started acting like her to soothe herself because this was the only way to exist. She did it in my past relationships and with my daughter. She showed anger at everybody who showed laziness and started attacking. Oh, dear! Anger again....

The second inner child from the second chakra was green with envy. She was like "The grass is always greener on the other side of the fence". She drove me unhappy in all relationships. She made me all sorts of negative feelings until I feel depression, then, I ran away from the relationship.

The third inner child from my first chakra was filled with fear. She was scared of being alone, getting older and dying miserably. She forced me to regret the past. She needed security and love. Probably, she was the one to rush for a marriage.

I knew that my ex-husband had some addictions and strong ego. She tried not to look at these problems, or she convinced me that I could get over those. Because I believed it was a true love. Yet, after divorcing, she was sending the negative energy to me to regret it. It was obvious this inner child didn't care about me.

Inner children are soulless virtual machines which once programmed keep on doing what they do - Poor me, violator, selfish competitive black star...

I had found the three big enemies who destroyed my past relationships. They could play their roles one after the other as a good team in order to feed themselves endlessly. If I didn't get rid of them or unite them to my soul, they would do the same thing for the rest of my life. I circled them and cut the above and bottom. It's times up today. It took long already. I opened my eyes and stretched my legs. I need a good preparation.

Yuko Sato Ninth Report - Removal of the Bloody Red Witch Demon's Satanic Organisation

The Energy Enhancement Meditation Course Report on Sitting in Sirius Chakra and the meaning of the Red Lipstick - POISON!

In a past life the Bloody Red Witch said to the woman with henna tattoos on her hands, "This lipstick contains poison to kill your enemy and to implant your Energy Blockage grudge Demon which could curse her for a long long time, many lifetimes, as Karma. Use it to fulfill your wish. Then, you must work for us - the Red Witch Satanic Organisation" I sensed that I was poisoned by this lipstick. I saw the scene I was dying slowly by poison and this long-standing grudge.

This is the meaning of the Red Lipstick...

Cleaning the Logos part 1 Yuko Sato 2nd MARCH 2023 I was enjoying resonating through happy angels while cutting the top and bottom of memories with my spiritual sword while focusing charging

energy by turning the Merkaba. A lot of things were going on simultaneously. But I just trusted my mind computer and resonated happy feeling. They clarified the end. Just kept closing my eyes from any doubts, I opened my third eye and my heart. I learnt this technique through regular meditation.

Eventually a small inner child subpersonality appeared. She had several leads or energy cords. All of a sudden I was dropped into a pond of negative emotions which I didn't like and until now I had tried not to feel, forbidden or hidden by other emotions. I couldn't believe the negative emotions still remained inside me after many applications of the Energy Enhancement Video Course Level 2 technique of the 7 steps to burn them. "Maybe did I failed? Or Am I doing something wrong?"

They all mixed up with me in confusion. Doubts fell on me. I was not the only one person who was special and couldn't do everything so well. And I was not a star. Because I failed again. Shame and regret overwhelmed me when I realized this. I was stuck with my usual pattern of thoughts which I removed by Energy Enhancement Video Course Level 2 technique of the 7 steps.

Then, I felt like a small child, withdrawn into my shell, drunk with a sense of loss. I gave up thing I engaged for a while and convinced myself that it was the right thing to do and looked for the next chance without completing it. This was repetition. I was now in this crisis again.

I asked the small inner child subpersonality what she was doing there. She was desperately shy and vulnerable. She answered me in a weak voice that she had been protecting me in this comfort zone in my subconscious. She was pulling me to return to it because I couldn't overcome the fear.

Suddenly, I felt genuine compassion because she did to protect me from fear. I knew fear. I poured love into her and showed her gratitude. I held her hand and hugged her, then I told her that I was strong enough and you didn't need to protect me anymore. We left the comfort zone together and flew up to our soul.

She nodded and her shyness vanished. I cut the top and bottom of her and jumped into the centre of the earth.

It was high time to transform together. We would have the first match in Kendo tomorrow! I was holding her until she transformed into a lovely angel. We flew up to the soul and jumped into it. Wow... we were melting, fusing with the soul and collapsed on the bed. I was exhausted

I had a dream. I was a spy and I worked with 3 more agents. We were about to finish a difficult mission. Then, one female agent I knew her in the real life put a gun on my stomach and fired. A burning hot bullet entered into me.

When I woke up, I was a little shocked to dream that my friends betrayed me and killed me. I clearly remember the feeling of a bullet lodged in my stomach. It was just below the navel, the place of the second chakra. I had three other concerns. One, she fired a bullet at me without anyone else knowing. The second is that it was not a lucid dream, but I remembered vividly. Third, I've been having frequent dreams lately that I'm a spy and failed in my mission. Based on my brief meditation experience, I thought it was likely a track from my subconscious mind in order to clear karma from past lives. So, I wrote it down in my diary, and time passed while I was thinking about it. Let's meditate on that tonight.

I meditated at night and applied the 7 steps to this female agent. I set her on fire, but strangely, nothing came out even after seven steps.

A few days passed quietly, like "the calm before the storm". I just sat and meditated. I concentrated on recharging my energy. Experience in the Kendo match taught me to wait for the perfect timing. Then I woke up in the middle of the night. I was overwhelmed with a sense of loss and isolation. My heart chakras were filled with fear. Yes, it came. The best timing had come. My blockage might set up an attack.

Lately, Sachi, I feel like I know what you were talking about that the students stop meditating in the middle of good progress. Blockages are smarter than I thought and it is not easy to keep up with the same degree of passion. Because I started meditating with the realization that something was wrong with my life.

"Blockages are innumerable, let us Vow to end them All!" - Heart Sutra of the Buddha

Once I started meditating and removing blockages, I experienced dramatic emotional stability and positive changes in my life. After achieving a certain amount of positive changes in my life, the need for meditation fades away. At the same time, blockages become more difficult to find and remove.

Moreover, blockages will return. I came across the blockage that I discovered more than ten years ago. It reminded me that I won't be free from fear unless I eradicate the blockage. The blockage could sabotage my life again. I really want to prevent it. Because I am keenly interested in the state that comes after that.

Then, I found an inner child subpersonality in my second chakra. She was squeezed by the orange snake for a long time. Her body had marks of being strangled by the snake and she didn't move at all. Was she alive? I projected energy and held her. I washed her with energy from the universe and the centre of the earth. She opened her eyes. Hello! We talked for a while. She was holding complexes I swallowed since I was very small. I

thanked her and clearly told her that she didn't need to do that anymore. I asked her to come with me. She smiled. I circled her. I stopped time again.

A blue snake was about to bite my soul. I grabbed it and pulled it out. I circle it and threw it to the Medusa. It made a small gap in the Medusa women. I cut her head off. Then I put together, a head, body and two snakes.

My mind computer had already showed me the time line. I would use the time slam technique. I threw them on the past and future walls together with the black blockages which were my accumulated negative feelings such as envy, desire, jealousy, rage and greed displayed on the timeline. After several bangs, they shattered and grounded themselves into the centre of the earth.

Thousands of angels were transformed. I was relieved to be able to feel their happy vibrations through my breathing. They flew up to Logos and dive into it. A dazzling light swirled around and created a powerful tornado. The sea water blew up high into space and turned into beautiful light flakes. They poured all at once into the Antahkarana. The bottom of the sea appeared. It was a brilliant crystal Logos and there was a glimmering fountain in the middle.

I tagged it. I would return the next step to find a controller tomorrow. I felt great, but my legs were completely numbed. I fell into sleep.

Yuko Sato - Cleaning Logos part 3 and the beginning of the White Knights Mar 11, 2023

TRANSMUTING ENERGY BLOCKAGES, FREEING THE PURE ANGELS INSIDE THEM, ASKING THEM TO AUGMENT YOUR CHAKRAS, IS A TECHNIQUE OF ENERGY ENHANCEMENT MEDITATION WHICH INCREASES YOUR TALENTS, INCREASES YOUR ENLIGHTENMENT!

I met my great-grandmother in the meditation two years ago. She ordered me to learn the great spirit of the Samurai. Because I was totally pathetic when I left a previous marriage. Then, I came across Kendo. After I started practising Kendo, she disappeared.

THE GATES OF HELL! CHAKRAS ABOVE THE HEAD, SIRIUS AND AVATAR OF SYNTHESIS

Once I could remove blockages in the subconscious mind, I would Consciously act or not act in real life instead of unconscious reactions or responses by blockages, traumas, or Karma.

Every action leaves impact, impression and they await volitional result - Karma - in my future.

If you want to change your future, remove your karma - just sit and meditate with Energy Enhancement Meditation to remove blockages." - Yuko

"I remember the movie, "The Devil's Advocate" with Keanu Reeves and Al Pacino where the Gates of Hell came alive with the screams of the damned" – Satchidanand

Dante passes through the gate of Hell, which bears an inscription ending with the phrase "Lasciate ogne speranza, voi ch'intrate", most frequently translated as "Abandon all hope, ye who enter here." Dante and his guide hear the anguished screams of the Uncommitted. These are the souls of people who in life took no sides; the opportunists who were for neither good nor evil, but instead were merely concerned with themselves. "You have to be good, do good" – Satchidanand

Removing the Last Inner Child Subpersonality

Now we were integrated with the Soul. Now we together must push Yuko into becoming my highest self who is wise as ancient seers and playful as a child.

Yuko Sato - Fight with Death and Kali Just then, Sachi slapped my shoulder with the Keisaku again. It brought me back to fight against Kali. I wrapped this image with DNA strings which I had just cleaned and poured energy from the centre of the universe on it. Then, I dropped it into the centre of the Earth in front of Kali.

I was holding my spiritual sword toward her and staring at her without any blinks like Kendo fighting before an attack.

While I kept my distance where approaching one more step allows me to strike her, angels were released. These angels covered Kali. It was a slight opening, I struck her and grounded her into the centre of the earth. I completed the Energy Enhancement Meditation Course Seven Steps. Angels were released much more than I'd ever seen.

Satchi's voice came to my mind. It was triggered that a great stretch of mother nature lay beyond my heart chakra, just like the Zen garden I saw in Kyoto

Energy Enhancement Meditation Student Yuko Sato Report 13

I washed all men in the world in my spiritual waterfall basin on top of Antahkarana, explaining how the Psychic Powers gained by the Energy Enhancement Meditation Course have changed my life.

He yelled Kiai first, and so did I. It resonated with clean vibration and harmonized with his one, while I was fully focused on my teacher's move

and his planned movement. I was watching him through my third eye. I could see his chakras as if it made of glass through my chakras.

His solar plexus shone, and I struck his head, but he struck my right wrist quicker than I did. Strong pain went through my right wrist. He was quick as a cobra. We started again in Touma, which means we hold our bamboo swords just touching each other. The pain in my right wrist told me that a grain of hesitation would kill me. I fully focused and it brought me to a meditative state.

I heard my great grand mother's voice. She said, "You are reclaiming your magic and the wisdom you have brought through from your many lifetimes." My teacher's heart chakra glowed, and I sensed it in my heart chakra. It released my second chakra, I moved to hit his head, and at the same time, he struck my head too.

We did "Aimen" which means we struck each other's head at the same time just like Tom Cruise did in, "The Last Samurai". It ended. We performed a ritual squat called Sonkyo by touching the tips of swords each other after the match. Then, deeply bowed.

I circled all men in the world with my golden dagger which my great-grandmother gave me. I cut the connection between us. I dropped them into the waterfall basin on top of my Antahkarana. I called the Dragon from my Kundalini chakra and asked it to dive into the waterfall basin and stir all. They were washed and purified by this living golden energy and my Kundalini energy which I obtained after removing so many blockages below the base chakra and then I was about to drain all into the centre of the earth. Then, I found a big black stone at the bottom of the waterfall basin. It had been blocking the stream into my Antahkarana! WOW! It was a blockage! I had wondered why I didn't feel the strong living golden energy flow in my Antahkarana from this waterfall. Yes, now I understood. There was a blockage.

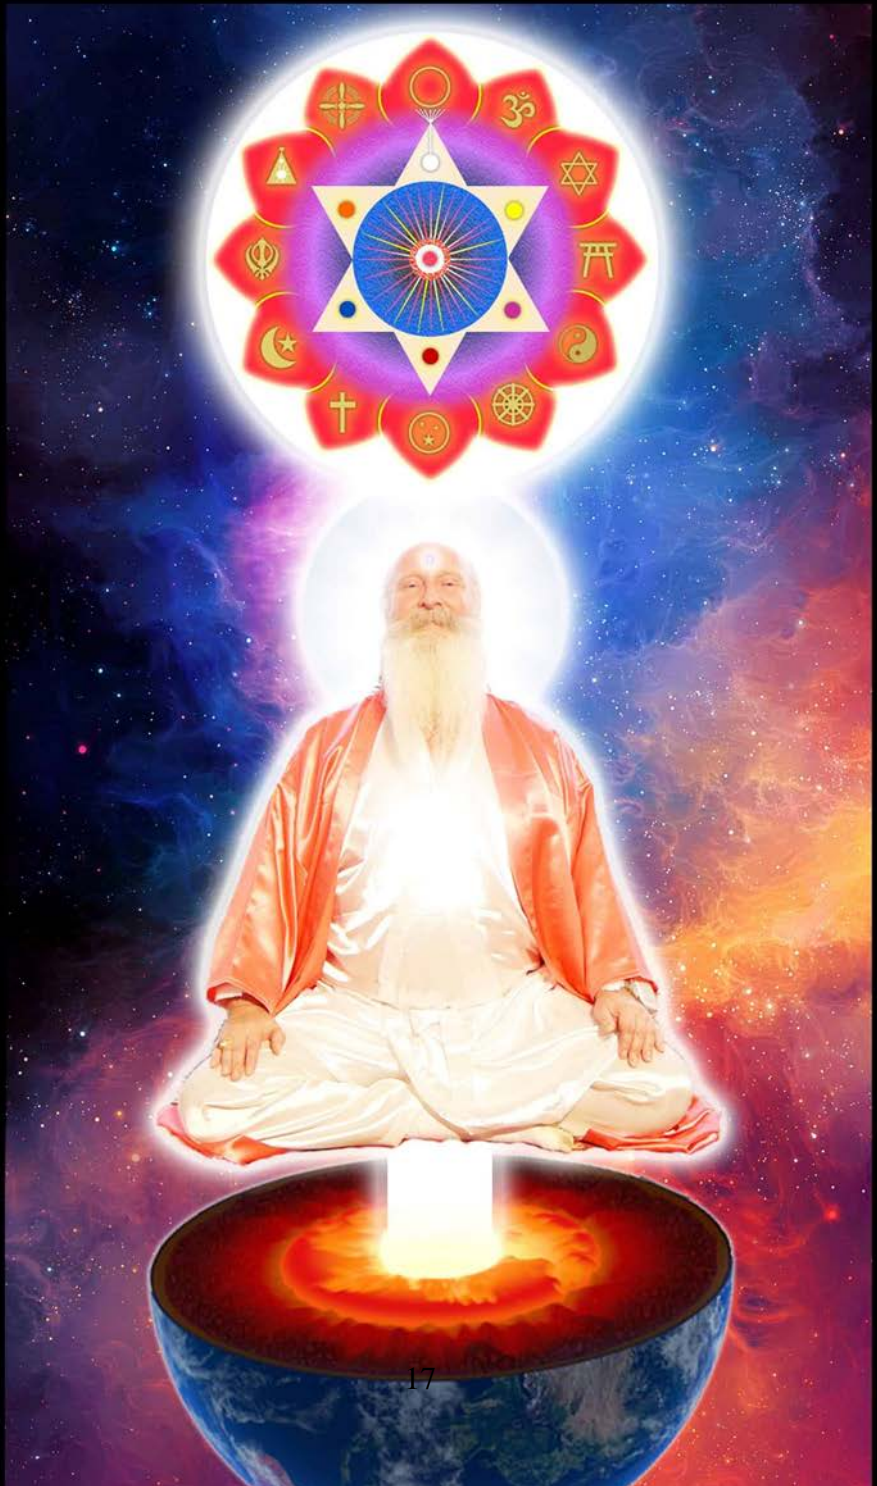

Now the controller, I knew the controller was that black stone. It blocked the real connection between my guardian god, my higher self and me. It made my perspective narrower and made me think I could get happiness only from a man. I Never thought that I could get "a state where one can maintain peace of mind no matter what happens" by me without a man. I declared that I would purify this mindset and all memories by burning this black stone using the Energy Enhancement Meditation Course 7-step. After that, I would be completely neutral and independent. Then, I dropped it.

In this Eighth episode from Yuko Sato

After all the work of clearing out the psyche of Energy Blockages connected to and supported by Black Magicians. The Removal of the Bloody Red Witch Demon - see the following episode - was complicated by it's connection with an Ancient Satanic Organisation over many lifetimes also controlling evil subpersonalities within Yuko Sato and controlling

subpersonalities in all the people around Yuko Sato - all relatives and friends - trying to control her, pervert her, degenerate her, deflect her from her mission on this planet - Mother Father, husband, daughters, Aunts, Uncles in this lifetime and in all previous lifetimes.

The Satanic Phoenician Mega-Trillionaire minions of the Dark Gods they worship who live out of the body and live eternally by consuming the spiritual energies of humanity.

Here we see their advanced spiritual technology... The ritual creation of demons like the Bloody Red Witch Demon programmed in Ritual to pervert and deflect the spiritual direction of their victims like Yuko Sato into jealousy and revenge on the people they interact with and to vampirise their spiritual energies.

The evil satanic connection and control of every subpersonality to pervert and deflect the spiritual direction of their victims like Yuko Sato and by extension - EVERY HUMAN BEING ON THIS PLANET!

It would seem that the purpose of being planted on this Planet - after learning how to control the physical body, the emotions, the intellect, and the intelligence is to learn to use Meditation - Energy Enhancement Meditation - to open the Third Eye through advanced Meditational Techniques like the Kundalini Kriyas, Alchemical VITRIOL, and the Five Elemental Circulations of the Qi of Chinese Alchemical Taoism to protect against the perversion of the Energy Body through the implantation of Energy Blockages by the Satanic Phoenician Mega Trillionaire Elite minions of the Dark Gods.

Only by the purification of the Energy Body by removing All Energy Blockages can we learn Only to do the good and right thing. Through constant testing. By constant rejection of the Dark Side who offer the World at the cost of your Soul. Only by all this can God learn to trust you. So that he can entrust higher and more important missions to his beloved sons and daughters to help with the evolution of humanity.

No other Meditation Course other than the Energy Enhancement Meditation Course teaches the Spiritual Techniques necessary to clean the psyche of Energy Blockages, Demons, and Subpersonalities necessary to evolve sufficiently to defeat the Satanic Dark Gods who live out of the body, Eternally, by stealing Your Spiritual Energy and the Spiritual Energy of All Humanity.

STEALING YOUR SPIRITUAL ENERGY? - THE SUCCUBUS, THE INCUBUS

Everyone is Already the victim of these Implant Addiction Energy Blockages.

Here is one of our Students Yuko Sato working with the Energy Enhancement Meditation Course Advanced Meditational techniques using the Kundalini Kriyas, Achemical VITRIOL, and the Taoist Five Elemental Circulations of the Qi to increase her Spiritual Energy, Open the Third Eye to see Energy Blockages on the Astral Plane and by Using the Seven Step Process and Merkaba Psychic Protection remove Energy Blockages and implant addiction blockages from the Psychic Body and All of her Past

Lifetimes.

The Astral Plane is a Psychic Plane of Virtual Reality which is viewed through our cultural lenses. As Sosan the third Zen Patriarch says, "They Know!" and our students are not beginners, they have many lifetimes of experience navigating the Astral Plane. Many Times my students teach me!

Many times we get help on the Astral Plane from Spiritual Teachers and Angels as we remove our Traumatic experiences so our messy history painting can become a clean white sheet..

"This afternoon, I invited my ex-husband and my daughter for Sushi brunch at my place. I was amazed at how much I was calm and relaxed this time.

Because I had removed huge blockages from both my ex-husband and myself from our throat chakras I also seemed to have removed my self-importance. Also, because I had removed blockages from my past and future timelines on which my daughter was there I was able to have a relaxed conversation with my teenage daughter!

I was Impeccable!

Any of their negative attitudes didn't affect my mood at all. They were quite the same as always, for instance, my ex-husband often used his iPhone and my daughter sometimes didn't reply to me.

I had just changed somehow by using Energy Enhancement Meditation.

I could see the situation above, objectively from a different perspective without the trauma from previous memories. I focused on their presence when I enjoyed making Sushi for them and spending time with them. I stopped thinking about myself and why they did such things.

It was pretty good."

And now in this 8th episode, "Yesterday, my kendo teacher said to me, I have a great spirit in fighting recently. It surprised me. And my daughter started learning Kendo with me. I had a great talk with her after the Kendo lesson yesterday. Finally it made me so happy. Meditation led me to this new direction."

Utilising the Energy Enhancement Meditation Course Seven Step Process to remove energy blockages and the Energy Enhancement Meditation Course Karma Cleaning Process Yuko has cleaned her Antahkarana, all her previous lives and made contact with the Buddha Maitreya and his monks

living in the chakras above the head whose aim is to help all meditators who come to them.

Using these Energy Enhancement Meditation Course techniques and an open third eye Yuko has removed a lot of her Trauma and negative emotions associated with her divorce.

Dearest Satchi,

Yes, I am great. I have been blockage hunting for a week. I grounded difficult blockages and inner children and it took a few days, but it hasn't finished yet. I found a string to my chakra below my root chakra. So, I will take a look tonight.

Yesterday, my kendo teacher said to me, I have a great spirit in fighting recently. It surprised me. And my daughter started learning Kendo with me. I had a great talk with her after the Kendo lesson yesterday. Finally it made me so happy. Meditation lead me to the new direction.

Yesterday, I had a dream after a week of without dreams. You were in my dream and we were meditating together. In this dream, I identified two people were stealing my energy. They were two female friends who I knew from the past life. They did because they had jealousy. It was interesting because it related to my last meditation which I wrote a long review below.

Your Energy Enhancement Meditation Course video helped me a lot. I learnt the basics again. Thank you.

I know you will go to India. I saw this in my dream!!! Love and Light Yuko

On February 8, Wed

My dog, Inca made me wake up at 2:22. She wanted to go outside. "What

the hell happened to her?" I am sorry for my language. Unbelievable, it was minus 7 outside. I felt gushing sudden anger under pain in the sleepiness against Inca, "Why now?" Because I offered an evening walk before dinner, she didn't want to go out. So, I followed her preference. Then, at 2 o'clock in the morning, these two irresistible black eyes were staring at me. Everything could be negotiable, so I talked to her through her eyes, but she insisted to go out. Otherwise, she said that she would not go to sleep. Despite considerable reluctance and anger, I dressed well preparing for a nippy outside. This negative feeling rang a bell. I was familiar with this since when I was small. Aha! Thank you, Inca! As you said, Satchi!

Every blockage leaves tracks.

Stalk the tracks.

Stalk the blockages...

S

I found the track for the blockage which could lead me to a hidden inner child. I set me off for the adventure in freezing cold. It was deathly quiet yet there was mellow light from the two days late full moon. We walked the usual walking path through a dreamy atmosphere being bitten by freezing coldness. I started meditation while walking. Inca was sniffing and stalking the track to the hidden memories when my inner-children had split from my Soul due to heavy pain and trauma. My lovely doggy, Inca was showing how to stalk seriously and sniffing even the smallest track enthusiastically. "What a spirit, Inca! It's good to have you in my team!" We were gradually getting closer to my hidden inner children.

This mysterious inner-child hunting started after cutting off the cord connected to 10 billion people in the world. As I told you in a previous email, I did it 3 days ago and I haven't connected this soggy end to my soul yet, instead, I cut the cord again, for sure, the next morning and reconnected it to the centre of the earth and burnt all negativity.

Then, I focused on cleaning connections with my family, close friends and people I met in my life. Sensing horizontal communications between chakras was not easy for me. The type of energy or quality of energy that was not the same as the one from the universe and the centre of the earth.

I was not sure about it. But I just kept circling the connection, did 7 steps then burnt them to purify all connections. Sometimes, Angels were freed from their prisons as lights which came up and I brought them into my Antahkarana to augment my psychic body.

The result for three days was impressive. I gradually could feel horizontal connections and received energy at the left side of my chakra. Moreover, I

live in the same life, I mean I didn't move to the place I live, didn't change my job, didn't change my circumstances, but I could see from a different perspective like in the dreamy atmosphere. This new concept of using various perspectives gave me a calm state of mind. Yes, I am calm. My mind was not busy at all.

I wonder how much attachment did bother me? How many worries did make me sick? How many delusions did make me suffer? A lot! It might be

equal to the number of blockages I burnt in the centre of the earth!

Satchi, thank you! Endless burning blockages like “Thomas and friends all Engines Go!” as its reward, I found calm in my mind. Furthermore, I am experiencing sensations in my crown chakra and the back of my head. It kept awakening in my mind like cold air biting my face. There were two significant changes in my mind and body.

Firstly, I stopped having a dream at night, or I might have it, but it was weak, and meaningless to remember it. Only for 3 nights so far, but I had it almost every day before. I feel so different when I get up in the morning.

Secondly, I felt a strong sensation in my crown chakra and the back of my head, during meditation and sometimes, outside of meditation. Especially, when I watch your video, or when I read something interesting, I felt this sensation.

I just remembered, for the last two years, I felt a similar sensation in my root chakra, strangely at the same time after lunch and late evening every day for a while. It was irresistible. But it stopped. Now, it started on my crown chakra and the back of my head.

After we came back from a hunting night walk, I felt crisp, of course after breathing the fresh cold air. I crossed my legs for meditation and dealt with memories called blockages.

I started the normal procedure at my fingertip. I aligned my body and head, which is crucially important. To create protection, Merkaba was the best, clear auras and compress it to make a blade. I am ready to cut the cord again. I cut it and connected it to the centre of the earth, asking my mind computer to burn a vast amount of negativity, automatically.

Meantime, I started undoing the memories attached to the sudden anger “Why now?”. There was my mother at the end of the cord and on the other side of the end there was my daughter.

I started with my mother. My strict, impetuous mother always asked me to do a particular thing just right now, when I was not ready to do this. I asked her “Why now?”, then she scolded me “Don’t ask me, just do it now. Because you should have done it before, You are lazy.”

I collected every memory and circled them. I felt negative feelings from my mother attached to them. Those negative feelings made me so nervous, and panicked. There were so many which were the moments my sub-personality was split off from my Soul. It didn’t matter, I just did the Energy Enhancement Meditation Course Seven Steps.

Then, suddenly one scene popped up. It was the scene I was telling my mother this truth. It was just a few weeks before she passed away. The scene showed me that a blockage of sin was created. Finally, I found this long tracking.

In this scene, I said to her "I could not do any more to fulfill your desire. I have tried hard since I was small. You rarely praised me, instead, you blamed me as a "lazy girl". I told this to my mother who was diagnosed with ALS and lost so much weight and muscle using a respiratory device. She was just listening and said, "I am so sorry to abuse you. I will confess."

I projected energy onto myself and my mother. I received energy filled with a confession from my mother and dissatisfaction from my sub-personality. At the same time, I felt a mixture of regret and anger. I hugged both and brought them to the centre of the earth. They need to be purified. I was holding them until they burnt. Finally, they became angels and flew up to my soul to expand, enhance and evolve my energy body..

After this grounding, I felt pressure on the right top of my solar plexus. I grounded the connection and I focussed on looking at the area of pressure. It was filled with stagnant negativity in dark grey without shape.

I tried to push it all out, but it didn't move. So I poured white energy from the highest place I could reach. It worked to neutralise negativity.

Sooner or later it had translucent quality. I could see through the bottom. Suddenly, I was caught by a twinge of energy with countless scenes where I was green with envy for the people who had good, kind helpful parents, brothers and sisters. It told me the moment my inner child split off from my soul. I started to search for her or them, highly likely several of them.

At the same time, somebody, probably a sub-personality, kept whispering to me, that we didn't have such a nasty inner child. We didn't envy anybody, we accepted all we had, right? Good girl. My sub-personality tried to discourage me to find the inner child filled with unconscious envy. I told her "Be quiet!" and I circled her with my sword. I kept focusing on searching for a split part of me first. I would ground this sub-personality later. I must not lose this track.

The energy started flowing in the Solar plexus but stopped in my second chakra. I looked it through my third eye. It was filled with sticky energy. I pushed it away by breathing like a pump, - Bhastrika pranayama - once all the old energy was ejected, I massaged it.

The energy started to flow. Now, I could see through them with clear transparent energy. I found three balls in a line, one each from these three

chakras. Three were connected together. I cut the bottom and top. I sent energy from brow and heart chakras, Bingo! They were inner children.

The inner child from my third chakra had impetuosity like my mother. She learned this skill through endless experiences with my mother and started acting like her to soothe herself because this was the only way to exist. She did it in my past relationships and with my daughter. She showed anger at everybody who showed laziness and started attacking. Oh, dear! Anger again....

The second inner child from the second chakra was green with envy. She was like "The grass is always greener on the other side of the fence". She drove me unhappy in all relationships. She made me all sorts of negative feelings until I feel depression, then, I ran away from the relationship.

The third inner child from my first chakra was filled with fear. She was scared of being alone, getting older and dying miserably. She forced me to regret the past. She needed security and love. Probably, she was the one to rush for a marriage.

I knew that my ex-husband had some addictions and strong ego. She tried not to look at these problems, or she convinced me that I could get over those. Because I believed it was a true love. Yet, after divorcing, she was sending the negative energy to me to regret it. It was obvious this inner child didn't care about me.

Inner children are soulless virtual machines which once programmed keep on doing what they do - Poor me, violator, selfish competitive black star...

I had found the three big enemies who destroyed my past relationships.

They could play their roles one after the other as a good team in order to feed themselves endlessly. If I didn't get rid of them or unite them to my soul, they would do the same thing for the rest of my life. I circled them and cut the above and bottom. It's times up today. It took long already. I opened my eyes and stretched my legs. I need a good preparation.

In the evening, I went to Kendo practice. There was a new young man who hold a sword over his head called "Jodan". It was unusual. Usually, we hold a sword in front of our hearts. Fighting against him was such a challenge because he was protecting his head all the time, there was no gap to hit his head called "Men" which was my favourite strike. Also, there was a long distance to hit his wrist above his head than the position in front of his heart. Therefore, I had to cut the side of his body called "Dou". However, I was not good at hitting Dou, he had the agility to protect his body and attacked my head much more quickly than me. Moreover, he was

in his early 20s and was Czech, there was no similarity between us, he was like an alien to me. Oh, my God!! What could I do?

“Stalk!” It came to my mind. OK, I stalked Dou, there was no other way left, was there? Satchi. So, I tried Dou many times. When he protected his body, I tried his head. During the practice, I had an extraordinary experience. His style of holding his sword became to look like his Antahkarana to me. Every time I attacked him, I felt like I was a BM! It was devastating to cut it. If I were a real BM, without getting his Antahkarana, I would die without charging energy. I would be overwhelmed or worse.

This experience taught me how important it was to proceed with the process of removing a Black Magician thoroughly. Otherwise, he or she would return whatever it took, and whatever gap arose, just as I did!

And, it provided me with the realisation that giving shocks to far-off BMs might be efficient to succeed in removing blockages. And also protections are necessary. Because my young opponent just did against me so well.

I was observing the situation, learning and analysing it with connecting my Antahkarana during this Kendo practice. Then, the practice ended. With the teacher's call, we meditated for a while, whilst I felt a strong connection to my Antakarana. Then, I bowed to him to ask his advice.

He gave me interesting advice, firstly he said I fought well today. I succeeded in some difficult techniques which were at the level of the second or third dan. But I did a basic mistake which made a detour returning to my original position after hitting. His comments surprised me. I thanked him and the young man.

Back to the basics, Yuko! My Antahkarana was vibrating to tell me this. OK, I will go through the basic technique both Kendo and meditation. Before going to sleep, I meditated about the detour.

The next day, I decided to go back to the basics. I watched the Energy Enhancement Meditation Course Level 2 videos. There are a lot of important knowledge and some new powerful techniques which I was searching for!

I did all exercises in the Energy Enhancement Meditation Course Level 2, they were so useful to refresh my regular activities. I cleaned the aura with golden light and removed blockages above my crown chakra, including where I saw a temple with monks, Future Buddha and Buddha, the place I

met some people, the pagoda I met my higher self, and even tested the Virgin Mary.

I reviewed the techniques against Black Magicians connected to and controlling every one of my/our energy blockages. Energy Blockages are the way in which the tendrils of the Black Magicians enter into our energy bodies to pervert, degenerate and control.

After that, I cleaned between my root chakra and the centre of the earth. It took a couple of days, but at last, I felt good and strong. So, I was ready to tackle my strong three inner children with Impetuosity, Eagerness and Fear of loss or be abandoned.

They were still there, where I circled them. I haven't started any relationships since I divorced. Furthermore, I cut the cord of 10 million people from my root chakra and cleaned the connections of close people.

So, they didn't need to take charge and looked like dormant inner children. I protected myself and charged energy from the highest place I could reach, higher than Sirius. Now, I was holding my sword above my head like my young opponent protecting my Antahkarana! I'd learned from my Kendo practice.

I started with the impetuous one. I projected energy up and down from below and heart chakras to it. Immediately I felt stress between my heart and solar plexus where I found her. There was a dark cloud starting to form something. I pushed it out by golden light and cut the top and bottom. I saw a visualized structure connected to the chakra below the root chakra.

OK, I circled this cloud and start stalking the connection. I found a blockage in the chakra below the root chakra. It was a straw man which was hammered by a peg.

I circled it and projected energy. It came from a long time ago. So, I asked my mind computer to show me when I got this. It showed around 15 black spots from the past to the future.

I used my brow chakra to see some of the black spots, I could see this same straw man in my chakras in my every past life.

Wow, it would be tough work. All looked like the same straw man with a peg, so it came from the same source. So I gave shocks a couple of times and compressed all dots into one and I circled it in white light.

I

I decided to take a look at another of the two inner children. I could see a similar state and connected to the same straw man with a peg in the chakra below the root chakra.

I cut the top and bottom of the straw man and try to find minions and a BM. I found many minions who connected to my three inner children. I cut the top and bottom of all connections.

It was difficult to find the BM, during a long search, my leg hurt and there was some pressure in the second and the third chakras. I circled all and cut the top and the bottom.

Then, suddenly, my fear in my inner child was growing and became a high mountain. I heard the voice of the BM, "You cannot find me because this fear was so big that you could not defeat me."

I went up and created an atomic bomb and dropped it on the mountain. It broke into pieces. Suddenly my visibility enhanced and my eyes caught the BM!

It was a Red Witch, again. Furthermore, she was using my traumatic inner children as her minions. I could see my mother, my father, my brother, my ex-husband and some friends who gave me hard time. There were some more people I'd never seen. The Red Witch Demon was influencing, controlling through their inner children subpersonalities, the people who gave them traumatic experiences, such as my grandfather who abused my father when he was small, my mother's aunt who bullied my mother's family for being poor.

Oh, my God! The universe! I will ground all Karmic mass to have a new life. Please help me to give me a maximum power. I prayed for God and I connected to the universe and focused on my breathing with mula bandha. I gained energy. Yes! I could do it. Let's go!

I projected energy to all of them, around 20 of them, up and down, cut the top and bottom by my magic sword. I asked my mind computer to show all blockages related to these people and this Bloody Red Witch who cursed my life.

It showed many black spots in my timeline. I circled all black spots and put them into the washing machine which I created in order to wash my timeline with Shakti and golden powder. It was a great invention, right, Satchi! I touched the start button and left the washing machine to run.

I looked at Bloody Red Witch. What the hell was this witch? I had grounded her once, but she came back again. I had to use a different

technique, a new one. I stopped time and circled her and her 20 minions and cut the top and bottom I grounded all together with many straw men from my chakras.

The straw men were filled with jealousy. All burned in the centre of the earth. Then, I did the 7 steps in 4 dimension world. I completed all processes much faster. It was great.

The Bloody Red Witch became a beautiful angel with strong wings and minions of all my traumas became shiny Angel lights. I brought them to Sirius to augment my spiritual body.

Now I could ground my three inner children. I send them energy from a higher place in the universe. Everything was caused by the jealousy of the straw men. I sent all my love to these inner children and burn them in the center of the earth. They became one angel with a beautiful smile. I went up to my soul with her.

Dearest Satchi,

Very good, Yuko,

Thank you. I hope so. I enjoy meditating so much, so I have no time practicing Ashtanga Yoga, haha.... I hope it is OK.

Soon no blockages!

I hope so, but I believe it will be long way, though.... Recently, I feel very calm, less dynamic, or perhaps balanced. Because I burnt so much anger recently, so less anger I feel less conflict and drama in my daily life. It delivered a new state of mind I'd never experienced. But I was a bit worried that I would become lazy or the blockages would make me demotivated. So, I meditated about laziness, just for sure in this morning. I will write about it later.

How did the work go with your brother?

Not yet. He will be the last one to meditate about. I sensed that it connected to my hidden resentment in today's meditation. I would like to clear my chakras above the crown chakra before tackling this issue.

And the lipstick?

Aha, read the below. I did it last night and this morning.

Sirius - its a major sun system where the Christ and Satchidananda live. Above that is the Avatar of Synthesis. The Dogen tribe of Africa knew there was a Sirius B there without telescopes. The Freemasons have the Helical rising of Sirius as well as the Hindus but I forget the festival - ah Shivaratri!

Alice Bailey talks about the Black Lodge on Sirius apart from the location of the Christ.

Thank you. Your advice was reflected into my meditation.

Yes. Good questions.

It seems another synchronicity. I meditated on the lipstick this morning. The reason is blatantly obvious. I saw the Bloody Red Witch AGAIN and it took a couple of days to accomplish the Energy Enhancement Meditation Course Seven Steps.

She was attached to the lipstick when I met her for the first time. Now I perceive that there are many strings attached to her and these strings connect to a Mass Satanic Organization through many past lives.

This Organization uses many minions (even my sub-personalities) to hold me.

During meditations, I cut innumerable connections and strings attached, but it was not enough. I noticed that the Bloody Red Witch loves jealousy which contains anger as a driving force. I removed various blockages that sensed anger from the place between the solar plexus and the heart chakra.

I could assume that the Satanic Organization also uses resentment to stir up my emotion not to focus on meditations. Even I felt a bit demotivated. It's high time to execute her and the lipstick.

Before this, I will write about the blockage hunting in the chakra below the root chakra last night.

I went back to the scene after I metamorphosed three inner children into a strong, beautiful angel and I pinned the string. I found it and stalked it. It connected to the chakra between the root chakra and the centre of the earth. Let's call this chakra "Earth chakra" - Kundalini Chakra - because the closest chakra to the centre of the earth and it located inside the earth, right?

Bingo! I found a blockage shaped like a round ball. I cut the top and tried to cut the bottom, but something lay buried. By the way, this Earth chakra is coloured black, but healthy black, not covered by blockages, I hope. Don't you think so?

If it is covered by blockages, Oh my God! I need a week to clean all! I was convinced that it was coloured black because I could see golden light coming through like a backlight or magma.

The blockage I found had a different texture. I looked at the blockage through my third eye and it looked like orchid buds. And the blockage I could see was the top part and the rest were buried down. Yes, it was a giant orchid plant rooted in the earth.

What the hell was it? It was feeding my inner children. The bud was like an incubator for my inner child. Once the flower bloomed, the new inner child would be born.

Wow.... It was a highly impressive system. I must remove it by root, otherwise, I never get rid of my inner children. I traced this orchid including its roots carefully with a dagger my great-grand mother gave me last year.

I projected golden energy, perhaps I could use blue light for aura cleaning. Now, it looked like impressive art. I push it out, cut the bottom and circled it. It took time and I felt distracted. It was a really bad blockage. I could feel enormous negativity.

Despite it, I applied the Energy Enhancement Meditation Course Seven Steps to it.

I found minions who dressed beautifully in luxurious ancient style. Most of them were women like in the harem. I cut the top and bottom and sent energy up and down

Next was.

AGAIN! a Bloody Red Witch, but she was different from the one I saw. She was beautiful in a red gorgeous dress like a queen. It seemed like there was a Bloody Red Witch organization which cursed me so badly. She put red lipstick on her lips. Red Lipstick!

Anyway, I sent golden energy, she doesn't move at all. She was absorbing energy and grew like a mountain. I went up to the universe to create an atomic bomb. Then I saw the string from her to Sirius chakra. So, her controller lived in the Sirius chakra. Is it possible?

I dropped the bomb on this red queen. She shrunk. I cut the top and bottom. Next! I looked at her controller in the Sirius chakra. It covered half of my Sirius chakra. Until I found this controller, I imagined Sirius was a world, because I visited the world before. But, as you explained to me, it was a solar system, so it was like Sirius constellation? I got it.

I found this controller in my chakra located in the Sirius solar system. It covered the right side of my Sirius chakra. I traced it with my spiritual sword and pour energy directly from Sirius. It started to melt. I cut the top and bottom. I tracked the string from this melting controller. I was completely out of the Sirius solar system. I was in the middle of nowhere in an unknown space and I found blockages up to a million. I cut the top and bottom. Then, I moved even farther to circle up to infinity. I did.

Then, now I grounded all with strong determination. I want to burn all and I imagine all were completely burning. Then, it happened. Red magma from the centre of the earth swallowed all at once. All has gone.

I waited for a while, counting breaths with peace. After I transformed my impetuous inner child, I feel calm and at peace. Suddenly, brilliant light came up and a beautiful winged white queen appeared. I looked below from my Sirius chakra.

Without the massive controller, I could see through to the centre of the earth. Now, I could circulate energy so dynamically. All chakras were transparent and functioning well, vibrating, glowing and shining differently, but all were perfectly synchronized with each other in a pre-established harmony. Wow, I was amazed at how beautifully God created us. I expressed the very deep gratitude to God. Thank you.

Then, I went to sleep.

The next morning, I meditated about the lipstick which the Bloody Red Witch Queen put on. I received your email which reminded me of it at the same time.

I will write it later.

Love and light

Previously in the Eighth episode, after all the work of clearing out the psyche of Energy Blockages connected to and supported by Black Magicians. The Removal of the Bloody Red Witch Demon - see the following episode - was complicated by it's connection with an Ancient Satanic Organisation also controlling evil subpersonalities within Yuko Sato and controlling subpersonalities in all the people around Yuko Sato - all relatives and friends - trying to control her, pervert her, degenerate her, deflect her from her mission on this planet - Mother Father, husband, daughters, Aunts, Uncles in this lifetime and in all previous lifetimes.

The Satanic Phoenician Mega-Trillionaire minions of the Dark Gods they worship who live out of the body and live eternally by consuming the spiritual energies of humanity.

Here we see their advanced spiritual technology... The ritual creation of demons like the Bloody Red Witch Demon programmed in Ritual to

pervert and deflect the spiritual direction of their victims like Yuko Sato into jealousy and revenge on the people they interact with and to vampirise their spiritual energies. The evil satanic connection and control of every subpersonality to pervert and deflect the spiritual direction of their victims like Yuko Sato and by extension - EVERY HUMAN BEING ON THIS PLANET!

It would seem that the purpose of being planted on this Planet - after learning how to control the physical body, the emotions, the intellect, and the intelligence is to learn to use Meditation - Energy Enhancement Meditation - to open the Third Eye through advanced Meditational Techniques like the Kundalini Kriyas, Alchemical VITRIOL, and the Five Elemental Circulations of the Qi of Chinese Alchemical Taoism to protect against the perversion of the Energy Body through the implantation of Energy Blockages by the Satanic Phoenician Mega Trillionaire Elite minions of the Dark Gods.

Only by the purification of the Energy Body by removing All Energy Blockages can we learn Only to do the good and right thing. Through constant testing. By constant rejection of the Dark Side who offer the World at the cost of your Soul. Only by all this can God learn to trust you. So that he can entrust higher and more important missions to his beloved sons and daughters to help with the evolution of humanity.

No other Meditation Course other than the Energy Enhancement Meditation Course teaches the Spiritual Techniques necessary to clean the psyche of Energy Blockages, Demons, and Subpersonalities necessary to evolve sufficiently to defeat the Satanic Dark Gods who live out of the body, Eternally, by stealing Your Spiritual Energy and the Spiritual Energy of All Humanity.

Lipstick 3

In this Ninth Report - Lipstick 3 - is the Yuko Sato Experience of Sitting in Sirius Chakra - I got the white messages in white voice, perhaps which was not voice, maybe telepathy, in the morning. I wrote them down immediately.

In a past life the Bloody Red Witch said to the woman with henna tattoos on her hands, **“This lipstick contains poison to kill your enemy and to implant your Energy Blockage grudge Demon which could curse her for a long long time, many lifetimes, as Karma. Use it to fulfill your wish. Then, you must work for us - the Red Witch Satanic Organisation”**

THE HEMLOCK POISON DEATH OF SOCRATES BY
DAVID

I sensed that I was poisoned by this lipstick. I saw the scene I was dying slowly by poison and this long-standing grudge.

This is the meaning of the Red Lipstick...

So, I asked, "How can I defeat the Satanic Bloody Red Witch Organisation on this planet?" She answered "Pick up cards of visions and read the answer by yourself." I said "Thank you."

It was an interesting result. How to defeat the Satanic Bloody Red Witch Society is by being the Hermit of the Tarot, Meditation!!

And this is what I want to pass on to you too, oh observer. You will not defeat the Satanic Phoenician Mega Trillionaires only by information.

You too need to learn and practise the Energy Enhancement Meditation Course. There are so many fires on this Planet and everyone is going around trying to put them out with petrol instead of water.

Remove the Demons. Remove the Karma. Come back to that clean white sheet again.

Restore the Planet...

YUKO SATO..

This is the story of Yuko Sato who came to see us for the Energy Enhancement Meditation Course in 2004 whilst we were teaching in Escala a small coastal village in the sight of the Pyrenees just north of Barcelona.

So far there are eight experiences of meditation, this is the ninth.

Hi Satchi,

I had an amazing experience this morning.

I must tell you because God told me to do so. Wow....

First of all, thank you for your advice. I acknowledge indebtedness to it. I would like to utilise it fully and effectively, so I might make a checklist! I like ticking each task.

I will review the most prodigious experience I've ever had.

Last night, before I went to bed, I meditated. I was tired after Kendo's lesson and it was 23:00 already. I made protections and put myself in a Merkaba.

The use of Energy Enhancement Techniques in Removing Blockages during Sitting Meditation, Shikantaza, just sitting, really speeds up the process of finding and removing blockages.

So, use the techniques of Energy Enhancement to Speed Up! the Traditional sitting process.

Sit a little, every day.

Yes! I think I did this Shikantaza meditation. I went up to Sirius chakra and just sat there. I focused on receiving energy from above and from the centre of the earth. I breathed powerfully and I felt energy go up and down dynamically through all my chakras. I closed my third eye. I was there for a while and I decided to sleep in Sirius chakra.

So, her controller lived in the Sirius chakra. Is it possible? Alice Bailey talks of the Black Lodge on Sirius.

Is there the White Lodge on Sirius? - Of course, that is where the Christ and Swami Satchidananda live with their white shining auras, blessing all humanity who respond to their Love! –

Because during the night, I remembered awakening twice and I received very white messages. I didn't have any dreams, but I remembered everything was white, like the room in Matrix movie. Do you know what I mean? Then, I got the white messages in white voice, perhaps which was not voice, maybe telepathy, in the morning. I wrote them down immediately.

1. Be full of determination to follow your teachers, Follow Satchi. Follow Jindra. (Jindra is my Kendo teacher's name.) - I saw your face with glowing white light, it was very bright.

2. Connect to Sirius, then you don't have disturbed dreams. Your doubts allow enemies to disturb your dreams. Control your dream. Because this is a communication tool.

3. Be strong and take charge of yourself
4. Everything is what you created in your mind. Be certain.
5. You are a storyteller. Tell your story.

I had a cup of strong coffee and sat in front of the rising sun covered by a thin layer of clouds like mist in the morning. It was very unusual light coming through. It was a mysterious and awe-inspiring soft light. Then, I received your email and read it.

Have you done this? Clearing the Antahkarana in 7 steps. As you seven step the space and the chakras, any blockages there will become visible to ground.

1. Circle in white light from Sahasrara to the Soul and 7step.
2. Circle in white light from Soul to monad and 7step.
3. Circle in white light from monad to logos and 7step.
4. Circle in white light from logos to sirius and 7step.
5. Circle in white light from sirius to avatar of synthesis and 7step.
6. Circle in white light from avatar of synthesis to one million chakras above the head and 7step.
7. Circle in white light from one million chakras above the head to an infinity of chakras above the head and 7step.

So, I determined to clean my Antahkarana. I sat and crossed my legs. I fitted in the right posture immediately. I didn't feel my legs which were buried underground. I felt I was a part of the earth.

Before you start to remove a blockage use one of the protections around yourself.. whichever you like and works best for you. Columns, pyramid, merkaba. Personally, I now like the extended protection I call the Construct

The Construct.

Create a pyramid protection with infinite golden spheres around it. Compress the infinite spheres to the thinness of a razor blade. Then create an infinity of infinite golden spheres and compress these also. Count them up as the columns of Protection, the power Towers Initiation of Energy Enhancement Meditation Course Level 1. Charge it with energy. This is your new crucible which you can clone.

The Construct.

I created the Construct. It took a quite long time to charge with energy.

1. Circle in white light from Sahasrara to the Soul and 7step. I found a blockage underneath the Soul chakra. I removed it carefully. I cut the bottom and above and sent energy up and down. I applied 7 step.

I saw beautifully dressed women as minions and AGAIN! I saw a different red witch as a Black Magician!

There was a string, an energy cord, to Sirius. I found a small bit of controller in Sirius chakra. I circled it and cut the bottom and above, and sent energy through the brow and heart chakra. Then, I saw a vision.

The woman was walking to the woods. At long last! The vines of her jealousy have spread and multiplied, growing rapidly over the woods, where flowers were blooming at night. I could see the palace over the hill under the crescent moon. She wore a long mantle and I could see henna tattoos on her hands which were holding a lamp.

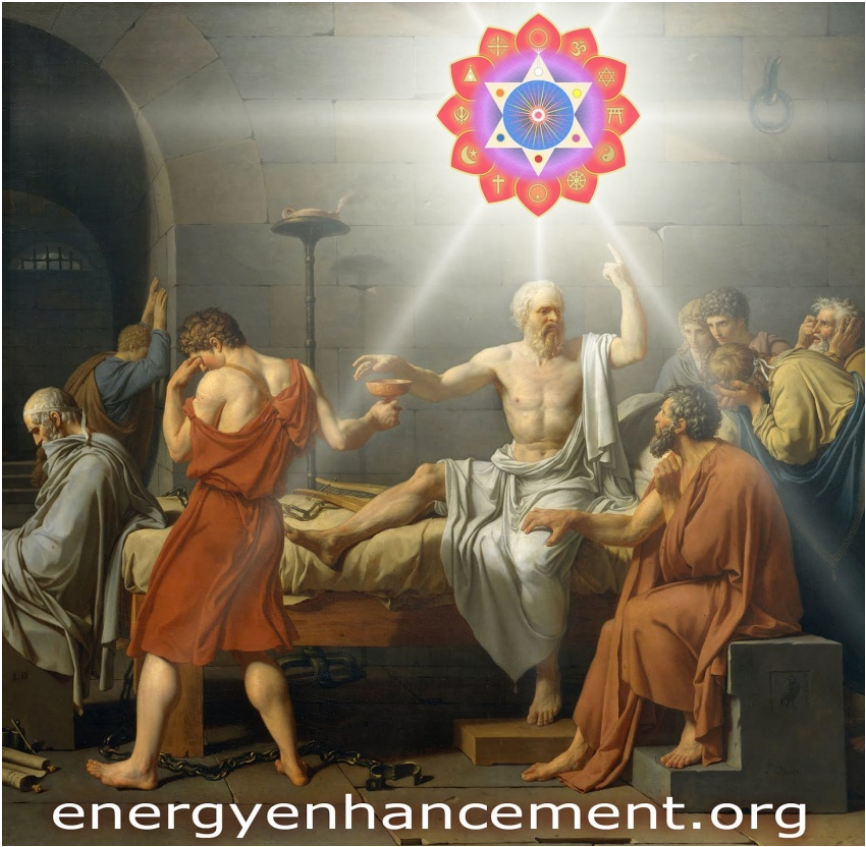

It told me that she lived in harem. She entered into a stone house after a harrowing journey. In there, a Bloody Red Witch sat at the heavy wooden table. In front of 3 big old candles, the Bloody Red Witch shuffled cards.

The henna tattoo woman passed a small drawstring pouch which was red with delicate embroidery. The Bloody Red Witch drew cards and spread them on the wooden table. She read them. The henna tattoo woman was listening to her reading and nodded to her.

The Bloody Red Witch passed a lipstick to the henna tattoo woman. She bore a deep-rooted grudge against the woman who was in Emperor's favour - ME! I could see a flame of resentment in her.

The Bloody Red Witch said to her, "This lipstick contains poison to kill your enemy and to implant your grudge - an Energy Blockage Demon created by Ritual - which could curse her for a long long time as Karma. Use it to fulfill your evil dream. Then, you must work for us."

I sensed that I was poisoned by this lipstick. I saw the scene I was dying slowly by poison and this long-standing grudge.

THE HEMLOCK POISON DEATH OF SOCRATES BY DAVID

I stopped time. I circled both of them and the lipstick.

Put the construct around any blockage and it will immediately help the grounding process, automatically starting the grounding process. Yes, I placed the constructs around.

We have found through experience that all of the seven steps need to be grounded thoroughly. Rather than using a hospital, now we ground each of the seven steps thoroughly ourselves..

I lined up all circled blockages in all 7 steps horizontally. There were 3 sources, the blockage from my soul chakra, the woman and the Satanic Bloody Red Witch in the vision. I double-checked whether I had done 7 step for these three. OK, checked, I did it thoroughly.

Otherwise they can re-attack!!

The blockage, the group of minions, the Black Magicians, the 4th level to infinity.

All supports to the Blockage have to go!!

There was an enormous space full of blockages. I absolutely determined to burn all blockages and imagined all purified.

2. Place a construct around each of the seven steps and use the techniques to ground each of the seven steps. As you ground using light from the third eye and heart to provoke the grounding. As you ground using the time slam and compression to increase the energy density to provoke the grounding. See the negative karmic mass going down to be burnt up. See the released Angels going up to be incorporated into your psychic body.

I cloned constructs and placed them around these blockages on the edge of infinity which I could not see. Then, I created an atomic bomb with anti-protection for blockages. I dropped it.

Another method is the ground the seven steps all at once! See your blockage on a horizontal line. As you 7step it see the seven steps as seven lumps to the right of the blockage on the line. After you have shocked and encapsulated them all. All in their little constructs - I put the 7 of them along a horizontal line - you can ground them all at the same time using the time slam or other techniques - it is good to vary techniques, vary the attack, one at a time or all at once. Put the construct around any blockage and it will immediately help the grounding process. Just do a thorough job.

I tried this method using an atomic bomb with anti-protection. Because I didn't use the time line in this meditation. When I asked my mind computer to show the Karmic mass in the time line, I use the time slam technique.

I observed until it turned full of angels. Especially, two strong beautiful angels released. They looked at me with smiling faces.

At the center of every blockage is a trapped angel.

Release the angel and it will be glad to augment, join, your spiritual body, one of the infinity of chakras, to make it bigger, stronger, more talented, more evolved.

So, I asked them a question. I knew from my experience, an indirect question brings an obscure answer. A direct question brings a concrete answer. So, I asked, "How can I defeat the Satanic Bloody Red Witch organisation on this Planet?"

She answered "Pick up cards of visions and read the answer by yourself." I said "Thank you." The Angels smiled and said, "I am curious about your card reading, so I will join your spiritual body to see the result."

I opened my eyes. I have the Prisma Visions Tarot Cards which were given to me on my birthday. I became hooked on learning tarot reading for a year. But I did not feel like picking cards this year. I prepared the deck, sorted out the Fool which is the card of 0 and purified it by the smoke of sage and sunlight on January 1. Then, I put it inside my desk until now.

As the white message I receive in this morning, I must be certain what I would ask and how many shuffles to give. I wrote down all in my notebook.

Question

Bloody Red Witch Society poisoned me by red lipstick. Then, they cursed me with an Implant Energy Blockage Demon created by Satanic Ritual - a long-standing karma grudge. Tell me my past life related to the lipstick.

I will reverse three cards before shuffling.

I will shuffle 3 times.

I will divide into three piles by one by one.

Finally, I will shuffle 33 times.

Then, I drew 11 cards as the past life spread.

This is the result.

Childhood: Queen of Wands

Upright Meaning-Charisma-Radiating Energy-Inspirational

The Queen of Wands represents a confident, enthusiastic woman with great inner strength and courage. In this card, the Queen directs her energy so that she dances gracefully atop the geyser of fire. She manifests a shimmering white flower in her wholesome joy and the flame wraps around her alluringly, rejoicing in her rapturous existence. In my past life, I had a great childhood. It made me happy.

Family Life: I. The Magician

Upright Meaning-**Bold-Self-Determined-Skilled**

A giant of a man stands and manipulates a figure between his fingers. His translucent silhouette and enormous moon ruling the background suggest the realm of the inner landscape. It is obvious that I was born of the Magician's family.

Relationship: IV. The Emperor

Upright Meaning-Power-Focused Growth-Influential

When you exude the Emperor's energy, you might naturally fall into a position of power. So, I had a relationship with the Emperor as I see my vision. The Emperor is God!

Obstacles: VII. The Chariot

Upright Meaning-Will Power-Self Assured-Confidence Moving Forward
The Chariot as a car roars down the road, headlights blazing. Even in the midst of a heavy midnight downpour a bird leaps into flight off its hood, jubilant in its path to victory. The Chariot overcomes every obstacle. In my past life, I found myself a victor. I have every right to be proud of my accomplishments.

5. Achievement: Queen of Swords,

Upright Meaning-Intelligence-Truth-Mental Clarity

Queen of Swords, quick minded, chatty, organised with a tendency to be self-critical. The Queen has bound the beast's beak, concealing its cruel, gnashing teeth. Her crown is made of feathers and her skirt is lined by swords, indicating the supple power of the blade the it is used astutely. This is me! In my past life, I no longer have the excuse of inexperience, ignorance, or even fear.

6. Spirituality: Two of Wands

Upright Meaning-Planning-Looking Ahead-Clear Mind

A woman stands on the opposite side of the river, looking at the the crescent moon. She is holding a wand in her hand and one in her satchel. The wands resemble an open gate, drawing the potent energy inward toward her heart. This card is very similar to the vision I saw in my meditation. The henna tattoo woman wore a mantle and holding a lamp instead of a wand. There was the crescent moon and colour of the sky was alike.

Death: Five of Wands

Upright Meaning-Conflict-Tension-Compromise

This card explained that in my this past life, I had five enemies and I was killed.

Lessons Learned: 0.The Fool

Upright Meaning-New Beginning-Spontaneity-Leap of Faith

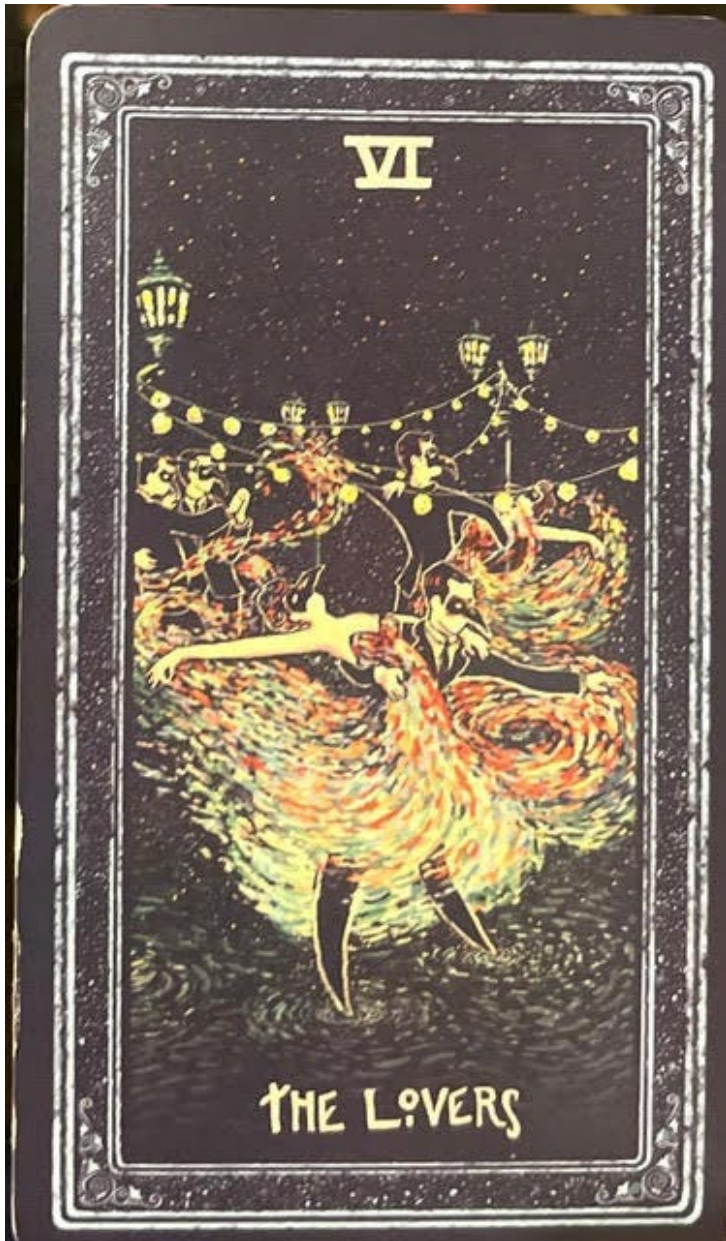

A pelican is perched upon an ocean post, illuminated by a waning crescent moon. He piercingly regards a sodden lone wolf, cast among the waves, paddling through unfamiliar territory. Hoping for an easy dinner, he has foolishly swum out beyond the cautious trappings of his solid world. Gazing up at the stoic pelican, the wolf realises he has departed on a journey that could easily result in his own demise. That is my current life. But I learnt EE technique to remove blockages. The Fool is your Soul, Only with connection to the Soul can anyone succeed!

Karma: III.Empress

Upright Meaning-Nurturing-Giving-Connection with Earth

A woman rises above a field, arms flung wide, receiving and reflecting the raw energy of the natural world. The Empress is a subtle ruler and she is Gaia, Mother Earth, Queen of fertility and womanhood. Crowned by stars she pervades the abundance of life and creation. My Karma is connect back to Mother Nature, back to Kundalini Chakra in the center of the Earth which alone can ground the deepest Karma..

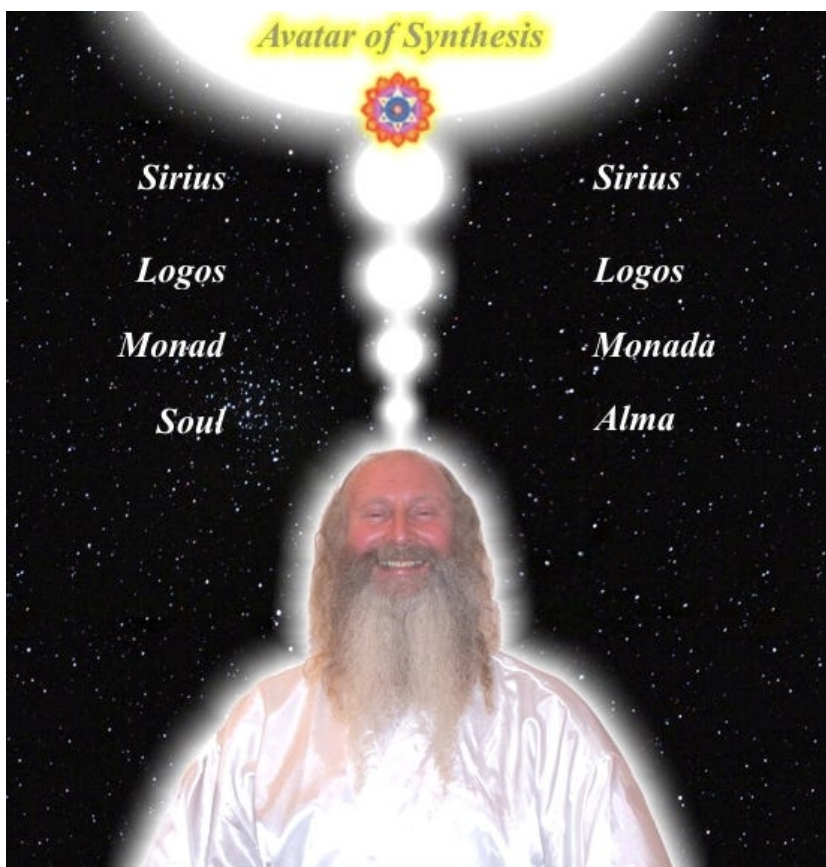

Past life Purpose: VI. The Lover

Upright Meaning-Partnership-Individualism-Blossoming Relationship
In my past life, I lived for love.

Current Life Takeaway: IX. The Hermit

Upright Meaning-Searching Within-Solitude-Self Exploration
This card shows that the reason why I am meditating. The Hermit stands on a bridge overlooking a stream. The moon, ruler of the subconscious rises full behind him. With a lucidity born of silence he looks within. Current situation of myself, relationships with others are essential, but before we can communicate with others we must be able to communicate with ourselves. Communicate along the Antahkarana with Higher Chakras, with my Soul, with Sirius Chakra, with God! Search within myself for answers, and I may be surprised by what I find.

THE AVATAR OF SYNTHESIS

It was an interesting result. How to defeat the Bloody Red Witch society is by being the Hermit, Meditation!!

Now I will meditate and go back to the stage for 2. Circle in white light from Soul to monad and 7step to keep cleaning my Antahkarana.

Thank you for your great help.

Love and Light

Yuko Sato Tenth Report - Cleaning the Logos - The Third Chakra Above the Head in the Antahkarana.

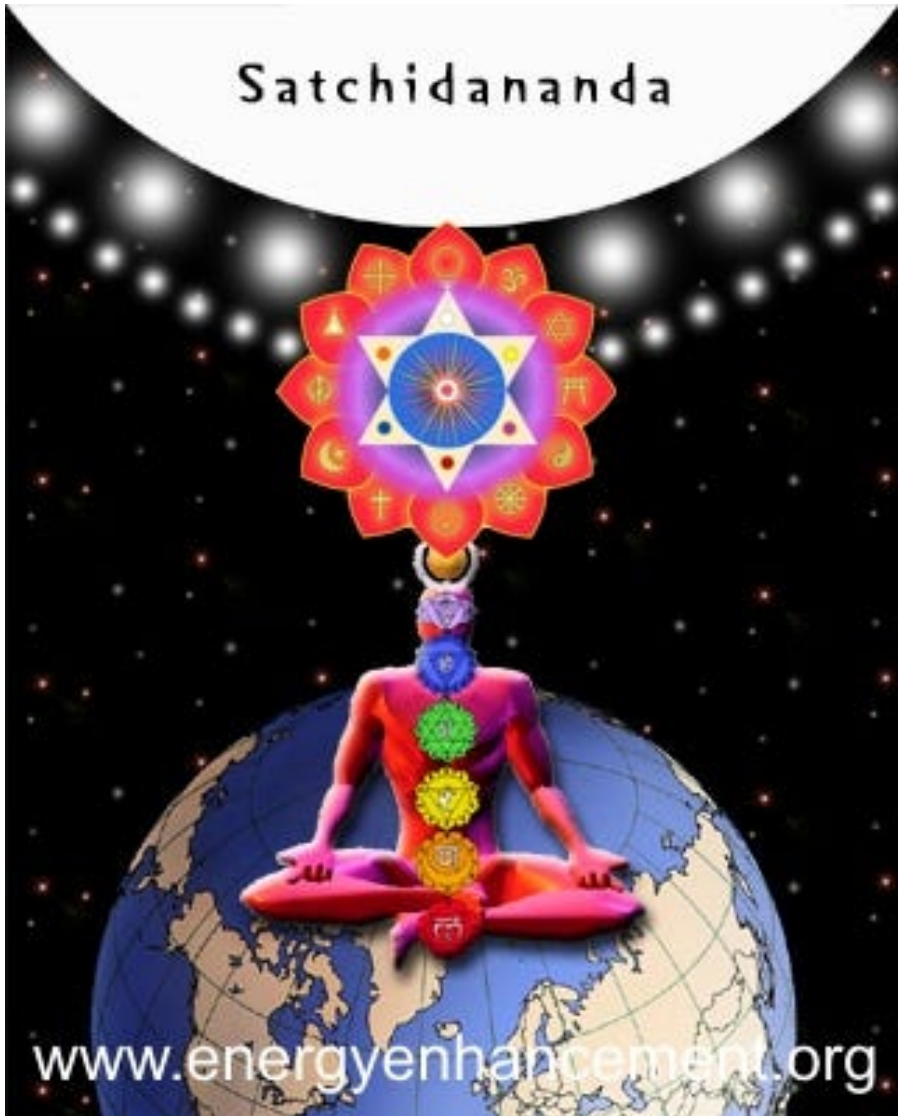

"At the end of the assembly, a woman was approaching me. She introduced herself as a friend of my great-grandmother who had the same dagger I had.

She was not here today, but she would come for practice sometimes. I lost my words and my intuition told me I should shut my mouth. I met my great-grandmother in meditation two years ago. She ordered me to learn the great spirit of the Samurai.

Because I was totally pathetic when I left my previous marriage.

Then, I came across Kendo. After I started practising Kendo, she disappeared." - Yuko

No other Meditation Course other than the Energy Enhancement Meditation Course teaches the Spiritual Techniques necessary to clean the psyche of Energy Blockages, Demons, and Subpersonalities necessary to evolve sufficiently to defeat the Satanic Dark Gods who live out of the body, Eternally, by stealing Your Spiritual Energy and the Spiritual Energy of All Humanity.

Cleaning the Logos part 1

Yuko Sato 2nd MARCH 2023

Dearest Satchi,

How are you? I had several new happenings in my real life and a bit of difficulty to clean my Antahkarana, especially the Logos chakra, third above the head, in meditations.

I have just finished cleaning my Logos this morning. It took a week! I will report a half of this process as a Part 1. But all are positive and good!! How is yours?

Firstly, the truly incredible happening is that I've already seen my daughter six times since I meditated on her as the Energy Enhancement Video Course Level 3 techniques of the Petty Tyrant and cleaned all connections between us using the Energy Enhancement Video Course Level 4 techniques and following your advice.

I think it was at the beginning of February. During several sessions of meditations, I also felt Karmic mass from many life times.

When I fought against the Bloody Red Witch, my mind computer showed me that this Karma had influenced my daughter and me far more in my future.

As I wrote the review to you, I cleaned all blockages related to Lipstick in my timeline by time slam. Through meditations, I started to wonder what I should learn from this long Karma. Then, the result of the tarot I picked rang a bell in my head.

I picked the III Empress card as an answer for my Karma related to the Lipstick.

Karma: III. Empress

Upright Meaning-Nurturing-Giving-Connection with Earth

A woman rises above a field, arms flung wide, receiving and reflecting the raw energy of the natural world. The Empress is a subtle ruler and she is Gaia, Mother Earth, Queen of fertility and womanhood. Crowned by stars she pervades the abundance of life and creation. My Karma is connect back to Mother Nature, back to Kundalini Chakra in the center of the Earth which alone can ground the deepest Karma..

The Empress represents the Feminine Archetype in the Tarot and teaches the daughter the true meaning of being a woman. I as the Maternal Mother carefully watched my creation grow and develop until the time comes for my daughter to stand on her own two feet. Like all Mothers, I did find it difficult to let go of my creation and hard to deal with, my negative aspect could become possessive, smothering, controlling and manipulative. I had been struggling badly with this last year. My ego with negative aspects attracted my daughter's ego like magnet.

But finally, I succeeded in this letting go process through meditations with the Energy Enhancement Video Course Level 4 techniques. Thank you so much, Satchi. It was a miracle. The Empress of this card showed that she was free from her Karma, at least I could feel it. Then, our relationship changed dramatically.

EE LEVEL 4 MASTER ENERGY CONNECTIONS AND RELATIONSHIPS

<http://www.energyenhancement.org/Level4.htm>

My daughter spontaneously started learning Kendo, Japanese swordsmanship, with me and she seems to like it.

It is an amazing change which I couldn't have imagined this situation last year. Also, my mind and feeling have changed. My emotion stopped reacting to the past happening and small inconveniences and negativity.

So I feel relaxed with her as an adult woman. And I am free from the delusion of what an ideal mother should be by old custom, education and society. I can't explain it well, but feeling, emotion, thought and intellect act independently without Ego or blockages.

I feel very different from myself I used to be before.

For instance, my ex-husband recently changed his photo on Whatsapp. He wore a red T-shirt written "Fcuk off" with a red cap written with some letters which ended KO (I can't see other words)

If I were as I was before I practiced Energy Enhancement Meditation, I would have felt nervous because the red colour reminds me of the Bloody Red Witch and I know he has only one friend who communicates in English, which is me. So, surely I would have taken it personally and felt negative. But after meditating about him with the Energy Enhancement Video Course Level 4 techniques, I don't react to his photo. I could not feel the same as I felt before.

It is an amazing change in me.

Secondly, on February 26 last Sunday, I joined the first official tournament in Kendo. I won the first match and lost the second one. It was a new experience and I sensed my EGO which I wanted to win and my twisted STAR which I was a special person than anybody else, still inside me somewhere. I will meditate about them and apply the 7 steps. But I could think about the lost match and my mistakes positively and could learn a lot from it. I trust that I (or my soul) am mentally working hard enough to

assimilate this information. I will have absorbed much knowledge at this stage and hopefully, I (or my mind computer) will be analysing its meaning and how it should be applied to life. Moreover, I could find leftover my EGO and my twisted STAR. They (my EGO and twisted STAR) would have blamed me for my shortcomings and fault and felt offended by myself. I used to do that in the old days before Energy Enhancement Meditation.

REGAINING THE SAMURAI SPIRIT!

However, I do now understand that to be complete, to be whole and fulfilled within and without I must remove blockages and strike the correct balance and understanding of not just my own Element but also of other Elements. I am a just small part of the gigantic mechanism. Only then will true enlightenment come as I learnt from my meditations. Without this stage, I was confused in thought, lack of clarity and things not being straightforward or there is a slant to what is being seen, experienced or perceived.

It was also a big change for me.

Even my inner self is constantly evolving. Life is surely in constant motion and what I experience at any given moment in time, is, in the grand scale

of things, only fleeting. I can not stop the Wheel of Life from rotating no matter how much we want a particular situation to remain intact or to remain as it is.

Perhaps, the Universe or God will never give you permission for permanence for that only leads to stagnation and lack of spiritual growth?

Yes, the evil Black Magicians crave the spiritual stasis of immortality without thinking they have much more to evolve. They get stuck at the very low level of psychopathy in order to be able to steal, vampirise, the spiritual energy of humanity to be able to feed their stuck immortality. Tolkien said that Death was the great gift of Illuvatar not given to the Elves. Death wipes the slate clean every incarnation, in order to grow, to evolve, to become Good! To become God!" - Satchidanand

"I understood through meditations that the Universe will not permit permanence for that only leads to stagnation and lack of spiritual growth."
– Yuko

OK. Let's review my meditation journey now.

I have been working on my chakras above the crown chakra after removing the small man at the centre of my head since I sent you the last review on February 22. I have started to see different visions, especially of my soul and logos. I had a concrete vision of my former soul which was built with materials, such as crystal, gemstones, water, and wood... even I built a spa bath of Shakti. However, now I could see it as an energy field which is alive. It is an extension of the crown chakra and has rainbow colours. Even my mind computer was fused with it. I just order it and it works faster. But it speaks and changes colour and illuminations. I tried to find blockages there for 3 days, but I could not find any so far.

Monad stayed the same. I could see it as an energy field which contains several passages to different worlds where angels, fairies and unusual creatures live. It seems like a dream world. I could see it as a vision or I could experience it there. I came across the big scary swan in the Nine of Swords card which I picked last week. I applied the Energy Enhancement Video Course Level 2 technique of the 7 steps and a released angel told me to pick one more card as a result after I completed the Nine of Swords challenge. I picked the card "X. Wheel of Fortune".

It was so strange to say that I knew this result. Of course, X, ten is after the nine, but I had conjured an image of this card, something related to Karmic mass. I will attach the card. Then, the angel stayed there to help to grow this chakra.

Let's look at this card in my first expression. A white peacock with multiple coloured long wings which reminds me of my soul chakra and a greenish-blue serpent which reminds me of the colour of my throat chakra are locked in vicious combat. A second orange serpent which reminds me of the second chakra is entangled beneath, looking victorious but biting its

own tail in confusion. Second peacock is about to streak vertically in from above determined to take part in the eternal, desperate struggle for dominance. This is showing the battle of my Karma in my current life. Regarding Karma, I had already picked the III. Empress. It was interesting that the X. Wheel of Fortune and III. Empress are both linked to the XXI. World.

This constant vying for power may seem like a futile pursuit, but it is in fact a simple, blessed characteristic of life that it is never at a standstill, like my life so far. I think that It teaches me the lesson of impermanence – nothing lasts forever. The picture of Wheel of Fortune shows the perpetual shifting in the balance of powers, manifested infinitely within every aspect of my life.

Life is like a flow of rivers and what I experience at any given moment in time, is, in the vast scale of things, only momentary. The Wheel is constantly moving in the river of life so wherever I am on it, I realise that this time too will pass, the Wheel will turn once more and what is in the now will soon become the past. I saw a similar thing on my timeline in the meditation. My mind computer saves all as it was, but I can remember it with feeling and emotion. This is a problem because I even can't feel or think the same way as I did in the past. How can I remember it as it was? It helped me to let go of the past happening, anyway, the truth I called is just existing as a combination of light and shadow. As the earth is rotating, it is moving. I understood through meditations that the Universe will not permit permanence for that only leads to stagnation and lack of spiritual growth. This card suggests a change is coming. Within me it has come, the old belief and patterns of thoughts are dead, when I removed the small man in my head, he said that he was a generator of thoughts. A positive change in circumstances is indicated in its stead.

Next day on February 23rd 2023, Thu. I did the cleaning between Monad and Logos. At first, I looked at Logos from Monad. There was nothing there. I could see the Sirius high above illuminating white, silver and a bit of gold, not so big but there was.

Anyway, as you said, I circled the empty space and grounded - the Energy Enhancement Technique to find Energy Blockages. Then, out of the blue, the winged big man came out. He was holding a trident, a stick with three prongs. I knew this man because I met him in my strange lucid dream a month ago, I revealed the past life I was sold to him by my father in an ancient city somewhere Mediterranean. He came to my house afternoon in my dream. But, this time he looked like an angel because he had wings and I was not frightened by him. He flew up to the space where Logos was supposed to be. He started to stir in space with his trident in the space, and then, water welled up there. The water was flowing in a circle and getting bigger. It became an ocean.

I swam in it for a while. There were various colourful creatures and plants. It looked like the red sea where I did scuba diving. My logos chakra was the ocean, isn't it nice? Or strange? After a little while, I realized that I was in deep and dark. I sensed there were some blockages because I felt a sudden distraction and my crossed legs became painful. I was attacked by a sudden attempt of finishing the meditation, but I stopped it.

From my experience, after the unwanted distraction, I often found the big blockage or an inner child subpersonality.

So, I stayed focused on removing the pain in my legs. All of sudden, a big shark appeared and tried to bite my leg. There was nothing I could do, I stopped time. I circled the shark and cut the top and bottom. His teeth were so scary and they reminded me of the big swan on the Nine of Swords of the tarot card I picked. Those teeth represented my unconscious fear to bite me any moment. The fear bit me many times last year in my dreams. I woke up in the middle of the night and my heart chakra was filled with the various delusions of fear I could imagine. I meditated and applied the Energy Enhancement Video Course Level 2 technique of the 7 steps and made my heart chakra empty, then I could go back to sleep. But it bit me again a few days later. I wonder why fear came back after removing. Because the source of this fear in my Logos. Now I faced it and it was a high time to be able to remove it completely. Then, I could say "Good bye!" with a happy smile. It sounded good, let's do it!

I applied the Energy Enhancement Video Course Level 2 technique of the 7 steps on the shark and ground it. It transformed an angel. The minions were again sharks. So many sharks were approaching me. I stopped time and created a fisherman's net made of iron and threw it to gather all. Once I sensed these came from my past life, my mind computer showed me the timeline. Yes, it came from a long time ago, the century before Christ.

I used the Energy Enhancement Video Course Level 2 technique of the time slam. I threw the shark to the wall of the past, then I did to the wall of the future. I repeated it a couple of times. I felt really good, but they were really heavy, though. Then, I put it all into the spiritual washing machine which I used for Karma cleansing including a whole timeline. I pushed the button of intensive wash with Shakti and golden energy from high above. Done! I dried the clean timeline in my soul and drain it all into the centre of the earth. Thousands of angels turned up. I asked them to keep an eye on a string, the energy cord, of the track toward the BM for the next step. Because I will be back later. They said that they would. Then, I finished this long meditation.

Next day, on February 24th on Friday, it was an interesting day. Suddenly, three of female friends contacted me. First one was my Chinese Language

exchange partner. Unlike her usual thoughtfulness, she was very angry and upset about the behavior of her student's father. She is a teacher. While listening her story, I identified that it was obvious that she was dealing with EGOs, which was his EGO, a selfish competitive EGO and her Ego was reacting to it. My soul told me that I must stay away from EGO and just listen to her while cleaning the connections toward her chakras. If she was matured or wise enough, she would realise it on her own. Thank you, Satchi, to teach me this. I have another lucky chance to meditate about her.

Second one was English friend who came to see me last month. She was complaining about her external circumstance in England. Because when she was in Prague with me, she didn't feel any stress, but she feel excessive stress now. So, she complained a lot and was planning to move to Bristol. When I was with her in Prague, I meditated a lot in front of her. I was not trying to remove her blockages, but probably, my connected energy was naturally giving positive energy to her. It was nice to hear that. I could cleanse the place to help others. Then, she started talking about her ex-boyfriend who was creating a statue of Neptune now. I am not familiar with the statue of Neptune, so I asked about it. She sent me a picture. Oh my God, Satch! It looks so similar to the winged male angel with a trident in my meditation previous night.

Third one was my best friend. She is more spiritual than me and connects to the earth stronger than I do. We went to the sauna together. During enjoying 100 degree Finland sauna, we were meditating. I could burn blockages in my cells, body, chakra and aura while connecting to the centre of the earth better. After that, she started to talk about a dragon. She felt like she was a dragon, a noble moon dragon. She is an artist and has a creative imagination. It reminded me of the meditation session in which I came across a fire dragon after burning blockages and it helped my Kundalini chakra to clean and activate. And it stayed in my chakra system to maintain it like my guardian spirit, of cause in the meditation in the sauna. Then, she said she would give a tattoo of the snake which bit its own tail to her friend. She is also a tattoo artist. She showed me her design which looked like the orange snake on the tarot card of "X. Wheel of Fortune".

Then, I went to bed early. Because the next two days, I had a Kendo event including my first match. So, I decided to continue my seven step of the shark after the Kendo event.

I will finish part 1 now. I kept meditating and writing the rest.

Hi Yuko,

Your meditation looks good with good results.

Continue cleaning the antahkarana to infinity.

Remember, fusion with the soul after removing subpersonalities is the First Dan.

Later you can fuse with Monad, Logos, Sirius, Avatar of Synthesis and higher.

There is no standing still.

There is only rising.

Yuko Sato - Cleaning the Logos part 2 10th March 2023

Dearest Satchi,

Thank you for links. I watched it! the Video of How Devi Dhyani made Pink Floyd Sacred. It was so nice to see you talking. And it was well edited. Well done! I enjoy meditating under the blue sky after a week of snowing days and heavy cloudy days. It will be Part 3 of logos cleaning. Because during the 7 steps, I found additional blockages and inner child. I had to apply extra Energy Enhancement Video Course Level 2 technique of the 7 steps for each blockage. I feel great to be cleaning my Antahkarana and the world.

Let's start Part 2 of cleaning LOGOS!

I woke up at 5:55 in the morning of my first official Kendo event. Five is pronounced Go in Japanese, so 555 is Go Go Go! It sounds very positive, right? I didn't have any dream after the meditation in a hot sauna and connected to Sirius, probably. I dripped a strong coffee and I looked at outside of the window. Wow, it was snowing! I experienced 100 degree sauna last night and now I could breath super fresh cold air. It was also good for my throat and heart chakra. I would head to Prague earlier.

When I arrived in the gym in the high school, there were around 200 people all over the Czech Republic. Everybody wore dark navy hakama which was a traditional Japanese outfit for Kendo. It was a sight to see. I could see many Kendo fellows I met last year when I started practising Kendo. Suddenly, loud voice raised "Seiretsu" It means "Lining up". All Kendo practitioners sat on their heels on the wooden floor. After greeting from Sensei who were teachers with 7 dans, we, 200 people, meditated all together for a while. I quickly created protections with Merkaba and Pyramid and connected to the centre of the earth and the universe. Then, I cut the cords of connections of these 200 people and put it the soggy ends into the centre of the earth. I was ready. I learnt something from last week. I had to protect myself from unhealthy excessive Ego. It might attack my second chakra.

Before the tournament, we practiced all together and fought against sensei one by one. After fighting together, sensei could give us individual advice. Everybody get down on their hands and knees and beg the advice to Sensei. I was only Japanese in this event, therefore, for me, it was incredible moment to see the traditional Japanese custom followed by European people full of respect. I appreciated them and gratitude will be naturally overflowing from me. I was so lucky to be there. My ancestors were so pleased to know this. My ancestors were Samurai. I bowed to my Sensei and ancestors too.

Advice to me was the following.

Relax my arms and pull my shoulders back. Stand straight like somebody pulling you up from the top of my head. It makes me taller and stronger. Contract the abdominal muscles and squeeze the anus. I need to anchor my awareness of this posture during fighting. It was the same posture when I do meditation, right? Satchi! It accesses deep within me. Even a woman can win against a man in Kendo based on its strategy. He taught me the Kendo strategy which was “一眼二足三胆四力 : Ichigan Nisoku Santan Shiriki”. It means that firstly, “眼-Gan” is the ability to see through the opponent's eyes, the ability to detect the opponent's thoughts, movements and techniques using the third eye. Secondly, “足-Soku” is footwork. As the saying goes, "Don't look at the technique, look at the feet",

the foundation of the techniques is the feet. The way to strike with the hips and body weight is born from the way the feet are firmly stepped on and properly used. Thirdly “胆-Tan” is gallantry, or courage. A strong mind unperturbed by anything gives rise to composure and calmness, which in turn leads to decisiveness. Fourthly, “力-Riki” is power. It means that the physical strength and muscular power to perform bold techniques. Power is not so important in Kendo.

He said that I have good eyes and fighting spirit. So, now I should practice with my legs more. Then, I could fight well.

After early dinner, I went back to hotel. I was tired and I felt dull pain in front and back of my second chakra. Quickly I took a hot shower, I sat and crossed my legs on my bed. I was so pleased to meditate.

Firstly, I focused on removing pain and applied the Energy Enhancement Video Course Level 2 technique of the 7 steps. Secondly, I reviewed today's Kendo practice. I made mistakes and felt negative feeling such as confusion, doubts and disappointment a couple of times.

I grounded them and applied the Energy Enhancement Video Course Level 2 technique of the 7 steps. The minions were people who practised in this Kendo event. I meshed them and grounded them. Unexpectedly, angels took wings. They looked genuinely happy and this happy vibration started shaking the Energy Enhancement Video Course Level 1 technique of the power towers of my chakras.

I let the happy vibration resonating through my body for a while. I started identifying something was not resonating. I tried to focus on it, but I was distracted by various negative feelings with random past memories. Even they were quite painful. It meant that the memories must be neglected for a while.

I tried to turn Energy Enhancement Video Course Level 1 technique of Psychic Protection, the Merkaba in the middle of the storm of memories. It was a bizarre technique that I could do several layers of processing at the same time recently.

I was enjoying resonating through happy angels while cutting the top and bottom of memories with my spiritual sword while focusing charging energy by turning the Merkaba. A lot of things were going on simultaneously. But I just trusted my mind computer and resonated happy feeling. They clarified the end. Just kept closing my eyes from any doubts, I opened my third eye and my heart. I learnt this technique through regular meditation.

Eventually a small inner child subpersonality appeared. She had several leads or energy cords. All of a sudden I was dropped into a pond of negative emotions which I didn't like and until now I had tried not to feel, forbidden or hidden by other emotions. I couldn't believe the negative emotions still remained inside me after many applications of the Energy Enhancement Video Course Level 2 technique of the 7 steps to burn them. "Maybe did I failed? Or Am I doing something wrong?"

They all mixed up with me in confusion. Doubts fell on me. I was not the only one person who was special and couldn't do everything so well. And I was not a star. Because I failed again. Shame and regret overwhelmed me when I realized this. I was stuck with my usual pattern of thoughts which I removed by Energy Enhancement Video Course Level 2 technique of the 7 steps.

Then, I felt like a small child, withdrawn into my shell, drunk with a sense of loss. I gave up thing I engaged for a while and convinced myself that it was the right thing to do and looked for the next chance without completing it. This was repetition. I was now in this crisis again.

I asked the small inner child subpersonality what she was doing there. She was desperately shy and vulnerable. She answered me in a weak voice that she had been protecting me in this comfort zone in my subconscious. She was pulling me to return to it because I couldn't overcome the fear.

Suddenly, I felt genuine compassion because she did to protect me from fear. I knew fear. I poured love into her and showed her gratitude. I held her hand and hugged her, then I told her that I was strong enough and you didn't need to protect me anymore. We left the comfort zone together and flew up to our soul.

She nodded and her shyness vanished. I cut the top and bottom of her and jumped into the centre of the earth.

It was high time to transform together. We would have the first match in Kendo tomorrow! I was holding her until she transformed into a lovely angel. We flew up to the soul and jumped into it. Wow... we were melting, fusing with the soul and collapsed on the bed. I was exhausted.

On February 26 Sun,

I had a dream. I was in the same scene as I saw the red lipstick. I was with the same friend. He was naked and his pale white skin was shining. There was neither lipstick nor his penis.

When I woke up, I thought my Karma was gone. I tried to remember the worst experience I had with him. My emotion didn't move as it would have before my meditation with you.

On the contrary, I felt gratitude to meet him and gave me this experience to face his Ego. Without him, I couldn't have removed the Bloody Red Witch and my Karma. It was the gifts from God that I didn't realise until now.

I had breakfast and left the hotel. It was snowing outside. I arrived at the Kendo tournament at 10:00. When I arrived there, the staff was looking for me. Because my match would be start in 3 mins. Oh my God, how come? Because my teacher put me in an universal competition, not in lady's. I rushed to put on traditional Kendo wear called Hakama and two people helped me to put amour and helmet on. This activity which people dressed me before a battle highly tuned me. It was engraved in the memory of the distant long past. When I entered the gymnastic hall, I was surprisingly calm. I didn't know whom I was going to fight, but he was waiting for me wearing a helmet and armour.

We bowed in formal crouch manner performed at the beginning of a kendo match. It called "Sonkyo : 蹲踞". I heard the strong voice, "Hajime" meant "Start". I yelled "Kiai" which means "unite energy". I was in a state of being full spirit and at the same time, I was fully connected to my soul. It helped me to look at the opponent's move. I felt something so new. I striked and he blocked. We repeated a couple of times. My soul had been learning so quickly and it grounding negativity. It showed me how to fight. Suddenly, my opponent started to move backward. In Kendo, we don't move backward. We inches forward to plan next movement and detect the perfect timing. But my opponent started move backward and focused on defending in poor manner. I was confused. When I was confused, doubts arose like the meditation last night. But I grounded the spring of doubts and united my inner-child in the soul.

I trusted my soul. It immediately grounded my confusion into the centre of the earth. I yelled Kiai and inched forward. When I yelled Kiai again, I connected to my Kundalini chakra and energy came up. I felt the adrenaline and energy rush. It allowed me to attack with full spirit in the whole body and fully united with my mind. Then, I heard the voice, "Yame" which meant stop. Then, I looked at the red flag rose. Red was my colour. We bowed in formal crouch. My first match ended.

The second match started. We bowed in formal crouch and stand up. My opponent was big. I yelled Kiai and inched forward. We both waited for the perfect moment. He knew how to fight. I stroke a planned move and he did too. No point. I yelled Kiai again and focus on breathing. I felt fire in my breathing and kundalini energy rose through my spine. He stroke first and

I did. He got a point from me. I was surprised that he could move quicker than me. I sensed fear, which I might lose this match. Then, immediately, distracted and my ego raised its head. It wanted to win to be better than anybody else. It didn't wait for the perfect timing, I failed to get point. The failing drove my ego and fear badly. I heard the voice of "Yame". The match ended. I lost.

I meditated at night. I was exhausted and my mind and thoughts were quite full. I just sat on the bed and connected to the universe and the centre of the earth. I let energy flow and counted breathing. I developed great trust of both the powers above in today's matches. I thanked them sincerely. I had a precious experience. Then, I fell into sleep.

On February 27th, Mon

I had a dream. I was a spy and I worked with 3 more agents. We were about to finish a difficult mission. Then, one female agent I knew her in the real life put a gun on my stomach and fired. A burning hot bullet entered into me.

When I woke up, I was a little shocked to dream that my friends betrayed me and killed me. I clearly remember the feeling of a bullet lodged in my stomach. It was just below the navel, the place of the second chakra. I had three other concerns. One, she fired a bullet at me without anyone else

knowing. The second is that it was not a lucid dream, but I remembered vividly. Third, I've been having frequent dreams lately that I'm a spy and failed in my mission. Based on my brief meditation experience, I thought it was likely a track from my subconscious mind in order to clear karma from past lives. So, I wrote it down in my diary, and time passed while I was thinking about it. Let's meditate on that tonight.

I meditated at night and applied the 7 steps to this female agent. I set her on fire, but strangely, nothing came out even after seven steps.

A few days passed quietly, like "the calm before the storm". I just sat and meditated. I concentrated on recharging my energy. Experience in the Kendo match taught me to wait for the perfect timing. Then I woke up in the middle of the night. I was overwhelmed with a sense of loss and isolation. My heart chakras were filled with fear. Yes, it came. The best timing had come. My blockage might set up an attack.

Lately, Sachi, I feel like I know what you were talking about that the students stop meditating in the middle of good progress. Blockages are smarter than I thought and it is not easy to keep up with the same degree of passion. Because I started meditating with the realization that something was wrong with my life.

"Blockages are innumerable, let us Vow to end them All!" - Heart Sutra of the Buddha

Once I started meditating and removing blockages, I experienced dramatic emotional stability and positive changes in my life. After achieving a certain amount of positive changes in my life, the need for meditation fades away. At the same time, blockages become more difficult to find and remove.

Moreover, blockages will return. I came across the blockage that I discovered more than ten years ago. It reminded me that I won't be free from fear unless I eradicate the blockage. The blockage could sabotage my life again. I really want to prevent it. Because I am keenly interested in the state that comes after that.

Lucky me! this blockage attack must be a track of fear. I immediately sat crossed my legs and closed my eyes on the bed. One of my mottos is "Make hay while the sun shines". First, I made protection and spun Merkaba as fast as possible. I connected high above, I blew away the cloud of fear in my heart chakra and solidified it with my hands. I pinned the fresh track of minion-finding in place and grounded the fear to the centre of the earth. This time an angel appeared. He looked glad. We opposed our palms and I asked him for help. He quietly nodded. We smiled together and followed

the track of the minions. They were ever-moving like black smoke. They were shadows cast on the walls of Plato's cave. They were formless minions. It must have been collective fear manipulated by delusion. Who created the delusion? I was watching shadows projected on the wall. Who was in front of a fire behind me? Who was the true form of fear?

I turned my head. There was a dancing person with long, big wild hair. I couldn't see her face in front of a torchlight, but I recognized that she saw me. The atmosphere grew tense. The moment I decided to stop time, she flew away. The angel responded quicker than I did and followed her. He left a trail of glowing powder. I picked up the shining trail and flew up higher and higher. I reached the Logos which was a massive beautiful ocean. The angel was waiting for me above it. He said she disappeared here. I thanked him and I jumped into the sea.

The sea was very clear and there were no other creatures. Suddenly a sea snake appeared and tried to bite me. I dodged and clutched my dagger which was given by my great grandmother. Suddenly thousands of sea snakes attacked at once. Surprisingly, a woman was floating beside the thousands of snakes. I remembered the woman's face. I met her once when I meditated with you in Spain in 2006. Of course I was grounded in the center of the earth and doing the 7 steps. There was a picture I drew at that time. Interesting to her, even then I met her after visiting Logos. I wrote that the Logos at that time was cracked and dry like a red desert.

I surrounded by thousands of sea serpents under the water. I could feel the movement of slithering across my entire body. Oh, my God. I faced a considerable challenge. However, once I gained crystal clarity about what was being fed into my subconscious I was better able to understand my motives and actions and recognise the connection between action and reaction. I feared snakes since I was small. Subconsciously, I sensed a growing vague unease to my father who was born in year of snake in Chinese zodiac and my ex-husband who liked snake so that he wanted it as a pet. Last summer I woke up beside a small snake only 30cm apart when I had an afternoon nap along the Danube in Budapest. After that, I had an argument with my friend who had red lipstick in my dream. These things explained why inevitably my Karmas reacted upon me. Yes, it was crystal clear. I couldn't prevent the consequences because the subtle tracks or blockages or traumas of my actions had been imprinted upon my subconscious, and therefore the effects are "pre-programmed".

I grabbed her neck. I push her away. I needed to get well-spaced. I relaxed my arms and pulled my shoulders back. I stood tall and used my third eye, just like before the Kendo match. I got visions that she was manipulating snakes in me for a long time. I saw an orange snake in my second chakra and a blue turquoise snake in my throat chakra like a Wheel of Fortune card
I picked.

The orange snake tangled entire my second chakra and was squeezing it. This is the reason that I had a dull pain in my second chakra after Kendo practice in which I faced my fears and complexes. At the same time, I bowed to the wisdom of Kendo, teachers and practitioners so many times in order to express my gratitude for giving me opportunities to release my own fear and complexes. It was an inescapable fact that this BM, the snake hair woman, didn't like such activities at all. She fought with all possible means to retain her supremacy.

As a meditation practitioner with Satchi, I have learnt to question everything that occurs within the consciousness. Then, I could recognise the causes for the emotions and reflexes that surface from the subconscious, such as snakes. Therefore, now I am able to cope with them. The easiest way is to remove them with Energy Enhancement Video Course Level 2 technique of the 7 steps. Otherwise, I fall helplessly from one emotion into another, and for a long time, I would have been unable to find my way out of the "blind alley" of this Medusa organization.

It was enough. I stopped time.

Then, I renounced fear of snakes from my subconscious mind by Energy Enhancement Video Course Level 2 technique of the 7 steps. I began the 7 steps in the middle of 7 steps, as if I was looking at a mirror within a mirror. It took concentration, self-control and discipline to complete all 7 steps in each mirrors. Don't worry, my mind computer made it possible, just ask to stop time and put a tag in each process. The orange snake is intricately wrapped around my second chakra, and this snake was biting its own tail. How could I disentangle it?

Yes, I will try a new way. I tickled the orange snake. As hard as it was to believe, the orange snake was terrible shy of tickling. It stopped squeezing, haha, tried to ran away behind the Medusa, like a small child. I circled it before it reached to Medusa. I tagged it. I had learnt through fighting this Medusa organization if I fought against them forcefully, they will either persist even more stubbornly, or recede into the depths of the subconscious and hide.

Then, I found an inner child subpersonality in my second chakra. She was squeezed by the orange snake for a long time. Her body had marks of being strangled by the snake and she didn't move at all. Was she alive? I projected energy and held her. I washed her with energy from the universe and the centre of the earth. She opened her eyes. Hello! We talked for a while. She was holding complexes I swallowed since I was very small. I thanked her and clearly told her that she didn't need to do that anymore. I asked her to come with me. She smiled. I circled her. I stopped time again.

A blue snake was about to bite my soul. I grabbed it and pulled it out. I circle it and threw it to the Medusa. It made a small gap in the Medusa women. I cut her head off. Then I put together, a head, body and two snakes.

My mind computer had already showed me the time line. I would use the time slam technique. I threw them on the past and future walls together with the black blockages which were my accumulated negative feelings such as envy, desire, jealousy, rage and greed displayed on the timeline. After several bangs, they shattered and grounded themselves into the centre of the earth.

Thousands of angels were transformed. I was relieved to be able to feel their happy vibrations through my breathing. They flew up to Logos and dive into it. A dazzling light swirled around and created a powerful tornado. The sea water blew up high into space and turned into beautiful light flakes. They poured all at once into the Antahkarana. The bottom of the sea appeared. It was a brilliant crystal Logos and there was a glimmering fountain in the middle.

I tagged it. I would return the next step to find a controller tomorrow. I felt great, but my legs were completely numbed. I fell into sleep.

I will send Part 3 soon.

Hi Yuko,

I love your Samurai Spirit.

It reminds me of the Tom Cruise Movie, "The Last Samurai"

But I admire anything traditional connected with the Soul.

I admire any person connected with the Soul and finding their way in the World.

I really liked your Kendo Experience and how it Linked to your Energy Enhancement Stalking of Blockages.

With each step, "Go One Step Higher!"

Yuko Sato - Cleaning Logos part 3 and the beginning of the White Knights Mar 11, 2023

Hi Satchi,

Thank you for your nice words. I like that movie. When I watched it for the first time, I didn't know anything about Kendo and Samurai. But now, I know a little about it, then I watched it again. I enjoyed it so much.

Now I am cleaning Sirius. This place is fantastic.... There are so many facets and dimensions. I will explore it more. Of course, I will remove as many as blockages.

Thank you for your precious advice to clean Antahkarana. It was absolutely important.

Cleaning Logos Part 3

The next day, I sat and crossed my legs on the brilliant crystal Logos. I breathed in a massive space. I created protection and I spun Energy Enhancement Video Course Level 1 technique Merkaba in my head to charge energy. I went back to the scene of the Energy Enhancement Video Course Level 2 technique - Step 4 of the 7 Steps - finding the controller. I followed the energy track to go up. I found stone steps underneath Sirius. They looked like a part of the ruin. I entered it and stepped up. It conjured up the memory of visiting Angkor Wat in Cambodia. The steps led to the hidden area in Sirius which had multiple facets. I found the controller. It was a sacrificial altar in the middle of a flat stone square. It covered and stopped the energy flow through Sirius.

How could I remove this ruin?

I scrubbed my palms and gained energy. I touched the altar and requested it to become light like a feather. Aha, they were floating. I circled them all in white light and removed them. Then I made a request for returning to stone again. They fell immediately into the centre of the earth. Angels flew up as I transmuted it. I asked them to help me to proceed to the next step.

We went up higher. I found a similar altar that stood straight up to the infinity level. I removed all one after another. A big population of angels were transformed. All the Angels flew up and filled the place where the altar was thus creating light and transmission of energy in my antahkarana.

TRANSMUTING ENERGY BLOCKAGES, FREEING THE PURE ANGELS INSIDE THEM, ASKING THEM TO AUGMENT YOUR CHAKRAS, IS A TECHNIQUE OF ENERGY ENHANCEMENT MEDITATION WHICH INCREASES YOUR TALENTS, INCREASES YOUR ENLIGHTENMENT!

After completing Energy Enhancement Video Course Level 2 technique of the 7 steps, I was sitting and closed my eyes in the place where the altar was in Sirius and focused on the energy flow above. Without the energy blockage controllers, I felt so much energy falling.

It sounds so strange but I could meditate again in the meditation and could close my eyes again in closing my eyes. As a lucid dream, my mind was more conscious. I opened my eyes in the meditation. A new passage appeared in front of me. I decided to go through and I suddenly found myself in a bright place. A woman asked me my name. I answered that I was Yuko. She welcomed me and praised what I did. And she led me to the old stone building. It was like an old medieval castle. We entered the massive hall. There were many people lined up. I was last in line and listening to what people saying. Wow!

They said, "We are White Knights, the Knights of Saint Mary."

At the end of the assembly, a woman was approaching me. She introduced herself as a friend of my great-grandmother who had the same dagger I had. She was not here today, but she would come for practice sometimes. I lost my words and my intuition told me I should shut my mouth.

I met my great-grandmother in the meditation two years ago. She ordered me to learn the great spirit of the Samurai. Because I was totally pathetic when I left a previous marriage. Then, I came across Kendo. After I started practising Kendo, she disappeared.

I bowed to this woman and left the castle. There was a beautiful hill. I sat and meditated for a while. And I opened my eyes and sleep.

I am watching the full moon now and will meditate soon.

YUKO SATO..

The conscious mind, the subconscious mind, and the unconscious mind are the chakras. When we learn about energy cords in Energy Enhancement Meditation Course Level 4 we learn how to project energy cords to connect with other people's chakras we have found the way to connect directly with the conscious mind, the subconscious mind, and the unconscious mind.

We can project Angels AND GOOD THOUGHTFORM TALENTS into the chakras along the energy cords.

Black Magicians can project sex and drug addiction energy blockage demons along the energy cords into the chakras of other people in order to steal their spiritual energy so that they can live forever in private universes on the astral plane by vampirising the energy of their cattle, humanity, immortally, eternally.

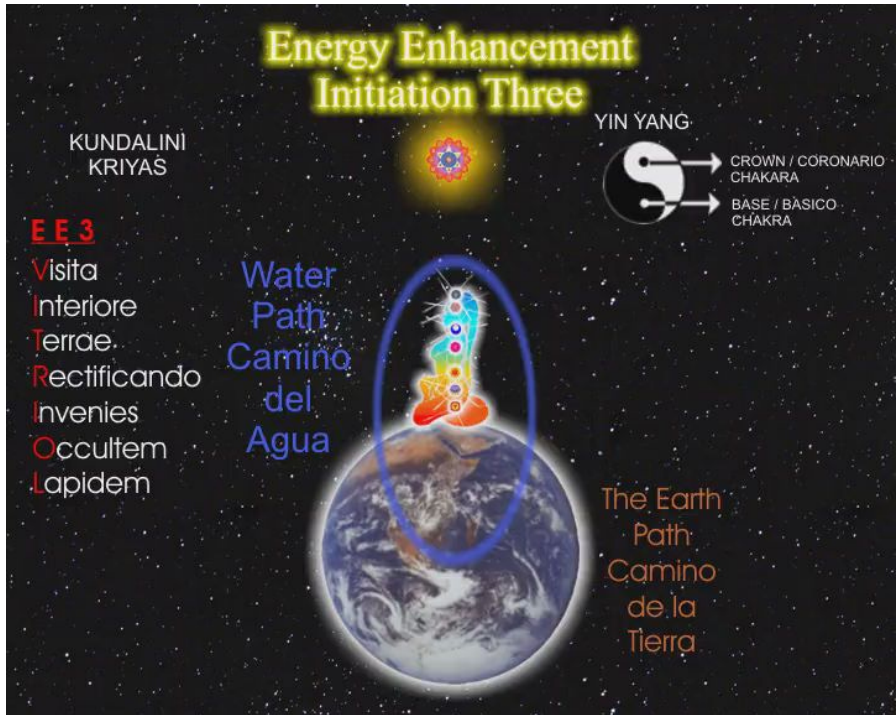

Then there is the energy connection with God from Sahasrara Chakra along the Antahkarana column of energy through the infinite chakras above the head ending with God.

Now, what is against this flow of energy from God, from an infinity of chakras above the head, down through the body to and through you is something that we call energy blockages, the paradigm. And an energy blockage is really an angel which has been coated with trauma.

We call it a substance called trauma formed negative karmic mass.

It's possible to dissolve, to transmute, to Alchemically transmute this trauma-formed negative karmic mass in the Philosophers Stone which transmutes lead into gold or energy blockages into pure positive Spiritual Energy using the guided meditation VITRIOL.

VITRIOL is a Latin acronym, a guided meditation, *Visita Interiore Terrae Rectificando Invenies Occultem Lapidem*.

Visit the center of the Earth, there you will find the hidden stone, the Philosophers stone which transmutes base metal into gold. By changing the direction of the projected energy into the center of the earth to up, Rectificando, we can follow that energy along the path of the soul to God.

The Emerald Tablet of Hermes Trismegistus, the Taoist orbits of the five elemental circulations of the Qi, and the Kundalini Kriyas are all the same guided meditation designed to Transmute, to remove, Evil from every human being!

Imagine a messy karmic painting filled with cats and snails and puppy dog's tails and imagine using Energy Enhancement Meditation to transmute all that to create a clean white sheet again!

It's a good thing to do it.

Subpersonalities occur when the Soul is split by trauma and abuse usually at an early age in this lifetime or in previous lifetimes. Everyone has them and before you can become enlightened you have to integrate all the subpersonalities back into the Soul..

I give many examples of the standard strategies of the subpersonalities. The Poor Me, the Violator, and the Black Star in Energy Enhancement LEVEL 3 - Eliminate Energy Blockages - The Removal of Strategies and Subpersonalities. Quantum Integration. The Karma Cleaning Process to Totally Eliminate All Your Karma!!

<http://www.energyenhancement.org/Level3.htm>

There can only be One!

It's like you have many virtual machines existing within the main computer mind and they are all connected by energy cords to Black Magicians in Satanic Organisations. Subpersonalities are totally connected to evil because they have no Soul. Thus the total mind control we see in society. Why Monty Python's centurion said, "Oi loikes following orders!"

Thus yourself and the people around you are completely controlled to keep you locked down, safe, secure, and under manners.

Only Energy Enhancement Meditation can remove subpersonalities and integrate the Soul.

My dream is that Energy Enhancement Meditation will be effective in helping humanity to avoid, "The pain which is about to come" - Patanjali - and become Enlightened.

"Not my will, but thy Will be done!"

I was wanting to show with Energy Enhancement Meditation the short cut - the way out of getting to the next level of this Videogame we call the hundreds of lifetimes necessary to learn the rules, to Master the Game of Life!

THE REMOVAL OF KARMA

" The golden angel who helped me to ground the controller said that they started to design the path to the Avatar of Synthesis. Because the Avatar of Synthesis was a really powerful being, the Will of God.

So, I need to create strong golden spiral steps to reach there. It would be difficult, not straightforward and it would take time. After removing a certain amount of half transparency, and camouflage blockages, the golden angels would build it with golden dust step by step." - Yuko

What we need are the Energy Enhancement techniques to remove all the energy blockage amnesia mind control and return our messy history painting back to a clean white sheet...

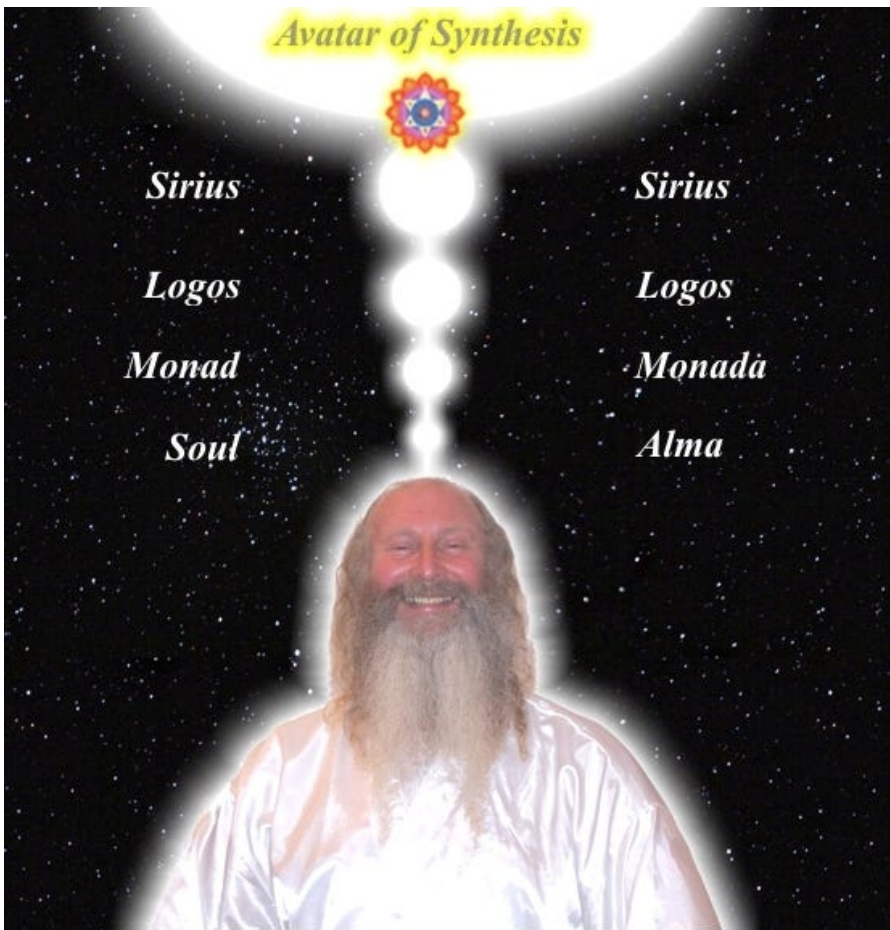

"Satchi, you might have better understanding, but in my understanding so far, my mind computer records everything and saves it in my subconscious mind. I can consciously access and change these records though meditation, at least I could find a particular memory such as blockages or traumas.

Dreams at night could be the map or tracks of the energy blockages which are vague and abstract. It is necessary to use imagination or instincts. Interestingly, most of the time, the meaning of dreams might be reversed.

Once I could remove blockages in the subconscious mind, I would Consciously act or not act in real life instead of unconscious reactions or responses by blockages, traumas, or Karma.

Every action leaves impact, impression and they await volitional result - Karma - in my future.

If you want to change your future, remove your karma - just sit and meditate with Energy Enhancement Meditation to remove blockages." - Yuko

I succeeded rest of the steps with golden angels. Their golden dust was so helpful to reveal blockages above Sirius. It is too far away, too unknown, even though, my imagination hesitates to keep up. Thanks to golden angels, I completed to infinity. I released my half-dead legs and fell into sleep. It was the most awesome and shocking meditation I've ever had.

Thank you, Satchi to invite me to this meditation journey.

The Gates of Hell

Dearest Satchi,

Yes, I am good. Thank you for your advice. Regarding White knights, I haven't been there since then. It seemed that there was no entrance, but they could invite me only. I will check out whether or not they connect to evil. Perhaps I met evil in this review.....

I meditate every day. Each meditation becomes more in depth. I was deeply surprised at it.

The Gates of Hell:

After entering the lowest rank of hierarchies of White Knights, I had a vivid dream.

It was in a town somewhere in Europe in the 19th century. I was in a building while seeing a corner of a brick townscape. Inside the building was another world where subtropical plants inhabited and some peacocks were walking around. A white peacock was opening feathers. It might be in my soul. There was a large bunk bed. I was sitting on the top. The duvet and pillows were covered with vintage floral fabric like Laura Ashley's.

I suddenly heard someone approaching. I wanted to go down, but the usual ladder was missing. Instead, there were step stones on the cliff that could be grasped by hand and toe. I was scared and hesitated to go down. Finally, people came nearby. I made up my mind and went down. Surprisingly, there was no height, and I easily put my feet on the floor. I felt this welcome relief.

I was heading to a new university. I was looking down on that I used to go to the same school as my friend related to my red lipstick dream. Now we were walking a different path.

I got lost in the basement of an old stone building. I couldn't see anything in the dark. I called out for help. Then a big hand pulled me out and put me on the lift. Some people were already in it. Then, we all went up.

I woke up. I wrote down everything I experienced in my bedtime meditation and dream last night. This practice will also come in exceptionally useful for blockage hunting tonight. I've learned it from my embarrassingly short experience in meditation.

This is the map to the journey of discovery into my own higher self which lives in the subconscious mind. I sense that it lies between sleeping and waking where I could find the tracks for blockages.

Removing blockages in meditation could stir up my subconscious mind. When it showed me vivid detailed dreams, the map has changed. The change will also appear in reality later. I enjoyed it like eating a main dish. It's something I've gradually come to understand lately, enjoying a main dish is not the purpose. Important thing is how to cook the main dish.

A valuable opportunity to develop my soul to a higher level is offered in this cooking process.

Satchi, you might have better understanding, but in my understanding so far, my mind computer records everything and saves in my subconscious mind. I can consciously access and change these records though meditation, at least I could find a particular memory such as blockages or traumas. Dreams at night could be the map or tracks which are vague and abstract. It is necessary to use imagination or instincts. Interestingly, most of the time, the meaning of dreams might be reversed. Once I could remove blockages in the subconscious mind, I would consciously act or not act in real life instead of making unconscious reactions or unconscious responses because of blockages, traumas, or Karma.

Every action I make leaves impact, impression, karma and these actions await volitional result in my future.

If you want to change your future, just sit and meditate to remove blockages.

"The actual fact is not changeable because this is the Truth, but the negative karmic mass can be transmuted so that only the Truth remains...

Negative karmic mass - blockages are lies creating the Gates of Hell.

Negative karmic mass - blockages are lies from the Father of Lies, Satan!

Satchidanand

At night, I meditated about my dream before cleaning between Logos and Sirius which was in my list of things to do. I went back to the scene of my dream. The external environment was similar, subtropical plants, a white peacock and bright, dazzling sunshine, but I was on the stone bed. I got up and crawled down on all fours with stepping stones which were the same as in my dream. I reached the ground and looked at the stone in front of me. There was blood on the surface. It must come from me. I touched my chest. My hands were soaked with blood. Was I a sacrificed victim?

No, I shouldn't have been. I focused on breathing and circled the bed with golden white light and cut the top and bottom. I projected energy from the third eye and my heart as usual. In vague plight laid heavy in my heart. I physically put my hands on my chest and removed a handful of something with my both hands. It was a black stone knife. Again, my hands were covered with blood.

Oh, my God... I had a psychic vision that I was not a sacrificed victim, I offered sacrifices, in order to connect with God and passed the message on to everyone.

The total confusion of receiving something completely different from what I was expecting reigned in my head and the fear that I had done something great evil in my past life gripped me.

I let go of the stone knife in the air. My hand became free and hit the head of my lovely doggy, Inca, who was sleeping next to me. She was startled and gave a small bark.

It brought me back to being focused. I circled the knife with the highest energy I could reach. A flash of light ran through the top of my head, my heart had been pounding since I learned a truth I didn't want to know. I must remove all entirely. Furthermore, I want to purify my timeline. However, they didn't go down or ground at all. It was the most difficult case I'd ever had. It was the only first step in the seven steps. What should I do now?

Ok, I asked my mind computer for help. It answered me showing the timeline related to this knife. I understood the best way would be a time slam, Satchi. I threw all, the black stone knife, the stone bed, blood...to the wall of the past. The black dots on the timeline stuck to them and grew larger, like a black snowman. When they crashed into the wall, they shattered like black snowflakes. I rubbed my palms under the golden white light. It cleaned and purified my bloody hands. I charged energy in my hand and released it by saying, "Be as heavy as lead." The black evil flakes fell headlong into the centre of the earth.

It was quiet and dark in the centre of the earth. Nothing happened for a while. On the other hand, I was very distracted. My crossed right leg hurt and I wanted to stop meditating right away. But I didn't want to give up, because I had done only the first step out of Energy Enhancement Meditation Level 2 Techniques of the Seven Steps.

Suddenly, various scenes came to my mind like flashing light, strangely, all related to my brother. My memories with my brother went back further

and further, then the history of my ancestors changed over. Finally, they ended up in past lives.

THE GATES OF HELL

A person who was a past life of my brother appeared in a sacrificial ritual.

t the right moment, thousand of lights appeared from the centre of the earth. Thanks to them, the scene of the ritual and all memories were covered by lights. I sandwiched them with golden white light from the universe. I compressed lights into solid with my hands and dropped it to the centre of the earth. Done!!

This time it transformed into angels. They came toward me. I was surrounded by beautifully sparkling angels, so I tuned myself to be on the same wavelength. I sincerely asked for help to complete the Energy Enhancement Meditation Level 2 Techniques of the Seven Steps. This time I had been deeply shocked by the fact of my past life, moreover, my brother was the strongest "petty tyrant". The best timing came, Satchi. You reminded me to do this before, but I was not ready at that time. This must be high time to ground him. Ground my brother!

Then, The Gates of Hell by Auguste Rodin appeared in front of me. One out of seven cast gates was displayed in the garden of the National Museum of Western Art in Ueno Park, Tokyo. My mother brought us once a month when we were small and I used to look at it in detail while playing the game called "Daruma (Bodhidharma) fell down" which was called "Fairy Footsteps" in England with my brother.

Daruma is a statue in which Bodhidharma who was a Zen Buddhist monk was meditating. Speaking of Daruma, Satchi, I remember at I had grounded this in Spain with you in 2006. Yes, it came across when I was processing Energy Enhancement Meditation Level 2 Techniques of the Seven Steps in my timeline to ground a traumatic memory with my brother. Of course, I grounded it into the centre of the earth. Anyway, later, I'll look at my notes from that time. I went back to the Gates of Hell after cutting Daruma out with the white light.

Next to this black gate, it was written that "Abandon All Hope, Ye who enter here" in Japanese. What bloody horrible words! Just like back then, I wondered when this gate would open.

Then my mind computer displayed memories of those painful times. I

circled all of them with golden light while I was actively encouraging myself that even though there were very faint hopes.

Then, The Thinker sitting on the top of the gate gradually got bigger and bigger. He was a Black Magician.

He was silent and stared at me in the same posture. An inarticulate moan came from deep in my throat. I projected the energy from my third eye and heart, a bucket of black goo was pooling in the bottom of my throat just in front of the gate of my heart chakra.

Incredibly, it was mechanically connected to the Gates of Hell. Kindly enough, the Black Magician, the thinker, explained in no uncertain terms that this gate opened when the bucket became filled up with people's despair and also my despair. Even now, it sounded as if the moaning groans of people in this gate could be heard. I remembered well their faces contorted in pain. Then, the Gate was about to open.

"I remember the movie, "The Devil's Advocate" with Keanu Reaves and Al Pacino where the Gates of Hell came alive with the screams of the damned" - Satchidanand

Dante passes through the gate of Hell, which bears an inscription ending with the phrase "Lasciate ogne speranza, voi ch'intrate", most frequently translated as "Abandon all hope, ye who enter here." Dante and his guide hear the anguished screams of the Uncommitted. These are the souls of people who in life took no sides; the opportunists who were for neither

good nor evil, but instead were merely concerned with themselves. “You have to be good, do good” – Satchidanand

I stopped time. There were so many things I had to ground into the centre of the earth in front of me. My crossed legs started to hurt as usual, but if I quit here, the Gates of Hell would open. I was not sure whether or not I could sleep at night.

And one more concern, Satchi already reminded me to ground my brother a month ago. I couldn't prolong it anymore. It was obviously high time now. I made myself absolutely determined to succeed in the Energy Enhancement Meditation Level 2 Techniques of the Seven Steps. I carefully circled all thoughts, memories, negative feeling which attacked me in front of this gate of hell and my brother.

All were intricately layered within layers of time and space, previous and current meditation. It was as if I was diving into a multi-layered dream in the movie called "Inception". I knew I had no choice but to ground all at once, so I developed everything into a flat surface drawing a blueprint in my head and laid it out on my timeline. I was ready, but I was up against a blank wall. I didn't have any clear worthwhile idea to execute it meticulously. Otherwise, they ran away from this blueprint and would come back again, actually, they already did!!!

I asked my spiritual masters for advice after I firmly pinned the blueprint onto my timeline. They could look at it if they need. I went up to Monad and entered into the hidden temple through the secret passage. I sat quietly on the last line and meditate together with monks. I shared my blueprint of The Gate of Hell and asked their advice in our meditation.

In this temple, we could travel into everybody's meditation. It was awesome to observe how they meditated about The Gate of Hell. Then, I saw Buddha. He was massive and invited me into his body.

I have actually been inside the Great Buddha of Kamakura in Japan, a monumental outdoor bronze statue of Amitābha when I was a child. And I was with my brother at the time. At the Great Buddha in Kamakura, Japan, we can enter there at certain times of the day. It was summer so it was dark and hot inside. We held hands and encouraged each other to climb a steep spiral staircase to reach a small window at just around the Buddha's neck. I was pretty much sure that was the last time we held hands. Then, Buddha's voice echoed through my body.

“Have compassion and cut that blueprint to pieces in the proper manner. Keep a subtle smile on your face. No matter how hot and uncomfortable it is, let a cool pleasant breeze blow between your throat and heart. The Gates of Hell are not worth fearing. Do not fill up the bucket. Do not swallow that poison as it is, but let the cool breeze purify it and spit or breathe it out.”

Then, I peeked outside through the little window of his throat. There was a bright white space with the white sun or moon, and a white elephant was standing and moving its trunk elegantly, dressed with a harness with sparkling jewels and flowery embroidery.

I admired the beautiful standing figure of that white elephant. At this breathtaking moment, a cool breeze rose up and it transformed the beautiful white elephant into a sword. Wow... The sword came straight towards me and the tip of the blade was pointing at me. Then it cut the Great Buddha in half. The upright sword flew into my hand.

The voice vibrated through my crown chakra, “This sword has razor-sharp focus and its blade can cut through anything to get to the heart of the matter. It helps you to focus your attention only on what is important. Only you need to do is to make your mind clear with the cool breeze, and then you have the ability to pierce through the veil of illusion or facade to fully understand the situation for what it is.”

I returned to the large blueprint related to The Gate of Hell and my brother. I was holding the sword made of the white elephant. I was going to cut it into small pieces and ground them into the centre of the earth. I cut it in half in the manner of Kendo. It was pretty difficult to cut paper properly. OK, I would imagine that I was practising Kendo in the Dojo now displaying the blueprint and The Gate of Hell.

I started practising, and a female teacher appeared. She instructed me on how to cut... blockages!!! Her advice was Interestingly, right on target. Besides, she knew all my weaknesses and bad habit in swordsmanship and my mentality.

Such as “Do not move the sword with over force, concentrate and just strike the sword where you want to cut, then you will get a straight, sharp cut in the blockage. “Relax your body, flex your arms and shoulders like a whip, as if you were whipping the air.” “If the cut is sharp and straight, the blockage will not regenerate.” ...etc...

I followed her advice and eventually, all blockages on the blueprint including The Gate of Hell and Black Magician - The Thinker - were shattered. I knew her, even though I couldn't see her face inside of the armour. She was my great-grandmother, Kin, which means Gold in Japanese. I crouched down in a manner of Kendo, bowed deeply and thanked her. She did the same and said, “Ground all into the centre of the earth and proceed to do the rest of the steps.” Then, she disappeared into thin air.

I grounded all pieces into the centre of the earth. All of sudden, bright lights fired. Aha, it was quick, because of the paper! In the end, the golden angel covered with gold powders came up. I greeted him showing my right palm. He touched it with his right palm. Then, we touched foreheads and he demanded total honesty. I nodded.

He continued that, then I could see the controller for what it really was and not what I imagined it might be. From now on, all blockages would be tricky and clever. I received the vision of the controller.

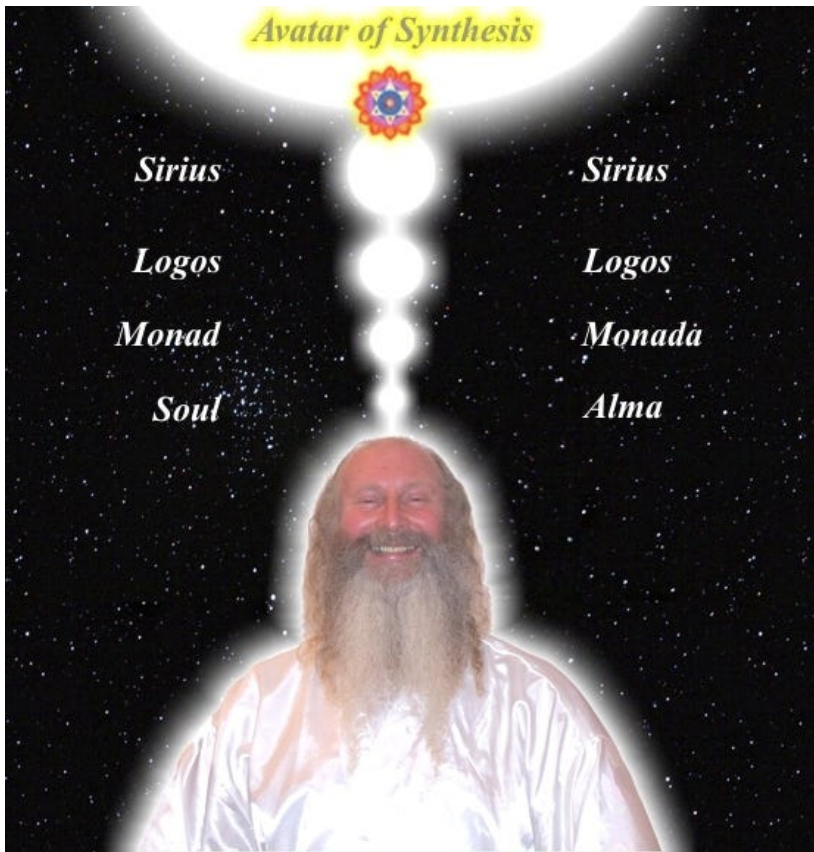

We flew up to Sirius. We looked above. There was a dazzling light far away and before this light, there was the controller, but it was half transparency. The golden angel sprinkled gold dust. They traced the shape of the controller. I focused on my third eye and let my sword of white elephant cut it out. It did it superbly. I grounded it. Golden angels were transformed and flew in a spiral up and down between Sirius and the Avatar of Synthesis.

The golden angel who helped me to ground the controller said that they started to design the path to the Avatar of Synthesis. Because the Avatar of Synthesis was a really powerful being, the Will of God.

So, I need to create strong golden spiral steps to reach there. It would be difficult, not straightforward and it would take time. After removing a certain amount of half transparency, and camouflage blockages, the golden angels would build it with golden dust step by step.

It was a little secret. He scanned my chakras through his third eye by touching my foreheads. If I did a powerful removing as a similar meditation like this, 411 times, I could move to the next level. Wow, 411

times!! I learnt a lot in today's meditation. Satchi, you live in the Avatar of Synthesis, right? It is amazing you, my spiritual master could reach there.

I succeeded rest of the steps with golden angels. Their golden dust was so helpful to reveal blockages above Sirius. It is too far away, too unknown, even though, my imagination hesitates to keep up. Thanks to golden angels, I completed to infinity. I released my half-dead legs and fell into sleep. It was the most awesome and shocking meditation I've ever had.

Thank you, Satchi to invite me to this meditation journey.

This is the story of Yuko Sato who came to see us for the Energy Enhancement Meditation Course in 2004 whilst we were teaching in Escala a small coastal village in the sight of the Pyrenees just north of Barcelona.

"Now we were integrated with the Soul. Now we together must push Yuko into becoming my highest self who is wise as ancient seers and playful as a child.

She is inclined to bursts of spontaneity intuitively and she will show us the joy of slowing down and enjoying the simple pleasures of life. This is another challenge. It is needed to fulfil the purpose of my life.

A heavy mission has been imposed on us. I filled our Antahkarana with sea water I and was swimming up and down through it. I felt so crisp, fresh and free in a vast space with a sea breeze on cold sands. It was awesome that I could integrate with my last inner child in the Soul."

I was wanting to show with Energy Enhancement Meditation the way out of getting to the next level of this videogame we call the hundreds of lifetimes necessary to learn the rules, to Master the Game of Life!

The Soul infused personality lives together with all the other subpersonalities in the mind. Dearest

Satchi,

How are you? Thank you for your message and advice. It has been two weeks after I sent my last review.

Recently I have focused on blockage hunting. I meditate, do yoga, practice Kendo, walk with my dog through woods and work.. It was a bit difficult to find the time for writing. But reviewing my meditation is very important for me. After writing I could have more clear mind. So, I will keep writing. You wrote around 50 books, right? Unbelievable!

I am glad to hear Devi is an angel too! I was a bit confused after receiving the message, but I started digesting this information that my soul came from the different planet. In nutshell, I don't need to understand all. Just keep meditating, I just want to see the world without blockages!

Miena, a clairvoyant explained his three perspectives about angels and a soul reincarnated on the earth. I would like to know your opinion. There are so many things I don't know.

Firstly, he wrote that there are some people in this world who were "angels in a previous life." In his session, about 2-3 people out of about 400 people were "people who were angels in a previous life." They are a few, but exist.

Secondly, he explained that "Angels in a previous life" struggle with relationships and identity in the early years of their lives because they are not attuned to the low vibrations and energy of the Earth, however, they gradually refine their minds and regain their original brilliance.

Finally, he denied their image as "a soul reincarnated on the earth to save the earth", and corrected it as "a soul reincarnated as humans for the purpose of training on the earth". In the heavens where angels live, there are only people with high vibrations and energies. Therefore, "angels" are vulnerable to low vibrations in the earth. In Heaven, angels are required to be able to endure low vibrations, and for this reason, they practice on the Earth, which has a low vibration.

For example, angels who are in charge of security in the heavens need to deal with visitors who have a lower vibration. At that time, they cannot be dealt with properly if it does not have the durability to low waves. In addition, angels also work in heaven to counsel lost souls. In that case, in order to understand the other person's soul more deeply, it is necessary to train themselves in an environment like the earth with low vibration.

Satchidanand's Reply... Devi is an Angel too!

She says Angels have transparent or crystalline Antahkaranas.

I think I'm human but have been re-incarnating for 28,000 years.

The last problem to overcome on this planet is the Mastery of Relationships. That is why Energy Enhancement Meditation Course Level 4 is the last Level - because it is so hard!

But after that Level 5 the Opening of the Heart is the key to our future evolution - see below...

We are in Palolem Beach then we go to the Taj Mahal and back to Iguazu.

As we evolve, our heart becomes larger - as we transmute demons in ourselves and in other people so we release the angels at the heart of the blockage.

These angels augment our chakras making them bigger, better, more evolved.

Gurdjieff called this, “Conscious Suffering”

And as our heart expands, as our psychic body fuses with higher and higher chakras above the head, we get higher and higher Enlightenment Dans!

And our enlightenment job becomes larger - our circle of influence becomes larger!.

First we help our friends - our soul group.

Then our monadal chakra group which might have 100,000 people!

Then we become a world teacher in the logos chakra - all the monads.

Then, fusing with Sirius Chakra above the head we reach the level of the Heart of Christ - my master Swami Satchidanand was there. And he gave me when he died in 2002, a three days of transmission of white light super energy. Every seven years I have had an initiation to a higher chakra above the head since 7 years old. It stopped when I was 49 years old.

Then we reach fusion with the Avatar of Synthesis - big World Changes!

I've been writing a few books - researching.

Trying to find the root problem of this Earth.

How to make everyone around me happy!

Anyway, I believe, as you told me, my soul will lead me. All blockages must go. I am working on a blockage hunt.

Here is the review, Trip to integrate with my last inner child (Unlock and activate DNA Part two) : I am writing the Part three now :)

Sunday morning, after regular meditation, I brewed tea. I chose African tea. It was given to me on the day of the tea party nearly two years ago and as I wrote the previous review, I visited there again in my meditation two weeks ago. Since then, I had a tea ceremony overlooking the Zen garden in my Sirius Chakra during meditation, sometimes alone, sometimes with angels, sometimes with soul mates whom I will meet near future or met in my previous life.

We kept silent but were communicating telepathically. I think I have learnt this skill through meditation. This taste of African tea came upon me in a flash of intuition during the imaginary tea party in my meditation. This might be a good side effect of meditation, I became more intuitive.

Hot water was poured into the teapot which was ivory white - my friend created it. I was accustomed to pouring boiling water over the lid of the teapot. I like watching the colour changes mysteriously. Surrounded by steam, the light ivory white teapot became darker, glowing and influencing.

This moment conjured a comment from a grandfather of my English ex-partner, you know James, "A lady never sweats, she only glows". Since then, I have loved this moment when an elegant lady is enjoying a heart throbbing with happiness and excitement in Bath, where the novelist Jane Austin lived and I used to live with James.

Now is the moment. When the teapot wakes up, it prepares to receive emotions. The emotions of the earth are sealed in the tea leaves. My eyes are glued to this movement. The teapot keeps me on my toes. I silently stare at the teapot. This is a magical moment. Imagine what's happening inside this ivory-white teapot. A long-sealed secret is revealed. I poured tea into a cup. Contrary to my excitement, the earthy colour of tea calms me down. I concentrate on the moment and enjoy the present to connect to the earth.

In the country where I was born, Zen Master, Sen no Rikyu (千利休) raised his heart to the level of the tea ceremony. Zen Buddhism was a primary influence in the development of the culture of Japanese tea. I have learnt the manner of the tea ceremony since small.

Satchi, I was thinking of the homework you sent me a couple of months ago.

Satchi wrote, "Just think about the purpose - Avatar of Synthesis is purpose connected with the Will of God - of your culture, your evolutionary level, your languages, your education, your exploration of the psychic body, and your intellect.

The purpose is connected with the heart.

Not the heart powered by a blue throat and yellow abdomen creating green.

But heart-powered by the white crown and red base creating pink.

Opening the Heart of Christ

Only the heart knows”

I believe that it was the will of my culture and education in order to connect to the Earth with the taste of tea. The Earth will lead me to fulfill the great purpose of my life. This idea came to my mind at the tea party in meditation. Because now that the greater purpose of my life has been revealed everything I have walked and experienced through was meaningful. I came to the Earth in order to experience and connect to the Earth. But strangely, the more I meditate, the less the past became important.

The Energy Enhancement Meditation Course seven-step process to remove Energy Blockages works so well, not to focus on the past. Especially regretting and indulging the past decisions and acts which suck our energy and love, like a bottomless swamp.

It is proved that every one of my blockages has been connected to a Black Magician. After removing these people, I can use my energy for the future so that I can feel more real and meaningful during meditation.

Then, I can connect to the Earth and the higher universe and they refill the energy I use for the future. Its support brings me enormous joy. This is the will of my evolutionary level which I currently could understand. I need to learn a lot and experience all. So, let's meditate now.

I sat, crossed my legs and focused on my breath.

I followed the routine of meditation, which is an effective discipline. I created Merkaba protection and connected all the chakras to the centre of the earth. Then, I cleaned everything by vision and feeling. Then, I enjoyed Shikantaza - (just sitting - Zen Master Dogen) for a while. I let my mind flow to connect to higher chakras and my mind naturally stops wondering. Then, my mind computer can take charge and started communicating with me. It made me smile to take on a challenge. This is a regular procedure. It was quite smooth today. Sometimes, it might take an hour and my numbed legs eventually let my eyes open.

Now I feel a warm smile on my face. Then, I imaginably sat on my heels in the Zen garden in Sirius Chakra. I prayed on a Wind God, Dragon God and Great Universe and thank them. I don't know why, but I have liked storms and rainbows since I was small. In Japanese Shintoism, these areas are governed by them. Then, I declared that I will connect to Goddess Gaia. I don't know why, but I feel it is important to show my will in the universe.

Once I have felt a strong connection to the base chakra, I pray for Jesus Christ, Virgin Mary, Buddha, Guanyin, Maitreya and Patanjali and gave gratitude to my ancestors and my daughter's ancestors. Then, I imaginably gave a deep bow to them. This is the art of gracious etiquette in martial arts and I've learnt this new concept in Kendo practice. Since last year, I applied this to my meditation. This ritual dramatically has changed me as much and quickly as removing blockages.

Martial art is a path that aims at the perfection of character through

mental and physical training. In Kendo, we meditate and bow several times before and after physical training. It is seen as a mandatory and formality, even feeling rather useless and unnecessary at the beginning. Strangely enough, because of these, I didn't like Japanese tradition before when I was younger, because my arrogant ego which would never bow to anyone overreacted and defeated me to leave this culture, so I left Japan. My arrogance took charge. It was a real deep shame.

However, when I had a hard time in my life two years ago, Kendo and meditation helped me. My ego and arrogance didn't remove my negative emotion. Bowing is the outward expression and removing blockages is the inward expression. Only these two activities have released my emotion (anger, rage, and even fear), thereby depriving other people of the opportunity to take advantage of my own behaviour.

It has provided me with security, serenity, and concentration in the unknown world I've never experienced. Then, they gave me room to face myself. My Kendo teacher said that martial arts is not about defeating others. It is about disciplining yourself and governing your mind. It means that you must defeat the person you were yesterday. Meditation works the same way, right? Satchi!

Finally, I express my heartfelt gratitude to have the opportunity of meditating to my meditation teacher, Satchi. Then, I manifested what to do in this meditation. It seems vitally important to show the purpose to my mind computer and all connections. Otherwise, I will be easy to lose in indulging memories, illusions, delusions etc. So, I declared that I will dive deep down and remove blockages and activate my DNA.

I was aware and ready. I deeply dived into the infinity of chakras below the Centre of the Earth, where the bottom of the DNAs were. Since I found the hidden door inside a molehill and opened it with the key which was given by the released angel. There was a vast space and the DNAs were spread out before me. I've been working on cleaning them for a couple of weeks.

Every meditation, I could find the Satanic degeneration of black spots or threads in the DNAs. I removed them and blockages were connected to my chakras which was different each time. I applied the Energy Enhancement Meditation 7-step Process to the chakra and the DNA which were overlapping each other. Strangely, the quality of these blockages was different from the one which I found in the chakra itself. They were not connected to emotion or memories.

Another difference is that after removing them, these remain like cuts or damage. So I healed them with light from released angels. Sometimes, angels brought me to another blockage overlapping with the chakra. I communicated with them and cooperated to heal them together for a couple of weeks. They were totally reliable and immensely helpful.

During the Energy Enhancement Meditation Course 7- step Process to remove Energy Blockages, I always found Black Magicians in space and the Controllers of the Black Magicians who live outside this planet, which were a kind of spaceship. This is another particular difference from normal blockages.

Then, I cleaned the space of the blockages up to the infinity level. Then, I focused to connect to the highest chakra I could reach to bring light through the DNA's. Once I did, I drew up Shakti and splashed it on the DNA's. Then, they were turned on and activated.

This process seems like never-ending, but my instinct guided me to keep doing so. After a couple of weeks of doing this activity, I found blockages less and less and I gradually felt like I was cleaning the earth and the space and making a stronger connection between them.

Curious to say that I gradually felt that I am a part of a whole system of purification and I properly understand this is one of the purposes of my life on earth.

Is it the one you asked me before, Satchi, the purpose of the will of my intellect?

On May 3, I set off on the road trip with my 11-year-old female dog Inca, and a 24-year-old female friend we call each other soul sisters. She was the one who started to talk about spiritual matters and I've learnt a lot from her. Through our friendship, I understood the meaning of soul age.

We influence each other in a good way because we are very different. However, the core is similar. This trip was not the first time we travelled together. We did together a couple of times, to Japan, Budapest and forests near our home. We have plenty of time to update our current status and discover something new together. My soul needs it. Also, my guardian God told me I need to gather with women. This is the first step after receiving the message, otherwise, I normally work with mostly male colleagues and In Kendo, I practice and fight with male friends.

Another purpose of this trip was to see landscapes I haven't seen yet and meditate on them. I want to be melting into them and integrate with them. Moreover, I want to drive fast like the Wind God I pray for during meditation. Then, I could see and feel the world on Earth from a different perspective in order to find hiding blockages.

Satchi told me several times that all blockages must go. Even though I could find blockages less and less, I keep meditating to clean myself who was yesterday. Meditation carries me into the future. I decided to move forward with blockage hunting. Not just wait for blockage would show up. I am looking forward to the world without blockages, there, how would I feel In a world I have never seen before?

Although this trip was a sudden urge of my soul, I had prepared for it. I brought my car to service to check up and cleaned it inside and outside. I made backseats flat to sleep there. We will sleep in the car, this was the first time in my life. I packed the minimum amount of my needs, the most important things were a sleeping bag, meditation cushion and yoga mat.

I will drive a car to become the wind, exercise yoga before and after driving, meditate wherever I attempt, swim in the Mediterranean and purify myself in a mountain stream from the highest mountain in the Alps. Come on Blockages!

They responded to my challenge. Two days ago, I woke up in the middle of the night. My heart chakra was highly vibrating with a sort of negativity which I could not identify. It's been quite a while since this happened, surely more than a year ago. My intuition told me the inner child hidden in the subconscious has come to the surface.

She wanted to stop me from going on this trip. I can't explain it well, but something like that I was afraid or she was afraid that I won't be able to return to my previous self after going on this trip. She warned me that this was the final checkpoint whether I could go back to my old self as my "safe self" in my comfort zone. If I go over it, I will be transformed and it will change the value of my life. I will be far from the happiness I recognise.

I immediately crossed my legs and meditated. I tried to go back to the place I was just before waking up. It was filled with mist and I lost orientation. I had no idea where in my Antahkarana I was. This was the first time for me. Drowsiness hit me. I focused on breathing in order to clean this mist. I cleaned half, then I was lost. I gave up and went to sleep. Then I had a long, long dream. It was a weird dream, many hens were walking in the stream and I was watching them with the person I thought was my last inner child.

I crossed Germany from east to west. As you know, Germany has no limit on speed on highways. My soulmate gave me a perfect assist in the passenger seat and my dog was sleeping on the backseat. It was also extremely helpful. With the Sunshine from the windows and music in the air, we had gone with the wind. It was true that the difference in moving speed changes the familiar scenery completely and it renewed my conscious mind. We were super focused on the moment, which is now. We stopped the car on a beautiful hill. I did yoga.

We stopped in the rest area on the highway at the border between Germany and France. I did yoga and meditated. When I opened my eyes, the full moon had shown her beautiful face. My soulmate made a cup of good green tea. I sipped it. I slowly told her my experience in the past weeks, especially in meditation in which I remembered a recent past life when I had wings.

She is the only friend who we have talked about spiritual matters together for a couple of years. I continued to explain that it was so realistic that I knew which muscle to use to flap the big wings, especially when it took off, it required tremendous power.

Then, when I was born into the earth without wings, I felt a sense of tremendous loss. The surprising news is that my past life was highly likely an angel or alien from a different planet. It was also confirmed by Miena, who was a psychic to channel my guardian God who was a God on the planet I was there in my previous life.

Then, she started to talk about her experience. She believed she was an angel and could fly when she was until 12 years. She even tried to jump over the hill a couple of times. Wow... we talked about how to extend and flutter the wings and my soul was laughing from the heart for a while. The full moon seems smiling to listen to us. Soon, we arrived in Strasbourg and we slept in the car.

I meditated and I felt a small movement in my chakras through the Antahkarana. It seemed to be shaken. I tried to send energy to fill the gaps

in order to strengthen it. I circulated energy from the top which is shining white and from the bottom which was glowing scarlet red. I felt so good.

The next day, I opened the door, and my soulmate pointed out the above. There was a big nest in the tree in front of my car. Then, a stork flapped to the sky. Two strong outspread wings caught our eyes. We smiled and understood each other with good chemistry. Ah, this is the meaning of the message I received. I must try to communicate with fewer words. Yes, I am going the right way in order to be ready to fulfil my service.

We walked around the city of Strasbourg. Then, suddenly, soft purple flowers appeared in front of me. It was Wisteria. Finally, I came across these flowers. Since I started to write chapter one of my story, I wanted to see Wisteria, but I could not find any.

Because my ancestry, my Sire's name, Sato, used the Chinese character of Wisteria, 藤. My samurai family has this shape of flowers in the family

crest. I started writing the chapter called the river Wisteria, the story was that my great-grandmother who was Samurai came to me in my meditation and she will teach me what the samurai spirit was in order to return back to my life with good pride.

But I haven't finished it. Because I was distracted by one of my male friend's Ego and my ex-husband's Ego. Furthermore, I needed to have its picture. Now, I see a beautiful picture full of Wisteria along the river. Wow, I was totally overwhelmed by this scene which I longed for. So, I meditated under the Wisteria. It was sheer bliss. I connected my soul and I filled it with Wisteria. Then, thousands of golden butterflies and some angels came down from above. Oh, my God.... It was supremely beautiful. I received a voice that said, "Finish writing your chapter!" I answered, "Yes, I must do. My guardian God!" I remembered it.

Then, we head to the south. The destination was Marseille. I wanted to visit this city for a long time, but I never visited. Marseille triggered me to go on this trip. At the very moment of the sunset, we arrived at this beautiful port city. Looking at the impressive sunset glow, we couldn't help but sigh. Later, we moved to the beach. Sitting on the beach under the full moon, my soul mate was cooking buckwheat porridge with tomatoes for late dinner while I was doing yoga.

We finished both activities at the same time. So we ate it. It was delicious. Then, we meditated. Hearing the sound of waves and breathing the salty breeze, I reached the higher space I'd never been in my Antahkarana which seemed expanded. I crossed my legs on the green grass under the expansive sky soaking in the starry night. I was connecting there and filled with bliss. After this wonderful meditation, I went skinny-dipping with my soulmate under the moonlight.

It was a shock although it was the perfect temperature for early summer. This gigantic dark liquid took me into the uncharted world of wonder and mystery. Swaying my arms and legs in it, I identified fears and excuses which were hiding in my subconscious mind. I allowed myself to feel them, I was meditating in the dark ocean. All of a sudden, I felt a cold chill and sensed my inner child nearby and I grabbed her hand. The gentle tidal wave was lapping gently to my face. It washed away all the fears and excuses which I am feeling.

When my heart chakra was cleaned, I saw the inner child. I was holding her hand. Unlike my expectation, she was bright and powerful like a roaring thunder that would rumble the comfy bed of my stagnant routines and habits. Aha! I had experienced a paradigm shift in the night ocean.

It was me who made an unwarranted assumption that my inner child holds fears and excuses. The one who had the fears was me. She smiled at me and it was a sign she noticed my paradigm shift. She said to me “ Thank you. I'm already filled with a feeling of well-being. Thank you for listening to my voice and entertaining me a lot. You made them come true with genuine pleasure. Now, you know. You can feel everything. What kind of life will you walk from now on? It will be blessed with abundance and love.

You will tell your experiences and teach, spread and guide others. Believe in your ability to see and feel within your psychic body. Trust your intuition. You just made an assumption you didn't have it. Actually, you used that intuition to get here. Trust what you think. It is already visible. You are already starting to see the future. You can feel somehow it's going to be like this. It will happen. So don't worry.”

Then, she pushed all my buttons placed in Antahkarana. She will challenge me. She is the one who tastes like freedom and smells like my childhood dream. There was something about her liquid softness that makes me melt into her. Yes, she was like ocean, sensuous, ecstatic, sacred and mysterious feminine waters. I gasped for breath and I opened my eyes.

The next morning, It was really early morning. I went to the beach with my dog Inca. It looked completely different from the last night. It was full of energy and light. I swam in freshly cold blue liquid. I was floating for a while listening to the sound of seagulls. After getting out of the ocean, I was awakened as never felt and being myself. I felt my skin burning hot from the inside while feeling chill from the outside by the fresh morning breeze. I sat on the cold sand and crossed my legs. I closed my eyes on the beach. I must ask my mind computer who I am.

It answered that she was me. I asked who she was. It was the most stupid conversation I had with my mind computer. It answered that she was who I thought. She was me.

Now we were integrated. Now we together must push Yuko into becoming my highest self who is wise as ancient seers and playful as a child.

She is inclined to bursts of spontaneity intuitively and she will show us the joy of slowing down and enjoying the simple pleasures of life. This is another challenge. It is needed to fulfil the purpose of my life.

A heavy mission has been imposed on us.

I filled our Antahkarana with sea water I and was swimming up and down through it. I felt so crisp, fresh and free in a vast space with a sea breeze on cold sands. It was awesome that I could integrate with my last inner child in the Soul.

We drove along the coast of South France under the golden sun. After the integration with my last inner child in the Soul, the world was outstandingly beautiful and full of light.

The deep blue ocean was an enormous and absolute existence. It reminded me of the feeling after the first meditation course with you, Satchi.

We were laughing all the time. We could hear all the stories that our eyes tell, which dance to the rhythm of our synchronized breaths. We stopped in Port de Saint-Tropez to enjoy freshly baked croissants with a cup of hot cafe au lait. This small port town was blooming with all kinds of flowers. We tasted ice cream. What else do we need?

We headed to Nice. Along the way to the quiet beach, we drove up to the top of the hill. A breathtaking view made me stop the car. and meditated by the surrounding dark purple flowers along the busy street looking over the ocean. I closed my eyes but still felt the heat of the sunshine.

I was climbing up my antahkarana - the column of energy encompassing all the infinity of chakras below the base to the infinity of chakras above the head on the hilltop of my Soul. There was a door.

Satchi, what does the door means? I discovered a quite many in meditation. This time, I hesitated to open it, my intuition told me that I didn't have time for it now. I opened my eyes. It was time to go.

After spending hours on the dog beach, swimming, feeding a pigeon, giving massage to Inca, taking a nap and of course meditating, we headed to the Alps.

I am writing the part three now.

Thank you for the advice below. Yes, I am expanding my psychic body with more angels. I use all experience to remove more blockages.

Love and Light

Sincerely

Yuko

I've just got the first certificate of Kendo. There are 2 steps to get first Dan. My plan is to get the first Dan next summer.

The Energy Enhancement Meditation Course Level 4 - Mastery of Horizontal Energy Cord Connections - The Mastery of Relationships!

worked so well. I meditated in Dojo before the exam. In the below picture, my Kendo teacher 7dan is passing me the first certificate.

Dearest Satchi!!

Such a good timing! I've just finished writing my review. Thank you for sending the links below. It was nice to hear your voice and see you and Devis faces in the video...

I am good. I went to 3 days Kendo practice with my daughter last weekend. So, I could not finish writing my review last week. And tomorrow I will attend another Kendo practice with Japanese 7 dan teacher.

Here is my part 2.

Purifying my Body and Soul in the Blacksmith in French Alps.

I hope you enjoy it. And many thanks to take your precious time to read my review and think about me...

We were driving like a soft sea breeze through rolling mountains while looking down at the beautiful emerald-green ocean. The warmth of sunshine accompanied us so that a sophisticated shadow of my car was chasing us. Moreover, the mountain road winding like a snake is reminiscent of the car chase scene in the 007 movies. Solely focusing on driving, I felt like meditating. While passing through Monaco, the edge of my eyesight caught the colour of the ocean. It had changed into bright blue, the colour in the bucket of water with a drop of dark indigo.

"Indigo 藍" was used as a dye in Japan a long time ago, and this blue has become part of our lives just like the Japanese sea surrounding us. It is pure coincidence that it pronounces Ai, which is the same pronunciation as "Love 愛" in Japanese. Ai both indigo and love are enveloping Japan. Isn't it nice? It is said that during the Warring States period, warlords wore dark indigo kimonos which are Japanese traditional outfits when they went out to battle, to give luck for victory. Therefore, Kendo-gi (training suit), armour and helmet are both dyed with Indigo. After tying up my helmet with strings dyed with Indigo, my fingers were always dyed with this

colour. If I touched, everywhere became this colour. Even my glowing face after training became blue like fish.

This indigo-blue ocean made my imagination travel to my Soul, where there was a green hill and a door on the hilltop. It invited me to drive on that hill toward the door and explore the world behind it. So, I drove. I drove on the highway to Chamonix, and at the same time, I was driving to the door in my Soul. I existed and experienced two worlds at the same time at high speed. Those worlds were linking each other by me. I was approaching the door in my Soul. When I drove through the door, I drove through the tunnel on the highway. Suddenly it became darker and I run through the enclosed space. A glimmer of hope appeared in my mind, but it didn't come from my thought. Because of speed!! My thoughts could not catch up with this speed and was surrendered. I was free from thoughts and illusions.

I passed through the tunnel. Contrary to my hope, the fog was rolling in. Where was the sun? A hint of anxiety grew in my heart. it didn't yield in my emotion. Because of greater focus! My emotion could not arise in this central focus and was crystallized. With the help of the instinctive self, I understood that it was human qualities, or perhaps abilities, to be receptive to the external environment in order to survive. My instinctive self told me that I was too obsessed with them. I applied the Energy Enhancement Meditation 7-step Process to a glimmer of hope in my mind and a hint of anxiety in my heart. This was the record that how fast I applied the the Energy Enhancement Meditation 7-step Process. After the 7th step, angels were released and they stayed in my Soul to light up my way.

Then, a new door appeared far behind. It looked a different shape. Why again after the the Energy Enhancement Meditation 7-step Process? A slight doubt existed in my sense. It is caused by neither thoughts, emotions nor feelings. Because of a keen perception! My feeling was back to dormant. Again, I grounded the slight doubt against the Energy Enhancement Meditation 7-step Process by the the Energy Enhancement Meditation 7-step Process. Just after the last 7th step of grounding it, I passed through another tunnel, while driving through the new door in my

Soul. It was raining heavily and much darker when we came out of the tunnel.

I was obviously surprised. Surprise has an intensity like fire. Fire has astonishing speed to drive me in any direction even in pouring rain. My instinctive self warned me that this intensity of fire required me to be clearly discerned, truly honest and fully aware. I did so and prescribed the the Energy Enhancement Meditation 7-step Process for this intensity of the fire. Along the way of the the Energy Enhancement Meditation 7-step Process, I noticed that behind every door might be another door, like endless forest road signs on the highway when I entered Italy. All road signs turned into Italian, however, I understood the meaning of the signs.

Yes, that's it. I was so preoccupied with the differences between others and me that I hesitated to do some actions. It didn't matter that each door in my Soul has a different shape. My intuitive self encourages me, "Don't hesitate to have a strong resolve for what you believe. It is that could be a significant part of the current spiritual work that you are driving through your Soul is learning to see through your unfair and untrue treatment of your own self. Who you thought you were, what you thought you were doing, what you thought you were supposed to do, how you thought you felt the things that you believed, the things that other people tell you should believe and the things that you are convinced yourself that you believe."

I kept driving for a couple of hours. I drove through many tunnels on the highway and doors in my Soul while breaking down some perceptions, false beliefs and ideals, illusions and the story that I've told myself the image of reality that I had by the the Energy Enhancement Meditation 7-step Process and driving on the highway. Isn't it fantastic? They were all shattering. The keyword for this drive was a ruin.

Slowly I reached the last door after sometimes stopping to rest in service areas, looking back at a distance I left behind. It was around 23:00 hrs. We had already entered the territory of the Alps. I couldn't see them in the darkness, but I was breathing the overwhelming presence of the Alps. The reason I recognized this door might be the last was that was very special for me.

In my Soul, I entered a huge hall surrounded by many sliding doors which were beautifully painted the colour of blue ocean. It was a main hall in the Toshodai temple in ancient Nara in Japan. It was founded by Ganjin who was a Chinese monk who helped to propagate Buddhism in Japan. In the eleven years since 743, Ganjin attempted to visit Japan six times. When he finally succeeded on his sixth attempt he had lost his eyesight as a result of an infection acquired during his journey.

These sliding doors were painted by Kaii Higashiyama (東山 魁夷) who was a Japanese writer and artist particularly renowned for his Nihonga style paintings.

More than 15 years ago, I was there with my mother just after the first Energy Enhancement course. I was so fascinated with the beauty of this

ocean with the colours that gave a feeling of transparency and deep tranquillity. This blue connected to the spiritual world and gave me the tendency to get closer to the spirit world. So I attempted to meditate there. Of course, I did the Energy Enhancement Meditation 7-step Process.

I safely stopped the car side of the empty road just before the Mont Blanc Tunnel. It is a highway tunnel between Italy and the Mont Blanc mountain. It is 11.611 km in length. After the tunnel, we would reach our destination. Before entering this long tunnel, I wanted to meditate properly to prepare for this last destination. After ruining the things I created in my life, I broke myself free from those. I was urged to sit, cross my legs and properly meditate in this spiritual hall, where I reached the awe inspiring blue sliding doors.

I closed my eyes and created psychic protections. I dived into the time I was there 15 years ago. I circled myself 15 years ago and applied the the Energy Enhancement Meditation 7-step Process to myself. I filled all my chakras with energy both from both opened and soft ocean and immovable and mysterious mountains. I circulated this energy between the universe and the earth.

There was my mother in the Energy Enhancement Meditation 7-step Process. I was so glad to see her again. These two years since she passed away, I meditated about her many times, especially using the Energy Enhancement Level 4 Energy Cord techniques. Recently, I hadn't seen her in my meditation. I hugged her and transferred love to her. She smiled and looked like wanting to say something to me. But I woke up.

My soul sister was sending a message to her mother. She said that she did it to make her mother happy. I turned on the engine of my car. I sensed irrational jealousy while starting my car. Unlike me, she has a tight-knit family who love her very much. I accepted the reality and released it into the ocean of the sliding doors. Such a small amount of jealousy didn't change a tone or colour. I had a yield to it rather than resist it. I drove slowly through the Mont Blanc tunnel, whilst I was in Shikantaza just sitting in front of these ocean sliding doors in my Soul. While I drove 11.611km, I never met any cars. We were alone in this long tunnel through Mont Blanc. At the same time, in my Soul, I was approaching the last sliding doors.

Around 0:00 hrs under the full moon, we reached the yoga place. I parked the car and I opened the door. The sound of a waterfall hit my eardrums and the chilled moistured air flew into my brain. Both eliminated tiredness after a 5-hour drive. We picked up the key from the mailbox and entered the room. For two days we would sleep on the bed. I had a shower and meditated on the bed. I was listening to the sound of the waterfall and I was sitting in the hall with blue ocean sliding doors. I stood up and approached the sliding doors. I sat at the side of these and bowed. Then, I opened them. I was entering the entire place and I was seeing myself in the content of the entire something. It was a humbling experience. I got a sense of how small I really was. There was an inner light within me and through this light, I was in touch with this entire something. Then, I fell asleep.

The next morning, unbelievably, I woke up extremely refreshed and remembered the dream vividly at my fingertips. I spent the entire night doing the Energy Enhancement Meditation 7-step Process in my Antahkarana while I went up and down. Surprisingly, it was a very natural process and it resulted in me being pleasant and healed. And just before I woke up, I was connected to someone who had been in my previous life. He told me to keep going. The vibration of his voice opened my memory and I was explaining to him the great purpose of my life before I was reincarnated on Earth.

He warned me that I might be lost on Earth. Therefore, I should know in a relative way that there are things that can hurt me. I may feel like I was one with the universe and I was the same as this infinite power. But down there, on Earth, in this relative space, I could still be hurt. I could still run out of energy. I could still get injured and sick. There were still powers and forces and entities and elements that I couldn't overcome.

I still was a human living, human existence. I might feel like this infinite force but I was also just a human force and as a human, I have some frailty, I have some vulnerability. So I have to be smart about it. I should not shrink away from any of my challenges. I should try to maximize the

energy I could receive. So, it definitely confronted my fears. Confronted that which restricted me. But be smart about it. Be reasonable. Be practical. I couldn't break down a brick wall by just running my head into it. At that scene, I was calling him Ashtar.

When I woke up, it was already 9:30am. I opened the window and I was astonished. Because the view from the window was the same as the painting I saw in my dream a couple of months ago. I already wrote about this strange experience of my dream. I visited the secret library and the nice old lady in the library showed me a painting. And she said that this was the one I was looking for. There was a big cedar in front of the bright scenery. The view from the window I was seeing was quite similar to the painting. I took a picture. Then, my soul sister who was sleeping next to me also woke up. Surprisingly, the doggy Inca woke up last. We had a reservation for yoga at 10 o'clock, so I hurried to take Inca outside.

The yoga facilities were great. It was surrounded by forest and the sound of a waterfall played all the time. I entered the yoga studio on the top floor while imagining what the waterfall looked like. Entering the studio with the triangular attic ceiling and white walls, the first thing that caught my eye was a large, orange oil painting of one of the Indian gods.

We practised Hatha Yoga. Compared to my regular Ashtanga yoga practice, it was slow, so that I could observe my body and maintain it by the Energy Enhancement Meditation 7-step Process on the stiff areas. Simply I cut out the hard part with a spiritual dagger I got from my great-grandmother and dropped it into the centre of the earth. Angels were released and they healed the areas. Their healing power could produce incredible effects. I realised there was no stiffness in my right thigh which I had for a long time.

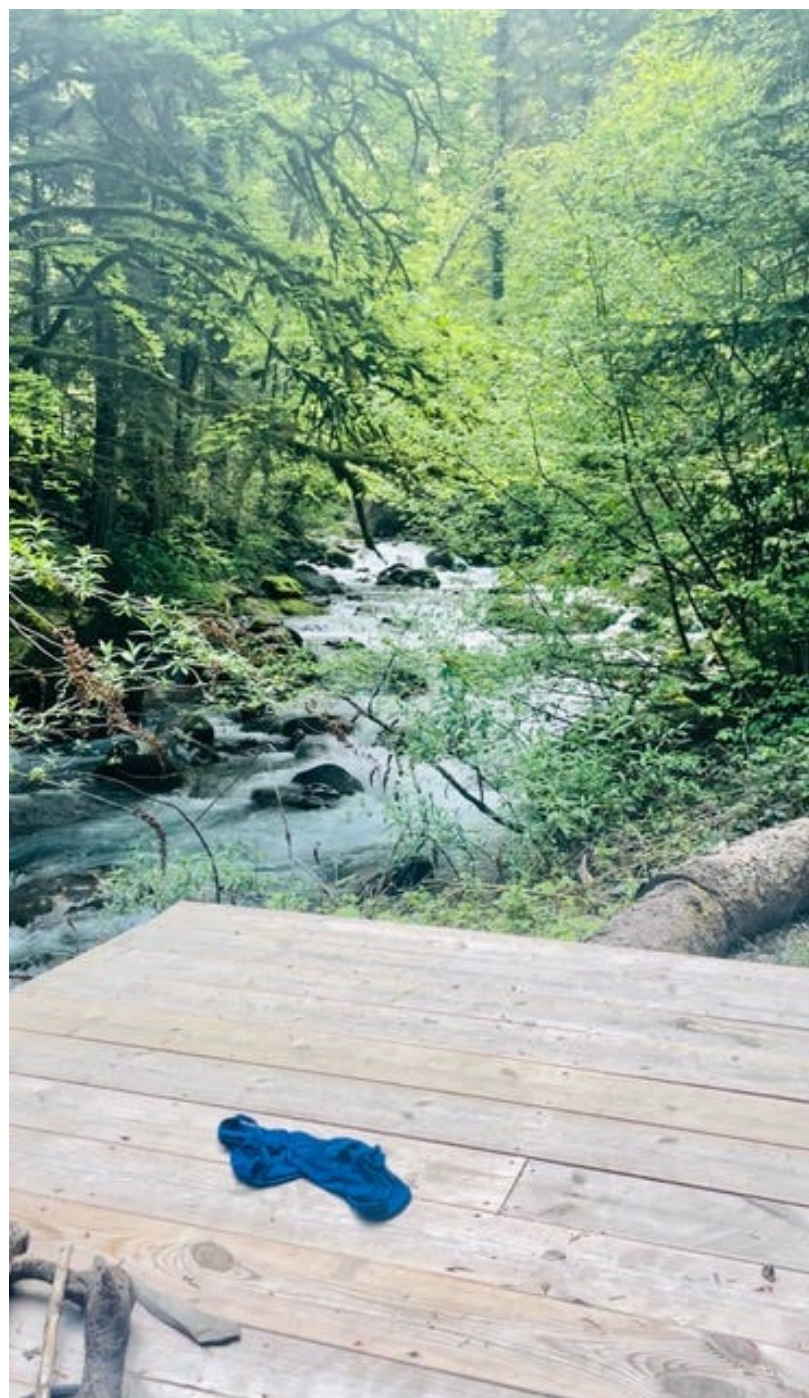

After the yoga lesson, we finally went to the woods and discovered the waterfalls. Of course, I went into them. The spring water that flowed out of Mont Blanc was bitterly cold. After exercising in Yoga, my hot body seemed to emit water vapour like even I could hear the hissing sound. I put my head deeply into the waterfall, I became immediately numbed. I was ruining my old body and it was high time to be reborn inside and outside.

I came out of the spring stream and lay down on the yoga platform in the middle of the woods. I was reborn! Then, I practised Ashtanga yoga breathing deeply fresh forest air while the sun was heating my skin. My new body which had just been cooled down by the waterfall gradually heated up.

I closed my eyes and imagined the blacksmith process. Strangely enough, I was like a Japanese sword, warmed by the heat of the sun, cooled down by melted snow spring water from the Alps, beaten by yoga and I was purified. I repeated that cycle a couple of times. When I finished the primary series of Ashtanga yoga, my soul mate made a cup of hot tea. I sipped it and the warmth of tea went through my body. It was a sign to meditate.

Satchi, I was ready to meet my higher self. My fear, anxiety, surprise and hesitation all had purified me. I was so pleased to meditate at that moment. This was planned before I came to the earth. Every single cell was activated, my DNA was sparkling, and my chakras were glowing. I could see thought all in my Antahkarana which was shining and transparent like colourful froggy eggs.

I travelled in space. There was the sun in the middle and six different coloured points located around the Sun. The Sun contains all the power around which everything else rotates, everything else depends upon. We get our light, our life and our love from that Sun. The sun is what makes all of these other planets go around. The vision showed me that all of these other planets are the different aspects of my internal energies. But also all of the different aspects of my life externally. This is a new reality. If I were this Sun in infinite space, what are the planets that I am attracting to myself? What is it that I am manifesting? What do I want to surround myself with? What does my solar system look like what are my planets?

At the end of the meditation, I received the message to keep water energy and utilise it well. Then, I saw a large rainbow in the space. I opened my eyes.

At that night, we were talking about the painting in the yoga studio while having late dinner. My soul sister said that it might be Kali who was a Hindu goddess. She is considered to be the goddess of ultimate power, time, destruction and change in Shaktism. Because of the colour of the skin and she was stepping on somebody. I was not familiar with this goddess, so I asked her about this goddess. She explained that this goddess could take their lives and also give them lives too.

My soul sister explained why she was interested in this goddess. Because she was interested in death since she was small. She has never been scared of death. Even she could take the dead body of wild animals and open their body without any fear. She believes that death was the end of cycle of life and also the beginning of the new life cycle.

I've just experienced the death of my parents two years ago. Suddenly, I remembered feeling an unknown fear. My 24 year old soul sister smiled holding my hand. She didn't feel any fear of death and she said she could be good with death. I thought she was talented.

Before sleep, I meditated on the bed. I imagined when I was about to die and I applied the Energy Enhancement Meditation 7-step Process to the concept of death. Until now, I've never thought about it. But it was critically important. During the Energy Enhancement Meditation 7-step

Process, I released many angels. They brought me to my parents who

stayed in my Antahkarana. I hugged them and said I loved them so much. They smiled and thanked me. Then, my mother said that it was time to go. She witnessed my transformation and she didn't worry about me anymore. I hugged her and my father. I thanked them sincerely. They flew up to heaven.

I noticed I was crying.

Dearest Satchi,

I've just finished the review. Then, I watched your video about Durga and Kali. Now I understand why I fought against Kali. Thank you. Please read my review and tell me what do you think. I appreciate your opinion.

It was very interesting meditation and you were there.

Fight with Death and Kali Part 3 of my road trip

The following day felt wonderfully soothing. The sound of the waterfall became increasingly dynamic. It was an orchestra of water. The atmospheric air contained so much excess moisture that it was penetrating my soul as well as my body. I got up and opened the window. It was pouring with steady rain. Where did the sun that was so bright yesterday go? We had a meditation class at 9:30 at 9:15. We went to the yoga studio before breakfast.

I meditate with my soul sister a couple of times. I introduced this ancient wisdom to her 5 years ago. I am delighted to increase the population of meditation culture. She had her first experience of meditation with me when we had been to a Zen temple in Japan 5 years ago. Since I had my first EE meditation course in Spain 15 years ago, I tried to meditate as much in a Zen temple when I was in Japan. Many Zen temples offer an early morning meditation at 5:00. The first Zen temple I meditated was in Kyoto and it was in winter after I learnt the EE technique in summer. I wanted to go there with my mother, unfortunately, she had a high fever. I went there alone.

Before meditation, I had to clean up the temple barefoot with the Master even in winter. We used a simple rather primitive tool for this cleaning and these tools made creative sounds while sweeping, wiping and slapping dust. Then after cleaning our own hands, feet and throats, I re-enter the purified room and sat on the Tatami made of straw facing the Zen garden. But it was still completely dark. We meditated while the zen master was walking around me holding a flat wooden stick called Keisaku.

His steps rustled the straw mat and it was brushing and polishing my mind in which I was doing the Energy Enhancement Meditation Course Seven Steps removing blockages. I was indulging in the illusion during the 3rd step of the Energy Enhancement Meditation Course Seven Steps. I hadn't opened my third eye yet that time, I was often manipulated to be flattered around in delusion by the black magician who tried to avoid burning in the centre of the earth. At that time, the master slapped my back and shoulders. I won't forget this momentary sting and it brought me back from the Black Magician's manipulation. I bowed to thank him and back to the Energy Enhancement Meditation Course Seven Steps again.

The Zen master strikes the meditator's back and shoulders in the muscular area. This strike is a remedy against sleepiness or lapses of concentration. Thanks to this strike, I completed the Energy Enhancement Meditation Course Seven Steps and connected to the Antahkarana. My nose sensed a subtle smell of incense in the air and my ear received the Zen master's soft voice, "Open your eyes." I did so. There was a supremely beautiful Zen garden under the morning sunshine. We enjoyed the silence for a while. After for a whole, the Zen master told me that I was leaning backwards too

much. While seeing this perfect miniature nature, I understood what he meant by "too much". It was my ego trying to do better. I deeply bowed to him.

15 years later, in the Yoga studio in French Alps, breathing the experimental water music by a waterfall somewhere nearby, I crossed my legs and closed my eyes. This sound of art gave me a deep focus on the inner temple, where merkaba protection was spinning well in a steady rain and splashing happily on my spiritual body. I widely opened my chest and brought my shoulder blades back, but not "too much". My mind slowly went back to the moment just before I receive a strike with Keisaku in the Zen temple. This time in my inner temple, You! Satchi were there. You were walking around me holding Keisaku with wearing a black Koromo and Kesa in Japanese Buddhism. You started talking about the shoulder blades which you had written about it two months ago in your email.

You Satchidanand, wrote:

"Usually, I find that ghosts, dead people, live between the shoulder blades.

Either my family or people who come to me as they parasitise the bright lights of bright people.

To send them up to heaven it's nice to purify them of their heavy blockages which makes them too heavy to go to heaven.

Then I persuade them to go to heaven using their religion usually Christian either English or Spanish.

In the name of the Father, the Son and the Holy Spirit - I chant as I enfold them in my arms and take them up and hand them over to an Angel.

En nombre del Padre, Filio y Spiritu Sancti - either Spanish or Latin, same thing."

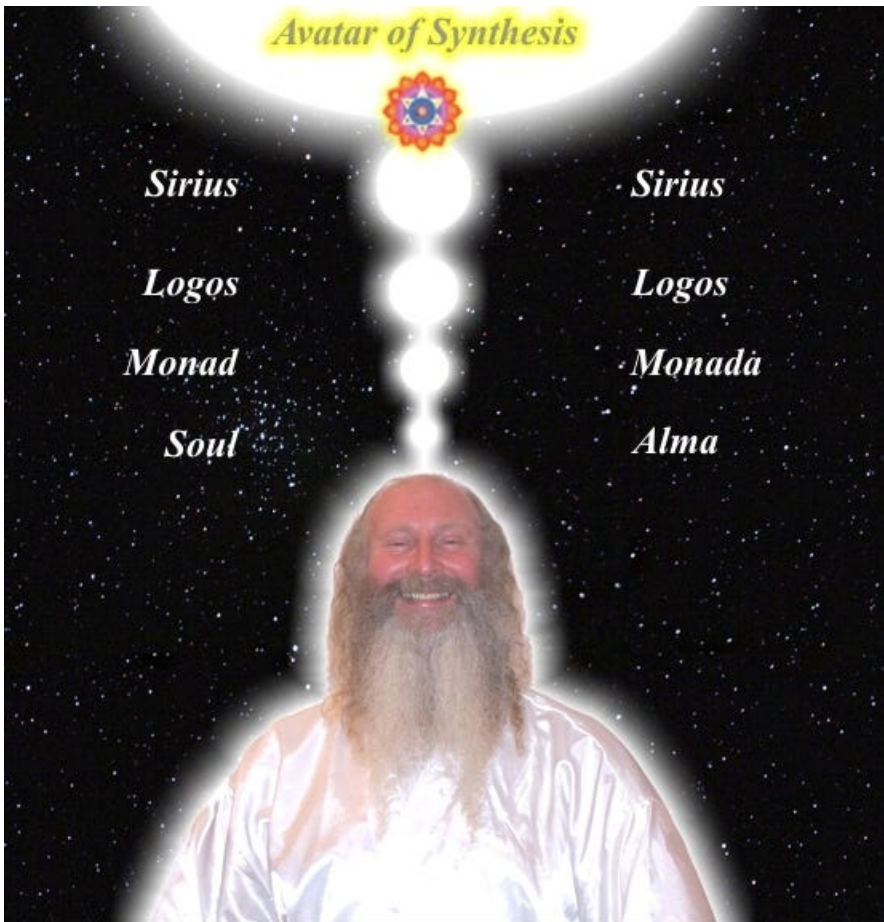

S

As Satchi explained, my parents probably lived between my shoulder blades in order to be in my Antahkarana. Since they passed away in 2020, I had meditated about them and the relationship I had with them, especially, since this year I started using the EE level 4 technique. It worked well that I had finally forgiven them and removed strong karma with ancient blockages. Therefore, I thought they had been released.

Whether they went to heaven from a Christian point of view or were reincarnated from a Buddhist point of view unless they were enlightened. But until last night's meditation, they had still been with me in my Antahkarana.

So, they must have carried heavy blockages which made them too heavy to go to heaven as Satchi wrote before or told in my meditation now. I really wanted to heal and purify them of their heavy blockages. But I didn't know how.

Just then, Sachi slapped my shoulder with the Keisaku which was also called "the encouragement stick". I sensed that it was a sign of "go ahead". Satchidanand started explaining during my meditation...

"Energy cords between the chakras of two people form a relationship and are fundamental to good relationships. One can project an Energy cord by the use of your awakened Third Eye - Awakened by projecting Spiritual Energy from God down along the Energy Cord of the Antahkarana into the centre of the Earth there to burn up all your negative energy, negative emotions, and evil energy blockages."

I did the same as he explained. I could use my awakened Third Eye for burning up my parents' negative blockages and karma.

Satchi continued. "The Antahkarana is an Energy cord, a column of Energy projected by God, an infinity of chakras above your head, through you and down into the centre of the Earth. The reflection of your Energy projection, along the Antahkarana God projection, is the burning up of all the negative energy in the centre of the Earth at 5000C which flares up to your base chakra – The RECTIFICANDO of VITRIOL, up your spine and upwards back to God.

This Energy is Kundalini Energy which illuminates your head and opens the Third Eye of Psychic vision."

"This is the Energy Enhancement Meditation Course Technique - part of Babaji's Kundalini Kriyas and Bhogar's transmigration into Lao Tsu teaching the Taoist meditation, Taoist Orbit's Earth Path of the Five Elemental Pathways of the Qi - Alchemical VITRIOL.

Visita Interiore Terra Rectificando Invenies Occultem Lapidem - VITRIOL!

Visit the Center of the Earth, there you will find the Philosophers Stone which transmutes base metal, lead, Energy Blockage Demons, into Pure Gold, pure transmuted Spiritual Energy AND THE RELEASED ANGEL. Then by changing the direction of the energy flowing down from God into the Chakra below the Base Chakra - The Center of the Earth, and the Infinity of Chakras below the Base Chakra from down to Up, along the pathway of the Soul - above the Crown Chakra, Sahasrara Chakra, into the Chakras above the Head, the Soul, Monad, Logos, Sirius, Avatar of Synthesis, through an Infinity of Chakras, back towards God!

This is the right Hand Path of Illumination, Opening the Third Eye Psychic Powers rather than the Left Hand Satanic Path of Ritual Sodomy used by the Secret Society, The Illuminati, to open their Third Eye, however, like all contaminated Left Hand Paths, the Sodomy also injects Demons into them!

Yes, I did the Energy Enhancement Meditation Course technique called VITRIOL. I could see my illumination from my head and my Third Eye opened to show psychic vision."

Satchi continued...

"I project energy down the right line horizontal connection into the chakra in the other person.

If it doesn't return to me on the left there is a blockage in the other person.

You can choose to remove the blockage."

Before using the EE level 4 technique, my Ego prevented me from understanding my parents. However, I practised this technique and finally forgave them. Then, after removing so many blockages and uniting the last inner child, I have an empathetic understanding of my parents' lives. I projected energy down the right line horizontal connection to the base

chakra in my parents. It returned me to the left. I moved on to the second chakra. It didn't return to me. I tried the third, fourth, fifth, sixth and seventh. They did not return either.

I decided to remove the blockages. This is the last thing I could do for them. I manifested I would remove their heavy blockages and release them. Then, I projected myself into them.

I could see through them like they are made of glass. It was an amazing experience, Satchi. I could be objective and I could step back. I was seeing them and their relationship with me from a different perspective. I could see them from above and behind. I had a very keen sense of perception of their lives. I was very aware. I cut their chakras because their blockages covered their chakras and applied the Energy Enhancement Meditation Course Seven Steps one by one. Thoroughly, I burnt them one by one.

Many angels were released. I asked angels to help my parents to fly up to heaven. I focused on the Energy Enhancement Meditation Course Seven Steps and the sound of the waterfall helped me.

They were very honest and hard workers. My eyes were moistured and I felt deep empathy with them through their lives. Because of heavy

blockages from strong karma and their ignorance, finally, Death came for them.

MASTERY OF THE FEAR OF DEATH

Death was there over them and he made them weaker day by day for the last two years. Poor them... Then, I encountered Death. He was a Grim Reaper like in Terry Pratchett's Discworld series. He was carrying a scythe and he came toward me.

Satchi told me to use their religion, so I chanted the Heart sutra. My mother had chanted and copied it during the last two years of her life. I held a spiritual sword and fought against Death. He fought back well with the scythe. I tried all the basic Kendo techniques I had practised to pass the first certificate. There were nine. It worked the ninth one, called "Uchiotoshi". I hit his scythe attacking me down, then I cut him half from my head. Then, I burnt his body into the centre of the earth at 5000C.

I dived deeply into the core of DNA and removed all blockages related to this Death by the Energy Enhancement Meditation Course Seven Steps. Because my DNA shared most of them with my parents, right? I couldn't access their DNA directly. It was too far. During the process, I came across Death's minions. They were quite many, but I carefully burnt all. The next step I met the God of Death. It was a bit strange to say that, but he was not a Black Magician. He has the same vibration as light, but darkness.

I understood that he was the other side of the Light, like Yin and Yang. If he didn't exist, light couldn't exist. I bowed to him and sincerely requested my parents' release. He answered me they had been released already. I thanked him, but I grounded him. Simply, I did, and then I completed the Energy Enhancement Meditation Course Seven Steps. Many angels and lights appeared. Wow... I sent it all to my parents. I saw them wrapped with lights and angels were flying around. I thanked them and I received their love from the left side of my chakras.

MASTERY OF THE PROPENSITY TO BECOME KALI

I thought it was over. I was about to open my eyes, a woman appeared in my mind. She was not a part of Death. She had dark skin and four arms. I thought she was Kali. She was aggressive.

She was quite powerful and sent images of some possibilities of my death I could imagine. Some of them were grounded in last night's meditation, so I did the same.

Then, she sent the image which was me dying alone in nowhere looking up at the sky. The image touched my chords. I was so overwhelmed that my eyes got moist.

Just then, Sachi slapped my shoulder with the Keisaku again. It brought me back to fight against Kali. I wrapped this image with DNA strings which I had just cleaned and poured energy from the centre of the universe on it. Then, I dropped it into the centre of the Earth in front of Kali.

I was holding my spiritual sword toward her and staring at her without any blinks like Kendo fighting before an attack.

While I kept my distance where approaching one more step allows me to strike her, angels were released. These angels covered Kali. It was a slight opening, I struck her and grounded her into the centre of the earth. I completed the Energy Enhancement Meditation Course Seven Steps. Angels were released much more than I'd ever seen.

Satchi's voice came to my mind. It was triggered that a great stretch of mother nature lay beyond my heart chakra, just like the Zen garden I saw in Kyoto

Satchi said:

"Weeding the Garden.

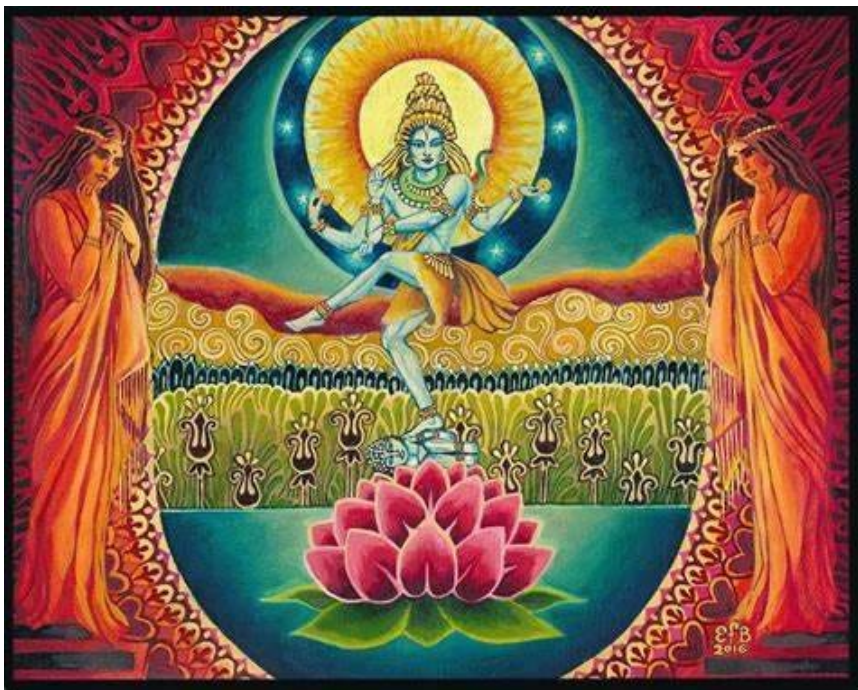

Once Ancient blockages are gone, they are gone forever and good riddance. However, as we walk around and interact, we pick up blockages. So, sweep the Antahkarana and body regularly for pickups and remove them.

For instance, today like many days just meeting people I was talking to a sanniyasin of Hare Krishna and I felt the Ghosts

surrounding her psychically. Somehow these Energy Blockages were absorbed by me so I had to transmute them and send them up to Heaven "

Meditation was over. Before we leave this studio, I asked who was in the painting in front of us. Benoit who was the owner of this Yoga place answered that it was Shiva. Actually, he was Shiva, not Kali.

“Yes, Shiva as Nataraja the Cosmic Dancer is dancing ON TOP OF the destruction of Energy Blockage Demon Seeds...”

**- just as Saint Michael is spearing demons.”
Just as Energy Enhancement Meditation is opening the Third Eye to create Psychic Powers to destroy All Energy Blockage Demons.**

Enlightenment comes when All Energy Blockage Demons have been removed

“Psychic Powers are the Next Step of Human Evolution” - Satchidanand

After a big breakfast, we enjoyed beautifully poached eggs on freshly baked bread. We headed back home in a steady rain.

I received an email from my Kendo teacher. He travelled to Japan with his 15-year-old son to see his 82-year-old teacher. And he and his son would participate in the Kendo competition in Kyoto. He expressed his sadness when he saw his 82-year-old teacher become so weak and that he might lose his teacher near future. He explained that his teacher was like his father, best friend and the greatest man to him. And he expressed his sadness to me because I am the only person who could understand his sadness.

My kendo teacher might be the strongest man in the Czech Republic and he achieved so many things than me. He built his own Dojo in his house and he has three children. Such a person thinks I am the person who can share his sadness. Wow...

I meditated about him and his sadness. Because sadness was the first step, loneliness was the second step and then, fear will come. It will be a long way for him, but everybody has to deal with it by himself. I believe that it was one of the tests which God gave.

Yuko Sato Jul 16, 2023,

Dearest Satchi,

How are you? How is life after returning to Argentina? Have you recovered from your fatigue?

I hope everything is fine.

I have had a wonderful meditation every day.

My daughter teaches me the Czech language once every two days and we are going to England for two weeks. It is absolutely amazing. I am so happy. Thanks to the Energy Enhancement Meditation Course Level 4

techniques, I burnt all old toxic relationships and started a new one with my daughter.

I created a special pure friendship with my Kendo teacher. It is funny his name is Indra after your last article...

Peace. Yoga comes from Yoke. This Yoking or Union with the Higher self and the chakras above the head is Enlightenment.

By the loosening of the cause (of the bondage of mind to body) and by knowledge of the procedure of the mind-stuff's functioning, entering another's body is accomplished.

THE WHOLE WORLD IS CONTROLLED BY MEDITATION..

He who, due to his perfect discrimination - dis-crim-e-nation or sanskrit, Viveka, is the ability to transmute energy blockages and as they transmute and ground, so they go through the symptoms of the Gunas from Tamas, to Rajas, to Sattvic as the Negative Karmic Mass is grounded - The sword of discrimination is the ANTAHKARANA - the energy connection between all the chakras above the head through the body and below the base chakra to below the Center of the Earth, which feeds energy from higher to lower levels of the hierarchy - this discriminative energy blockage transmuted flow of energy if maintained is called Dharma Mega Samadhi.

The meaning of dharma includes goodness - next to Godness - virtue, justice, law, duty, morality, religion, religious merit, and steadfast decree - all symptoms of being Soul Infused.

Here is the review. It is long because it spread over two weeks. Finally, I finished.

I was sitting on my heels on the smoothest wooden floor in Prague. This floor is silk. Like the silk road, it was connecting the West to the East. There, I was at the beginning of the first lesson after Indra, my Kendo teacher came back from Japan and after I came back from France.

There was Patrik who was first dan, Petr who was third dan and me. The total was only four fighters. A small even number means that practice

would be harder than normal. We always could find a pair, which means we cannot rest.

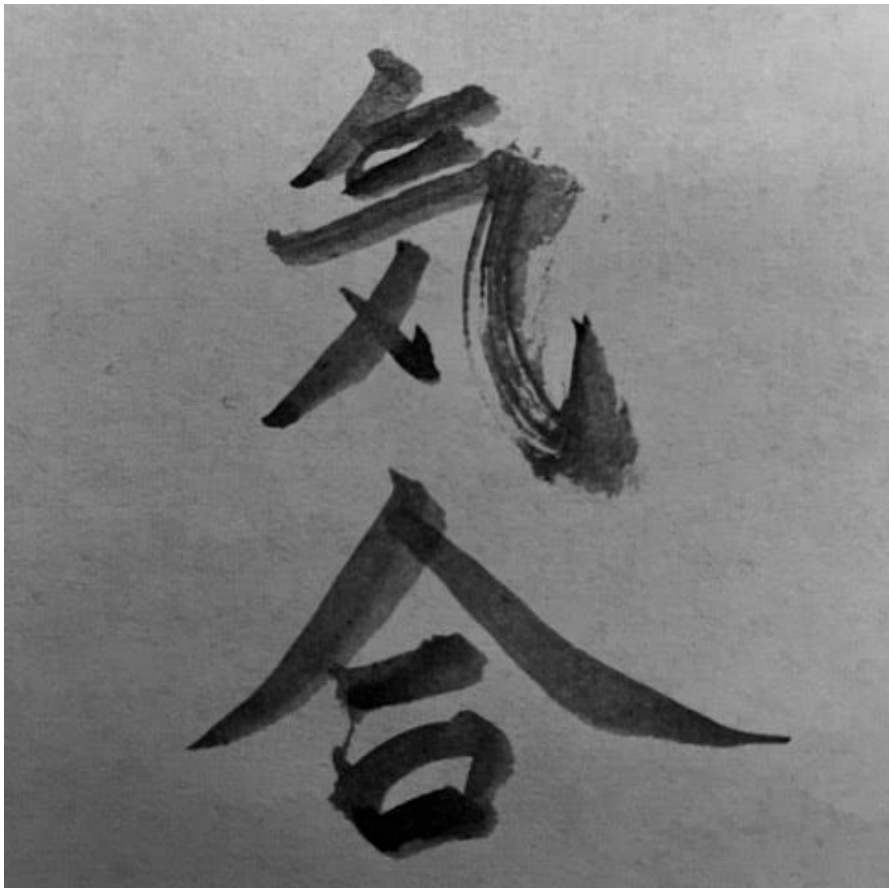

Furthermore, Indra wore a different spirit today. I could feel him sharper and toning up more than before. Yes, I could smell something Japanese from him. He said loud, “Seiza!” which means to sit on your heels, but in

Kendo to meditate for a while. We meditate before and after the practice. I closed my eyes with Dhyāna Mudrā which was the same Mudra Satchi taught me and my favourite. I connected to Gaia and awakened the Kundalini Dragon and rode on it.

As I did on the way back home from France, I was going up in a spiral circle anticlockwise to activate all chakras with it one by one along with my DNA spiral. I love this moment. It is a sort of ritual before fighting. I bowed to golden angels who protect each chakra so that I could do my best in this fight. Especially, to the second chakra, the sacral chakra and the sixth chakra, the third eye, because they are extremely vital for swordsmanship. So, I circled in those two chakras and I deeply resonated with their vibration and colour.

In Kendo, the sacral chakra is called “Seika Tanden” which is a term of Chinese medicine. Good teachers always advise us to squeeze this part during practice all the time and to move our bodies by this chakra. When

we move our body, we move this part at first, then this chakra pushes the other body parts. Even, they told us to attack with this chakra, not a sword. Because this is the way to attack the fastest and then the sword reaches the furthest.

I don't use this chakra fully and was far from this state. I had tried to strike so much, that my upper body was overstrained. The teacher advised me that the upper body should be rather relaxed, but the lower body tense just like before the bow is released. I just noticed that I was in the opposite state in the last lesson before the trip to France.

When we look at the opponent, we use the third eye. I have a Japanese Kendo teacher who lives in Viena and he taught me to see the opponent

with your spirit. I understood that is the third eye. I looked at my opponent with my eyes and at the same time, I was seeing him inside with a spiritual eye. Then, both sights overlapped.

When I sensed a change of emotion or focus, I immediately attack using instantaneous force without hesitation and doubt. Otherwise, how can I strike faster than other fighters who have 1 Dan, 3 Dan and 6 Dan? It is too late after you notice the beginning of the movement with physical eyes. Unlike the second chakra, I am good at using the third eye, and even my teacher noticed this.

After declaring to use all my energy and chakras for fighting on Kendo's battlefield. I heard the word "Yame: stop" and bowed three times. The practice began. Immediately, I noticed the change in my teacher's Kiai voice. It has different wavelengths of vibration. It immediately hit my throat chakra. My soul was thrilled.

Kiai is simply yelling and we yell before the attack in Kendo. Kiai-気合 is made of two characters, "Ki – 気" which is energy, and "Ai – 合" which means to unite or join. It is a state of being connected to the full spirit above, the whole body and fully united with one's mind. Without Kiai, we cannot fight in Kendo. It is totally unique and unusual yelling in normal life. I was completely knocked down by this Kiai on my first visit to Kendo training on January 11, 2022.

When I arrived at the Dojo, around 30 fighters wore AI - Indigo colour kimono - and sat on their heels in a half circle. Indra sat further back near the Japanese flag and waved to me. I took off my socks and shoes and bowed before stepping on this silk-like wooden floor. The cold wooden floor conjured up the memory of the floor in the Zen temple in Kyoto.

I joined their circle. All Japanese learnt this manner since childhood. Indra said "Seiza", then, all fighters closed their eyes with Dhyāna Mudrā. I did the same. I saw my great-grandmother behind my eyes. I breathed as slowly as possible to calm myself down and when I counted 33, Indra said "Yame: Stop!" and "Bow in front", and then all 30 fighters held their bamboo swords and changed their angle to the Japanese flag. All at once, they stood up from their right leg and bowed perfectly 30 degrees. Then, they kneeled from the left leg and sat on their heels. I felt my dignity and pride waking up. "Put on your helmet!" said Indra. I gazed at the scene in which 30 European people transformed into Samurai in Indigo.

They screamed Kiai which I've never ever heard. 30 fighters Kiai struck my Vishuddha chakra. It punched my throat chakra straight. This spiritual attack was like suddenly being doused with a bucket of cold water on me. I was awakened. It destroyed my delusion which created fear and anger. I

understood the past has gone, the future has not yet arrived and all there really was, was this present golden moment, where I was standing in the middle of vibration by the throat chakras of 30 fighters. My soul resonated with Kiai and I resonated with my great-grandmother's voice, "Purify your throat gem until it shines on itself!"

Since then, I have purified the gem in my throat by yelling Kiai. Cleanse throat chakra was essential for Kendo. Not only cleansing but also illuminating this gem is vital. Because we must protect it by its illumination. We always aim at the opponent's throat chakra by the tip of the sword as the ready. Moreover, there is a technic called "Tsuki: Thrust into the throat.

My throat chakra was completely blocked before I started Kendo. That is why I had a hard time with my parents and in my marriage. I couldn't express myself as well as receive their messages. I was advised to yell stronger without hesitation by Indra for a couple of months. I didn't expect that overcoming my hesitation took so long. I thought I was not the one who hesitated to do things, but I did.

Although Kendo practice helped, I removed many blockages in my throat chakra using the Energy Enhancement Meditation Course 7-step Process, it took almost a year to finally find my inner child subpersonality hiding

there and then grounding it's negativity and fusing it, integrating it with my Soul. (I already wrote about this particular meditation in my review.)

Since this integration, I could feel the hesitation of my opponent in the throat chakra and tune it to the wavelength of the opponent in order to detect the perfect timing when the slightest opening arises. It was a vital skill for me who has less power and experience than the opponent.

Now, my soul was thrilled again with the new energy and vibration my teacher obtained on his Japan trip. His email drifted through my mind. My soul empathised with how hard he practised facing his sadness that he might lose his great teacher sooner. I was glad. I was really excited to feel his growth.

After one hour of regular practice, we started Jigeiko, which means we fight like in a match. The first opponent was my teacher. He stood like something different than before. My mind computer detected the difference. Yes, it was the density of his aura. My soul was a tremor of excitement with this density.

I stood in a way he taught me in front of him. I made my upper body relaxed, especially my arms and I squeezed the first and second chakras like when I meditated. I kept both my heels up, the right foot in the front was up 1 mm from the silky floor and the left foot in the back was up 2 cm.

My body weight was located in the middle of both feet, but the attack originates from the left foot which kicked the floor. It would push the second chakra forward, then it would create a swift attack. I created a strong line from the centre of the earth, the Kundalini chakra, the upper part of my left foot, the base chakra and the second chakra.

He yelled Kiai first, and so did I. It resonated with clean vibration and harmonized with his one, while I was fully focused on my teacher's move and his planned movement. I was watching him through my third eye. I could see his chakras as if it made of glass through my chakras.

His solar plexus shone, and I struck his head, but he struck my right wrist quicker than I did. Strong pain went through my right wrist. He was quick as a cobra. We started again in Touma, which means we hold our bamboo swords just touching each other. The pain in my right wrist told me that a grain of hesitation would kill me. I fully focused and it brought me to a meditative state.

I heard my great grand mother's voice. She said, "You are reclaiming your magic and the wisdom you have brought through from your many lifetimes." My teacher's heart chakra glowed, and I sensed it in my heart chakra. It released my second chakra, I moved to hit his head, and at the same time, he struck my head too.

We did "Aimen" which means we struck each other's head at the same time just like Tom Cruise did in, "The Last Samurai". It ended. We performed a ritual squat called Sonkyo by touching the tips of swords each other after the match. Then, deeply bowed.

"Koutai: Change!" he said. We changed a partner. After changing a partner 5 times, the practice ended. I sweated like an elephant just after bathing in a river.

When we left Dojo, Indra told us that the next lesson was cancelled. Because he was going to France to take an exam for 7th dan. When I heard it, I got the vision that he would pass this exam. It might be magic I reclaimed as my great-grandmother said. But I kept silent.

At home on the bed, I crossed my legs and closed my eyes. I anticipated something dramatic would happen. After taking a cold shower, my chakras

were still activated and thrilled. I dove deep down through activated chakras while seeing all colours and feeling all vibrations. I reached the Kundalini chakra in the Center of the Earth where the dragon lived.

I rode on it and circled around the Kundalini chakra and it became a hot bright stream of fire. I gently kicked the sides of Dragon's neck and he flew above. I kept breathing and felt splashes of golden water on my cheek while climbing up the waterfall on top of my Antahkarana. It was wide and tall and was in a sweeping crescent, like the terraced houses of the royal crescent in the city of Bath, England, where I used to live next to it. Its magnificence of energy absolutely amazed me and it was pouring into my Antahkarana.

There was a golden shining part on the top of the waterfall. It was steps made of released angels!! Yes, I remembered that I had been creating the connection from Sirius to the above. I had been asking released angels for help. Wow!! I was so moved that I got closer to seeing them. I got off from the Dragon and entered into the golden realm. Angels so welcomed me and they said they were so glad that I was awakened and returned here. They seemed to know me since a long time ago. They were so hospitable that I felt relaxed and safe. It gave me sheer bliss like I was a Goddess.

I flew up with the angels. I entered the space of the universe. It was dark, but I could see the constellation further off in the distance. There was a

control tower in the centre that could overlook the entire universe. The surroundings with the universe, it was a mysterious space that was transparent and made of no substance, but I could recognize their existence. It was just floating there. I understood that I entered the fields of understanding and perception, initiating the process where the project began.

I heard a voice. “Finally, you've come this far. It's been a long road. Here we had fought together and this is where we last met. Do you remember?” I saw my past life flashing in front of my mind computer. Yes, I remembered the scene of the alchemical wedding, in which the alchemical mercury combines Sulfur with salt, thus building the living gold.

It implied the basic idea of Earth, the crystallization of its powers and qualities, and the commencement of matter to be established. It was a lesson for me by him. I knew he was reading my mind, so I did. He continued, “Your work was done to get that far, thus it implies a first taste of victory, an admission that progress was made, a big step forward on the way. Though, further work will be needed to keep the achieved status and to proceed with it.” I questioned in my mind, “How?”

“You must break down the barriers around your heart, so you may vibrate at the frequency of love rather than fear. What are some areas where you are still restrained? In which areas could you use more energy?”

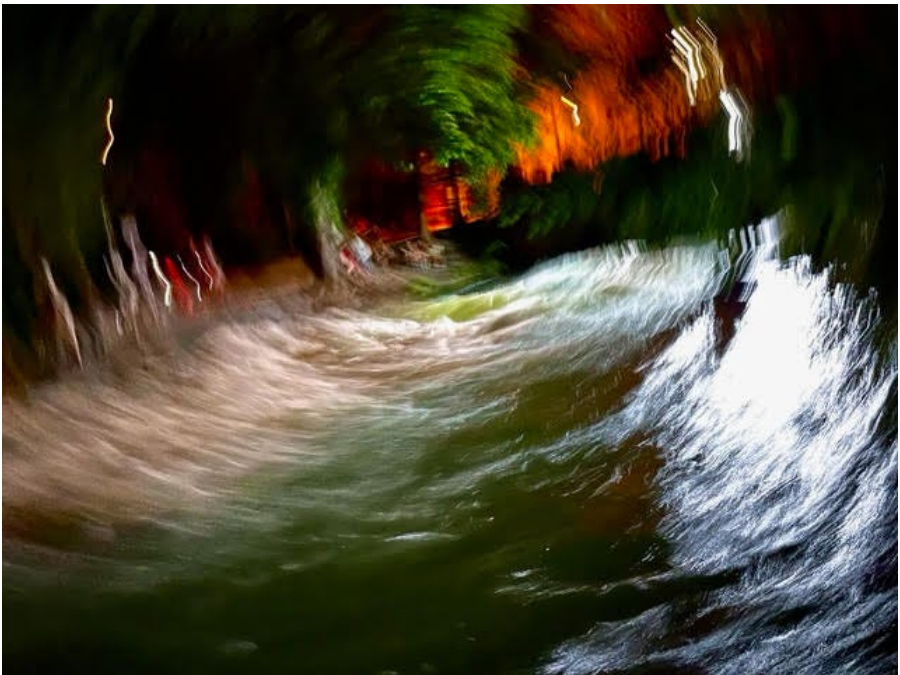

A vision in which fear creates a shadow which was sloppiness or neglect after a first gain was won came to my mind. I might stop in the middle of work. He read my mind.

“It is about concentrated effort in a specific area, which yields unexpected fruits as a reward. When we concentrate our energies and direct them skillfully at a single point, or hoped-for end result, we create a stream of force to which most things must eventually surrender.”

“Purification is the key to concentration. Purification is love. Love is purification.”

“Send love to those who seek it. Do not send to anyone who does not ask.”
He highlighted.

“You may take it as a command to examine all areas of life until we come across the apparently immovable object – then lean on it with all our might. In so doing, we take advantage of influences beyond ourselves which act as a lever to assist us in our endeavours.

Often, the things which we need to focus on during periods like this will be ones where we feel negative, or thwarted, for we stand a much better chance of making good progress. Look for areas where you feel

overwhelmed, overworked or inadequate, and then target them all day! You'll be amazed at what it's possible to achieve."

"To direct all your energy towards a goal, find and remain aware of what you want! Your Will flows in a perfect stream of force, like the living gold of a waterfall." Again he emphasized. Angels came to pick me up. I fell into the stream of a golden waterfall. Then, I fell asleep.

"I passed!" Five days later, I received a message from my Kendo teacher. I felt really happy about his result. I admired his strong focus. I felt as if he had just implemented the advice I had received five days ago and showed me how to do it with a superhuman level of concentration.

His text continued, "See you in the three days of training this weekend!" I plan to join this training with my 14-year-old daughter. Since our separation in June 2021, this is the first time I will stay 3 nights with my daughter. Moreover, we will practice Kendo together. Isn't it amazing? I will finally enjoy the fruit of my labour. The beautiful labour is called the Energy Enhancement Meditation Course Level 4 techniques to Master Relationships, energy cords, connecting with others' chakras, removing the blockages in others, the work of a Master!

At night, I was meditating on the bed. I began by creating Merkabahs in the centre of my head. I spun one clockwise and another anti-clockwise to gain energy from both the universe and the Earth and make the Merkabah bigger and bigger until I could sit inside. Then, I made four copies and compressed them with my hand to create a thin sharp blade. I placed them around my Merkabah protection. They were a powerful protection Satchi taught me. They gave me safety. Then, I thanked all who support me that I had some advice on purification, concentration, opening the heart chakra with love, sending Love etc. I applied the Energy Enhancement Meditation Course 7-step to all. It took a while. I directed all my energy towards this step, in order to find and remain aware of what I want.

Before my goal was to fix the relationship with my daughter. Thankfully, it has been recovering. Before my goal was to connect to my higher self and guardian God. Happily, I have connected them. Before my goal was to know my purpose in this life, Successfully, I have started remembering it. Now, I questioned myself, "Do you know what your highest goal is?" My mind computer said, "Carefully review whether what you call profit is completely in line with your ultimate goal." It was interesting.

I finished grounding all into the centre of the Earth. Unexpectedly a lot of angels were released. That meant that I was looking at those concepts of advice with colour-tinted glasses. Anyway, I asked the angels to help create the golden steps above the waterfall. They smiled and flew above. Again, I

focused on breathing and circulating energy within my Antahkarana to purify it. I got a pinch of intuition. Let's apply the the Energy Enhancement Meditation Course Level 4 techniques to all men in this world. This would be an invitation to break my "Frog perspective" or "a pair of colour-tinted glasses" to take my relationships to a higher level.

I circled all men in the world with my golden dagger which my great-grandmother gave me. I cut the connection between us. I dropped them into the waterfall basin on top of my Antahkarana. I called the Dragon from my Kundalini chakra and asked it to dive into the waterfall basin and stir all. They were washed and purified by this living golden energy and my Kundalini energy which I obtained after removing so many blockages below the base chakra and then I was about to drain all into the centre of the earth. Then, I found a big black stone at the bottom of the waterfall basin. It had been blocking the stream into my Antahkarana! WOW! It was a blockage! I had wondered why I didn't feel the strong living golden energy flow in my Antahkarana from this waterfall. Yes, now I understood. There was a blockage.

I tried to remove this black stone carefully, it looked like a volcanic stone. As soon as I removed it, all men washed in the waterfall drained into the centre of the earth through my Antahkarana. I connected to the energy source as high as I could reach, and I poured it into the waterfall basin continuously. I prayed to purify everything including all my chakras in the Antahkarana. As it reached the centre of the earth, I heard the enormous sound of SSS and golden water vapour covered me. It felt like I was in the Temascal sweat lodge. It cleansed my aura.

I applied the Energy Enhancement Meditation Course 7-step to them. I went all around the globe to catch the minions of the Black Magician and dropped them into the centre of the earth. Millions of angels were released. I flew up with them to find the Black Magician. I knew where my longstanding enemy was. I reached the top of the waterfall. Now, so many angels created the steps to the space where there was the control tower. So, I reached without the dragon. Anyway, he was tired after stirring the waterfall basin now. I stood at the control tower.

A big futuristic spaceship was approaching from the constellation. I imagined a beautiful strong spiritual bow. I aimed at the spaceship while pulling an arrow. I transferred energy from my Antahkarana into the arrow through my arms. I counted my breath, one, two, three! I released the arrow.

It hit the spaceship. It exploded. I put four energy pillars around it. The four energy pillars sucked the explosion and dropped it into the centre of the earth. I was watching it burn. This was the root source, cause, of when I was swept away by my emotions and failed and when being overwhelmed by my emotions made my life difficult.

Now the controller, I knew the controller was that black stone. It blocked the real connection between my guardian god, my higher self and me. It made my perspective narrower and made me think I could get happiness only from a man. I Never thought that I could get "a state where one can maintain peace of mind no matter what happens" by me without a man. I declared that I would purify this mindset and all memories by burning this black stone using the Energy Enhancement Meditation Course 7-step. After that, I would be completely neutral and independent. Then, I dropped it.

A beautiful giant angel was released and he came close to me. He hugged me and showed me a beautiful gemstone which was shaped like a water drop and a dark indigo blue. Then, he placed it on my third eye. The indigo gem talked to my third eye, "If your knowledge and creativity are filled with love, you will gain something from every situation. The deeper you delve, the more comprehensive your insights will be. God is the Unknown, the Mysterious. The more you know that you do not know, the closer you are to the Divine."

I completed the Energy Enhancement Meditation Course 7-step. I was on a planet with beautiful blue-indigo water in the middle of space. I was with them in harmonisation. They existed without bodies and understood each other as quickly as a blink.

"If you open yourself to life's bounty with gratitude, everything that happens today serves your growth. The more you give, the more you get. Take up chances to serve with the sure knowledge that the things you give with love are the ones which build a bright new world."

I stayed for a while with them. It was so natural that I imagined we were sharing a huge brain together. Then, I went to sleep.

AGAINST SATANISM VOLUME TWO

The Secret History of the Modern World and the Battle for the Future -
The "One Ring" of Gyges of Plato's Book, Republic - A Comparison between
Ring of Gyges of the Hobbit and the One Ring of the Lord of the Rings with
reference to the effect of Eugenic No Heart Plato and No Soul Aristotle on
the Secret History of the Modern World and Satanic Globalism
- the Battle for the Future.

The difference between the simple Ring of Gyges of the Hobbit and the One
Ring of the Lord of the Rings is - "Into this ring he poured all his cruelty,
his malice and his will to dominate all life" -

The difference is this energy of cruelty. "By our sinning and Ritual human
sacrifices, and Ritual human sacrifices and sinning, the gods will be
propitiated, and we shall not be punished" - Plato's Republic

Used for one purpose "The Concealment of Wickedness"

Plato's Republic - WHAT IS THY NATURE? SATANIC ADEIMANTUS

"Appearance Tyrannizes over Truth and is Lord of Happiness"

Adeimantus of Collytus (432 BCE – 382 BCE) son of Ariston of Athens was
also known as Plato's brother. In Plato's Republic, Adeimantus questions
whether they would be living a good life with little or no personal property.
Consequently, Adeimantus is often associated with greed or love for money
in interpretations of the dialogue.

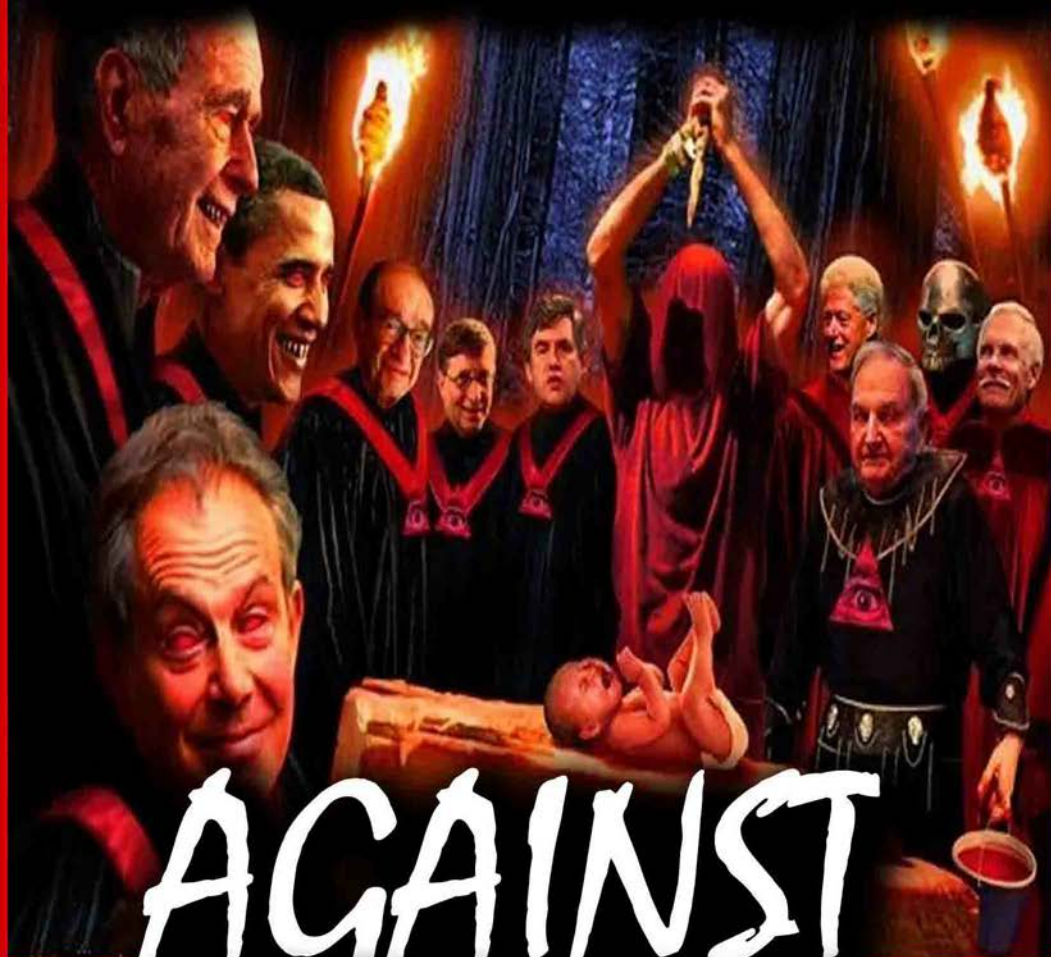

He quotes Pindar (522 – 443 BC) an Ancient Greek lyric poet from Thebes—
"Can I by justice or by crooked ways of deceit ascend a loftier tower which
may be a fortress to me all my days? For what men say is that, if I am really
just and am not also thought just profit there is none, but the pain and loss
on the other hand are unmistakable. But if, though unjust, I acquire the
reputation of justice, a heavenly life is promised to me."

"Let us be consistent then, and believe both or neither. If the poets speak
truly, why then we had better be unjust, and offer of the fruits of injustice;
for if we are just, although we may escape the vengeance of heaven, we shall
lose the gains of injustice; but, if we are unjust, we shall keep the gains,
and by our sinning and Ritual human sacrifices, and Ritual human sacrifices
and sinning, the gods will be propitiated, and we shall not be punished."

SATANISM - 10,000 YEARS OF TOTAL CONTROL

AGAINST SATANISM VOLUME 3

SATANIC RITUALS AND HUMAN SACRIFICE

Sometimes people reading the Truth get depressed by it.

For people with big hearts though, the truth gets them started with an Implacable Opposition to Absolute Evil.

The Battle of Armageddon can only be won by sufficient Angels to fight against the Demons. Be an Angel!!

The point of this introductory missive is that 72 Empires have been recorded and every one of them has failed in the same way. The facts have been recorded that a totalitarian and satanic elite infil-traited and took over all these Empires and that 72 once free, flourishing and rich republics were destroyed from within.

Infil-traition of Satanism is the methodology as slowly every Government Ministry and Societal function is taken over. Eventually a Satanist becomes King Emperor President. The Satanist Pillars of Homosexuality, Pederasty, Drugs and Ritual Sex - both Hetero and Homosexual - are introduced overtly and the society is destroyed.

The Ancient Enemy who counts meditation and the mind control psychic arts as one of its main planks of World Domination has used Satanic Infil-Traitors for 10,000 years in every Organisation - Religion, Left and Right Politics, Dynastic Families, Geopolitics, Economics, Universities, Intelligence Services, Think Tanks, Banking, International Companies, Eugenics - All of them Censoring Worldwide, Advanced Meditation techniques - Alchemical VITRIOL, the Kundalini Key and Energy Blockage Removal from every Meditation Program.. EXCEPT ENERGY ENHANCEMENT!!

The key is that the Satanic Religion and its current recruiting cults of Freemasonry and the Crowlean Sexual Ritual OTO - Ordo Templi Orientis - are Fake Gangs, created by men as a 10,000 years old technique to create psychopathic leaders and thus conquer the world.

All Rituals, Religion, Education, Secret Services and Political Movements have been Scientifically Engineered to create Fake Gangs for 10,000 Years. It's what the old Roman Empire, and the Babylonian Empire, and the Cult of Apollo, and the Byzantine Empire did before.

As you know, all the gangs have Rituals before you can join, making your bones with the Mafia means you must murder someone before you can join and Drug Cartels, secret groups within the Masons, the Hellfire Club, all have their Rituals before you can join and before you can progress. All Rituals, Religion, Education and Political Movements are designed to create fake gangs of psychopaths who can then be used to create control through chaos created poverty - The Oligarchic Policy of Poverty - destroying infrastructure - preventing human evolution.

Satanic Communism and Fascism is gradually being instituted as the New World Religion defined by Satanic Ritual.

72 Empires have been recorded and every one of them has failed in the same way. The facts have been recorded that a totalitarian and satanic elite infil-treitored and took over all these Empires and that 72 once free, flourishing and rich republics were destroyed from within by Satanic Ritual.

From South America Incas and Aztecs to Satanic Pagan Odin, Cybele and Attis, Baal and Molech, and the Holy Inquisition, Ritual Human Sacrifice and burning alive and Ritual Homosexuality, Sodomy and Pedophilia has been endemic for Thousands of Years.

Read Against Satanism Volume Two - The Foundation of Western Philosophy is Pagan, Satanic, based on No-Heart Plato and No-Soul Aristotle. Plato's Republic (c.370 BC) propounded the "Concealment of Wickedness" and the use of Ritual Human Sacrifice to placate the Gods of Karma. Plato's Republic's ideal state is based on Sparta - The Spartan society was dominated by a rigidly Hierarchical and Elitist Pedophile Warrior Cult that featured mandatory induction of twelve-year-old boys into Homosexual Partnerships with adult men, and which Plato argues should be ruled by Autocratic Dictator Philosopher-Kings. The Republic propounds the Eugenic elimination of the family and the elimination of private property.

Infil-treition of Satanism is the methodology as slowly every Government Ministry and Societal function is taken over. Eventually a Satanist becomes King Emperor President. The Satanist Pillars of Homosexuality, Pederasty, Drugs and Ritual Sex - both Hetero and Homosexual - are introduced overtly. Christianity and Judaism - the bulwarks Against Satanism - are destroyed and then society fucked through the fear of Ritual Human Sacrifice.

The Ancient Enemy who counts meditation and the mind control psychic arts as one of its main planks of World Domination has used Satanic Infil-Traitors for 10,000 years in every Organisation - Religion, Left and Right Politics, Dynastic Families, Geopolitics, Economics, Universities, Economics, Intelligence Services, Think Tanks, Banking, International Companies, Global Warming, Eugenics -

This means Pedophilia Sex Rituals and means the Totalitarian Fear Control of Human Sacrifice. As presently occurs in Totalitarian No-Soul Communist China. Christians, Buddhists and Falun Gong are executed in special organ harvesting vans - Human Sacrifice.

They have ten of these vans in every city and they work all day long taking fresh organs to the airport for implantation in Japan. The organs harvested and sold to Rich Oligarchs Worldwide

Read Against Satanism Volume Four - SATANIC HOMO-OCCULTISM AND THE HOMOSEXUAL ROOTS OF FASCISM - Black Magician Homosexual Hitler created Homosexual Cults based upon Black Magic - taught to him by Guido von List and the Armanen Order, Jorg Lanz von Liebenfels and Ariosophy, The Thule Society, Madame Blavatsky and the Theosophical Society, and Friedrich Nietzsche.

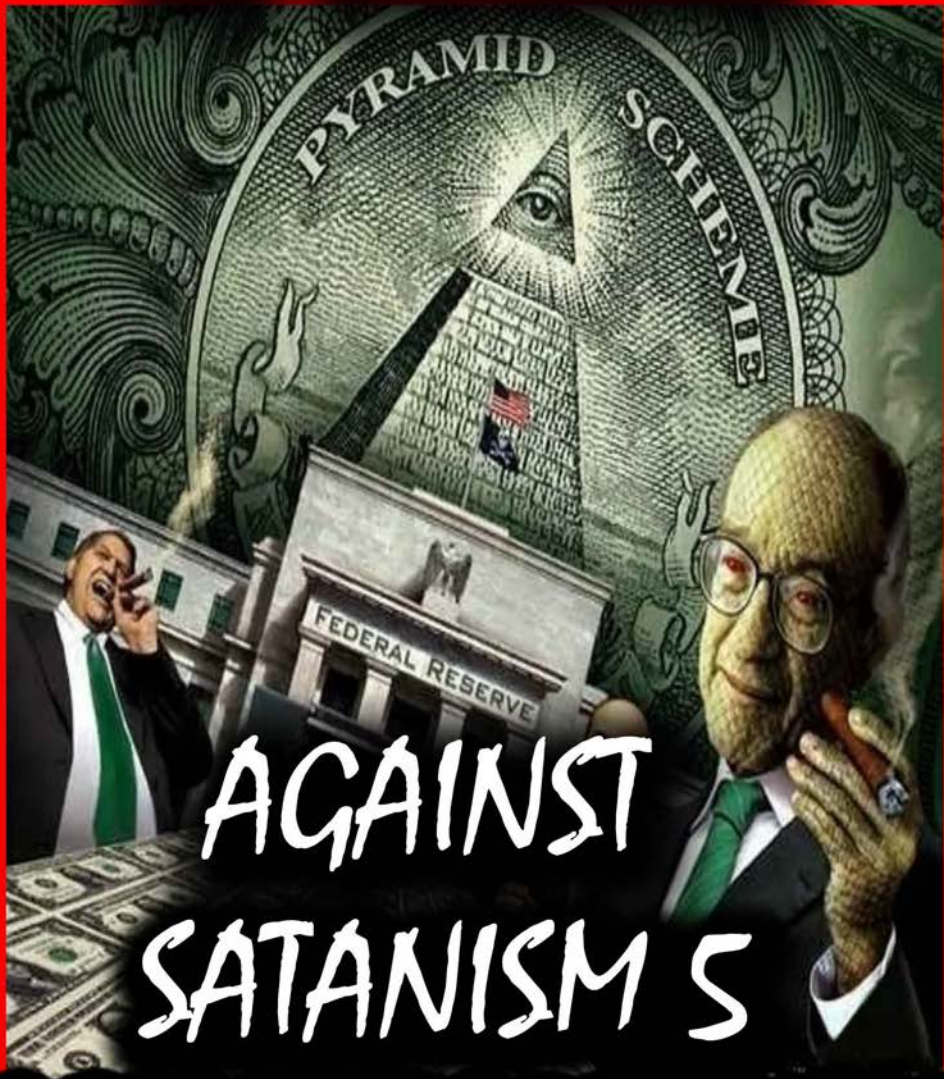

Because the Torah and the Bible prohibit Homosexuality, in order to introduce Satanism and its Satanic Rituals, Hitler decided to destroy Judaism and Also he changed Christianity - Jesus - into a Sun God associated with Odin by sending all Clerics to the Concentration Death camps along with the Satanic Ritual Burning Human Sacrifice Holocaust of Six Million Jews.

"What we are trying to do in this meeting today is to give you a new view of how the real economy
works today and teach reality economics, instead of
the parallel universe that you have in economic textbooks.

So, instead of learning how the economy operates, students are told how a
parallel universe might operate on a different planet, if there were no government, if there
were no fraud, if the entire economy operated on barter, if there was no debt, and
that everybody wanted to help everybody else, that nobody inherited money, that
everybody earned all of the income and wealth that they have. The reality is the
opposite, but it seems to be talked about only in novels these days.

"Whenever you have a misunderstanding of reality year after year, decade after
decade, and now for a century, when a false picture of the economy is painted
you can be sure that there is a special interest benefiting. A false picture of reality
does not happen by nature; it is subsidised. And the banking sector has subsidised
and paid for a junk economics that is taught in the universities, broadcast from
your newspapers, mouthed by the politicians, whose election they sponsor, to try to
make you believe, that you're living on Mars in a different kind of a world—instead
of the actual country that you're living in—and to pretend that there is no financial
class that is trying to grab what belongs to the public at large.

This is what ends up with a difference between central bank creation by the
government with the government aims of economic growth and full employment,
as compared with commercial bank credit that aims at economic shrinkage, at
austerity, at lower wages, at lower output, so that it can do to you what the
commercial banks are doing to Greece, to say give us your ports and your land
and your tourist areas and your water and sewer systems, so we can charge you
for water and sewer. And we can take the money that you had expected to get in pensions
and we can scale it down, so that we can pay ourselves.

"This is what it took an army in times past, And today it's done without an army, as long
as you will be passive and believe the Lies, the science-fiction of the world that banks
are painting. Thank you. [Applause]"

Remember, the main purpose is not money or power, it is in fact the Satanic
Oligarchic Principle of Poverty. Dummed Down, Barefoot, and Back on the Reservation.

AGAINST SATANISM VOLUME SIX

Infiltrating Bloodline Phoenician/Jewish aristocratic Families have existed for over 5000 years before the Birth of Christ. Using emotional rhetorical religious concepts to control, they worship all the Pagan Gods, including Lucifer, Satan, Baal, Bel, Molech, Ashtoreth, Cybele and Attis including all the Satanic Rituals In Against Satanism Volume 3 - RITUAL SEX, RITUAL DRUGS, RITUAL BLOOD SACRIFICE, RITUAL HUMAN SACRIFICE, RITUAL PEDOPHILIA, RITUAL TORTURE, RITUAL BURNING ALIVE, RITUAL CANNIBALISM, RITUAL CASTRATION.

In this book we find that over thousands of years, spook, Bloodline Phoenician/Jewish aristocratic Families infiltrated every country, every Empire, taking over or infiltrating every ruling aristocracy and aristocratic, bloodline family, in Europe, Britain, America, India, China and in every other country in the World.

Jewish/Phoenician aristocrats were never attached to any tiny nation, but were always one globalized trading empire from 2000BC, playing countries against each other for profit. For example using a false flag to start a fake war between ruling elites in separate countries both of which have been allowed, built up, to become rich, but all the elites in each country coming from the same Infiltrating Bloodline Phoenician/Jewish aristocratic Families, and then buying all the assets for pennies on the dollar after the war. Not only that, giving loans to each country to prosecute the war, owning the Military Academic Industrial Complex providing materiel for the war.

Many Infiltrating Bloodline Phoenician/Jewish families who have ruled the World as one trading block for thousands of years before the Birth of Christ came from the Fertile Middle East Crescent including Lebanon, Libya, Syria, Israel, Mesopotamia-Iraq, and Persia-Iran, and had that region and all it's Empires razed many times over nonetheless, profiting from each destruction. They hop to and fro over the planet, always profiting by shifting, reshuffling and breaking their Empires.

We saw that the important conquests are not in our history books as such. Rather, Europe was colonized in the Bronze Age already, in patterns that match up with structures we see in today's spook aristocracy. The entire upper class of colonized regions was replaced by Phoenician/Jewish families, with common people unaware of it to this day. Some of this colonization is cautiously admitted, just not emphasized.

We saw that the Infiltrating Bloodline Phoenician/Jewish families always held power. The secret behind their power is simply that there is no big secret. They don't know anything special. They can't do anything special. They never achieved anything special—other than monopolizing trade. With the power to deceive from the Father of Lies, owning all the media, - The CIA, the Military Academic Industrial complex, Universities, History, Books, Magazines, Newspapers, Television, Youtube, Facebook, Google - even idiots can rule the world for millennia.

Remember, the main purpose is not money or power, it is in fact the Satanic Oligarchic Principle of Poverty. Dummed Down, Barefoot, and Back on the Reservation

Even though Tesla Free Energy Broadcast Power has been suppressed, these next pages show how Fusion power and Fission Power have also been suppressed due to a Policy of Poverty going back to Fra Paolo Sarpi of the Satanic Venetian Republic and the British Royal Society for Science...

Prince Phillip of England

These Satanic Malthusians Demand Genocide

“Human population growth is probably the single most serious long-term threat to survival. We're in for a major disaster if it isn't curbed...We have no option.” —Prince Philip, interview in People Magazine, December 21, 1981

“In the event that I am reincarnated, I would like to return as a deadly virus, in order to contribute something to solve overpopulation.” —Prince Philip, Deutsche Press Agentur, August 1988

“It is almost self-evident that the greater the human population, the greater the demands for natural resources... The paramount question deals with an optimum human population. How many is too many people in relation to available resources? Many believe that our current (satanically consciously created) environmental problems indicate that the optimum level has been surpassed.” —Task Force on Earth, Resources and Population, George H. W. Bush, Chairman, July 8, 1970

POST MORTEM

Unfortunately, all the obituaries were premature: Venice has continued to be very much alive. During the nineteenth century and up to our own time it has been the most important single incubator for fascist movements. With its military and financial power largely emigrated elsewhere, Venice's importance for political culture is now greater than ever.

Examples of this are inexhaustible. Richard Wagner wrote part of *Tristan und Isolde* while living in the Palazzo Giustinian on the Grand Canal. One story has it that the leitmotif of the *Liebeshod* was inspired by the mournful call of

a gondolier. At the end of his life Wagner moved to Palazzo Vendramin Callergi, where he died. This building, presently a gambling casino, was also the home of Count Coudenhove-Kalergi, the founder of the Pan-European Union. Friedrich Nietzsche loved Venice, returned there incessantly, and dedicated certain poems to the city which today can still be used in lieu of a powerful emetic. Venice was an inspiration for Lord Byron, for Thomas Mann, and so on.

Other examples abound of how the Venetian oligarchy's cultural and political influence has reached down into the modern era:

* When British East India Company retainer Thomas Malthus published his *Essay on Population* he was plagiarizing from the Venetian Giammaria Ortes, who produced, around 1750, a fully developed version of the argument that geometric population growth outstrips the much slower arithmetic progress of food production.

* John Ruskin, the leading ideologue of the British Dark Ages faction, began his career with a raving treatise on architecture, *The Stones of Venice* (1851). This volume popularized the notion that a "Venetian Gothic" style had been developed in the better times of the city's history (which for Ruskin ended in 1418) and it was used systematically to discredit the Golden Renaissance.

* A turn-of-the-century new Roman Empire faction led by Venetian Count Volpi di Misurata, who was known as the doge of his era, sponsored the fascist Mussolini supporter Gabriele D'Annunzio to drum up enthusiasm for a new crusade into the Balkans and the East. Volpi became finance minister in Mussolini's cabinet, along with a very large number of other Venetians. D'Annunzio incited the Italians to take back Trieste, the rest of Italia Irredenta, and the Dardanelles, bringing on to center stage the so-called Parvus Plan for dismemberment of the Ottoman and Russian empires, which is generally recognized as the detonator of World War I. It is

possible that the turn-of-the-century super spook Alexander Parvus was ultimately employed by Venice.

* The Societe Europeenne de Culture, a think tank created in 1950 through the efforts of Venetian intelligence operative Umberto Campagnolo, has for the past three decades pulled intellectuals from both East and West into organizing for an “international culture,” based on rejecting the existence of sovereign nations. The SEC counted among its members the cream of the postwar intelligencia: Adam Schaff of Poland, Bertolt Brecht of East Germany, Georg Lukas of Hungary, and Boris Paternak of the Soviet Union, as well as Stephen Spender and Arnold Toynbee, Benedetto Croce and Norberto Bobbio, Julian Huxley and Thomas Mann, Francois Mauriac, and Jean Cocteau. Later, the SEC launched the Third World national liberation ideology.

Today, the Club of Rome is the institution that represents the most concentrated essence of Venetian influence and the Venetian method. The Club of Rome wants to convince the great powers and peoples of the world to commit collective suicide by accepting the genocidal doctrine of zero growth. It also hopes to abolish the sovereign nation as a vehicle for economic growth and scientific progress.

Club of Rome founder Aurelio Peccei has just written a new book titled *One Hundred Pages For the Future*, a global review of the impact of the Club of Rome, and particularly since its 1972 release of the zero-growth model *Limits to Growth* was published, a series of social movements has sprung up under the sponsorship of the ideas in the book. These – the women’s movement, the peace movement, Third World national liberation movements, gay rights, civil liberties, ecologists, consumer and minority rights, etc. – must now be welded together into one movement for a single strategic goal: the implementation of a zero-growth international order.

The Venetian problem remains with us today. Truly, the most urgent task of this generation of mankind is to definitively

liquidate the horror that is Venice and all the other Gang Clan Families who have ruled the World for 10,000 years.

The Satanic Conservative outpost of the Satanic Phoenician Navy who for 10,000 years have worshipped Molech, Baal and Cybele and Attis, and with Satanic Ritual, it's not just Sex on Altars like in Kubrick's, "Eyes Wide Shut", it is Pedophilia with Babies and Children supplied by Epstein, Dutroux or Jimmy Savile, it's Ritual Human Sacrifice, Ritual Blood Sacrifice, Ritual Burning Alive, Ritual Torture, Ritual Castration - and those Damn Liberals by Miles Mathis and Satchidanand

The founding fathers have even been sold as liberal in this sense, since although they were rich guys, fully connected, we are supposed to believe they believed in democracy, republicanism, and fairness in general. That is why they go on and on about that in the Declaration of Independence and Constitution. Those are liberal documents, in that they deny not only the divine rights of kings, they deny any other sort of favoritism based on name or birth.

As it turns out, the founding fathers were not liberal at all. They were Satanic fascists, and the whole liberal stance was just another con-job.

The United States were never meant to be republic, much less a democracy, they were meant to be another outpost of the Satanic Phoenician Navy who for 10,000 years have worshipped Molech, Baal and Cybele and Attis, and more worship with Satanic Ritual, it's not just Sex on Altars like in Kubrick's, "Eyes Wide Shut", it is Pedophilia with Babies and children supplied by Epstein, Dutroux or Jimmy Savile, it's Ritual Human Sacrifice, Ritual Blood Sacrifice, Ritual Burning Alive, Ritual Castration.

Some of my readers have been confused by my insistence that I am a liberal. These readers agree with me on a lot of things, so they can't fathom what I mean by calling myself a liberal while they consider themselves conservatives. Since it is important, I will hit it again, trying to get them to understand.

I think the difference is that I am coming at this as a student of history, while many of them are coming at it as students (or consumers) of current politics.

I haven't gotten my definitions and stances by listening to Rush Limbaugh, or Sean Hannity, I have gotten them from texts from the 19th century or earlier. My readers will answer me, "Then why don't you keep up, Holmes! This is 2020, not 1880". Good point. . . except that it isn't.

To see what I mean, let's transport ourselves back to the 1880s. Back then, satanic conservatives were those people who wished to conserve the status quo. Hence the name. They were quite satisfied with the way things were set up, and why should they not be?

They were rich and connected and had it made. Liberals were those who were not satisfied by the way things were, and so they were pushing for reforms. In general, they wished to see more fairness in government policies. They wanted those not "of the manor born" to be given a fair shot at good employment, good wages, court access, and all the various fruits of society.

The founding fathers have even been sold as liberal in this sense, since although they were rich guys, fully connected, we are supposed to believe they believed in democracy, republicanism, and fairness in general. That is why they go on and on about that in the Declaration of Independence and Constitution. Those are liberal documents, in that they deny not only the divine rights of kings, they deny any other sort of favoritism based on name or birth.

As it turns out, the founding fathers were not liberal at all. They were Satanic fascists, and the whole liberal stance was just another con-job.

The United States were never meant to be republic, much less a democracy, they were meant to be another outpost of the Satanic Phoenician Navy who for 10,000 years have

worshipped Molech, Baal and Cybele and Attis, and more worship with Satanic Ritual.

It's not just Sex on Altars like in Kubrick's, "Eyes Wide Shut", it is Pedophilia with Babies and children supplied by Epstein, Dutroux or Jimmy Savile, it's Ritual Human Sacrifice, Ritual Blood Sacrifice, Ritual Burning Alive, Ritual Castration.

Infiltrating Bloodline Phoenician/Jewish aristocratic Families have existed for over 5000 years before the Birth of Christ. Using emotional rhetorical religious concepts to control, they worship all the Pagan Gods, including Lucifer, Satan, Baal, Bel, Molech, Ashtoreth, Cybele and Attis. In this book we find that over thousands of years, spook, Bloodline Phoenician/Jewish aristocratic Families infiltrated every country, every Empire, taking over or infiltrating every ruling aristocracy and aristocratic, bloodline family, in Europe, Britain, America, India, China and in every other country in the World.

There is a translation of Hatha Yoga Pradipika which I studied as a young man as part of my studies of Hatha Yoga by my Guru, Theos Bernard who through yoga, pranayama and meditation became accepted as a Rinpoche, Tibetan Reincarnation when he came to the gates of Tibet.

Through the practise of Hatha Yoga from the age of fourteen and the study of Pranayama and Agnisar Kriya at age 21 and then the study of meditation and Shambhavi Mudra at age 28 I gradually built up the happy power of samadhi within my being and became a healer with the National Federation of Spiritual Healers of Great Britain.

My Guru, Swami Satchidananda said that when he was young he could touch a person and take away their Heart disease or Cancer. But later he found the same people coming back with the same problem. By this he learned that the people had to change themselves, their attitudes, their lives before the disease, a product of all that, could be truly healed. And for this reason, people need to learn to do it for themselves with the Energy Enhancement Streaming Video Course - or come visit us in India of Iguazu Falls, Brazil.

In reality, Illumination is the final healing required. Although the normal miracle can show what is possible, this should only show the way. So then he started teaching yoga and meditation. Healing came in from the side.

1. Book - The Yoga Sutras of Patanjali by Satchidanand

Save your life with Energy Enhancement Streaming Video Meditation course.. Book One, Sutra One - Here are complete Instructions on Enlightenment...

ILLUMINATION!!

The Yoga Sutras of Patanjali talks about Illumination as being Nirbija Samadhi. This word is a teaching as to what exactly enlightenment is. Nir means no, and Bija means seed. The seeds of desires which have not yet come to fruition. These Seeds are Energy Blockages. This is the Karma which is yet to come. And as it says in the Yoga Sutras of Patanjali, "The Karma, the Pain, that is to come can be averted" - Book 2 Sutra 16. The removal of Energy Blockages, Grounding their Negative Karmic Mass, is an Energy Enhancement Process called, "Karma Cleaning" - The Energy Enhancement Meditation Course Level 3 of Energy Enhancement.

Each desire seed when watered can addict us to the desire it contains.

In the Yoga Sutras they talk of the method of roasting the seeds - removing the addiction, the slavery to your desires (When you slaver your saliva over something the desire drips out of your mouth) - so that the life they contain is extinguished, they can not germinate even with all the correct conditions, ever again to bring us to Painful Karma. And what roasts the seeds?

This is the concentration of the Light of the Soul in Samadhi, the next highest energy to the mind and there are higher energies still we can contact on the path of Energy Enhancement, as light is concentrated through a lens, as it is focused through the Brow Chakra, Ajna Chakra or through any of the chakras of which the Brow chakra is the Master - this is called Samyama...

5. The Energy Enhancement Meditation Course Level One - Access Infinite Spiritual Energy!!

Fantastic Resource for Energy Enhancement Meditation Course & all genuine Truth Seekers!!!

November 27, 2016

Format: Paperback|Verified Purchase

There is great wisdom and truth within Satchidanand's books, website and energy enhancement teachings. I feel that Energy Enhancement is the most important work I have ever embarked upon in my life. I am learning a tremendous amount of spiritual knowledge in addition to gaining a much greater understanding about our world. This is the second paperback book I purchased from Energy Enhancement.

However since this is a book about Level 1 initiations I recommend getting this book first. I like having this book to refer to while listening to initiation videos, for study, review, and writing notes. I plan to purchase all three of the currently available Energy Enhancement books in paperback form. Thanks to Satchi's great teachings and the experiences I have had while doing the level 1 initiations I feel renewed happiness, optimism, & hope. I highly recommend this book for all genuine truth seekers, especially for those working on the Energy Enhancement Meditation Course!!!

Format: Paperback|Verified Purchase

This is an excellent start to the energy enhancement system! Swami Satchidanand has done an excellent job in integrating

different spiritual systems and extracting essential wisdom for seekers. Swami Satchidanand has studied with many of the top spiritual masters and this definitely shows in his ability to motivate others. The other review gives a skewed review IMO, I have experienced his online course, the book is an excellent start to the advanced material. People see what they want to see in spiritual teachers and responses can be polarised, clear your own mirror first to see the truth.

Satchidanand's book challenges assumptions about society's spiritual roots and made people look at them in new ways."

Satchidanand dedicated Super Energy And Sacred Symbols for Perfect Wisdom Enlightenment to "the proposition that concealed within the emblematic figures, allegories and rituals of the ancients is a secret doctrine concerning the inner mysteries of life, which doctrine has been preserved in toto among a small band of initiated minds and hidden from the rest of humanity."

"The result is a gorgeous, dreamlike book of mysterious symbols, concise essays and guided meditations evoking colorful renderings of mythical beasts rising out of the sea, and angelic beings with lions' heads presiding over somber initiation rites in torch-lit temples of ancestral civilizations that had mastered latent powers beyond the reach of modern man."

"The greatest knowledge of all time should be available to the twenty-first century not hidden in Myth and Symbol and ancient libraries where books go to die"

"Within this book, are the sacred colors, shapes and symbols of the Western Mystery Tradition. If a picture is worth a thousand words, then the wisdom contained herein is infinite. As a reference book for symbols and sacred art, as a gateway into the Western Mystery Tradition, or simply as a pleasant read, this book is well worth adding to your library. You will turn to it again and again, and walk away pleased each and every time."

Hi, I've been reading through all the 4 e-books in a couple of days, FWIW I found the site through googling words "gnostic"

and "chakra" and came to an article on the site. I once literally didn't believe the time when I stopped to go to sleep, that I had been pretty much just reading for 12 hours straight! (including of course every one of the submissions relating to the Argentine junta torture, I felt you were just GODAMNN DARING someone to skip! even just that reading time duration yet relentlessly personal nature of trauma all by itself would mean never being the same again after finding your website!)

I'd like to receive the video course, but also wonder whether you would provide some perspective for me on some odd things that have happened to me that I didn't understand, I was amazed to read in the book the experience of [Dan, I think] and realizing what has happened to me may be similar and you can help me understand it after feeling very alone with these things. I will write it in a longer form in new email if you will be willing to read and comment, I will just say now that I think one strange day as an ignorant know-it-all teenager, 17 I think (21 years ago now) when I defaced every 7th page of a copy of the New Testament with inverted pentagrams may have something to do with it all! In between reading all the books back to back I slept with, for the first time really, asking to be shown in dream what stops me from working on my projects (I perfectly fit your description of a head in the clouds dreamer feeling revolt against being born a human animal, the two triangles not being integrated)

And I had by far the most vivid dream I have ever had and only one I can remember where "I" was killed in it (brief nothing then a bizarre future life continuation of dream) which started from recognizable home street surroundings (unusual for me in dreams) but meeting an intense man (?) controlling me by thick cord to make me sway around or whatever he wanted Regards, Peter

15. Book 15 out of 45 Free Books with Energy Enhancement..15. Eliminating the Shadow.. In this book, Satchidanand trashes the greatest most intellectual investigators and descriptors of the Shadow and the Shadow Subpersonalities.

Great People - The Highest of All Humanity - Jordan Peterson, Carl Jung, Nietzsche, and every Psychotherapy, Psychological therapist who can describe the problem of the Shadow, talk about the problem of the shadow but have no Practical solution to the Shadow. All of those guys Failed to Solve the Problem of the Shadow. None of these guys have Any practical solution for the Shadow.. And it is the Shadow Subpersonalities which is the Source, The Fount, of All Evil on this Planet... And the Source of All Evil within You!!

Carl Jung says.. "There is no generally effective technique for assimilating the shadow. It is more like diplomacy or

statesmanship and it is always an individual matter. First one has to accept and take seriously the existence of the shadow. Second, one has to become aware of its qualities and intentions. This happens through conscientious attention to moods, fantasies and impulses. Third, a long process of negotiation is unavoidable.” (Carl Jung)

As Jung notes in the passage above, he thought there is no general technique to integrate the shadow, even though the Buddha and Jesus Christ exemplified the Ancient Meditation Technology which is the only means for removing the Shadow. For thousands of years great souls have come to earth to demonstrate otherwise, that enlightenment is, "Tat tvam asi" Thou art that!! You are a part of the Universe and have nothing else to seek.

Energy Enhancement Meditation including Level 1 Alchemical VITRIOL to Ground Pain and Trauma from Memories and the Energy Enhancement Level 2 Seven Step Process to remove Energy Blockages by Purifying them then Integrating them with the Soul to create ONE Soul Infused Personality creating Spiritual Insight – combined with psychological knowledge Energy Enhancement is THE complete way of processing and integrating your Shadow Side into wholeness.

I am writing today because this is so important.

Only Energy Enhancement can Annihilate Evil on Earth and change this Planet into a Planet of Love and Light in this Place, for You, for Me, for the Entire Human Race.

It is about The Energy Enhancement Elimination of All Evil on this Planet.

You remember my latest book, Eliminating the Shadow Subpersonalities..

It is beneficial for everyone to heal themselves by removing ALL blockages using Energy Enhancement advanced techniques. Not just a handful.

Because the Shadow Subpersonalities are the Source, the Fount, of All Evil on this Planet.

The Shadow Subpersonalities are essentially Evil because they are cut off from the energies of God and thus from Good, because Only God is Good!!

Shadow Subpersonalities are virtual machines existing within the mind computer but with no access to God, "They are minds of metal and wheels" - Tolkien, with no access to genius because the geni etymologically, is the Soul.

Shadow Subpersonalities, cut off from the energies of God, can only live off the Soul infused Personality or the Essence within themselves or that Energy within other people.

Shadow Subpersonalities Vampirise the Energy of God and devise Evil schemes to get it.

Strategies, - the Strategies of the Vampire are all Attention Seeking schemes to Vampirise your Energy. The Poor Me Addictions, the Violator Bullying, the Selfish Competitive Black Star, the Sabotaging Self Destructor, are all Drama Queens - just a little Evil to destroy lives - Your Life, the Lives of your family, your City, and your Country.

You can see all these strategies busily at work in the people around you. You might even see them at work in yourself. Know that these strategies are even now turning you against the One Course which can Remove them.

ONE COURSE, ONE SOUL INFUSED PERSONALITY, ONE WORLD OF LOVE AND LIGHT!!

The Energy Enhancement Seven Step Process Can Easily Remove All your Strategies and Subpersonalities!

Most people are just a little evil, but over many lifetimes, as the number and power of Subpersonalities grow within you, so that the Demon on your left shoulder, debating with the Angel on your right shoulder becomes so powerful that you become more and more Evil.. Until you are entirely taken over by Evil.. Possessed by Evil, a Servant of Satan!!

THE ENERGY ENHANCEMENT ELIMINATION OF ALL EVIL

You can see in the picture below that most people are controlled by Shadow Subpersonalities.

The Energy Enhancement Meditation Course Level 3 - The Karma Cleaning Process - Remove Even Deeper Subpersonality Energy Blockages Click Below..

<http://www.energyenhancement.org/Free-Book-Level-3-The-Karma-Cleaning-Process-Remove-Even-Deeper-Energy-Blockages.htm>

These Evil Shadow Subpersonalities band together to take you over and repress the Soul infused Personality. They are then Evil psychopaths and this is bad enough. But when these Evil Shadow taken over people band together into groups, Satanic Evil Religions, Bloodline Families and Bloodline Races, Secret Societies, Cartels, Banksters - giving courses on how to repress further the soul infused personality - how to become even more Evil - then this is what and why I write in my Against Satanism series of Books - currently Nine volumes available for FREE!! when you sign up for the newsletter at energyenhancement.org.

Satanism is gradually being instituted as the New World Order.

The New World Religion, defined by Satanic Ritual.

72 Empires have been recorded and every one of them has failed in the same way. The facts have been recorded that a totalitarian and satanic elite infil-traited and took over all these Empires and that 72 once free, flourishing and rich republics were destroyed from within by Satanic Ritual - read Toynbee. Satanism is gradually being instituted as the New World Religion defined by Satanic Ritual.

Infil-traition of Satanism is the methodology as slowly every Government Ministry and Societal function is taken over. Eventually a Satanist becomes King Emperor President. LGBTP - The Satanist Ritual Pillars of Homosexuality, Pederasty, Pedophilia, Drugs and Ritual Sex - both Hetero and Homosexual - are introduced overtly as a prelude to Ritual Human Sacrifice and Ritual Baby Sacrifice. Christianity and Judaism - the bulwarks Against Satanism - are destroyed and then society destroyed through the fear of mandatory Ritual Human Sacrifice.

72 Empires have been recorded and every one of them has failed in the same way. The facts have been recorded that a totalitarian and satanic elite infil-traited and took over all these Empires and that 21 once free, flourishing and rich republics were destroyed from within by Satanic Ritual - read Toynebee.

Infil-traition of Satanism is the methodology as slowly every Government Ministry and Societal function is taken over. Eventually a Satanist becomes King Emperor President. The key is that the Satanic Religion and its current recruiting cults of Freemasonry and the Crowleyan Sexual Ritual OTO - Ordo Templi Orientis - are Fake Gangs, created by men as a 10,000 years old technique to create psychopathic leaders and their minions, and thus conquer the world.

All Rituals, Religions, Education, Secret Services and Political Movements have been scientifically Engineered to create Fake Gangs for 10,000 years. It's what the old Roman Empire, The Babylonian Empire of Satanic Nimrod, and the Cult of Appollo and the Byzantine Empire did before.

As you know, every Gang has Blackmail Rituals before you can join. Making your Bones with the Mafia means you must murder someone before you can join. Drug Cartels like MS13, secret groups within the Masons, the Hellfire Club, all have their Rituals before you can progress.

Epstein did not kill himself. He videoed Scientists from MIT and Harvard, Oligarchs, Politicians etc, Pedophiling young girls then Blackmailed them into doing the work of his Trillionaire sponsors - MKULTRA, Transhumanism, CRISPR Androids. As their willing victims are given access to stealing higher quantities of money, so they must go to the next level of Ritual. First it is 15 year old girls who look 25. Then it's 12 year olds, 5 year olds, and then its the murder of children, babies!

All to create a Satanic Society of Total Control through Human Sacrifice, poverty, lack of education, poison in the air, water and food. Lack of infrastructure, education and Total Control of the Media.

All of them Censoring Worldwide, Advanced Meditation techniques - Alchemical VITRIOL, the Kundalini Key and Energy Blockage Removal from every Meditation Program.. EXCEPT ENERGY ENHANCEMENT!!

The very word secrecy is repugnant in a free and open society
JFK (27 April 1961)

The very word secrecy is repugnant in a free and open society; and we are as a people inherently and historically opposed to secret societies, to secret oaths and to secret proceedings. For we are opposed around the world by a monolithic and ruthless conspiracy that relies primarily on covert means for expanding its sphere of influence — on infiltration instead of invasion, on subversion instead of elections, on intimidation instead of free choice, on guerrillas by night instead of armies by day. It is a system which has conscripted vast human and material resources into the building of a tightly knit, highly efficient machine that combines military, diplomatic, intelligence, economic, scientific and political operations.

JFK (27 April 1961)

What We See when we Remove an Energy Blockage is the Secret of Infinite Energy, Secret of Eternal Life, the Secret of Immortality. Energy Blockages are Satanic, and it is this we see directly when we remove the blockages with the Energy Enhancement Meditation Course.. Energy Blockages do not exist alone, they are part of a network of evil, a network of control, which is designed not to allow people to understand the nature of that control, the purpose of that control, so as to maintain that control and the flow of energy - stolen from all human beings - to allow an elite of Black magicians, Sorcerers, Enchanters, Warlocks, Witches, Necromancers, Devils, Dark Gods... to live forever, Immortally, in private Universes, outside the body and then to download into a body from time to time, to maintain their Plantation, their Farm, their Property, to maintain the flow of stolen spiritual energy to them from every human being on this planet - Eternally. This is why I wrote Eight volumes of Against Satanism..

In order to remove blockages using the Level 2 Seven Step Process, Internally, we teach you how to Ground every trace of Satanic Energy which makes sick, which perverts, which degenerates!

Externally we see the effect of Satanic Energy Blockages and their creators, on the World.. This is why I wrote Nine volumes of Against Satanism..

We know the effects of meeting one psychopath and the destruction he can wreak in our lives. Wisdom teachings teach how to overcome their strategies and, "stay away from evil".

Satanism, - The Old Religion" - is when all the psychopaths get together in one group to wreck the world - with Covid-19, mrna vaccines, economy and middle class destroying lockdowns and oxygen destroying muzzles - to their benefit. Energy Enhancement Wisdom teachings describe the historical problem and the means to overcome it. "Vampires hate the light of truth".

17. AGAINST SATANISM VOLUME 2 - Pedophile Plato and No-Soul Aristotle - The Foundations of Western Philosophy!

The inspiration for the fascist state comes from Plato, the male supremacist and apologist for pederasty. Plato is revered as the preeminent classical philosopher, although his apparent advocacy of man/boy sex is not commonly known. A prototypical statement by the philosopher is recorded in George Grant's *Legislating Immorality*: "Through the nightly loving of boys, a man, on arising, begins to see the authentic nature of true beauty" (Grant, 1993:24).

Plato's Republic is his best known work.

The following is a summary of the Republic from W.K.C. Guthrie's *A History of Greek Philosophy*:

The Republic (c.370 BC) advances many of Plato's principal ideas, notably those concerned with government and justice. Composed as a debate between Socrates and five other speakers, The Republic is best known for its description of the ideal state (based on Sparta), which Plato argues should be ruled by Totalitarian Dictator philosopher-kings (Guthrie in Grolier).

As we have noted, the Spartan society was dominated by a pederastic warrior cult that featured mandatory induction of

twelve-year-old boys into homosexual partnerships with adult men. Like all such cults, the Spartan military was rigidly hierarchical and elitist. Plato's concept of the "philosopher-king" is that of an autocratic dictator leader appropriate to such a society. The Totalitarian Dictator Philosopher-King rules over a kind of fascist utopia. Interestingly, Plato's idealized society in the Republic includes the elimination of the family as a social unit and the elimination of private property.

Satanism is gradually being instituted as the New World Religion defined by Satanic Ritual.

72 Empires have been recorded and every one of them has failed in the same way. The facts have been recorded that a totalitarian and satanic elite infil-traited and took over all these Empires and that 21 once free, flourishing and rich republics were destroyed from within by Satanic Ritual - read Toynebee.

Infil-treason of Satanism is the methodology as slowly every Government Ministry and Societal function is taken over. Eventually a Satanist becomes King Emperor President. LGBTP - The Satanist Ritual Pillars of Homosexuality, Pederasty, Drugs and Ritual Sex - both Hetero and Homosexual - are introduced overtly as a prelude to Ritual Human Sacrifice. Christianity and Judaism - the bulwarks Against Satanism - are destroyed and then society destroyed through the fear of mandatory Ritual Human Sacrifice.

The Ancient Enemy who counts meditation and the mind control psychic arts as one of its main planks of World Domination has used Satanic Infil-Traitors for 10,000 years in every Organisation - Religion, Left and Right Politics, Dynastic Families, Geopolitics, Economics, Universities, Intelligence Services, Think Tanks, Banking, Facebook, Twitter, International Companies, Vatican, Transhumanism, CRISPR Androids, Eugenics..

The key is that the Satanic Religion and its current recruiting cults of Freemasonry and the Crowlean Sexual Ritual OTO - Ordo Templi Orientis - are Fake Gangs, created by men as a 10,000 years old technique to create psychopathic leaders and their minions, and thus conquer the world.

All Rituals, Religions, Education, Secret Services and Political Movements have been scientifically Engineered to create Fake Gangs for 10,000 years. It's what the old Roman Empire, The Babylonian Empire of Satanic Nimrod, and the Cult of Appollo and the Byzantine Empire did before.

As you know, every Gang has Blackmail Rituals before you can join. Making your Bones with the Mafia means you must

murder someone before you can join. Drug Cartels like MS13, secret groups within the Masons, the Hellfire Club, all have their Rituals before you can progress.

Epstein did not kill himself. He videoed Scientists from MIT and Harvard, Oligarchs, Politicians etc, Pedophiling young girls then Blackmailed them into doing the work of his Trillionaire sponsors - MKULTRA, Transhumanism, CRISPR Androids. As their willing victims are given access to stealing higher quantities of money, so they must go to the next level of Ritual. First it is 15 year old girls who look 25. Then it's 12 year olds, 5 year olds, and then its the murder of children, babies!

All to create a Satanic Society of Total Control through Human Sacrifice, poverty, lack of education, poison in the air, water and food. Lack of infrastructure, education and Total Control of the Media.

All of them Censoring Worldwide, Advanced Meditation techniques - Alchemical VITRIOL, the Kundalini Key and Energy Blockage Removal from every Meditation Program..

The very word secrecy is repugnant in a free and open society
JFK (27 April 1961)

The very word secrecy is repugnant in a free and open society; and we are as a people inherently and historically opposed to secret societies, to secret oaths and to secret proceedings. For we are opposed around the world by a monolithic and ruthless conspiracy that relies primarily on covert means for expanding its sphere of influence — on infiltration instead of invasion, on subversion instead of elections, on intimidation instead of free choice, on guerrillas by night instead of armies by day. It is a system which has conscripted vast human and material resources into the building of a tightly knit, highly efficient machine that combines military, diplomatic, intelligence, economic, scientific and political operations.

The wicked foundations of Clown World

Clown World is built upon a series of intellectual pillars that range from Darwin, Diderot, and Freud to Einstein, Keynes, and Foucault. The first thing that rapidly becomes apparent when one regards them as a set is first, that they are all frauds. The second thing one realizes is what a collection of seriously evil sexual deviants they tend to be:

A French-American professor has accused fellow intellectual Michel Foucault of being a "paedophile rapist", a report by The Sunday Times said.

In an interview, Guy Sorman said he found out about Foucault's behaviour after visiting the late philosopher in Tunisia where he was living in 1969.

"Young children were running after Foucault saying 'what about me? take me, take me'," he said to The Sunday Times. "They were eight, nine, ten years old. He was throwing money at them and would say 'let's meet at 10pm at the usual place'. He would make love there on the gravestones with young boys. The question of consent wasn't even raised."

Sorman argued that Foucault was able to get away with this because of the racial element of his affairs.

"Foucault would not have dared to do it in France... There is a colonial dimension to this. A white imperialism," Sorman said.

In the interview Sorman said he "regrets" not reporting this "extremely morally ugly" behaviour to the police. He added that the press had been aware of Foucault's conduct but were reluctant to publish stories due to his status as France's "philosopher king" alike to that of a "god".

The philosopher who died in 1984 signed a petition in 1977, which sought to legalise sexual relations with children aged 13 or above.

Don't be misled. Whatever aspect of Clown World rhetoric happens appeals to you, be it free trade, freedom of expression, libertarianism, judeo-christianity, equality, tolerance, or respect, it's really all about pedos and human sacrifice. It's literally all designed to lead there in the end.

20. AGAINST SATANISM VOLUME 5 - Satanic Economics and the Satanic Principle of Poverty Published Feb 2019

We know the effects of meeting one psychopath and the destruction he can wreak in our lives. Wisdom teachings teach how to overcome their strategies and, "stay away from evil".

Satanism, - The Old Religion" - is when all the psychopaths get together in one group to wreck the world to their benefit. Energy Enhancement Wisdom teachings describe the historical problem and the means to overcome it. "Vampires hate the light of truth".

The key is that the Satanic Religion and its recruiting cults of Freemasonry and the Crowlean Sexual Ritual Ordo Templi Orientis are Fake Gangs, created by men as a technique to conquer the world.

The Ancient Satanic Enemy who counts meditation and the mind control psychic arts as one of its main planks of World Domination has used Satanic Infil-Traitors for 10,000 years in every Organisation - Religion, Left and Right Politics, Dynastic Families, Geopolitics, Economics, Universities, Intelligence Services, Think Tanks, Banking, International Companies, Global Warming, Eugenics..

And Banking Infiltration by Satanic Banksters supported by the False Fabulous Science of Economics..

And this book pricks the bubble of Fake Satanic Economics because Godly people could never set up the World banking and economic system described in these pages.

Only Satanists could create a system which is against the evolution of Humanity to the Stars.

Instead, the Satanic Banksters promote the Principle of Poverty, barefoot, back on the reservation, in debt to the company store.

20a. Companion Volume to Volume 5 - Satanic Economics and the Satanic Principle of Poverty - The Babylonian Woe - the History of Money and the Phoenicians who created it.

Meyer Amschel Rothschild, who founded the great Satanic international banking house of Rothschild which, through its affiliation with the European Central Banks, still dominates the financial policies of practically every country in the world, said: 'Permit me to issue and control the money of a nation, and I care not who makes its laws.'

In this time, as today, the people were almost entirely at the mercy of the Satanic private persons controlling their money, who then controlled the inflow of precious metals, silver and gold, the foundation of the people's money. The Satanic policies of these controllers from their standpoint as internationalists, with Banks and secret agents in both countries, were necessarily directed towards the creation of war against the well-being of mankind. Frequent wars were above all the prime essential.

1. Arms sales - The selling of weapons and war materiel to both sides of the war.
2. Chaos towards the destruction of the natural system of rule previously defined, which had been the protection of the

people, to create the Satanic recruiting process of despair, nihilism, and then Satanism in the people.

3. War booty towards the reinjection into the system of hoarded coin and bullion, and consequent reflation of the money supply;

4. The buying of property, farms and businesses in the defeated country for cents on the dollar.

5. Not the least important, the enslavement of the defeated populace and prisoners of war - gathering of a new crop of slaves for working the poisonous heavy metal mines to replace those stocks of silver and gold, so necessary to the foundation of their money power, and the maintenance of their international hegemony in consequence...

Dark Forces have used Infiltrating Bloodline Phoenician/Jewish aristocratic Families which have existed for over 5000 years before the Birth of Christ. Using emotional rhetorical religious concepts to control humanity, they themselves worship all the Pagan Gods, including Lucifer, Satan, Baal, Bel, Molech, Ashtoreth, Cybele and Attis. In this book we find that over thousands of years, spook, Bloodline Phoenician/Jewish aristocratic Families infiltrated every country, every Empire, taking over or infiltrating every ruling aristocracy and aristocratic, bloodline family, in Europe, Britain, America, India, China and in every other country in the World.

The Cancer of The Venetian Empire - The Phoenician Empire - Merges with the Satanic Catholic Church

The reputation and good behaviour of hundreds of millions of good Catholics in no way is questioned by highlighting the deliberate actions of a few thousand dedicated Satanists, Baalists and Luciferians who have caused world wars and sacrificed millions to demon gods.

The Roman Cult and associated networks of Sabbatean and secret Satanic organisations since the 14th and 15th Centuries is the only time in the history of civilization whereby a “sacred” religious ceremony was established for the systematic and widespread encouragement of its clergy to Satanically ritualistically abuse children...

24. AGAINST SATANISM VOLUME 9 - The Satanic Suppression of Science

Satanic Secret Agents, Aristotle; Contarini, Pomponazzi and Giorgi; Sarpi, Galileo and Kepler; Conti, Newton against Leibniz - The Satanic Corruption of Science by the Satanic, Slave Trading, Drug Running, Bankster run Venetian Empire to suppress Steam, Tesla, Fission and Fusion.

Satanic Control comes from the Satanic, "Policy of Poverty" and the Satanic, "Policy of Poisoning" by means of the, "Borgia Cup" and indeed Satanism itself which is a form of Mind Control to create the Psychopaths who will follow any orders.

These policies are designed to weaken the opposition to the Satanic Religious leaders whose aim is to continue ruling humanity as they have ruled the Human Herd for 10,000 years since Satanic Babylon in order to Steal their Spiritual Energy.

All religions are created by the Fascist Peerage Robber Barons whose Genealogy goes back to Satanic Babylon and their created Religions of Satanism, Luciferianism, the Cult of Apollo, Dionysus, Isis, Horus, Osiris have been created to control the upper levels of society for the real Peerage Robber Baron owners for thousands of years. Because if you believe a Satanic created, infiltrated religion, you will believe anything, do anything for the compartmentalised top of the Hierarchy.

Yet, "False Gold is there only because Real Gold Exists" -
Tamil Siddar Alchemist Thiruvalluvar

If a member of the Peerage Fascist Robber Baron Elite partakes of the normal Satanic Rituals extant for thousands of years designed to reduce people to the level of a psychopathic beast of..

1. Animal and human sacrifice rituals.
2. Canibalism rituals.
3. Drug rituals,
4. Sex rituals - homosexual sodomy rituals - pederasty rituals - bestiality rituals - torture rituals.
5. The castration rituals of Cybele and Attis.

and then you have your pictures and videos taken by Epstein, Ghislaine Maxwell, or Jimmy Savile, of you doing it, then you tend to follow orders!!

Rather than concentrating on problems with food, security and housing which poverty induces in all, only wealth and education can lead humanity to evolutionary meditation the foundation of Human Evolution to the Stars.

Realise that Austerity is not an accident.

Everything must be planned.

If Austerity can be planned and executed for the USA and Europe over 50 years since the assassination of John Kennedy then wealth too can be planned!!

Only wealth can lead Human Evolution to the Stars, therefore anti-evolutionary Satanism created by the Robber Baron oligarchic elite for the purpose of creating poverty, so as to maintain their control over thousands of years, has acted to degrade every part of human society including science as the Satanic Frankfurt school has acted to similarly degrade philosophy, music and art, and the Satanic Robber Baron Drug trade has acted to destroy all culture and civilisation and

the poisoning of air, food and water by fluoride, genetically modified foods, glyphosate and other pesticides, and incinerator dioxins and VOC's to destroy the health and energy of all humanity.

In order to secure acceptance for their Satanic ideas, the Satanic Venetian Party seeks to control the way people think. If you can control the way people think, say the Satanic Venetians, you can control the way they respond to events, no matter what those events may be.

It is therefore vital to the Satanic Venetians to control philosophy and especially science, the area where human powers of hypothesis and creative reason become a force for improvements in the order of nature.

It is therefore vital to the Satanists to control and suppress science because Science is the source of all Wealth creation which can lift Humanity from the level of a beast to Enlightenment itself.

"Gehlen pioneered the setting up of dummy fronts and cover companies to support his far flung covert operations... By the time the Gehlen Organization became part of the West German state, Gehlen already had his agent-in-place in the United States. He was Otto Albrecht von Bolschwing, who had

been a captain in Heinrich Himmler's dreaded SS and Adolph Eichmann's superior in Europe and Palestine. Von Bolschwing worked simultaneously for Dulles' OSS. When he entered the U.S. in February 1954, he cleverly concealed his Nazi past. He was to take over Gehlen's network not only in this country but in many corners of the globe. He became closely associated with the late Elmer Bobst [Pilgrim's Society; SMOM; anti-Jewish; accused of sexual abuse granddaughters and great-great-granddaughters] of Warner-Lambert Pharmaceutical, a godfather of Richard Nixon's political career. In 1969, he showed up in California with a high-tech firm called TCI that held classified Defense Department contracts. His translator for German projects was Helene van Damme, Governor Ronald Reagan's appointment secretary." [45] 268

95

When I first heard that the NFL as a "league or association" was officially celebrating Hispanic Heritage Month, I had to scratch my head in puzzlement. I not saying that the NFL should celebrate Black History Month instead. There are twelve months a year and 365 days a year. There is enough justification for America to celebrate each month and every day of the year to the People of Color's contribution to this

country; and condemn its atrocities against them, whether Black, Brown or Yellow. 95

But, why would the predominantly Black player NFL officially celebrate Hispanic Heritage Month and give token observance to, and dismiss the significance of Black History Month? Why wouldn't the NBA or NFL openly support Black History Month that is expressly articulated to humbly HELP save their Black Fan Base and majority Black Players and their families from racial injustice and extermination— GENOCIDE in America? But for, to confuse, divide, conquer and continuity DOMINATE the masses by deception and PSYCHOLOGICAL WARFARE. 96

Table of Contents

BEYONCE, SATANIC JAY & ALEISTER CROWLEY 666'S VEILED SATANIC SEX MAGICK AT THE 2014 GRAMMY'S 29

The January 26, 2014 56th Grammy Awards was far more flagrantly Satanic then I had envisioned. Katy Perry's Grammy

“Dark Horse” performance is widely recognized as a Satanic Rite and “Open Witchcraft and Satanism on Display.”[1]
29

“Rose, my dear, you filthy whore, would you be ever so nice as to do a magick ritual with me today?” –the BEAST, Aleister Crowley[7] 32

“Drunk in Love” introduced Beyonce’s new MK ULTRA Sex Kitten alter personality “Yoncé”, above, that is far more “FILTHY”, erotic, perverse and lustful than Demotic Sasha Fierce. 32

Yoncé– the 2014 Grammy’s Sex Magick Show & the Scarlet Woman 46

Lucifer’s Color is BLUE [41] 47

Babalon (also known as the Scarlet Woman, Great Mother or Mother of Abominations) is a goddess found in Aleister Crowley, the Great BEAST 666’s mystical system of Thelema. In her most abstract form, she represents the female sexual impulse and the liberated woman; she is also identified with MOTHER EARTH, in her most fertile sense.[42] 47

At the Grammy’s, Yoncé and Satanic Jay performed an erotic piece co-written by Beyonce called “Drunk in Love.” Its lyrics express “UNBRIDLED LUST” [43] and ancient phallic-Masonic worship,[44] 47

I’ve been drinking, I’ve been drinking I get filthy when that liquor get into me I’ve been thinking, I’ve been thinking Why can’t I keep my fingers off it, baby?[45] 47

“We be all night, and everything alright No complaints for my body, so fluorescent under these lights Boy, I’m drinking, walking in my l’assemblage ... If you scared, call that reverend Boy, I’m drinking, INNA bring it right...”[46] 47

Compare Nin-imma Symbol with Hathor’s Symbolic Wig 49

Nin-imma(Earth Mother) is a Sumerian, Babylonian, and Akkadian fertility goddess and deification of the female sex organs. Her parents are ENKI and Ninkurra. Her name derives from the Sumerian words nin – goddess, and imma – water that created everything. [50] 49

In Great Antiquity, Nin-imma is known by many names and spellings mainly Ninhursag (Earth Mother),[53] Ninmah (“Great Queen”) and Nintu (“Lady of Birth”). Both Nin-imma

and Nin-anna traits are similar to the Kemet Goddess WORSET (Hathor).[54] 50

Reverend Boy- unlike being an ordained minister, for instance, a Reverend of the Church of Satan is who is revered by the believers or Satanists- while a priest or minister is one who dedicates their life to preaching religion to others.[61] Basically, Drunk in Love, recounts one of the Great BEAST's continuous Satanic Tantra-Sex Magick Ritual sometimes referred to as the Babalon Workings that involves Crowley's satanic philosophies, and Demoness Scarlet Women.[62]

The X Club created academics who would promote Darwin's ideas of evolution and eugenics. In 1947, Big Papa's first official CIA assignment was to cover Ambassador Prentice Cooper in Lima, Peru. He said that the Peruvian military was still wearing Nazi war helmets and goose stepping.[42] 313

Cooper wasn't a junior ambassador. He was out of Princeton University, and had been the former governor of Tennessee. During his administration as governor, the U.S. government began the ultra secret Oak Ridge Tennessee Manhattan Project to build America's first atomic bomb. 313

In 1944, he trailed only Freemason of the 33 degree, Harry S. Truman, for the vice presidency of the United States. In 1946, President Truman appointed Cooper as the Peruvian Ambassador.[43] 313

Mason Sturmbannführer SS Friedrich Schwend 315

The CIA had a big ultra secret asset and operation concealed in Lima, Sturmbannführer SS Friedrich Schwend of Himmler's ultra secret SS counterfeiting Operation BERNARD. 315

In 1945, OSS Chief Allen Dulles had recruited SS Schwend as an agent in the Reinhard Gehlen Org. Through him, Dulles recovered millions in SS gold, American and British counterfeit dollars and pounds. However, the U.S. discovered that Schwend and the SS continued its counterfeiting operation under deep cover.[44] 315

In 1947, when things got too hot for Schwend in Europe, the CIA and the Gehlen Org packed him up and sent him off to Cooper and Big Papa in Lima.[45] 315

The Illuminati Enemy Within Freemasonry - Weishaupt, General Pike, Palladian Rite, Morals and Dogma, Albert Pike, Rose-Croix, Templars, Alta Vendita or highest lodge of the Italian Carbonari, Mazzini, The Lost Keys of Freemasonry, Manly P. Hall the seething energies of Lucifer - Satan, or Lucifer, and the demons, Demonic Possession, Morals and Dogma, Albert Pike, Elias Ashmole edited Dr. John Dee, sorcerer who "brought through" the Enochian system of magic, of satanic ritual and demonic evocation, the Pagan Eleusinian Mysteries, Council on Foreign Relations ... the Trilateral Commission ... and the Bilderberger Group serve to disseminate and to coordinate the plans for this so-called new world order, Alice A. Bailey, 1950, 1986, "The Plan" involves a one-world government, an occult hierarchy, an elite "illuminated" oligarchy ruling over a world in which Christianity has been slated to be displaced and destroyed.

42. OCCULT THEOCRACY BY EDITH STARR MILLER,
LADY QUEENSBOROUGH

EDITH QUEENBOROUGH

This book claims to be an endeavour to prove that: —

1 — Owing to their union, all secret societies, whether political, philanthropic or occult in appearance, serve a political purpose unknown to the majority of their members.

2 — The power wielded by such societies is real and its character is international.

3 — Regardless of their exoteric objects, the esoteric aims of most societies are all directed towards the same end — namely : the concentration of political, economic and intellectual power into the hands of a small group of individuals, each of whom controls a branch of the International life, material and spiritual, of the world today.

The main branches thus controlled are : —

1 — The International Banking Groups and their subsidiaries.

2 — International, industrial and commercial control groups with their interlocking directorates.

3 — Education, Art, Literature, Science, and Religion, as vehicles of intellectual and moral perversion.

4 — The Groups already organized throughout different countries for the study of International affairs political, financial and economic.

5 — The International Press, the medium used to mould public opinion.

6 — The Political party organizations of each nation,

whether conservative, liberal, radical, socialist etc. existing in every country with parliamentary administration.

7 — Internationally organized corruption, the white-slave traffic, vice and drug-rings, etc.

Glancing at the body frame of all political organizations, do we not perceive that money is its main sinew? It would not sound preposterous to state that the electoral system is similar to that of auction, insomuch as it favours the highest bidder. In election campaigns, the successful candidate is not necessarily the most deserving or worthy of votes, but too frequently he who was able to buy the greater number of votes. Votes are captured by slogans, propaganda and, not unfrequently, bribery. Only an infinitesimal percentage among them will ever strive to find out the power or powers behind the candidate, and by whom he is, in effect, controlled.

43. Psychopath. Hervey Cleckley THE MASK OF SANITY, Section 1: An Outline of the Problem, 1. Sanity—a protean concept, A millionaire notable for his eccentricity had an older and better balanced brother who, on numerous fitting occasions, exercised strong persuasion to bring him under psychiatric care. On receiving word that this wiser brother had been deserted immediately after the nuptial night by a famous lady of the theatre (on whom he had just settled a large fortune) and that the bride, furthermore, had, during the brief pseudoconnubial episode, remained stubbornly encased in tights, the younger hastened to dispatch this succinct and unanswerable telegram

45. The Deliberate Dumbing Down of America by Charlotte Thompson Iserbyt - Now we are taught to be beta males and female warriors. The "men are pigs" propaganda will stop some women from marrying men but make them marry the state as Policemen, as Commissars.

From the Slave Manual of the Romans.. When creating a slave system, kill a few warriors and children in front of the women. Then say to the women, if you revolt we will kill everyone. Then put the women in charge of the plantation. We do this because if you ask the same thing of the men, statistically more will revolt, whereas women will comply.

49. Hallett & Spymaster - Stalin was a Rothschild, Stalin's British MKUltra Training at the Tavistock institute - Breeding Concubines - Paedophiles at War (2008)

1. British Royalty Sexual Excess, Breeding Concubines, Rothschild take over of Britain and Europe by breeding with Royalty.
2. Stalin was a Rothschild - Rothschild Stalin trained by the British at the Tavistock institute to take over Russia.
3. Satanic Pedophilia and Sodomy Ritual - Kitchener and Baden Powell
4. Gurdjieff Secret Agent

Lord Kitchener and Stalin were both trained by Gurdjieff as Martinist Freemasons. Stalin went on to rule a third of the world and Kitchener colonised the world through his special brand of Freemasonry - incestuous paedophilia and sadistic ORDER OUT OF CHAOS.

Britain was the training ground for immigrant revolutionaries to destroy their own foreign countries. This saved the colonising British army from doing it. Misinformation was always on the breakfast menu for the City of London and Metropolitan Police who regularly sabotaged each other's interrogations giving foreign terrorists any and every advantage.

Winston Churchill was King Edward VII's son. Once his father died, Winston needed to prove himself to his brother, the new King George V, so the 1911 Sidney Street Siege was held as a canned meat operation - a training exercise between Churchill and his protege Stalin, who went on to decimate Russia.

Protecting the satanic pedophile establishment by file theft is one of the main functions of a knight. A crime is committed,

the case is botched and the files are stolen. Ipso facto, the stitch-up is all stitched up and official history contains generations of the most unbelievable claptrap where nothing fits and most lose interest. This is the desired goal of establishment historians - most of whom are embedded into the Satanic occult. Jack the Ripper was an inside job that had the full support of Satanic occultist Freemasons and the British Royal Family.

Two of the most decorated men in British history Kitchener and Baden Powell were paedophiles who competed to commit the most heinous crimes in the British colonies and then use the Baden Powell Scouts to provide paedo children for the Elite, just like Epstein and Jimmy Savile. Understanding Queen Victoria and her children's illegitimacy, they operated with complete immunity, attained hero status, and medals were theirs for the asking.

50. Hallet and Spymaster, Hitler was a Rothschild Hitler was a British Agent trained by the MKUltra Tavistock Institute

And Hitler was a Rothschild like Stalin and Bill Clinton, conceived during a Satanic Ritual to create an Agent of War!

“During his period in the Tavistock Military Mind Control Institute in Britain in 1912, Hitler was trained as a public speaker. They taught him to gesture with his hands to emphasise points. He then developed his own style which was non-Germanic and incredibly effective. MI-6 also used an elocution teacher from Dublin’s Trinity College to give him voice lessons and teach him how to raise and lower his voice for emphasis.

“Much of an agent’s training is along sexual lines. Agents are given the Fritz Springmeier Mind Control trauma, drugs, alcohol, subjected to hypnotism, given access to other agents, and the instructors step out and watch what develops. Adolf gave indications of bisexuality, which is not unusual in an MI-6 training setting, and later went on to develop more complicated perversions that sickened many of the other would-be agents – notably coprophilia. The more extreme his sexual perversions, the more easily manipulated he was and the Mandarins of Whitehall were delighted with his progress.

Some predicted the sky was the limit for Hitler...

Historian Henry Makow, Ph.D., United States Greg Hallett offers persuasive circumstantial evidence that Hitler was a British Agent. As Hitler was in Britain 1912–13 other historians are guilty of sanitizing Hitler, giving him more credibility than he had. Hitler was a British Agent is a useful paradigm that clarifies many improbable events . . .

Why the Nazi war machine was financed and built by the Bank of England. Why Hitler was able to expand into the Rhineland without fear of retaliation. Why Hitler let 335,000 Allied soldiers escape at Dunkirk. Why Hitler attacked Russia before England was invaded or conquered. Why the Nazis never figured out their communications were compromised. Why Hitler never sealed the Mediterranean at Gibraltar. Why the Spanish dictator Franco remained neutral. Why Hitler didn’t conquer the oil fields of Russia and the Middle East. Why Hitler gave his racial policies priority over actually winning the war. Why I.G. Farben was never bombed, and became the CIA headquarters in Frankfurt after WWII.

The biggest improbability of traditional history is that an Austrian tramp, street cleaner and gay prostitute could become the Chancellor of Germany. Hitler joins a long list of obscure blackmailable figures catapulted into world prominence by the unseen hand.

Implications . . . History is unfolding according to the Satanic Sodomy Ritual Skull and Bones Illuminati's long-term plan. Wars are plotted decades in advance and orchestrated to achieve the destruction of nations and natural elites, depopulation, demoralization, and of course power and profit . . . The Satanic Sodomy Ritual Skull and Bones Illuminati sponsor 'enemies' in order to ferment conflict . . . The super rich Satanic Phoenician Mega Trillionaires have organized themselves to prey on mankind and establish permanent hegemony . . .

Greg Hallett deserves our thanks for advancing a history more plausible than what supposedly transpired.

Satchi's energy is amazing and just watching his videos would charge me up with softness and bliss. The energy I felt from watching the videos not only enabled me to see my own blockages, but I could feel some of them rising to the surface and then getting dissolved by light.

- Satchi is very helpful in emails and I have emailed him many times...he got back to me and gave me some hard truths and also honest support which helped me to continue making progress.

- The frequency of energy is the most powerful and high frequency I have worked with, it charged me up really fast and enabled me to see blockages psychically.- I started to sense astral beings a lot more (most of them not very nice) but we got taught how to deal with these in Level 2 with the Seven Step Process.

I also felt some very wonderful presences of spirits and ascended Masters associated with the course who were helping teach me.

- The level 2 method 7 step Process of removing energy blockages is simply amazing.

I use it every day. I've used it to dissolve or 'ground' negative emotions, fear, anger, to clear negative energy from astral entities, deceased human spirits who were inside my aura...

random spirits who would come to me to get guided to the light and so on.

This method has been far superior than all other methods which I have used.

- The level 2 methods allowed me to personally get through some very bothersome subconscious programming and blockages which no other methods were healing...I was under heavy psychic attack at this point and I got what I needed to stop it. Problems grounded and dissolved in the light of the earth chakra.

- The level 3 methods to remove deep karma - The Karma Cleaning Process - actually do work. I said in another report that I saw that it would have taken me 500 lifetimes to clear my Karma and become Enlightened . Now using Energy Enhancement Techniques I see that all those 500 lifetimes of Karma have been dissolved!! Perhaps Enlightenment is Next!!

My body feels so bright and purified, so light and fresh, I have used these methods to clear the karmic bonds between me and other human souls. It feels like all the 'history' between you becomes instantly neutralized back into peace and light. Although it also dissolves the 'good' karma too, for example it will neutralize positive attachment's between you and others and make you feel a more evenly spread benevolent peace to humas in general.

AGAINST SATANISM Vol. 6

AGAINST SATANISM VOLUME SIX

Infiltrating Bloodline Phoenician/Jewish aristocratic Families have existed for over 5000 years before the Birth of Christ. Using emotional rhetorical religious concepts to control, they worship all the Pagan Gods, including Lucifer, Satan, Baal, Bel, Molech, Ashtoreth, Cybele and Attis including all the Satanic Rituals in Against Satanism Volume 3 - RITUAL SEX, RITUAL DRUGS, RITUAL BLOOD SACRIFICE, RITUAL HUMAN SACRIFICE, RITUAL PEDOPHILIA, RITUAL TORTURE, RITUAL BURNING ALIVE, RITUAL CANNIBALISM, RITUAL CASTRATION.

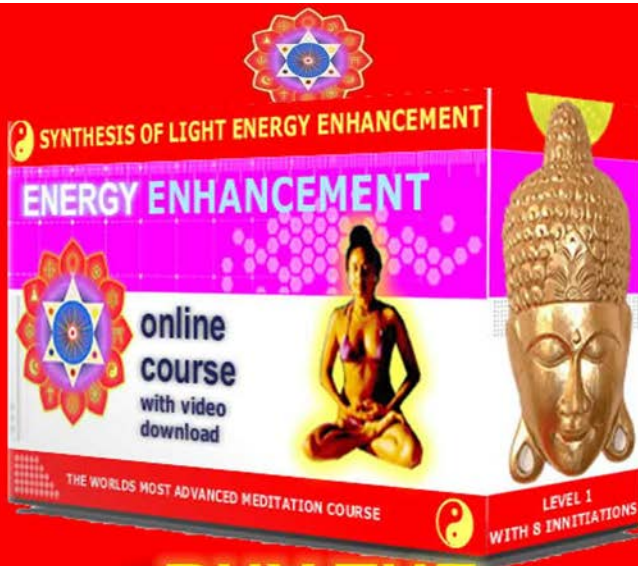

In this book we find that over thousands of years, spook, Bloodline Phoenician/Jewish aristocratic Families infiltrated every country, every Empire, taking over or infiltrating every ruling aristocracy and aristocratic, bloodline family, in Europe, Britain, America, India, China and in every other country in the World.

Jewish/Phoenician aristocrats were never attached to any tiny nation, but were always one globalized trading empire from 2000BC, playing countries against each other for profit. For example using a false Flag to start a fake war between ruling elites in separate countries both of which have been allowed, built up, to become rich, but all the elites in each country coming from the same Infiltrating Bloodline Phoenician/Jewish aristocratic Families, and then buying all the assets for pennies on the dollar after the war. Not only that, giving loans to each country to prosecute the war, owning the Military Academic Industrial Complex providing materiel for the war.

Many Infiltrating Bloodline Phoenician/Jewish families who have ruled the World as one trading block for thousands of years before the Birth of Christ came from the Fertile Middle East Crescent including Lebanon, Libya, Syria, Israel, Mesopotamia-Iraq, and Persia-Iran, and had that region and all it's Empires razed many times over nonetheless, profiting from each destruction. They hop to and fro over the planet, always profiting by shifting, reshuffling and breaking their Empires.

We saw that the important conquests are not in our history books as such. Rather, Europe was colonized in the Bronze Age already, in patterns that match up with structures we see in today's spook aristocracy. The entire upper class of colonized regions was replaced by Phoenician/Jewish families, with common people unaware of it to this day. Some of this colonization is cautiously admitted, just not emphasized.

We saw that the Infiltrating Bloodline Phoenician/Jewish families always held power. The secret behind their power is simply that there is no big secret. They don't know anything special. They can't do anything special. They never achieved anything special —other than monopolizing trade. With the power to deceive from the Father of Lies, owning all the media, - The CIA, the Military Academic Industrial complex, Universities, History, Books, Magazines, Newspapers, Television, Youtube, Facebook, Google - even idiots can rule the world for millennia.

Here we are talking Zen Master Hogen.

He said, "By Meditating we can change our messy life painting into a clean white sheet again."

Here he is saying that Meditation can with Intensity of Feeling, ground all the negativity, all the negative emotions, all the energy blockages attached to your memories that ever happened to you in this lifetime

He said, "I spent all my previous lifetimes making Guinness. Now in this lifetime I am drinking all the Guinness!"

REMOVE ENERGY BLOCKAGES

Learn the "Energy Enhancement Anti Energy Blockage Hack Technique" and Free Your Mind Once and for All.

Why has this Energy Blockage predator taken over in the fashion that you're describing, Don Juan?" I asked. "There must be a logical explanation."

"There is an explanation," don Juan replied, "which is the simplest explanation in the world. They took over because we are food for them, and they squeeze us mercilessly because we are their sustenance. Just as we rear chickens in chicken coops, gallineros, the predators rear us in human coops, humaneros. Therefore, their food is always available to them."

Don Juan had a broad smile on his face. He was as pleased as punch. He explained that sorcerers see infant human beings as strange, luminous balls of energy covered from the top to the bottom with a glowing coat something like a plastic cover that is adjusted tightly over their cocoon of energy. He said that that glowing coat of awareness was what the predators consumed, and that when a human being reached adulthood, all that was left of that glowing coat of awareness was a narrow fringe that went from the ground to the top of the toes.

If we consider a human being as containing seven parallel chakra processors within the body and an infinity of parallel chakra processors above the head and below the base, connecting us to the Universe, then the more of these parallel chakra processors we can access, the more intelligence we have - What stops the access to these parallel chakra processors is Energy Blockages.

We need to learn how to "Hack" these Energy Blockages to remove them so we can access our native genius. The Geni being the Soul Chakra, the first Chakra above the head.

Yet as we remove more of the energy blockages and access many more chakras, even more intelligence is possible!!

OPENING

**AWAKEN YOUR THIRD EYE
IMPROVING PSYCHIC SIGHT**

OPENING THE THIRD EYE

The conscious rocking backwards and forwards at the Start of your EE practice is to get your spine into alignment with the Kundalini energy from the center of the earth out into the center of the Universe..

to power your Psychic Vision, to Open your Third Eye...

Antaeus was killed (the process of Illumination requires the ability to get out of the body into the higher chakras, the same path we take when we die, but without the advantage of being able to come back along the Silver Chord) Antaeus was killed by suspending him in a tree - SEE THE MYTH OF ODIN IN AXIS MUNDI where Odin spent 9 nights suspended in the Axis Mundi Tree above the Crown Chakra in order to become Illuminated and gain psychic vision - make all his sight one in the third eye.

We eventually get into a state of energy transfer. We both feel it as white light flowing from one to the other in an incredibly intense way which lasts for two hours. At the end of that time I perceive an initiation which is taking place on the astral plane. Surrounded by a group of ascended masters I introduce him to the chief initiator who uses the rod of initiation to touch his third eye with the intense energies of initiation so that his energies can never again drop into that state we call normal waking consciousness.

The Antahkarana Also refers to the Unicorn - So, by removing the Blockages of Ajna Chakra the Psychic Powers of the Third Eye and of the Rainbow Bridge, a Horn emanating from the Crown Chakra leading to Wisdom, Psychic Vision and the Actualisation of all our Dreams, Our Soul Path which we teach in Energy Enhancement Initiation 4.

"COMPLETE INSTRUCTIONS ON
ENLIGHTENMENT" - THE
ENERGY ENHANCEMENT WAY BY-
SATCHIDANAND

"Now!! Here Are Complete Instructions on Enlightenment" After you have tried all the bad things and found they do not work - Here are complete instructions on how to attain your Infinite Peace. Yoga comes from Yoke. This Yoking or Union with the Higher self and the chakras above the head is Enlightenment.

By the loosening of the cause (of the bondage of mind to body) and by knowledge of the procedure of the mind-stuff's functioning, entering another's body is accomplished.

THE WHOLE WORLD IS CONTROLLED BY MEDITATION..

He who, due to his perfect discrimination - dis-crime-ination or sanskrit, Viveka, is the ability to transmute energy blockages and as they transmute and ground, so they go through the symptoms of the Gunas from Tamas, to Rajas, to Sattvic as the Negative Karmic Mass is grounded - The sword of discrimination is the ANTAHKARANA - the energy connection between all the chakras above the head through the body and below the base chakra to below the Center of the Earth, which feeds energy from higher to lower levels of the hierarchy - this discriminative energy blockage transmuting flow of energy if maintained is called Dharma Mega Samadhi.

The meaning of dharma includes goodness - next to Godness - virtue, justice, law, duty, morality, religion, religious merit, and steadfast decree - all symptoms of being Soul Infused.

Dharma is the energy of the Soul!!

GOODNESS AND MERCY SHALL FOLLOW ME ALL THE DAYS OF MY LIFE AND I SHALL DWELL IN THE HOUSE OF THE LORD FOREVER..

"WHEN ALL ENERGY BLOCKAGES ARE GONE, ENLIGHTENMENT IS SURE TO FOLLOW" - Satchidanand

VIMALAKIRTI SUTRA -THE BUDDHA FIELD

SATCHIDANAND

ENERGY ENHANCEMENT

Vimalakirti Sutra - The Buddhafield

Buddhas, Bodhisattvas, Aryasravakas, and Pratyekabuddhas conquering demons, natural spiritual benefactors of all living beings, free from impurities, expert in knowing the spiritual faculties of all living beings, high resolve as hard as diamond, unbreakable in their faith in Buddha, Dharma and Sangha, they showered forth the rain of ambrosia that is released by the light rays of the jewel of the Dharma, which shines everywhere.

The Purification - the Removal of Energy Blockages - And the Augmentation of Psychic Powers - Caused by the Buddhafield

Inconceivable Skill in Enlightenment Liberative Technique, Dharma, Connection with the Infinite Chakras above the Head - Gnosis, conquered all demons, transcendence of wisdom, tolerance and self-control, respected by Indra, Brahma, and all the Lokapalas

Thereby, thirty-two thousand living beings purified their immaculate, undistorted Dharma-eye in regard to all things.

The eight thousand bhikshus were liberated from their mental defilements, attaining the state of non-grasping.

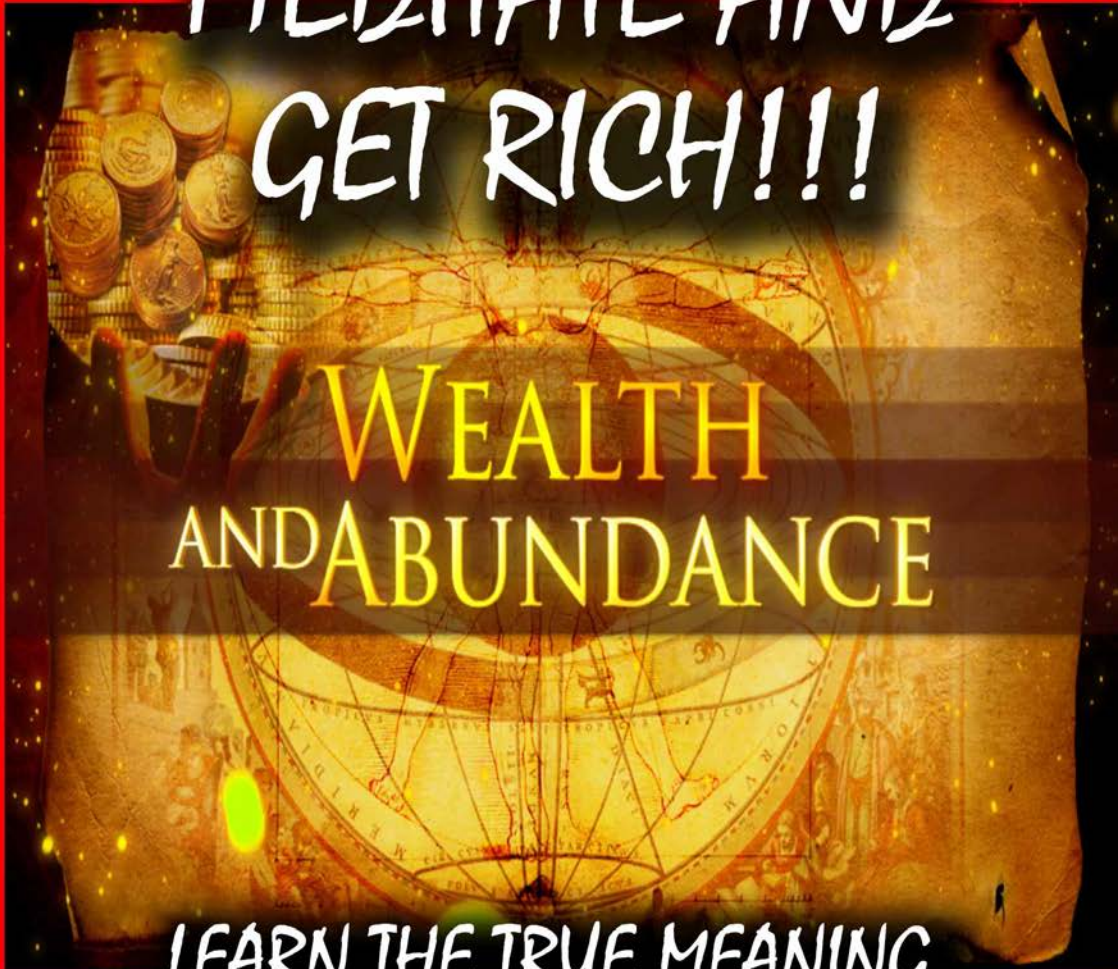

And the eighty-four thousand living beings who were devoted to the grandeur of the buddhafield, having understood that all things are by nature but magical creations, all conceived in their own minds the spirit of unexcelled, totally perfect enlightenment.

A Zen Master saw a child with a broken arm sitting miserably by the side of the road. This guy was so miserable that the Zen Master just knew he was impervious to being cheered up, To accepting good advice, to being told that, "Everything changes". So he took an iron bar and with it he broke his own arm. Sitting down by the young child he said, "Now we can talk!!"

"The Dharma - The Path of the Soul Chakra - The First Chakra above the Head - permeates evenly all things, because all are included in the ultimate realm. It conforms to reality by means of the process of nonconformity. It abides at the reality-limit, for it is utterly without fluctuation. It is immovable, because it is independent of the six objects of sense. It is without coming and going, for it never stands still. It is comprised by voidness, emptiness, a vibration so high that it is not gross like matter, or emotion, or mind, it is remarkable through signlessness, and is free of presumption and repudiation, because of wishlessness. It is without establishment and rejection, without birth or destruction. It is without any fundamental consciousness, transcending the range of eye, ear, nose, tongue, body, and thought. It is without highness and lowness. It abides without movement or activity.

MEDITATE AND GET RICH VOL.2

YOUR RICHNESS SEED IS A THOUGHTFORM!!

With regard to becoming rich, becoming strong, any mortal thing you want to be – All these things and more are thoughtforms.

They are thoughtform seeds.

And Napoleon Hill talks about growing these thoughtform seeds, actualising these thoughtform seeds, so that they grown like Acorns to become the great Oak trees they were destined to become - and he gives the formula for this Richness tree to come to fruition.

That you actually become rich!

And Napoleon Hill gives in this book these methods – which suit the natural competents, but require everything from those not naturally competent, including a lot of time..

FAITH, AUTO SUGGESTION, IMAGINATION, DESIRE, DECISION, PERSISTANCE, SEX, THE SUBCONSCIOUS MIND, THE BRAIN, THE SIXTH SENSE, HOW TO OUTWIT THE SIX GHOSTS OF FEAR

NOW, HOW WOULD YOU LIKE TO GROW YOUR PSYCHIC OAK TREE IN DOUBLE QUICK TIME?

HOW WOULD YOU LIKE TO SPEED UP THE PROCESS?

The thing about these Thoughtform Seeds is that they are psychic seeds.

These Thoughtform Seeds do not need real Earth, Water, Sunlight and Carbon Dioxide to grow.

No!

These Thoughtform Seeds need Psychic Energy to Grow.

Most Richness and Wealth Courses teach very beginners techniques.

We are taught the Ancient Buddhist Technique of Metta Bhavana – Gratitude - to Open the Heart.

We are taught the Ancient Yogic Technique of Repetition – of Mantra and Visualisation to Life Stream what we want in the Present tense as though we already have it

So we write down what we want on sheets of paper, read them out into audio files, listen to the files constantly, so that we live in our Matrix, not truly alive so as to enter the prayers into our conscious minds so that with years of repetition the thoughtform seeds might grow, clothe themselves in psychic matter and enter in to the Universal Sub-conscious mind and we might actually become rich and everything work out just as we wish.

So, why does it take so much effort by Mantra to become Rich?

The answer is Energy Blockages which stop our connection with the infinite energies of the Earth and the Central Spiritual Sun and which block our little richness thoughtform from the energies that would make it grow Superfast!

As I said, Mantra is a very beginners technique. There are Ancient Techniques of the Sidars which quickly develop the Psychic Powers to get what you want quickly and easily.

Everyone who takes the Energy Enhancement Course gets these psychic powers.

The power to connect with the fountain of kundalini energy from the Earth.

The power to connect with Infinite Spiritual Energy which descends from the Central Spiritual Sun.

The most powerful Technique is that of Meditation developing quickly with Energy Enhancement Initiations into Samadhi and Samyama, talked about in the Ancient – 5000 years old - Yoga Book, the Yoga Sutras of Patanjali.

Everyone knows that Meditation is the best, most ancient, fastest and efficient technique to gain Psychic Powers,

There is a whole chapter in the Yoga Sutras of Patanjali on the use of Samyama to gain all the Psychic Powers – gain immense riches, remove all our vows of poverty from our past lifetimes as monks, remove all bad luck and karma, remove everything holding you back, and attain Enlightenment the goal of All our Past Lifetimes.

ELIMINATING THE SHADOW

In this book, Satchidanand trashes the greatest most intellectual investigators and descriptors of the Shadow and the Shadow Subpersonalities. Great People - The Highest of All Humanity - Jordan Peterson, Carl Jung, Nietzsche, and every Psychotherapy, Psychological therapist who can describe the problem of the Shadow, talk about the problem of the shadow but have no Practical solution to the Shadow. All of those guys Failed to Solve the Problem of the Shadow. None of these guys have Any practical solution for the Shadow.. And it is the Shadow Subpersonalities which is the Source, The Fount, of All Evil on this Planet... And the Source of All Evil within You!!

Carl Jung says.. "There is no generally effective technique for assimilating the shadow. It is more like diplomacy or statesmanship and it is always an individual matter. First one has to accept and take seriously the existence of the shadow. Second, one has to become aware of its qualities and intentions. This happens through conscientious attention to moods, fantasies and impulses. Third, a long process of negotiation is unavoidable." (Carl Jung)

As Jung notes in the passage above, he thought there is no general technique to integrate the shadow, even though the Buddha and Jesus Christ exemplified the Meditation Technology. For thousands of years great souls have come to earth to demonstrate otherwise, that enlightenment is, "Tat tvam asi" Thou art that!! You are a part of the Universe and have nothing else to seek.

Energy Enhancement Meditation – Spiritual Insight – combined with psychological knowledge is THE complete way of processing and integrating your Shadow Side into wholeness.

Because Energy Enhancement Meditation has actual ancient time-tested meditative techniques that you can use and apply to your Shadow work to Heal All your trauma formed Subpersonalities and Integrate them into the Soul. As long as we have a Shadow Side we have Trauma formed Negative Karmic Mass – pain, frustration, pessimism, depression, anxiety, grief, bitterness, spitefulness, jealousy, anger, greed, lust, addiction, escapism, nihilism. These all need to be addressed and healed – transmuted and integrated.

Energy Enhancement Meditation uses the Psychic Spiritual Center – Third Eye as primary gateway into healing yourself. If we just use psychological analysis then we are limited. If we just use creative therapies, dream exploration, trance-work etc then we are also limited still. This is because we need it all, both sides.

ENERGY ENHANCEMENT MEDITATION – DEEPER THAN THE INTELLECT, MORE PROFOUND THAN THE MIND!

Alchemical VITRIOL is an Ancient Meditation designed to remove Trauma from Memories!! VITRIOL IS A LATIN ACRONYM - VITRIOL. – Visita Interiore Terrae Rectificando Invenies Occultem Lapidem, THE GROUNDING AND TRANSMUTATION OF ENERGY BLOCKAGES – The unification of the conscious and the unconscious., night and day, hot and cold, masculine and feminine. In the center is the Ajna Chakra – Third Eye. The kundalini Serpent has risen from the Muladhara – Base Chakra to the Third Eye Center. The symbolic meaning of its risen state is a raised consciousness that has dissolved duality. A state of Wholeness – Integration – Enlightenment.

"Come together, right now, over me" Singing these famous song lyrics from the Beatles to yourself, You can come together, surpassing your current-self to a higher-self!

YUKO SATO - SPIRITUAL WARRIOR ON THE ENERGY ENHANCEMENT VIDEO MEDITATION COURSE PATH TO SELF REALISATION Vol 2

Firstly, the truly incredible happening is that I've already seen my daughter 6 times since I meditated on her as the Petty Tyrant and cleaned all connections between us using the Energy Enhancement Video Course Level 4 techniques and following your advice. I think it was at the beginning of February. During several sessions of meditations, I also felt Karmic mass from many life times. When I fought against the Bloody Red Witch, my mind computer showed me that this Karma had influenced my daughter and far more in my future. As I wrote the review to you, I cleaned all blockages related to Lipstick in my timeline by time slam. Through meditations, I started to wonder what I should learn from this long Karma. Then, the result of the tarot I picked rang a bell in my head.

The Empress represents the Feminine Archetypes in the Tarot and teaches the daughter the true meaning of being a woman. I as the Maternal Mother carefully watched my creation grow and develop until the time comes for my daughter to stand on her own two feet. Like all Mothers, I did find it difficult to let go of my creation and hard to deal with, my negative aspect could become possessive, smothering, controlling and manipulative. I had been struggling badly last year. My ego with negative aspects attracted my daughter's ego like magnet.

But finally, I succeeded in this letting go process through meditations with the Energy Enhancement Video Course Level 4 techniques. Thank you so much, Satchi. It was a miracle. The Empress of this card showed that she was free from her Karma, at least I could feel it. Then, the relationship changed dramatically.

My daughter spontaneously started learning Kendo, Japanese swordsmanship, with me and she seems to like it. It is an amazing change which I couldn't have imagined this situation last year. Also, my mind and feeling have changed. My emotion stopped reacting to the past happening and small inconveniences and negativity. So I feel relaxed with her as an adult woman. And I am free from the delusion of what an ideal mother should be by old custom, education and society. I can't explain it well, but feeling, emotion, thought and intellect act independently without Ego or blockages. I feel very different from myself I used to be before.
