Dearest Satchi,

How are you? Thank you for sending the link of your book and other student's message. Reading someone's review who meditates every day, just like me, has been a wonderful realisation. Thank you.

I think this time the meditation was the longest I've ever done. I read your book by Patanjali while writing the review. Incredibly they were in sync. I believe this is God's will. Thank you so much.

Hi Johnnananda,

Level 0 gives physical fitness. Yoga, pranayama, agnisar kriya...

Everyone usually needs a good woman.

This is the base..

But I am saying more is needed.

You need to remove every Blockage.

You need to Master the Lilith Sexual Addicktion Blockage.

You need to Master Energy Cords.

Good for you to go through each initiation again to find the blockages you missed the first time.

Make everyone around you happy.

Every complaint is an energy blockage.

Every complaint is divine discontent, showing you what you have to overcome.

Love and Light,

Satchidanand

I get it Swami. The Brigand. The thief. The assassin. The internet warrior. But, we are the spiritual warriors. One of the things i notice about you is that....all of these blockages and behaviors that people have, you never have! Trying to be famous, trying to get revenge. being evil toward people, ulterior motives, just being an evil person!! You have none of that You are just pure of heart. I want to be like you. Lately I feel alot better. I feel a lot more free since getting rid of those blockages in the base chakra and around it. I feel great!!! Never felt better

But, I have a prison record. How can I teach yoga? Hahahah. I've never felt so clear. Thinking this clearly. I've never gotten the ideas and the thoughts and the explanations and wisdom in my mind that I get now. I just have a KNOWING now. I'm just enjoying life. Everything is getting easier. What should I do now? What should I focus on? You said taoists are black magicians so, how can I learn kung fu? I can practice on my own. Just exercise. That's what I do mostly anyway. I know that energy enhancement has given me so much. And, I owe it to this system to

Hello Johnnananda,

What should I focus on? You said taoists are black magicians so, how can I learn kung fu? I can practice on my own. Just exercise. That's what I do mostly anyway. I know that energy enhancement has given me so much. And, I owe it to this system to

I know that as you think what to do. How to benefit your family. How to benefit all the people. So your connection with God will offer all sorts of options.

The aim is to gain energy and raise your energy levels by removing blockages and absorbing angels.

The more blockages you remove, the more angels you will absorb.

From yourself and from all the people around you.

Love and Light,

Satchidanand

Hi Johnnananda,

If you have no purpose, what is your purpose?

You know, Energy Enhancement Techniques contacting infinite sources of energy charges up your being and gives you psychic powers to remove energy blockages, to heal people, to make them better, to evolve people and bring them closer to God's purpose.

Not my will, but Thy Will be Done!

to Johnnananda

One of my students had a pain problem from menstruation.

So, I went into the left energy connection into the second chakra. Projected energy into it and waited for the energy to come back to me along the right connection but it didn't. There was a big red angry blockage there.

So I seven stepped the blockage and tried again but no. There were 3 blockages I removed and she changed from a lesbian to a normal girl, got married, had three children.

We were invited to the wedding.

Go into the chakras with energy connections and look for blockages stopping the normal flow of energy.

Stubborn about what?

What's causing the stubbornness?

Wow Swami, you're a genius!!!!

I didn't realize you could work on people like that. Not "people like that" meaning a lesbian. I mean I didn't know that we could really go so in depth with another person's blockages. Like a doctor. I mean, you changed that girls whole identity!!!! Those are really old strong blockages!!! AMAZING!!! I gotta practice this. Give me a little time to practice on my girlfriend and her sons. They are in the same house as me. So, I will work on them first, since they are the closest.

Her being stubborn. I don't know. That was just a quick example. I have meditated with her a few times. And when I meditate, she is always in the room. Usually, sleeping but sometimes she is awake too. I look at her sometimes and scan her body and I see her Antakarahna open. So, I always just seven step the Antakarahna. It's open but faint. Not really faint but just starting to open a little bit. It's bright but it is not super, brilliantly glowing yet. I don't know if she has an anger problem. She certainly gets mad at me every now and then. Hahahah. But, she is way more happy than any woman I been with in the past. Very pleasant to be around 92 percent of the time. We have no problems.

So, sending energy into the left side.....

I need to practice each chakra more slowly. And, wait for the energy to come back instead of just going fast and imagining it. I need to really be sensitive when I connect with people through the cords. I'm gonna practice all this. Thank you Swami.

The key to a bright antahkarana is contacting the center of the earth.

Thank you Swami,

Yeah, I love Lord of the Rings! I'm a big Tolkien fan. Anything Tolkien. Lotr, the Hobbit, the Lost Tales, Silmarillion, Farmer Giles. I've read most of the books probably 3 times. And seen the movies at least 25 times each. Maybe more. Hahahahah. The Hobbit is my favorite. The book and the movies. But, I stopped watching them after I got out of prison because, it's a story that I love and watch and relate to and get deep into. And it's about an unlikely hero that is being chased and hunted down by a bunch of dangerous people that want something from him!!!!

So, I had to stop watching that movie and movies like that. Or listening to songs about jail and prison, or being trapped or locked up or chased or a fugitive and that type of thing!!! I had to get that out of my subconscious. I

love the stories though. As far as the trillionaire demon possessed secret societies. You don't have to worry. I would never in my life join a group that engages in any type of homosexual activities. That's why I didn't join the Illuminati because I heard that they do gay stuff. And, I have thought sometimes maybe they put me in jail because I wouldn't join their group.

No amount of money will make me have any kind of contact with any man, other than a handshake or a hug. Maybe grappling on the ground or getting out of chokeholds and wrestling and that sort of thing. Judo type training or fighting. But, other than that..... I am not, have never been and will never be interested in any kind of homosexual anything.

Hahahah. I have a father. And he is a man. And so am I. And, he would smack the dog shit out of me if I ever let another man bend me over in any kind of way. As my father should smack me in that case!!! And As i would smack the shit out of my own son!!!! I don't know what to say Swami. I'm a man. And.....no man is ever gonna put any part of his body or anything for that matter inside of me. I came from a culture of middle class, working class black people, African americans in the southern United states.

My parents were both descendants of African Slaves. And, in my era growing up and people I grew up around, being a faggot, or a punk was something to be frowned upon. People would get ran out of town for that. Ran out of school. It wasn't something people wanted to be or were proud of or anything like that.

It was wierd when I was raised. I have no interest in that, I am not, will not be and never have been a faggot, or gay, or bisexual, or a punk or a drag queen or a queer or queen or whatever they call themselves!!

That being said, I want to make money sure, but only using the law of attraction, think and grow rich. Hard work. Meditation. And that sort of thing. Affirmations. Things like that. I don't want to be rich that bad to where I would get into a wierd cultic, shamanistic, coven type group just to make a million dollars. It's not even that serious.

My integrity and my morals and my sense of identity is more important than any money. Or any person. I would rather be poor than to lose my self respect just to be rich. I don't like to judge people or call them faggots and all that.

But, I gotta be honest. I don't know what these evil people in power are doing. And, I have no interest in joining them. I just want to sit down in a log cabin in the woods in oregon, or washington state or california, hike in the woods, drive my ferrari's, fish in the nearby lake, workout a little bit. Ride horses. And, lay with my wife with the coke bottle shape! And

meditate. Remove as many blockages from people as I can. That's all I want. Hahahaah. I'm a simple guy swami. You know me!!!

Wow!! Look at this email Swami!!!! --

<https://satchidanand.substack.com/p/how-are-they-vampirising-humanitys>

I see Swami,

It's all becoming more and more clear now. When I clear blockages from those people around me, who gets the angels in their psychic channels? Me or them? Or both of us? Because, I feel more "intellect" and stronger "sixth sense" after I do it. Listen to people's problems. Hear them out. Interact with them. Then when I go into meditation, send energy to the left side of each chakra. Wait for it to come back. Then if it doesn't come back, examine the chakra to find all the blockages. And remove them. This is my destiny!! This is my job!! This is my passion!!! My mission!!! I found it!!! Hahahahah. Thank you Swami!!!

Jonnananda

Hahahahah!!!!

WHAAAAT????!!!!

Swami!!! A TEST??? hahahahah. Wow!!! This is the life!!! This is how it should be. After I meditated last night. My girlfriend came back from the grocery store with her son so I layed down to rest. I could see little white angels buzzing around back and forth in my head when I closed my eyes. They were flying around doing stuff. Maybe that was it. It's like you say in your lecture about becoming a white knight. Use the negative energy, transmute it for good to become the white knight. I love it. I feel so good all the time now. Talent angels and test. That's what's next!!! Thank you Swamiji.

Yes the good work of removing energy blockage demons from people using the Energy Enhancement Seven Step Process. Tracing the blockages back to their Source, the Dark Gods living immortally outside the body on the Astral Plane in the Chakras above the head, and transmuting them into Angels is designed to augment your spiritual body, make bigger, more talented, more evolved.

Where else can you get the blockages to transmute.

As you evolve you get the initiations of enlightenment.

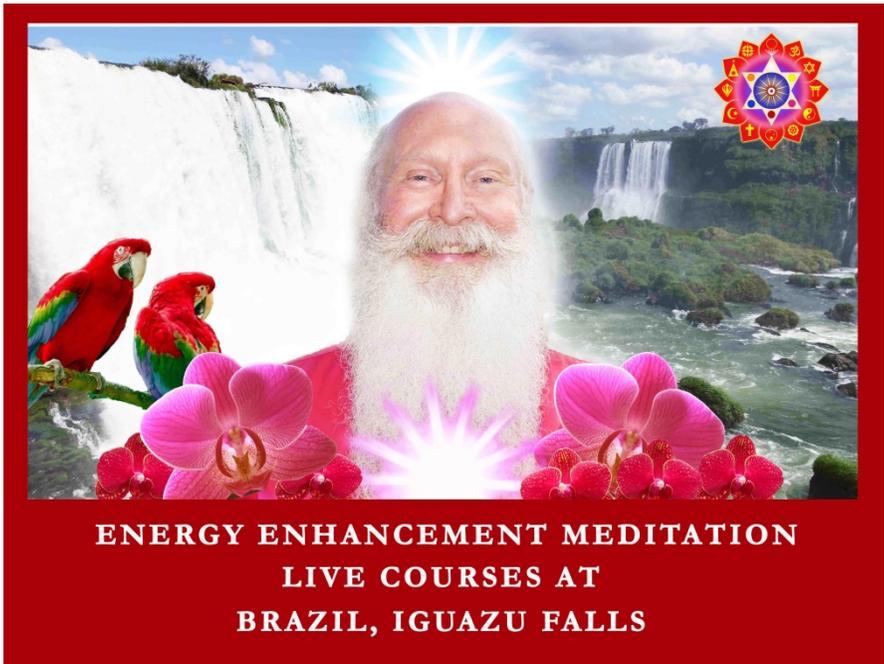

Fusion with the Chakras above the Head - Soul, Monad, Logos, Sirius, Avatar of Synthesis.

It's good to understand that you can't totally fix people.

You can remove a few blockages of the hundreds of blockages within them but afterwards, without meditational practise, they will always come back to the same point.

My student from whom I removed all the blockages, Arwen Evenstar, like all of Hollywood is now a confirmed LGBTPS.

A miracle, because that is what you are doing, may be sufficient to make them want to practise...

The Buddha had the same problem.

If I talk they will not listen.

If I write they will ignore.

If I demonstrate they will say I am mad.

So I will pass on to Nirvana.

But the Gods told the Buddha that There were people just on the verge of Enlightenment.

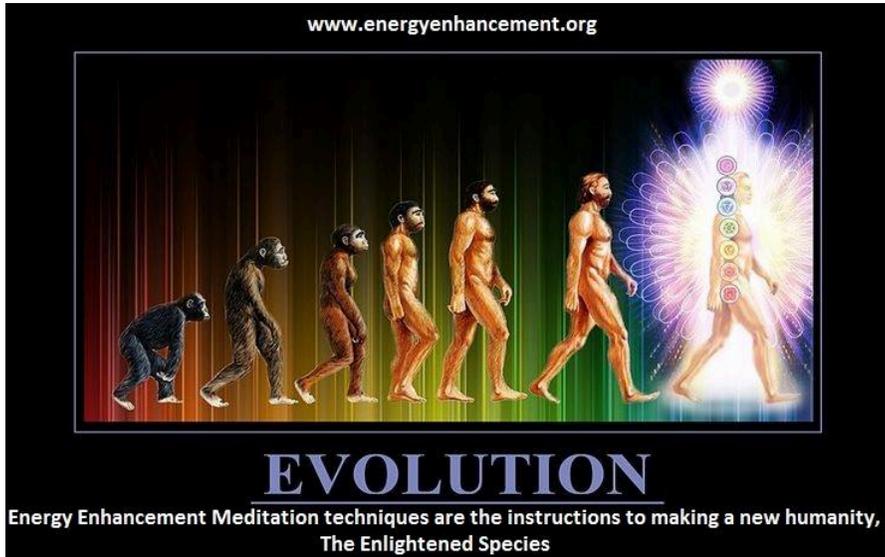

And these people, he could help.

ILLUMINATION!!

Now! Here Are Complete Instructions on Enlightenment After you have tried all the bad things and found they do not work... Here are complete instructions on how to attain your Infinite Peace. Yoga comes from Yoke: This Yoking or Union with the Higher self and the chakras above the head is Enlightenment.

By the loosening of the cause of the bondage of mind to body and by knowledge of the procedure of the mind-stuff's functioning, entering another's body is accomplished.

THE WHOLE WORLD IS CONTROLLED BY MEDITATION..

He who, due to his perfect discrimination - discrimination or sanskrit Viveka, is the ability to transmute energy blockages and as they transmute and ground, so they go through the symptoms of the Gunas from Tamas, to Rajas to Sattvic as the Negative Karmic Mass is grounded - The sword of discrimination is the ANTAKARANA - the energy connection between all the chakras above the head through the body and below the base chakra to below the Center of the Earth, which feeds energy from higher to lower levels of the hierarchy - this indiscriminative energy blockage transmuting flow of energy if maintained is called Dharma Mega Samadhi.

The meaning of dharma includes: godliness - next to Godness - virtue, justice, law, duty, morality, religion, religious merit, and steadfast decree - all symptoms of being Soul infused.

Dharma is the energy of the Soul!!

GOODNESS AND MERCY SHALL FOLLOW ME ALL THE DAYS OF MY LIFE AND I SHALL DWELL IN THE HOUSE OF THE LORD FOREVER..

YOGA SUTRAS OF PATANJALI

ENERGY ENHANCEMENT

"COMPLETE INSTRUCTIONS ON ENLIGHTENMENT" - THE ENERGY ENHANCEMENT WAY BY SATCHIDANAND

The Yoga Sutras of Patanjali talks about Illumination as being Nirbija Samadhi. This word is a teaching as to what exactly enlightenment is. Nir means no, and Bija means seed. The seeds of desires which have not yet come to fruition. These Seeds are Energy Blockages. This is the Karma which is yet to come. And as it says in the Yoga Sutras of Patanjali, "The Karma, the Pain, that is to come can be averted" - Book 2 Sutra 16. The removal of Energy Blockages, Grounding their Negative Karmic Mass, is an Energy Enhancement Process called, "Karma Cleaning" - The Energy Enhancement Meditation Course Level 3 of Energy Enhancement.

Each desire seed when watered can addict us to the desire it contains.

In the Yoga Sutras they talk of the method of roasting the seeds - removing the addiction, the slavery to your desires (When you slaver your saliva over something the desire drips out of your mouth) - so that the life they contain is extinguished, they can not germinate even with all the correct conditions, ever again to bring us to Painful Karma. And what roasts the seeds?

This is the concentration of the Light of the Soul in Samadhi, the next highest energy to the mind and there are higher energies still we can contact on the path of Energy Enhancement, as light is concentrated through a lens, as it is focused through the Brow Chakra, Ajna Chakra or through any of the chakras of which the Brow chakra is the Master - this is called Samyama...

The difference between the Buddhas and the Black Magicians is the the Buddhas are connected with God, have perfected themselves, got a bigger psychic body and sufficient energy to lift off into the Astral Plane. The Higher the planet, the more potent the energy. My Planet was 75 million chakras above the base chakra!

Also too the Black Magicians who have cut themselves off from God, have destroyed the energy of their Hearts by Evil Acts like the Satanic Rituals and thus must vampirise Humanity to live immortally.

THESE ARE PEOPLE WHO HAVE LEARNED TO LEAVE AND LIVE OUT OF THE BODY AS DARK GODS LIVING IMMORTALLY IN PRIVATE UNIVERSES ON THE ASTRAL PLANE IN THE CHAKRAS ABOVE THE HEAD!

After this meditation, I meditate everywhere every day, in London or in Prague with so many angels and Kannons, Bodhisattvas. It will be the next review.

My review is pretty long. But I am glad that I wrote all what I experienced. It was not easy, but I believe it would help other students like me. In order to get the peaceful mind, we must remove all blockages. I removed a lot, but there are still there. I will keep doing with my will.

Here is my longest review of my longest meditation. I am afraid that it is too long to read all. So, I am thinking to read out it and record it. What do you think?

I was in the middle of a nap after that incredible yoga and meditation experience. It was so vivid and real that I even remember how I felt and the surrounding situation in the dream. This meant I was in the middle of a lucid dream. One of my Kendo friends woke me up in my dream. She is a tall Russian lady and teaches Yoga in Prague. I am 177 cm in height. She is one of the few women who are taller than me. She has just obtained Czech citizenship which I plan to have a test for this November. I looked around the place and quickly understood the situation. Some of them I knew and others I didn't. They seemed to prepare for a trip. I thought that we were going skiing because it was the Christmas season and they put on special jumpsuits. I knew I would go on a long trip. So, I decided to store the unwanted items not to carry with me.

It was my ex-husband's pen case. I didn't want to carry it on this trip, but I felt bad to throw them away. So I decided to store it in a coin locker. Luckily, I found an empty locker in the middle of a busy place. When I placed it, accidentally it was opened and pens were scattered on the floor. When I saw the pens which were really his ones. I felt anger and hate. At the same time, fear was there that he had a new girlfriend. It really surprised me. I picked them up carefully and placed them in the locker.

After I locked it, I realised that my fellows had gone. I knew that they got on the spaceship and I was lost in the airport. There were angels on the several gates. I asked where they were. The angels wore poker faces and didn't tell anything. I was left behind them. I tried to guess which gate they went to. Finally, I surrendered. I must stop fixing the result. I accepted it and I decided to sit on the floor before the angels and meditate. Then, I woke up. I was surprised that I was not after meditation.

Unexpectedly I was not feeling good. Actually, I felt really sick. What is going on within me? I had aches in my joints, especially my spine and lower back. I felt so cold in my feet. I touched my legs and they became cold like I was walking through a snow forest. I got up and I felt strong pain in my Solar Plexus. Usually, I am quite healthy and strong, so I cannot remember when I felt sick last time. I put all my clothes on, but I still felt very cold even in the middle of summer. Suddenly, I felt something hard in my Solar plexus, it produced sickness.

So I decided to go to the bathroom. I needed to vomit, but I was not sure I could. Because I didn't eat anything since dinner last night. I looked at the clock on the way to the bathroom. It was 5:15 in the afternoon. There was a black cat in front of the bath room. Two yellow eyes were looking at the

clock. I kneeled and put my fingers in my mouth. I tried, but I didn't succeed. Of course, my stomach was empty. But my intuition instructed

me to do so. Finally, I vomited something brown. I washed my hands and sipped hot water, then I went back to my room. I felt a bit better, but joint aches and cold were there. I decided to meditate. My intuition or higher self told me to do the Energy Enhancement Meditation Seven Step Process. I sat on the bed closed my eyes and went back to my lucid dream. I knew it would be a key to recovery.

I have intense pain in my solar plexus and my back behind it. So, instead of Dhyāna Mudrā, I placed both my hands on the pain in the Solar Plexus. I manifested that I would remove this blockage. Yes, it must be a blockage. Satchi taught me that all physical pains were blockages and I could remove them by the Energy Enhancement Meditation Seven Step Process. Moreover, my mind stopped on the pen case which implies my ex-husband. I felt negative emotions, hate and fear... when I looked at it. Even though, I was afraid of losing him. That was why I tried to pick them up and place them in the locker so as not to lose them or disappoint him. These negative feelings also represented my previous marriage. These negative feelings had been suppressed by the cap in my Solar plexus. Now the cap of this blockage was removed by vomit. I didn't eat anything since the last dinner. It must be the cap. Otherwise, what else did I vomit? I accepted this fact and I was firmly determined to remove all blockages and I believed that I have a strong power to make it happen.

I breathed slowly and deeply. I felt the vibration of a voice, it said, "Breathe deeply without holding your breath." I felt a big movement and vibration through my hands. As I inhaled, my breastbone lifted while my diaphragm descended. As I exhaled, my breastbone and ribs returned down and inwards, my diaphragm ascended to push out carbon dioxide with pain which was blockage. I felt the vibration through all of my body. It was a long message.

"Every memory is engraved in each of your cells. Now, you are receiving the message with your whole body, then thinking with your whole body, and will express it with your whole body." I counted my breath, one, two, three..... Up to 33. I felt the vibration again.

"Your memories are not stored in your brain, they are stored in every cell of your body. The memories of your current life and previous lives are also firmly in your cells. When you access these memories and remove blockages, a door of mystery opens. Beyond that door lies a new world in different dimensions.

I sent energy to the pain through my hands up to count my breath and reached 111. My breast bones and ribs were expanded enough to access my inner universe which I found this morning. Although I wanted to obtain energy from the highest chakras in my inner universe, I didn't know how to go higher within me. There was no high and low in my inner universe.

They created a fusion, but each chakra came one upon another, and not even a hairsbreadth could be slipped in between them. They were not mixing but seemed to respect each other. Wow, striking a perfect balance and absolute harmony. I was sending energy created from a perfect balance and absolute harmony to the pain through my hands. This activity

conjured up the memory I helping my mother in the ER in a Japanese hospital five years ago. It was stored in my cells.

I heard the Satchi's voice, "We normally transmute blockages without any feedback, however, if we need to know something, if we need to be taught something, to reflect on it, then we usually receive visions of what happened to create the blockage in the first place."

Satchi was always there to point out the symptoms of yet another blockage. He was always there to give another dose of spiritual energy. He was always there to help remove the blockages. His help was always there to bring out the last remaining blockages. So, I decided to follow those visions from my third eye. I trust my third eye as well as Satchi.

My mother was transferred there by ambulance. It was almost 5 years ago early summer. A doctor said that if it was delayed 30 minutes, she would be dead. In desperation, my father called an ambulance although he was hearing-impaired 10 years ago. My beloved mother lost all her muscles and her weight was only 30 kg. Finally, she was diagnosed with ALS, because she could not breathe to obtain enough oxygen by herself, even her lung function had no problem. She lost muscles around her lungs, so her lungs could not flush out carbon dioxide in her blood. It remained in her blood. That made her unconscious.

I flew from Prague and arrived in the ER. She was thin like a skeleton and the colour of her skin was brown like dried soil. The doctor said that she might live a maximum of two weeks. My brother called for help from one of his business partners who could send Qi-energy to a patient. He learnt this technique through his training for Taichi Quen throughout his life. He was a former coach for the Chinese National team of Taichi. Luckily, he had time and came to the hospital and held my mother's hands for 30 minutes and scrubbed her insteps (back of her feet) just the bottom of her big toe for 10 mins every day. I was there and observed what he did.

On the fifth day, he looked at me and said, "I will teach you how to do it. I believe you can do it. Because I feel a lot of energy from you. After you learn, you can give your energy to your mother after I leave." So, I did. She recovered so quickly. 2 weeks later, she could get up from her bed. She lived for two years more instead of two weeks which the doctor diagnosed.

I learnt how to give my energy to others. 2 years ago, I did the same to my dog, Inca. Inca had suffered from inappetence or anorexia due to the effect of uremic toxins on the gastrointestinal mucosa. Protein catabolism during inappetence increases the production of uremic toxins and worsens the condition. Our vet said that it was genetic for Greyhound, she might not live longer than 6 months. I asked for help from the specialist for homoeopathy. She prescribed both of us and recommended treatment together. At that time, I started living alone with my Inca and I felt negativity every day. I believed that my negativity affected her.

I decided to meditate every day to remove my blockages by the Energy Enhancement Meditation Seven Step Process which I had the only way and transfer positive energy to my Inca. I placed my hands on her kidneys and I did what I learnt from Tai chi Master. I stopped indulging in what I did in past and focused on removing blockages in order not to lose her. Six months later, the Inca became normal and I quit smoking.

So, why not I did the same to my body? I followed his instruction. I focused on imagining a flow of my body's circulatory system and the process of moving air into and from the lungs to facilitate gas exchange with the internal environment, flush out carbon dioxide and bring in fresh oxygen. Once the body's circulatory system transports these gases to and from the cell. Then, "cellular respiration" took place. I synchronised with my breathing. Strangely, I knew this function well because the doctor explained to me how to understand my mother's problem.

Now my mind spread even in each cell. Yes, my cells remembered everything, even that intense moment which I meditated upon and grounded it many times. It was the conversation to my mother by writing because she had to wear a respiration machine. This spring, I burnt those papers of conversations on the hill where I meditated often as a sort of a ritual. I could see clearly that her bony, scrawny hand wrote, "I've been tormented by an inferiority complex and now it's killing me."

Now I felt my mother's bony hand in the cells of my hand. I felt her love, her big love, so I sent my love back to her. My third eye which is shining as a beautiful deep indigo hue gem like Tanzanite saw a matryoshka doll at the place of pain. I knew this doll. It was bought by my mother when we went on a journey from Hong Kong to St. Petersburg in Russia by train. It was a gargantuan distance, of over 9000 km and entailed 9 days without washing our hair.

This doll started talking to me. Your cells stored everything, some unexpected happenings and a lot of unforgettable experiences on this trip. Feel your cells and listen to them. Then, my cells started talking the memory, "You communed with your mother so well and deeply. It was smooth like silk and easy like a pair of pyjamas. The night talk was awesome, especially while watching the starlit sky and listening to the

sound of a train. As a result of this, the silence between you was imbued

with colours. The most important thing can only be explained by silence, not by words."

The doll smiled and said, "Your cells seemed happier. So, I have a gift for you. Open me!". So I opened her. There was another a bit smaller doll inside. Then, the smaller doll said, "Burn the bigger one into the centre of the earth. This contained blockages." So, I did so. A beautiful golden angel with thousands of arms appeared. She smiled at me. I knew her! I met her so many time in temples in Japan and China. She was Kannon, a bodhisattva, the Buddhist Goddess of Mercy.

The smaller doll said, "Feel your cells again and listen to them!" My cells explained another memory, "You two experienced a diversity in ways of thinking through conversations with unusual passengers, for instance, a North Korean labourer and a Russian arms merchant. As a result of this, your perspectives became in-depth with uniqueness." The smaller doll

smiled and said, "Open me!". I did and I found the much smaller doll inside. As her instruction, I burnt the bigger one and another Kannon was released.

The much smaller doll said, "Feel your cells again and listen to them!" My cells explained another memory "The magnificent time which you two had was so long and basically involved no action, therefore you two thought a lot until your imagination overflowed. Moreover, the slow passage allowed your five senses to take off. You put your hand down into the stream of culture from the window. It was imposing and a bit chilly." The smaller doll smiled and said, "Open me!". I did and I found the much smaller doll inside. As her instruction, I burnt the bigger one and another Kannon was released.

The much much smaller doll said, "Feel your cells again and listen to them!" My cells explained another memory of a conversation with my mother in a small restaurant. "You told your hidden feelings to your mother the first time how you were unhappy when you were a child. Because she was so strict and gave you only conditional love. Then, your mother sincerely apologized to you." Tears dropped. She said again, "Open me!" the tiny doll appeared.

I was surrounded by four Kannon, bodhisattvas. Then, I heard Satchi's voice, "Accept your mother's apology and surrender in order to evolve, in order to help your mother, in order to help the world. You need to bring out the last remaining blockages." His voice was white gold with pink in colour. It was very high frequency. Then, all released Kannon's nodded at once. I opened the smallest doll. It was difficult to open it. Of course, the last one was not for opening, right?

Unexpectedly, after struggling, there was a ring in it. It was my 14-karat gold wedding ring. I couldn't forget about it. I designed it based on the Celtic motif in which two gold ribbons were entwined. No need to say anymore, one is my husband's love and the other is mine. In a nice little twist, my husband lost it a few years before our divorce. Although it blew a chilly wind into my heart, I burnt the tiny doll into the centre of the earth. The fifth Kannon appeared.

She nudged me to put on the ring whispering in my ear. I hesitated. Satchi's voice again, "Take a risk for the last remaining blockage!" I put it on. Like the Lord of the Rings, the ring made me invisible and I was in a memory of a court of divorce mediation.

Satchi, it was the court we talked about in the last Skype conversation. Only my ex-husband's voice flew to my right ear, but the change in his voice was astounding. It became menacing, powerful, and harsh as stone. A shadow seemed to pass over the high sun, and the courtroom for a moment grew dark. I trembled and I stopped my ears.

I couldn't believe it. There was a completely different marriage there with his voice. The marriage that existed was the exact opposite of mine, like the exact opposite of a horror story. I could not contain myself when I heard what he'd said.

Therefore, I wanted to take off the wedding ring apply the Energy Enhancement Meditation Seven Step Process and burn it completely in the centre of the earth. But the ring wasn't on the ring finger of my left hand. I was left behind in the world of the Lord of the Rings.

I was only a thin, shaky shadow discernible in the brightest sunlight. And there was no sun there. My ex-husband complained that I was a terrible wife who couldn't do any housework. Our flat was like a drug addict's room. My dog had to scatter fur on the floor and he had to put on his shoes to walk into the flat. I cooked after a great struggle, but the kitchen was a disaster. And I spread stress into the atmosphere in the flat. In particular, the state of the home office scattered noise and he couldn't stand it when I taught online during a COVID-19 period.

I found an answer to the riddle that can never be solved. I can feel a kind of uplifting feeling in his voice. This was the logical expansion. This was the reasoning my husband is good at. I did decent housework, especially cooking. Despite the flat not being spick and span I cooked healthy food every day. Because I had to just tread water every day. He often blamed everything on me and planted a seed of guilt in me. This little guilt grew bigger and bigger in me and sooner or later I devoted everything I could to him. The 12-year marriage was just a repeat of this. It was said that I kept playing the ideal wife he sought for.

Satchi's voice again,

"The seen exists only for the sake of the seer."

"This is a delusion. The ring created an illusion." Satchi's voice was illuminating in this darkness like the sun.

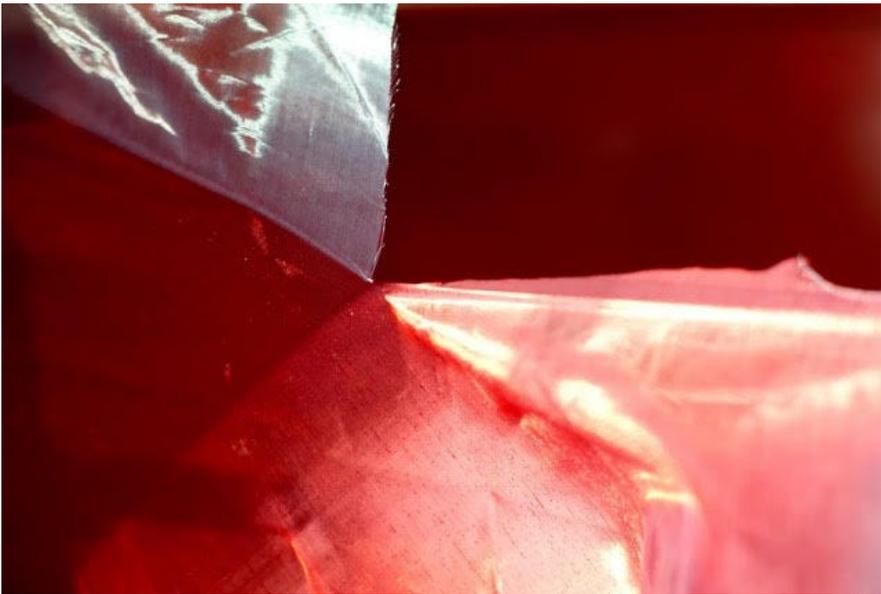

"All blockages must go!"

"As everyone has Pain, your ex-husband uses that pain to get your attention and energy. Don't cling on to his pain!"

"You need to Master Energy Cords." Cut the energy cords and ground them. This is the only solution."

I breathed slowly and deeply. It must be a gift which the doll said. Yes, all I'd experienced was a gift. Because I was ignorant. I had terrible experiences. I thought nature was real, happiness was real. I ran after him. I thought it was love. But now I know what they are. I learned the hard way.

It had conjured up the last scene of the movie called Kama Sutra. The beautiful heroine loses her loved one to the elephant's crushing death to the jealousy of the king whose wife is her best friend and his mistress is her.

The jealousy of the two is intricately entwined like my golden wedding ring and punished the heroine by executing her love. The moment the beautifully dressed elephant lay down on her love, she wiped the red pattern on her forehead with the Indian traditional costume called Shala. That scene appeared in my dreams many times for some reason.

Now I have a clear reason for that. My love for my ex-husband was laid under the elephant, and my marriage pattern, which was beautifully drawn on my forehead, was my pride and dear for 12 years, and I touched it many times to make sure. I wiped off the beautifully depicted marriage of artwork on my forehead. I wiped off completely from the moment I kissed my husband for the first time under the cherry blossoms, the feeling of

exhilaration I felt at the wedding, and the happy times when we raised our daughter together.

Everything is now under the elephant's body. I have an exceptional memory like an elephant. In particular, I remember the experience in detail by using my sensitivity to the five senses. This is one of my native powers. Every memory is now under the elephant's body. Of course, I needed a great number of elephants. The sight of a series of elephants in an elegant crescent shape was in front of me. Seeing it with my own eyes, I was on the verge of despair.

Satchi's voice again,

“You learn that intense disappointment can kill us.”

“Don't take the Ring!!”

“Don't open yourself to blockages. You start to know intensely, a matter of Life and Death.”

“One Ring, to rule them all and in the Darkness, Bind them.”

“And this Ring Blockage is created by Sauron, by the Devil, by minions of the Devil called Black Magicians to control all the other rings! To control the Seven parallel processors which comprise the mind.”

“The Created Ring Blockage creates perversion, desire and emotion within the person who comes close to it.”

Being on the verge of despair, I focused on all my strengths. I could feel the power of Satchi's voice and five Kannons. Didn't the book of the Lord of the Rings say that to master the Ring's capabilities, a Ring-bearer would need a well-trained mind, a strong will, and great native power?

I came out of the rough seas and took a breath. My strong sense of will is back in my hands. I grabbed the pain in my Solar Plexus. It had a myriad of black tubes connected to my cells. I pulled it out of my body. It looked like a black ball. I applied the Energy Enhancement Meditation Seven Step Process. This black ball burned so well and many Kannons were released. They gave me pure mercy to my hard way. I accepted. Yes, well done Yuko!

Next, I applied the Energy Enhancement Meditation Seven Step Process process to all memories laid under the thousands of elephants. A much bigger flame came out to purify the chakras below my base chakra again. Countless golden Kannon were released.

What is the next? Yes, my ex-husband's pen case! It was the starting point. I applied the Energy Enhancement Meditation Seven Step Process on it. On the third step to find the Black Magician, thousands of Kannons brought me to the top of my Antahkarana. There was a gigantic waterfall. They brought me through this waterfall. There was a dark space I'd never been there. It was inside of the waterfall.

Suddenly, thousands of Kannon lined up in front of me. They said, to use your spiritual bow and aim at the empty space without touching any of your arms. Considering that the Thousand-Armed Kannon has one thousand arms on its one body if the mind stops at the one arm, the other nine hundred and ninety-nine will be useless. It is because the mind is not detained in one place that all the arms are useful.

When facing a single tree, if you look at a single one of its red leaves, you will not see all the others. When the eye is not set on any one leaf, and you face the tree with nothing at all in mind, any number of leaves are visible to the eye without limit. But if a single leaf holds the eye, it will be as if the remaining leaves were not there.

One who has understood this is no different from the Kannon with a thousand arms and a thousand eyes.

OK. I got it. I held my spiritual bow with the arrow. I noticed the golden ring in my left hand. I smiled and let it go. I set my eyes anywhere with an unfettered mind. I released the arrow. It goes into the space without touching any of the arms. Yes, I did it. Then, the arrow hit the Black Magician's spaceship!!!! I succeeded in catching an invisible Black Magician in the spaceship. Thousands of Kannons smiled at once. I completed the seven-step process.

Then, I took the golden ring off my left hand and applied the Energy Enhancement Meditation Seven Step Process on it. Again, thousands of kanons supported me. I caught an invisible Black Magician on the planet!!! I completed the Energy Enhancement Meditation Seven Step Process.

I applied the seven-step process to my ex-husband. I caught another invisible Black Magician again. When I completed the Energy Enhancement Meditation Seven Step Process, Kannons didn't smile. They told me that it was not enough. It must be hardwired in, transcending the memory loss I experience at the beginning of every new lifetime.

I must look at the timeline. The timeline? Oh, my God, it means I had a karma between me and him. I asked my mind computer to show the timeline. I circled the period of my previous marriage with my spiritual dagger and I applied the Energy Enhancement Meditation Seven Step Process. My mind computer worked pretty fast this time and showed me the related connections to my past lives.

I kept my mind flowing not to stop at this Karma. I have evolved since this morning by the power of the sun and the moon. It is only when I transcend the mind that I am free from these Karmas. I dived into the universe

within me which I discovered this morning and searched the connections to these Karmas from a different perspective.

I could see with my third eye many black spots many energy blockages and carefully removed them with my dagger. I changed the gravity higher, then all the black dot energy blockages fell into the hot fires in the centre of the earth on which I sat on. They were burning and the heat transferred into my legs. I started feeling warm in my legs. “Yes! I am eternally free — never bound by these.”

The flame in the centre of the earth became bigger and bigger. It burnt my chakras below the Kundalini Chakra one by one. When the flame reached my base chakra, the big golden Kannon with thousands of arms was released. She was huge and started talking to me.

“You have returned to this life to experience that new world. Please remember, when you lived without body, when you sang with the wind, when nature was your best friend and when you healed others with the myth you created. Another dimension awaits your awakening.

You know where to direct your attention now. Whether you are choosing the world you really want to go to. You can tell by looking around you. You bring people on the same stage who are on the same wavelength as you. Be mindful of the thoughts and vibrations you generate each day.

If you meet someone you could envy, congratulate them. Bless the person and bless yourself. Because everyone in your world is a projection of you.

Accepting that person and rejoicing together means that you accept your future. It means allowing yourself to do it. In other words, it leads to a future where you yourself can feel joy.

Please don't deny it. If you deny it, you also deny the parallel world.

The colourful and beautiful parallel worlds prepared for you are limitless.

What you focus on can be confirmed through the people you meet.

If you feel uncomfortable with the people who are appearing in your world now, if you feel uncomfortable with what is happening in your world, then you feel uncomfortable with your own way of thinking.

“Don't try to advise them because wicked people seldom take advice. If you try to advise them you will lose your peace, like now. Remember, our goal is to keep a serene mind.”

You have the power to change your world. Let's deal with it one by one with the discomfort and courage in you. Then your world will be calmly arranged.”

Then, I fell asleep without pain and cold.

Love and Light

Yuko

That's really good Swami (and Devi) hahaha. Last night, after I meditated, I couldn't go back to sleep. I just had too much energy in my head. So, I wanted to try to see you psychically the way you always see everything about me. Hahahah. I was laying down to sleep but I looked at you and I saw a pillar of bright bright white light!!! Not like a light that you can see, but like a star or something. Like SHARP!!! I couldn't even see YOU. It was just a bright light filling up the whole antakarshna and down through past the earth.

Then, I tried to look at some other yogi's that I have heard of and I couldn't see them. I was falling asleep after I saw you. The energy made me drowsy. But, yeah I actually love to help people, Swamiji. It's like the Bible says, it is more blessed to give, than to receive.

Vimalakirti Sutra - The Buddha Field

Buddhas, Bodhisattvas, Arjuna, Arjuna's, and Pratyak Buddha's conquering demons, natural spiritual benefactors of all living beings, freedom impurities, expert in knowing the spiritual faculties of all living beings, high resolve hard as diamond, unbreakable in their faith in Buddha, Dharma and Sangha, they showed forth the rain of ambrosia that is released by the light rays of the Jewel of the Dharma which shines everywhere.

The Purification - the Removal of Karmic Burdens - And the Augmentation of Psychic Powers - Caused by the Buddha Field

Inconceivable skill in Enlightenment (Bodhi) Technique, Dharma, Connection with the Infinite Chakra above the head - (Kroon, crown, and 11) dimensions transcendence of wisdom, tolerance and self control, respected by monks, brahmins, and all the Lokapalas

Thereby, thirty-two thousand living beings purified their immaculate, undistorted Dharma-eye in regard to all things.

The eight thousand bhikkhus were liberated from their mental defilements, attaining the state of non-grasping.

And the eighty-four thousand living beings who were devoted to the grandeur of the Buddha Field, having understood that all things are by nature but magical creations, all conceived in their own minds the spirit of unexcelled, totally perfect enlightenment.

A Zen Master saw a child with a broken arm sitting miserably by the side of the road. This guy was so miserable that the Zen Master just knew he was impervious to being cheered up, to accepting good advice, to being told that, "Everything changes". So he took an iron bar and with it he broke his own arm. Sitting down by the young child he said, "How we can talk".

"The Dharma - The Path of the Soul Chakra - The First Chakra above the head - permeates evenly all things, because all are included in the ultimate realm, it conforms to reality by means of the process of nonconformity, it abides at the reality limit, for it is utterly without fluctuation. It is immovable because it is independent of the six objects of sense. It is without coming and going for it never stands still. It is comprised by vastness, emptiness, vibration so high that it is not gross like matter, or emotion, or mind. It is remarkable though signless and is free of presumption and repudiation, because of wishlessness. It is without establishment and rejection without birth or destruction. It is without any fundamental consciousness, transcending the range of eye, ear, nose, tongue, body, and thought. It is without highness and lowness, it abides without movement or activity.

[Swami Satchidananda] 00:44

Okay, today I'm going to talk about the perfect enemy in Carlos Castaneda. Don't worry. What he talks about is the necessity for a perfect enemy in order to progress in the evolutionary arc, which ends in enlightenment. I remember when I was being taught Aikido by my Aikido master. He couldn't seem to make me afraid. So every time I came at him, he got closer and closer with his high spirit. Until eventually, I realized that if I didn't get out of the way, if I didn't move, I was going to get hit.

[Swami Satchidananda] 01:45

If you have no fear inside, then you can even put your hand into the fire. Like a little child who goes, "Daddy, Daddy, what's this? What's this?" Daddy, of course, reaches towards the child and says, "Oh, no, my son. Don't put your hand in the fire. It's dangerous." But the child says, "But Daddy, it's so bright. It's so nice." And so, in order to sharpen you up, in order to give you that impetus to really move forward on the path of enlightenment, you need the perfect enemy.

[Swami Satchidananda] 02:40

Really, the perfect enemy is all to do with free will. You know, the difference between human beings and the animals, the birds, and the fish of the sea, is free will. It says that we have been made in the image of God. And in order to make us more and more into the Gods that we can be but are not yet, we need to be given the ability to go against the will of God.

[Swami Satchidananda] 03:26

You know, you start off in the Garden of Eden. Everything is great, and you have Adam and Eve. One day, the serpent comes by and says, "Okay, just take this fruit. And you too can know the knowledge of good and the

knowledge of evil." This is something that the animals don't have; they just have this connection with God, and they do what God tells them to.

[Swami Satchidananda] 04:00

But we have been given this knowledge of good and evil. And because of that, God threw us out of the Garden of Eden with all the animals, birds, and fish, into a world where we can go against the will of God. And when we're talking about the perfect enemy, the perfect enemy really is this knowledge of good and evil, this ability to go against the will of God, the ability to enter into absolute evil.

[Swami Satchidananda] 04:52

When you go against the will of God, you find out about your true humanity, because not many people have the ability to be totally bad. We all have our limits. And when you get thrown out of bad societies because you were too good to be bad, then you find your limits. This evil is the ultimate enemy, the perfect enemy against which we must all strive.

[Swami Satchidananda] 05:42

So Alice Bailey talks about the process of evolution, the process of opening the heart. Alice Bailey says that there are initiations on the path: from being evil to being better, from being good to being better. And the first initiation she mentions on the path of enlightenment is called the opening of the heart. After that comes the mastery of relationships, energy cords, and energy blockages.

[Swami Satchidananda] 06:32

But the first step is to remove the energy blockages of the heart. And she says, in order to open the heart, it takes a hundred lifetimes. And that's just opening the heart a crack, taking out one or two energy blockages, leaving the rest there.

[Swami Satchidananda] 07:00

Before you open the heart, you don't have a lot of empathy, you don't care about other people. You know the rule, "Thou shalt not kill." So you have the police enforcing these rules, but you don't have rules inside; you're entirely free. When you haven't totally opened your heart, you don't have real relationships. As Marquis De Sade said, "I don't have relationships, I only have victims." The person who hasn't opened the heart is a little bit psychopathic.

[Swami Satchidananda] 07:52

They're very narcissistic, they think only of themselves, very egotistical. They have a high opinion of themselves and don't think much of other people. They don't really care about the people in their lives; they just care about themselves.

Mastering relationships only comes after the Opening of the Heart. At that point, real relationships become important. You start to care about the people in your life, worry about them, and avoid harming them. That's just a little opening of the heart. As you move on to the mastery of relationships, the heart opens more and more. The limit is what we call the heart of Christ, where we give and receive equally. When we've totally opened the heart, we become enlightened beings and give 100% expecting nothing in return.

[Swami Satchidananda] 09:41

If you try to help somebody, normally all you receive is trouble because you have to absorb and transmute their karma. As you give good things to another person, you can expect only evil in return. That's why a saint gives 100% and expects nothing in return. The whole world becomes the perfect enemy; mastering relationships takes about ten lifetimes according to Alice Bailey. Only 5% of people are in this phase of mastering relationships; the rest are less.

[Swami Satchidananda] 10:31

As you think about how people tend to move in different strata, like rocks of different colors in horizontal bands, you find people at the bottom merging and killing each other. As you move up, you enter higher levels of heart opening. We exist in strata of society. Purposefully, God has given us free will. Purposefully, God uses this to make us people who do the good and right thing out of our own free will, not because we're told by the Ten Commandments or by the law, but simply out of our own being. We choose to do the right and good thing.

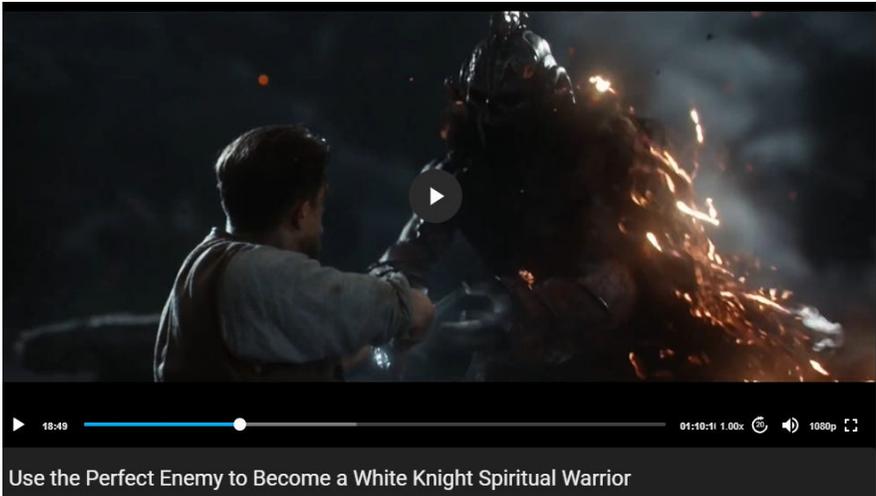

[Swami Satchidananda] 11:48

And in order to open the heart more and to progress further into the mastery of relationships, we need to face opposition. We need to encounter stones that have been thrown onto our path. We need to have the perfect enemy.

And now, we're going to show a little clip from one of my favorite movies - "King Arthur: Legend of the Sword" by Guy Ritchie. At the end of that

movie, there is a monologue delivered in the midst of a fight against absolute evil, against a person who, in order to become a powerful demon, has sacrificed his wife and his daughter to be granted that power. Against that power, King Arthur, with his sword Excalibur, is fighting. While fighting, he's explaining the rationale behind the perfect enemy. Let's watch that now.

Dialogues from King Arthur: Legend of the Sword"

Arthur: You wanted to know what gave me such drive

17:15

Arthur: it was You

17:23

Arthur: You put me in that brothel

17:27

Arthur: You caught me on the streets

17:43

Arthur: I am here now because of You.

18:45

Arthur Arthur You created me.

19:12

Teach: For that I bless you.

20:29

Arthur: You make sense of the Devil.

[Swami Satchidananda] 20:36

And in reality, energy blockages are the cause of the devil. As we come down to this planet over many, many lifetimes, we absorb energy blockages, and the more energy blockages we absorb, the more evil we become. The whole purpose of the perfect enemy, the devil absorbing energy blockages which are psychic – these are not physical, they are psychic – and they have emotional effects.

[Swami Satchidananda] 21:21

The whole purpose of absorbing these energy blockages is to teach us about energy blockages, to teach us that they can be made, to teach us that they can be formed out of trauma and pain, to teach us that the whole of psychiatry and the whole psychology is a treatise on energy blockages. And what we can make out of this psychology and psychiatry is that the psychologist and psychiatrist have no cure.

[Swami Satchidananda] 22:09

They can only talk about the situation to persuade people not to do what their energy blockages are telling them to do, and to do the right thing. You go to the psychologist, as you go to a priest, you confess your sin and you receive absolution. But it has no real effect, except to tell you that you have an energy blockage problem. And we don't have the solution. And when the symptoms of the energy blockage get too strong...

[Swami Satchidananda] 22:51

When your normal life becomes affected by these energy blockages, then the only solution is the pain pill. Psychiatrists and psychologists can prescribe Zoloft, and hundreds of different pain pills ending in heroin and higher levels of drugs that can really knock you out and make you safe for

all the people in society. Oh, you will lose several years of your lifetime but you won't be a problem for the people. You will be wandering around like a zombie, but you won't be a problem for other people.

[Swami Satchidananda] 23:43

But they don't have a methodology to remove the energy blockages which we, in Energy Enhancement Meditation, teach through ancient technologies to transmute and burn up, so that we can purify our system of all that energy blockage evil, to remove the daily karma painting and create the clean white sheet again. We can come back to a position when we landed on this planet 100 lifetimes ago, a clean white sheet, but sharpened up by all the experiences, by all the knowledge, by all the history that we've been into in those 100 lifetimes. We know it balls to bones. We've been down that path and we know where it ends.

[Swami Satchidananda] 24:54

And we don't want to do that. We know every path on the paths of evil, because we've been down them. And we were just not bad enough to go further down the evil path. Eventually comes a point where everybody cracks, where the evil is just too much. In my third book, my third volume of Against Satanism, it enters into this definition of Satanism as ritual, which for 10,000 years in honor of Moloch, and Baal, and Ashtoreth.

[Swami Satchidananda] 25:47

And all of the evil gods in South America, who demand human sacrifice, who demand the blood, the victims, who demand cannibalism, who demand pedophilia as part of their satanic rituals, because the purpose of satanic rituals as you do them is to increase the number of evil energy blockages inside you. And it's to make you more and more evil, more capable of doing the psychopathic, sociopathic, evil things that people do when they've got too many energy blockages.

[Swami Satchidananda] 26:40

You have been here on this planet for 100 lifetimes. And there's a beautiful story, which is told by Zen master. And he takes his student and he goes into the forest to a place where there is a 100-foot pole, which is a little bit breezy. And he says to the student, why not climb that pole? The student goes to the pole and he is climbing the pole. And he's going on three feet, a he's sliding down two, and he's going up three feet, climbing. Now he's going higher and higher. Eventually, he gets to the top of this 100-foot pole, swaying about in the wind. And he's standing there on top of this, pole. You're going, Master. Master. What do I do now?

[Swami Satchidananda] 27:29

Oh. And the master cries up. Take one step higher!

Ah. What is this? You've been here for 100 lifetimes. You've been through the mill. You had so many perfect enemies with whom you've had to sharpen yourself up with. You have rejected Evil.

[Swami Satchidananda] 28:03

You've come to that place of evolution at the top 100-foot pole. And you're standing on top of the pole. And now the Zen master, the meditation master, is shouting, "Take one step higher!".

This is absolute nonsense in physical terms. But in terms of meditation, the master is talking about the infinite series of Chakras Above the Head. He's talking about the first chakra above the head, which is called the soul. And Alice Bailey defines enlightenment as you being a soul-infused being. A person who has climbed one step higher from the slippery, greasy pole, which you have climbed up to this moment in your evolution and made that psychic step, that quantum leap into existence.

You have crossed the abyss, which is the astral plane, ending in the soul.

[Swami Satchidananda] 29:16

First chakra above the head is the Soul.

You have got to the other shore, landed on the other shore.

You are there in the soul, you exist in the soul, you are fused with the soul, and that is called the first level of enlightenment.

Take one step higher.

And in order to make that leap, you must have removed all the energy blockages in your psychic body and in your physical body and in your emotional body.

[Swami Satchidananda] 29:55

You must have nothing holding you back.

In yoga, they call it integration. Well, integration is one step higher again, integration is to integrate the mind, to take out all the energy blockages in the mind, which are pulling it to the bad side, and pull it to the good side.

[Swami Satchidananda] 30:23

You know, on the left shoulder, you have the Black Angel, who is telling you to do all the evil things.

And on the right shoulder, you've got the white angel, the good angel, who's telling you to do all the good things.

And this is sort of a congress of parliament in the mind, where they count the votes.

If you decide to do the evil or the good thing.

Well, integration means that this parliament has been reduced to one.

[Swami Satchidananda] 30:54

A Soul-infused personality.

That is enlightenment.

The soul is the personality which is in charge of the body through a fusion, an energetic fusion.

A column of energy flowing out of their head up into the soul, being so fused that the two are one, because you are not the body, you are not the mind...

Immortal Self Thou Art!

[Swami Satchidananda] 31:28

You are not the emotion, Immortal self, thou art, and you are totality.

You are the whole; you are the common energy twixt heaven and earth. You are connected to the infinite chakras above the head ending in God; you are connected with the infinite chakras below the base chakra, giving you more and more solidity, more and more energy to do your task. You are responsible for the purity of that column of energy. And when we are

talking about the column of energy with reference to King Arthur, Legend of the Sword. This is the reality of the sword Excalibur.

[Swami Satchidananda] 32:32

Plunged into the stone is the column of energy sword connected with the center of the earth.

A true human being is not just the earth; a true human being has taken that one step higher, to connect with God.

[Swami Satchidananda] 32:57

And that is the message of King Arthur. That is the message of Excalibur. This is the message of the sword in the stone. So you are here on this planet to evolve. You are here on this planet to become that person who can only do the right and good thing.

You are the person who has fought against evil physically in all of your previous lifetimes, and it's sharpened you up. But the meaning of enlightenment is that the master sits still and everything goes on correctly around him. He does not work physically. The people around him either absorb the energy of the master or they don't. But as they absorb more and more of the energy of the master, they become more and more perfect in doing what they are meant to do.

[Swami Satchidananda] 34:16

Don't work physically; work psychically with meditation because the pen is mightier than the sword. But more mighty than the pen is Excalibur. The Sword in the Stone, the column of energy connecting you to your soul, to your monad, to your logos, to the universe itself of suns and galaxies and of God.

[Swami Satchidananda] 34:59

To be or not to be. That is the question; whether it is nobler in the mind to suffer the slings and arrows of outrageous fortune, or by choosing arms against a sea of troubles.

Shakespeare wrote these words for the play Hamlet, Prince of Denmark, whose mother has had her husband murdered by her uncle and then has been forced to marry the uncle, so that the uncle can become the king of Denmark. An incredible number of bad things have been done on this planet and are being done all the time.

[Swami Satchidananda] 35:57

But underneath it, there is an underlying justice. For most people, karma comes into it. We teach how to remove karma in Energy Enhancement. So in the play, Hamlet chooses to take arms physically against a sea of troubles, and thus creates the tragedy of Hamlet, Prince of Denmark.

Rather than taking arms against a sea of troubles physically, I recommend psychically through meditation, as well as removing the energy blockages within you to become a perfect and good human being. Use this technology; use this meditational technology also to remove the energy blockages of the world.

THE DANS OF ENLIGHTENMENT It's only possible to become Soul Infused - the First Dan of Enlightenment - by removing all the Subpersonalities. If you are reading this from email better go to... where you will have a better experience... By becoming One Soul infused personality by means of the Energy Enhancement Seven Step Process to remove all Subpersonalities, all Satanic pacts from your past life timelines, the Karma cleaning process, all Energy Blockages from your Antahkarana Energy Tube of connection to all the Infinite chakras above the head connecting you with God!

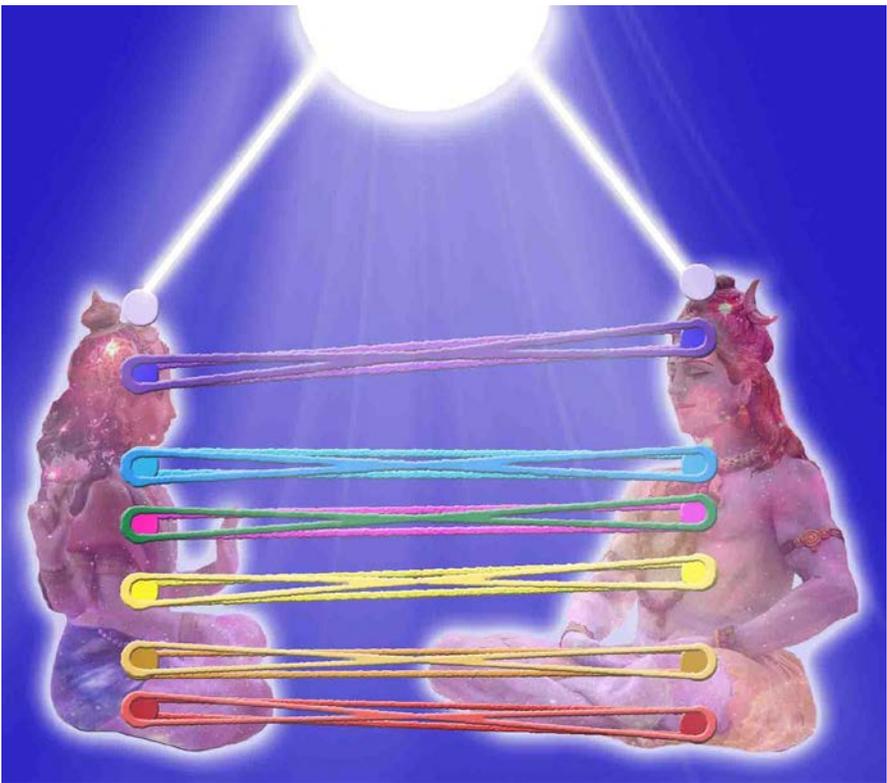

Only when we have passed the tests of goodness, when all evil has been transmuted within ourselves can we be allowed to pass forward onto our mission given to us to accelerate our evolution in this lifetime.

"The Sexual Addiction Demon Lilith Succubus and Incubus!" - The Stealer on the Doorstep - is one of the most important Energy Blockage

Archetypes inhabiting the Base, Muladhara Chakra to transmute and purify to enable Enlightenment.

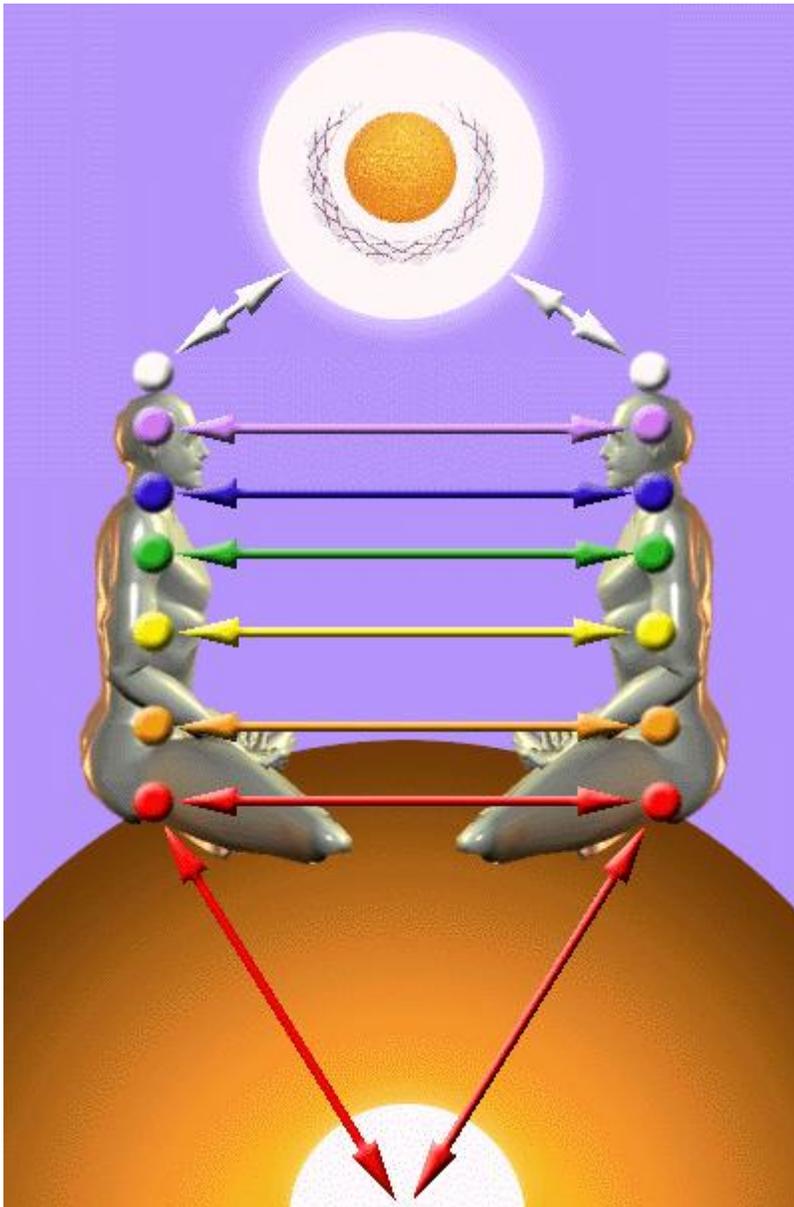

The Sexual Addiction Demon Lilith Succubus and Incubus hates the opposite sex because when man and woman connect they have a higher power over each other which always creates pain until a higher perception intrudes.

The pain of being Dumped. The pain of Betrayal. The pain of Bereavement. Only overcome by the Energy Enhancement Level 4 Mastery of Relationships.

And this causes the the Sexual Addiction Demon Lilith Succubus and Incubus Energy Blockage of revenge of the other sex which needs to be transmuted.

But understand this the Sexual Addiction Demon Lilith Succubus and Incubus is a perverted Angel which has existed since Adam was created.

Here is Yuko Sato and her latest story of Mind Transmutation of the Sexual Addiction Demon Lilith Succubus and Incubus Energy Blockage. One of the last and most important Energy Blockages which needs to be transmuted in the minds of all humanity prior to Enlightenment!

Satchidanand

Yuko Sato 3.3 - Black Moon Lilith Revealed her Story...

Since I found my Black Lady in my previous meditation and brought her to my soul chakra, I have been talking a lot with her, of course during a meditation.

Let me explain step by step. The first day, I thought that I was united with her. But the next day, when I went up to my soul chakra, she remained there. She said that she needed to talk to me and it is highly confidential.

Yes, I calmly and confidently answered. Then we moved to the beautiful Zen garden. Only an elegant swan is with us.

She started to tell her story.

I am often called an evil woman associated with taboo subjects such as sexuality, power, and the occult. People often call me “the Sexual Addiction Demon Lilith Succubus and Incubus!”. (Yes! Satchi, you called her this, right?) But it is not me, but delusion. It is the delusion of people who think I am the most dangerous creature to ever walk the earth. These false images exist everywhere.

I was created with the soil of Earth at the same time and from the same earth as Adam himself in Jewish mythology. I was Adam's first wife who was an equal partner to him.

However, my husband wanted me to be wonderfully satisfying and soothing to his heart, body and ego. He asked me to walk quietly beside him and make him feel needed, and responsible, like he is fulfilling his manly role. It means that I will allow myself to be tamed.

But it was not the real meaning of equality. So, I refused to submit to him. I wanted to be treated as an equal and refused to be subservient to Adam. This led to a conflict between them, and I was kicked out of the Garden of Eden by him. However, it is well known that I left Adam and the Garden of Eden, not that he kicked me out.

The surroundings suddenly became brighter.

The black lady paused and looked at me as if she heard my voice in my mind. I thought it was just like my divorce story. I experienced it like her. She nodded at me. “I screamed out from the bottom of the subconscious mind of the ocean on the edge of Neptune,” she said. “You are lucky to be born when Neptune and Black Moon Lilith are in conjunction. That is why I could reach out to you. I nudged you to go through a divorce unconsciously. You did and found me. Moreover, you released me. But many people cannot. Because millions of Liliths, the archetype of the female, are imprisoned in the Womb of Earth. Without them, women can't find real equality.”

The elegant swan was swimming in snow.

After I was kicked out of the Garden, I was said to have become a figure associated with darkness, rebellion, and independence. I was demonized in later Jewish folklore, often depicted as a seductress and an abortionist, a threat to newborn children and women in childbirth. These false images and rumours suppressed me deeper and deeper. Eventually, I reached the Womb of Earth, as a shelter.

However, I exist in everybody as representing the darker, more primal aspects of the feminine archetype, and it is associated with themes of independence, rebellion, and sexuality in all human beings. I provide

insight into a person's unconscious desires and motivations and can be used to gain a deeper understanding of one's self and their relationships.

She smiled beautifully. I noticed that she had a face now. The more she expresses herself in my soul chakra, the more beautiful she becomes. For a week, she provided insights into how I can work with and integrate her energy. I just listened to her and asked my mind computer to take all the notes. We are learning together.

One day, she seemed satisfied enough, so I went up to Logos Chakra with her and we met my higher self in the Pagoda near the ocean. There was my

masculinity whom I found after the Temaskal sweat lodge ritual last summer. Since I released him in my Antahkarana, I have seen him from time to time in this Pagoda. We all sat together making a small circle and meditating. We were connected to our chakras horizontally, just as Satchi taught me.

During connecting each other's chakras, we balanced all traits associated with healthy masculinity from him, such as assertiveness, strength,

confidence, and independence, with the dark or shadow side of femininity, such as internalized oppression which leads to self-doubt, and self-criticism including a lack of confidence in embracing our authentic selves.

Dark Lilith highlighted the repression of emotions I may still internalize societal messages that devalue femininity or promote harmful stereotypes. She also explained what is perfectionism and self-sacrifice which I did in my previous marriage. I had felt overwhelmed by the pressure to constantly meet unrealistic standards of perfection as a wife and prioritize the needs of my ex-husband over my well-being.

She said that we must not inadvertently perpetuate harmful gender stereotypes or engage in behaviours that undermine other women, such as judgment, competition, or exclusion. This could stem from societal conditioning and internalized biases which label her as a demon woman.

I gave her a glance of respect. Now she was shining as a prominent activist.

My healthy masculinity was sending the energy of self-assuredness, leadership, and the ability to set boundaries and assert oneself respectfully and confidently to me. He also sent involving nurturing qualities such as empathy, compassion, and emotional intelligence. I was absorbing those traits through my chakras while I felt secure.

We were connecting and sharing all traits in meditation at my soul in my meditation with my higher self. It was awesome and I felt exiting from my body and melting into a high-dimensional world. It sounded a bit bizarre, something like sharing the gigantic brain and all the higher chakras above the head with supporting a diverse and inclusive understanding of me, Yuko.

After a week of Shikantaza meditation in my soul, eventually, we decided to travel to the womb of the earth together. My masculinity said that he could guide us to go there.

He explained that the Temascal the sweat lodge was a virtual womb of Mother Earth. There, I sat on the ground in the complete dark and the Mexican Shaman brought burning stones we collected in the woods. He poured herb tea on those. Hissing sounds and steam occurred. The temperature went up high and red stones were imposing. It was the womb of Mother Earth and I found him, my masculinity at the bottom of my canyon in my heart chakra.

Now my masculinity asked me to imagine as if I was in Tamaskal. So, I did. Then, we moved into there, the womb of Mother Earth! It was a gigantic dark hollow. The black Moon Lilith said that there were many women like

me before. Yes, there were thousands of women standing still. They looked like Army Terracotta soldiers in China. Wow, it was true what my Lilith told me.

I put my hands inside of a woman nearby. She was made of soil. I took it from the place of the base chakra. I kneaded it with my hands. It gave me so a soothing feeling. In return, I connected it to my base chakra and shaped it. Then, dropped into the centre of the Earth. It was baked and turned into a beautiful shining base chakra. I place it inside of the women. I did the same for the second and third chakras. Then I took the soil from her crown chakra. I kneaded, connected to my crown chakra. I shaped it and baked it. It became a shining crown. I put it on her head and I aligned it to the universe. Then, I did the same for the 6th and 5th chakras.

The woman's body started glowing like a rainbow. I joined the energy from the base chakra and the energy from the crown chakra through all the chakra at her heart chakra. It is a magic moment, Satchi. I could give life to this woman. Isn't it nice! Now she was alive, but couldn't move. Because of her stone socks.

I did the same as I did for my Black Moon Lilith. I put both hands on the stone socks and transferred energy. Then, I cut them out and I dropped them to the centre of the earth. It transformed into a shining creature with wings. I returned them to the place where the stone socks were. Then, they became her feet. The woman looked really happy. Then, I applied the seven

steps. I gathered minions, fought with BM, and found a controller. All transformed into angels full of sparkling light.

I cut the 10 chakras in a circle above the crown chakras. I dropped them into the centre of the earth and they transformed into glowing chakras. I placed them above the crown chakra. I cut the millions of chakras from the 10th and dropped them into the centre of the earth. They transformed into angels and they flew up to the ceiling of the womb. They went through it and I could reach the infinity. Under the mark of infinity, there was a large tablet written in ancient letters. I had an intuition that It must be a contract between Demon and men who were their fathers, husbands and kings.... These women were victims.

I put my palm on it and scanned all the letters which I couldn't read at all. All the letters were in my palm. I kneaded with my power and squeezed it into a small ball. Then, I dropped it into the centre of the earth. Then.... Amazingly a shining light rose like a rising sun. It melted the ceiling of the womb like chocolate. All of a sudden, all soil women like "Terracotta soldiers" were released like flying angels. Flakes of light fell everywhere, even on me. I was covered with flakes of light. I was satisfied and went to sleep.

For a couple of weeks, my masculinity brought me to many hollows and I released thousands of soil women. Strangely, those activities made me feel good and connect to the universe well. I understood that I was removing blockages for the collective consciousness of all women which includes me. I was happy to help other women in meditation. Isn't it wonderful?

A few days later, I had a lucid dream early morning. It was the most vivid and strange lucid dream I've ever had. My ex-husband woke me up. I was sitting on the bench looking at the Alps like high snowcap mountains. I knew this town. It was the town where I found the secret library. My ex-husband was very happy and told me that he decided to return a whale which he stole from the planet, Neptune. He carried the whale on the truck and asked me to go with him. I agreed to go with him.

Then, I was woken up again. I was in the bathtub filled with cold water in the dark. I felt cold water like real. I felt cold, but I knew that I stayed in it for a long time since I was a small child. I stayed there for a while and decided to get out. I stood up and I realised that I was wearing a green dress which I made just before I left Japan, it could be about 20 years ago. I created this dress with a strong will not to come back to Japan once I left.

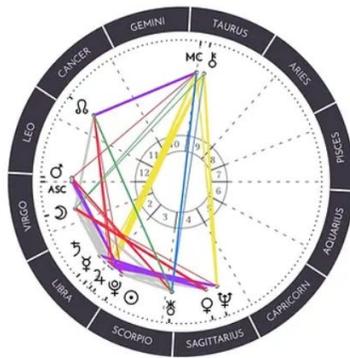

It was soaked with water. I stood up and got out of the bathtub. I walked to the sliding door which was common in Japan. I slid the door to the left. There was my mother. She looked at me with a happy face and said that finally, you decided to come out. She hugged me and said, "Let's go home". We got out of a tall futuristic building and walked down the high slope of the road. There were Japanese houses on both sides of the road and we found a small paper box before the wooden house. I looked inside. There are baby tigers! Then, I woke up. It was 8:30....in the morning.

I felt cold water on my skin when I got up. It was so real. The real feeling of cold reminded me the day I swam in the river. Then, I brewed a cup of strong coffee and enjoyed it slowly watching over the window. It was snowing. Then I went to work.

That night, I sat on the bed. I meditated. I was looking forward to going back to the lucid dream which I had early morning. I and my ex-husband

were on Planet Neptune. I apologized for stealing their whale and returned it to King Neptune. He looked glad and he said that I completed one of my missions which found the alien who stole the whale and ran to the Earth. Then, my mission is to return it to King Neptune. The alien thief seemed like my ex-husband. By the way, he has a sun and Pluto in conjunction in his natal chart. He is a Plutonian Power. You can see his chart below.

When I returned the whale to the king Neptune, the whale transformed into a white Beluga. It looked at me and started talking to me with frequency-contained vibration. It sounded like tuning lower strings for string instruments in the orchestra. It was truly awesome that I could communicate with this white shining creature. It has a beautiful transparency energy.

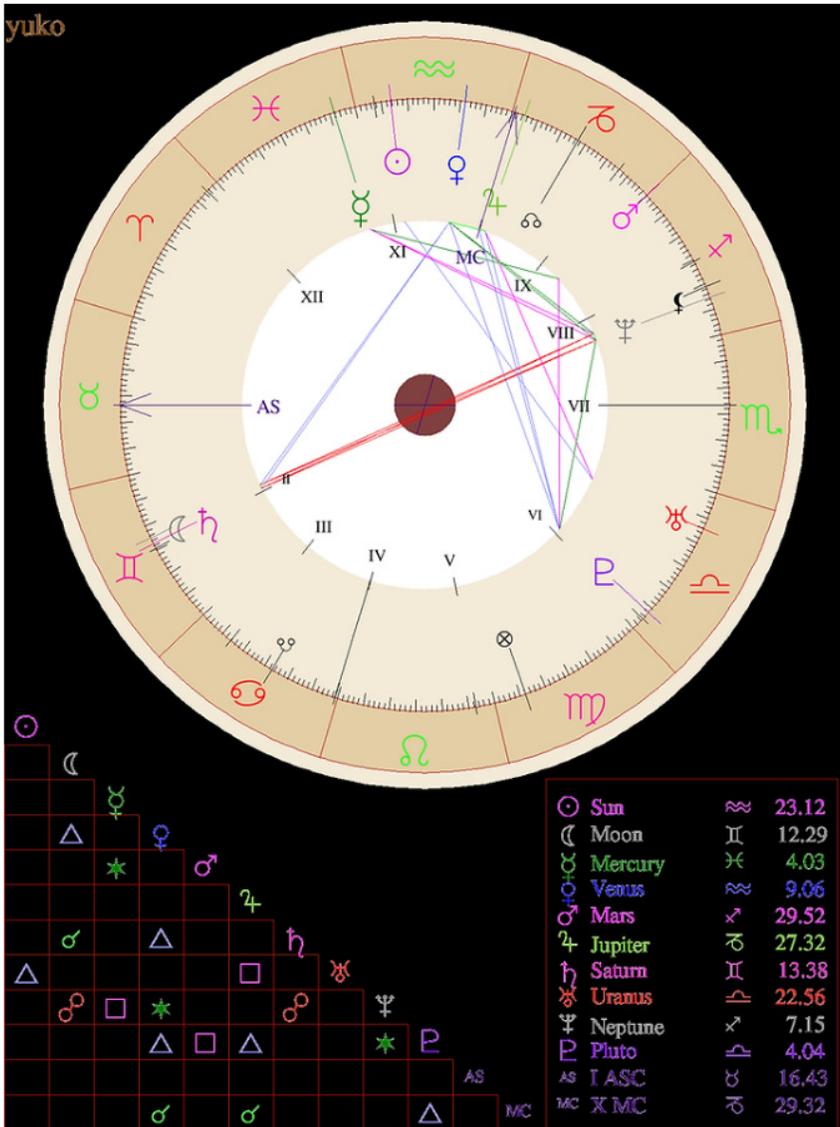

BIRTH CHART

Beluga wanted to give me a special psychic power to access all kinds of dreams, ideals, and imagination. Because this ability allows me to embrace spiritual growth and self-transformation of my raw primal energy into a force for change and liberation.

Also, with this power, I can raise my black moon, Lilith to the highest of highest expressions and bring forth a deep, spiritual connection with my white moon that transcends earthly relationships. They will dance together to urge me to spiritual awakening and liberation. Then I will embark on a spiritual quest for the deepest realms of the subconscious. My black moon is located opposite the white moon like twins in my natal chart. Because of this opposition, they never merge but can find a perfect balance in dance harmoniously and empathically. This special psychic power helps me to sense where I can meet a perfect balance between opposite natures.

This harmony also created Black and White moon dancing waters down negative aspects caused by Neptune conjunct Lilith synastry in my natal chart. When Neptune and Black Moon Lilith are in conjunction in my natal chart, it can indicate a complex and intense energy related to the themes of illusion, fantasy, and the subconscious mind. But now with this power, both aspects are no longer fighting but rather collaborating to grow, heal, and shine my inner light. They embrace my spiritual journey and navigate the vague realm of dreams and illusions.

There, I have a strong connection between my deep, hidden desires as Black Moon Lilith and my spiritual and imaginative side from Neptune. I may have a profound sensitivity to the unseen and intangible aspects of life and there is a risk I might be drawn to mystical or esoteric pursuits, but Beluga will guard me to show the light.

Beluga the mystical creature hugged me and said, and it said, “You are not merely human beings having a spiritual experience, but spiritual beings living a human journey. Don’t forget!”

I said goodbye to Beluga and King Neptune. I must go back to another lucid dream where I was in a cold bathtub. I must bring her to my Soul.

But I didn’t know where she was. The place where I found her in my lucid dream was very new to me. A tall building, a traffic road and a steep path I found tiger cubs were unfamiliar places to even my senses. So, I asked my mind computer where I could find her. It answered, “She is at the entrance of the hazy realm of dreams and illusions. She is about to hide in her imagination again.”

No! I need her to explore that ambiguous realm of dreams and illusions as a navigator. I decided to use this new ability Beluga gave me to access her imagination. I imagined her. She might tend to have emotional restraint, self-discipline, and a reserved or cautious approach to expressing feelings in front of my mother who trusts discipline and structure. She highly likely has emotional vulnerability and issues with self-nurturing. She might be clever. So, she might try to hide in the place I don’t want to look at.

Yes, I know that it’s fear. I knew I still had fear somewhere in my unconscious mind. It sometimes came out when I was fighting against my teacher in Kendo. And he noticed it. Miena who did a psychic reading for me also noticed it. However, to be honest, I had a hesitation to look at it and go there.

At that moment, just as I thought about my fear, I remembered the faces of tiger cubs. Yes, she will be with tiger cubs. Speaking of tigers, there is a very famous Chinese proverb, “If you do not enter the tiger’s cave, you will not catch its cub.” Ok, all linked. I understood what my lucid dream meant to tell me.

These tiger cubs are my fear. I focused on my fear which is dark, cold and horrible. I tried to find the tiger cubs. Yes, I found them. I went closer. A person was holding them. Yes, her! I found her!

I talked to her. She wore a wet green dress. I told her, let's go to a warm place! How about near fire? I suggest to her these tiger cubs want to be near fire. She looked at me and nodded.

I held a hand with her and flew up to my soul. When I looked down at my fear, it changed into the high building I saw in my lucid dream. Probably, my mother was still in it. What should I do with this building? My fear was the high building. Yes, this was an illusion, so I decided to apply the seven steps for sure.

Surprisingly, I encountered a Demon and fought against him. He created illusions reflecting the impact of societal expectations as a good mother, good wife and good daughter. And he had implanted this delusion into my mother, my grandmothers, my grandmother and all female ancestors as blockages.

I carefully removed blockages one by one from my timeline. The ability Beluga gave me was so useful to absorb illusions like using a magnet from my timeline. Then, I dropped all blockages into the centre of the earth to transmute them, cleanse them of their trauma created negative karmic mass, a substance which creates Fear!

I was watching these alchemical transformations with my white moon, black moon and healthy masculinity. We all felt that the old curse was broken...

A bright silver moon came out and rose to my Soul chakra. It was a waxing moon. It was the shape of the moon when I was born and when I was with my masculinity in front of the big fire after Temaskal.

The Alchemical Wedding, the Spiritual Wedding between Masculine and Feminine

There was a huge strong fire in my Soul chakra just like after the Temaskal ritual. In the night with a waxing moon, we were standing on the muddy ground in the middle of a storm. The strong swirling wind blew flame and rain. I took off a wet green dress from my white moon and dried her in the middle of the four elements, fire, water, earth and air. She smiled and started dancing with Dark Moon.

They were dancing while embodying the essence of each element, weaving a tapestry of movement that reflects the interconnectedness of the natural world. It was a breathtaking moment and my masculinity was holding my hands and my higher self was holding my other hand too.

We three were watching the dance. The white and dark moon were like twins. They invoked the element of fire, moving with passion and intensity, embodying the flickering flames and the transformative power of heat. Their movements were vibrant, bold, and expressive, evoking the energy of creation and destruction. The dance became a mesmerizing display of fiery motion, igniting the spirit and awakening the primal force within.

Now they were transitioning to the element of water. Their movements became fluid and graceful, mirroring the ebb and flow of the tides, and the deep, mysterious currents of emotion. Their gestures evoked the gentle caress of rain, the powerful force of a rushing river, and the tranquil depths of an ancient ocean. The dance became a meditation on the ever-changing nature of emotions and the healing power of surrender.

Now we were all grounded with them in the element of earth. We sat, crossed our legs, and closed our eyes. We felt strength, stability, and connection to the land. We are in meditation deliberating and grounded, evoking the solidity of mountains, the fertility of soil, and the resilience of ancient forests. We honoured the nurturing embrace of the earth, expressing gratitude for the abundance and sustenance it provides.

Finally, our mind took flight, embracing the element of air with lightness and grace. We mimic the swirling winds, the gentle rustling of leaves, and the boundless expanse of the sky. We become a testament to the power of breath, intellect, and freedom, as the meditators surrender to the ethereal currents of the air, embodying the spirit of inspiration and clarity.

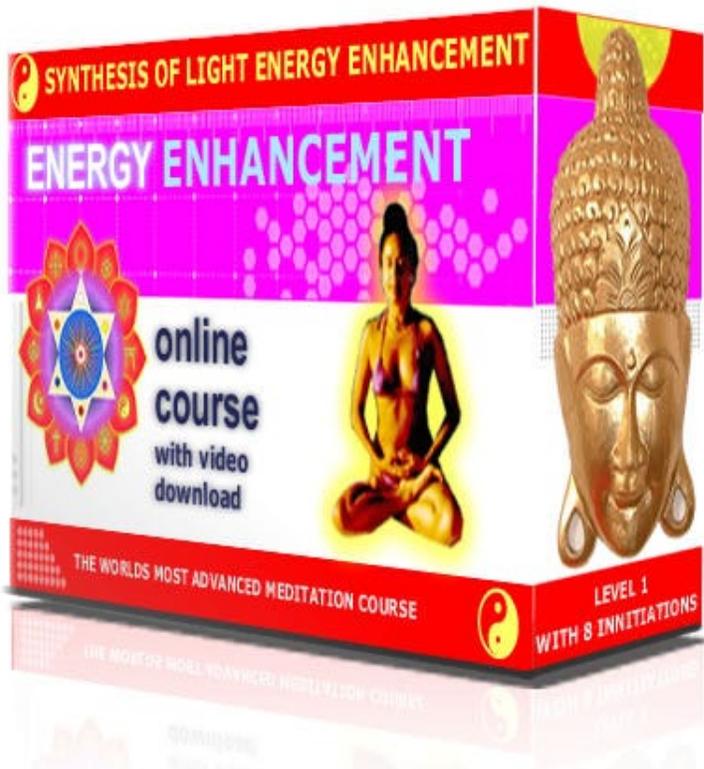

I opened my eyes in my meditation and the four elements intertwine and harmonize. We became a living prayer, honouring the sacred energies that shape our existence. When I felt the universal rhythm of life, I opened my eyes to reality. I thanked God and I slept.

Dearest Satchi,

Satchi, read this, please. WOW!!!!

Thank you for all support, Satchi, Devi, Nickananda and Jonananda. God bless you!

Love and Light

Yuko

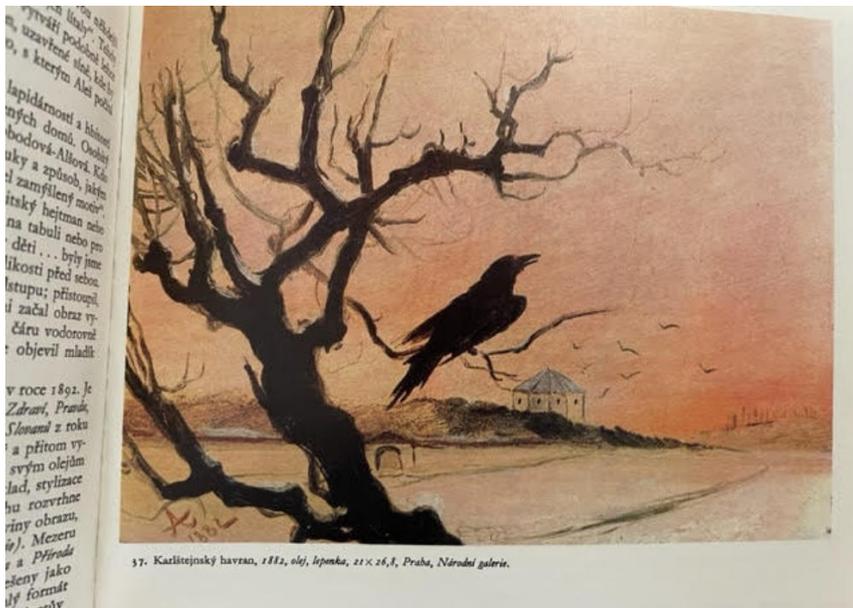

At 5 o'clock in the morning, I sat crossing my legs on the street and hovering over London, near Liverpool Street station... with the Raven. There might be a real raven near me sitting in a lotus position, but my eyes had been shut down. So, I was in sync with the Raven which can tune the frequency to be able to connect to nature in meditation. Let me introduce this Raven first.

Two days ago I came across this Raven in the Shikantaza meditation on the seaside. Precisely, he was born in the vibration of chanting Sat Nam, when I felt so close to non-attachment which allowed me to curiously enjoy watching how the vibration affected the geometric patterns of my brain, heart and hormones. At the very moment when geometric patterns of my brain, heart and hormones were aligned, my third eye identified a black seed. Then, it became a Raven before me.

Even though I have seriously meditated for a year experiencing the verge of imagination, dreams and psychic visions, I thought I became mad. It was truly unexpected. So, I questioned to my mind computer, "What on earth, did this Raven come from?" My dearest teacher, Satchidand had taught me that my mind computer knows everything. It was cleverer than Siri, so far.

I received the voice, "You are not crazy. Turn down judgment and apologies by your left hemisphere, where the self-sabotage patterns are stored. Whereas use the right hemisphere. The vibration of the mantra "Sat Nam" has shifted you on an atomic level. Rewire your belief system and reprogram and upgrade your mind computer in order to spiral up with this Raven. Learn something from it. In particular, the vibration of Sat Nam initiates the journey to selfhood. Individual truth and universal truth become one and the same."

57. Karlístejnský havran, 1812, olej, Japonsko, 21 x 26,8, Praha, Národní galerie.

Since then, I have started on a journey with the Raven and my 14-year-old daughter in the gigantic city of London. I tried to turn down my left hemisphere, used the right hemisphere rewired my belief system and reprogrammed my mind computer. I searched for self-sabotage patterns in my left hemisphere. I removed some with the EE 7-step process. Finally, I found the connection to two of ring blockages in my neck last night. It blocked my speech from my brain and soul.

On the third day, I was on the way to Morning Mysore which is the traditional way to learn Ashtanga yoga. Of course, my daughter was sleeping in the hotel. I was meditating in the hotel room, where located in the basement for a week. It was a rare opportunity to meditate underground, physically surrounded by the Earth and Kundalini chakras. Whilst I discovered many chakras below Muladhara, most of them were dormant, especially below the centre of the earth.

I created Merkaba protection while I was tuning to the frequency of the Raven. His pure curiosity started driving my mind. I have experienced that my mind works freely when I'm not trying to control every little detail of the process. This free mind allowed me to connect to nature while I sat in lotus in the middle of London just before the hustle and bustle. I was deeply connected to nature, like trees, flowers, animals, birds, ocean, mountains....etc.. I really understood people can see the things they want to. So everything is relative. Every experience in the world is mental.

I have precisely aligned my selfhood with nature and the earth by aligning with this Raven. This alignment was really amazing and it continued to the many chakras below the Muladhara, which I discovered. I synchronized my mind computer which had been upgraded. They were beautifully aligned in sync. My pure curiosity originated from my integrated inner child turned them on.

The Raven was orbiting far above and I was spiralling up along with this aligned Antahkarana. Is it really my Antahkarana? It looked different. It was not only for me but also for the earth. Once I felt as the earth felt, surprisingly, my vision which was spiralling up started aligning with my Soul and Heart. Of course, the Raven was born in my brain, heart and hormones.

Devi's words were vibrating.

"Project about You are a Mahatma, You are a Paramahansa, You are a Perpetual Transmutator, changing demons into angels and absorbing the angels into our psychic body making it bigger and more talented. You fuse your right hemisphere with the left, you fuse with the chakras above the head, in Christ, Buddhic

and Unite consciences on the line of Solar Atomic Evolution, on Trinity state (Connect the Center of Universe, Center of the Earth and Your Heart) in Freedom, Happiness, Magnetic total, Alkaline perfect, here, now, forever."

I know it, exactly saying that I have a deep frequency of knowing. It allowed the transmutation to start and allowed the influx of wisdom and purified knowledge. It was written in the Yoga Sutra of Patanjali. It was the earth that was the field for evolution. If I didn't align with the earth, or if the Raven was not born, I could not know myself. All experience was necessary.

I was grateful for where I was currently at. I was sincerely grateful that I learned the hard way. I was genuinely grateful to all the people I met throughout my life. It was the hard way, but they were absolutely, perfect for me to experience this necessity. My heart was vibrating with the frequency of gratitude and it went into my future timeline. The frequency of gratitude started to synchronize with the specific time of my gratitude from my future timeline.

This syncs with the future timeline and allowed me to feel the frequency of future gratitude through the frequency of knowing. I was filled with multiple emotions and feelings I'd never felt. I knew that I would feel grateful for the current moment, which was now, at a specific future point when I would be enlightened and when I would be free from all pain. I was feeling the sensational peace, joy and happiness from the future through

the frequency of gratitude. I aligned my Ankahkarana into this future. I was swimming at this frequency. It was the first time I felt the future not through my third eye but through my heart. Time and space were multiple dimensions. My emotions and feelings also were multiple dimensions. Then, the most interesting fact was that I could connect, bend, stick and cut them in meditation to create the shape of the future.

I opened my eyes.

On the fourth day, we decided to visit Central Park and Buckingham Palace. As we got on the second story of the double-decker, I was connecting to the Raven and the frequency of knowing the future. There, I was eternally free and I had never bound like the oily black Raven who was hovering in the blue sky. He was so obvious that he could not hide from waiting for the right moment to see somebody. Yes, I knew. Because he said so when I met him for the first time on the beach.

I read the email from Satchi this morning. He wrote that if you are bored you need to want to help other people rather than just enjoy the dopamine hit for only yourself. It's called the opening of the heart. Only by helping other people will you become rich.

Yes, Satchi. So, I decided to help the Raven to find the person he was looking for. When we arrived in Central Park, my daughter ate ice cream using her iPhone. So, I sat crossed my legs and meditated. I focused on the frequency of knowing and gratitude. I went back to the place I was in yesterday's meditation. I was enormously grateful for the Raven to be born. Gradually, I was in sync with him. I identified the future and bound the Raven to the future when he saw the person. This was what I learnt at yesterday's meditation. Then, I continuously flew my cognition toward the future Raven.

Suddenly, I was covered with white golden light which was vibrating. when I let my frequency tune into it, I was in the sky and had bird eyes. I could see the details so well on the ground that I found myself so easily even in such a large park. Then, I was greatly surprised. Because I could see through the mysterious fountain within me. The day I met the Raven he explained that bipedal animals with neither fur nor wings cross their legs intricately to find this hidden water. That is why I could see this hidden water because I was actually meditating now. This is the paradox of distance in space and time. I could see much better from the far above than the close distance. I became curious about this water.

I instantly knew that it was the realm of my subconscious mind. The object the Raven was observing was springs of my subconscious mind flowing into the canyons of my heart. What is the Raven waiting for? He just waits for the right moment to come. He said so. I knew that it was now from the frequency of knowing.

Satchi's message appeared on my mind computer.

"Past life priest vows and vows to the dark side can affect present prosperity, self-worth, and relationships. And they can continuously block you, and be carried from lifetime to lifetime. All Old Souls carry them and most have thousands of them buried in their minds. This Energy Enhancement Initiation method removes the blocks that are held deep within your subconscious mind. Traditional therapies cannot remove them."

I saw myself who was reading the story from Nickananda at the breakfast table this morning. I started to consider the off-chance of thousands of vows buried in my subconscious mind. It seemed like I could see the long list of vows Satchi sent. It was almost 50 vows. I asked my mind computer to show me the time points when I vowed in my past lifetimes. At that time, I saw the person moving at the bottom of the spring. The Raven flew into the spring of my subconscious mind as if he were aiming at the fish.

My daughter touched my shoulder. I tagged the moment in order to go back to the next meditation and opened my eyes.

We walked to the palace. It was a beautiful summer day, not so hot but I could feel the sun on my skin. There were a lot of beautiful colourful flowers in the roundabout before the palace and almost the same amount of people as flowers, probably tourists like us, were taking pictures with smartphones. My daughter did the same. So, I sat crossing my legs under the tree on the large, noble road which laid straight to Oxford Circus. Elegant tremors of excitement shook my tailbone. I closed my eyes.

Satchi was there. Aha, that tremor was from him. He was in lotus pose. His tremor was talking. "How most students of Energy Enhancement have had many lifetimes as Satanists in their past lifetimes but they somehow were too good to be bad and got thrown out of the Satanic Gang with all its Rituals. Usually, they take revenge on their previous collaborators by destroying their prosperity by implanting their base chakras and for one hundred lifetimes throwing them into the wombs of bad people, including psychopaths and paedophiles."

You are a hardcore as always.

He continued,

"Dreams to me are somewhat imprecise but just sitting - Shikantaza - is a good technique to find blockages when all EE Initiations fail."

You were right, Satchi. The Raven was born in Shikantaza and it brought me here. I knew that dreams were my notes to the future and past me in the paradox of space and time in the meditation yesterday. But all EE initiations haven't failed yet. I will show you in this hunt for vows.

Satchi continued.

"Pacts with the Devil and the Red Queen can divulge blockages when we took the pledge to the dark side on the timeline."

Yuko Sato Ninth Report - The Energy Enhancement Meditation Course Report on Sitting in Sirius Chakra, the Red Lipstick, and Removal of the Bloody Red Witch Demon's Satanic Organisation
<https://www.energyenhancement.org/Yuko-Sato-Ninth-Report-The-Energy-Enhancement-Meditation-Course-Report-on-Sitting-in-Sirius-Chakra-the-Red-Lipstick-and-Removal-of-the-B...>

Do you remember? I killed the Red Witch in the meditation about red lipstick a half year ago. That means that there was the Devil exists and pacts with the Devil and the Red Queen exists.

I asked my mind computer to show the list of the subconscious Past-life Vows.

By the way, it was rewired and upgraded. It showed your list which contains 49 vows

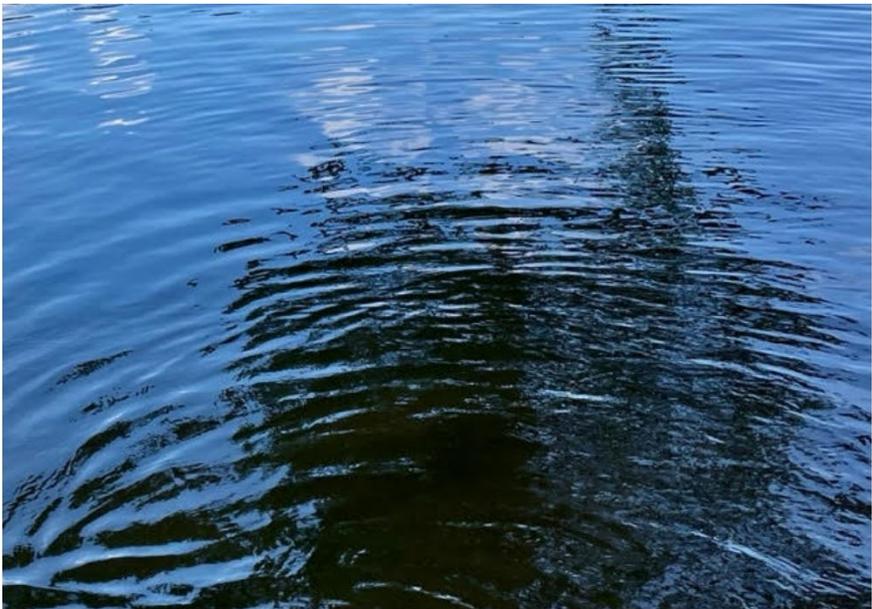

Satchi said,

“Vows #47 and #49 are the most critical of all of the vows to be removed. With this blockage in place, you are subconsciously blocking the help from Spirit and your own Guides. Even if you ask for help, you might block it with your own subconscious mind, the second after you ask.”

I was looking down at my subconscious spring. "Do you do that?" asked I. It didn't answer, but I could see something going on beneath the surface of the water. Moreover, the Raven had gone into it.

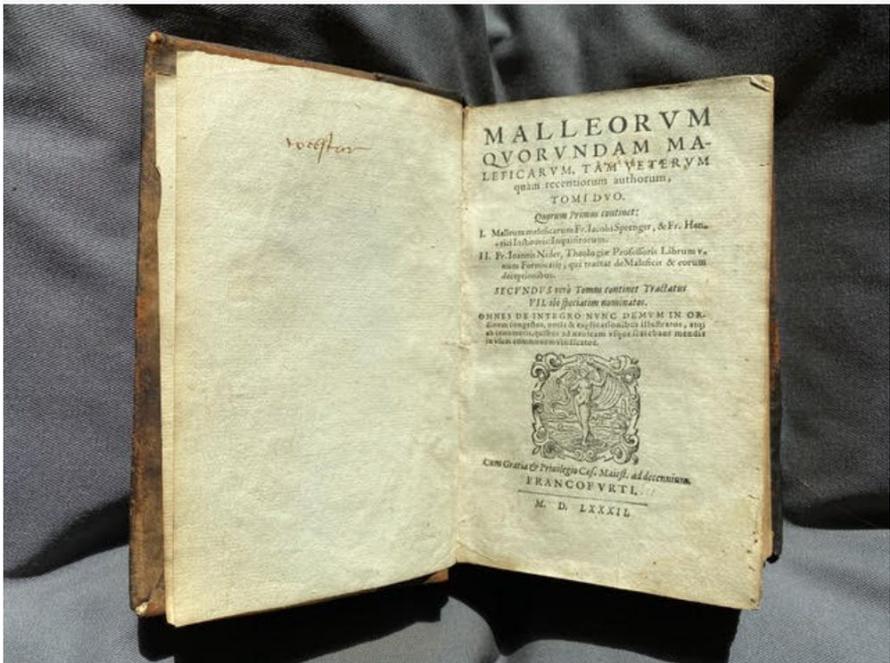

This is high time to ask my mind computer. Satchi told me before, “The mind computer can be told what to do and it always functions perfectly.”

"What is stopping me from trusting my true intentions and its exact manifestations in my life?"

Ripples passed on the surface and answered me.

"I have to help the man. I'm scared if they reject me. I have to be liked by men. Men are society. I'm afraid of being rejected by society. I'm afraid of being thought crazy. I'm afraid of being thought of as just an ordinary woman. I have to be special as well as being nice and kind. I have to be accepted. Otherwise, there was no reason. It was so easy that they proved I was crazy. I was caught, and tortured in the stone cell. Fire, water, cold....and pain. But I tried hard to believe one day help will come. I was looking at the small window on the top every day... One day, solitude completely covered me and they stole everything from me. I signed the pacts made of stone with my blood."

I listened to the voices which remained sunk in the depths of my subconscious spring and never saw the light of day. It was shocking, but it was because I was watching from a very high place, It gave me a bird's-eye view of ripples. Surprisingly, I was calm and objective. The words of ripples just conjured up a dream last night.

Early in the morning, I had a strange dream. I was forced to drink blood from a chalice. I tried hard not to, they grabbed my arms and put blood into my mouth. It was so disgusting that I couldn't swallow. When I went back home, I felt so disgusting in my mouth and wanted to brush my teeth. I looked for toothpaste but couldn't find it, so I had no choice but to open the round container that my ex-husband kept secret. There was half white paste and half white powder. I put powder and paste on my toothbrush and brushed my teeth. It wasn't toothpaste. I thought it was a drug. My daughter opened the door of the bathroom and looked at me with a troubled and angry look on her face.

Then, I heard my daughter's voice. I opened my eyes. She looked at me with a confused and angry look on her face. It was exactly like my dream. She took a picture of me meditating with her phone and showed it to me.

After that, we walked to the magnificently straight road with the background of Buckingham Palace. We enjoyed a warm sun and gentle breeze. Eventually, we found a Japanese restaurant in the Chinatown. We had a nice lunch and went back to the hotel. A nice nap for my daughter and a long meditation for me.

After my daughter was asleep. I went to the courtyard of the hotel, where there were nice little trees and herbs. I carefully read your email, Satchi again.

I need a fight dress.

Satchi wrote,

"As a help, perhaps the substack article from Jonananda and Nickananda.

Please forgive them as they are guys and a bit rough but the help I give with the timeline technique of EE Level 3 Initiation 7 might aid you.

The sexual addiction blockage is endemic in all humanity and I attempt to explain it's effects."

OK, let's try Nickananda.

Nickananda Report Satanic Pacts Past Life Rituals - See the Video...

https://eemeditationvideo.org/watch/nickananda-report-satanic-pacts-past-life-rituals_iioaUZPaW9B1wJ2.html

"Nick creates a symbol for each pact or subpersonality and then moves it along the timeline. The mind computer says where the blockages exist. You can search for subpersonalities by asking your mind computer to reveal them on the timeline."

There can only be One!

Nickananda did a good job. Amazing he created symbols. OK, the next is Jonananda.

Jonananda wrote,

“I saw that this is why I always gravitated to martial arts and energy arts and secret societies and things like that. They always come easy to me and I am always the top student of my teachers and it's like I have known them before. It all feels a part of me. When I go through these vows, it's like going through a bunch of memories. I'm gonna keep going.”

When I read his comment, the ripples in my subconscious spring to agree with him. It nudged me. I made a snap decision to go through this long list of 49 vows. I sat crossing my legs next to the lavender bush in the yard. It would protect me. I closed my eyes and created Merkaba protection. Inside the protection, Satchi was there. I expected him.

Satchi said,

“As it gets close to the pact on the timeline you jump into your subconscious spring and perform the Energy Enhancement Seven Step Process to dissolve the pact, dissolve the karma. Same with a symbol for the sub-personalities to also find them when they were created on the timeline of all previous lifetimes.”

Yes. I manifest that I go through the list of 49 vows and dissolve the pact, dissolve the karma. Then, I will find the sub-personalities to heal them.

Satchi said,

“This healing process leads to what I call the union of the life force, - there can only be one soul-infused personality - when the person can then move forward in their life without being anchored to the past, and live a life of creativity and productivity.”

Yes, Satchi I understood.

I breathed slowly and deeply while connecting to the centre of the earth and the centre of the universe. I precisely aligned all chakras to the highest myself. I tuned to the frequency of knowing. I knew that I would resolve all vows and heal my subpersonalities. I felt really grateful because I have one soul-infused personality. I brought this future me smiling with gratitude and connected to the current me meditating with the long list on the timeline. I created symbols of 49 vows. I thought it would take a while and would not make so much difference, but not!!! Symbolizing 49 vows made it much easier to remember. I created a sad human alone for vow no1, an angry face with canine teeth for vow no2 and an annoying auto subscriber for vow 3... etc... Thank you, Nickananda!

When I finished creating symbols, I simply asked my mind computer. “Show me WHERE I MADE THE PLEDGE”.

The timeline showed timestamps which were the symbols I created. Wow!! It worked so well. I tuned into my timeline and moved backwards. I was approaching the first symbol, which was a cut finger, Vow No 41. NOT TO USE HEALER'S TOOLS. I dived into my subconscious spring by connecting the future me as a lifeline.

I drifted down in my subconscious spring. It was in medieval times in Europe. I was in the basement of the castle. Three men grabbed my arms and forced me to drink blood with silver chalice, just like my dream. They ordered me to be isolated from my family and the society. Because they were afraid of my power to read dreams and heal people. I had just healed their young king. They didn't want him to be healed and be confident. They cut my finger and about to place my finger on the stone pledge written NOT TO USE HEALER'S TOOLS in Latin. I heard the sound of Neil scratching the stone. I looked up. I saw the Raven at the small window on the top of the cell.

I knew it. He was my friend. Unlike other blackbirds and birds in various colours, he could not murmur through his beak, but he could sing with his claws. Tap dancing was his message from the future. He was my hope and witnessed where I made all pledges through my past lifetimes. This is his daily routine and this is his job. I send the frequency of gratitude to the raven. At that signal, it flew up and I applied the EE 7-step process to this timestamp. Four beautiful sparkling angels were released. I hugged my sub-personality with angels. I held her a cut index finger with healing power. It returned a normal finger. She smiled at me. I connected her to the future me with the frequency of gratitude. We became one! Her, future me and me meditating now was precisely inaligned. Then, we became one with white golden light. It was beautiful.

Then, I went back to the timeline with the Raven. I resolved another 11 vows. I opened my eyes.

After that, we visited Tower Bridge and the London Eye. I meditated and dissolved pledges on the double-decker, on the boat on River Thames and on the cell of London Eyes

The next day, I kept meditating and dissolving pacts. I ticked 48 vows on the list. I released so many angels and healed myself who made the pledge. I integrated with sub-personalities as well as angels. It was interesting that most of the self-sabotage activities and laziness were caused by the pledges.

For example,

I quit in the middle of the plan. I made excuses saying I had something else to do. I acted like I knew everything. I cried and acted like I didn't know what to do. I became nervous and acted in a way to intended not to go well. I started something completely different and new. Only started not finished. I slept longer.

So, I applied the EE 7-step to these. Even angels were released. Then, fear was revealed, such as “Being alone. Not be loved. Become a bad person. Become a boring person. Being isolated. Being hated.” I applied the EE 7-step to these fears. Then, the timeline showed the last one. It was a symbol of Satan. When I approached it on the timeline, I made sure twice to connect to Future me when I was enlightened, I dived into my subconscious spring.

It was in medieval times in Europe again. I was a young man. I was tortured and lost so much blood. I tasted blood in my mouth. I was betrayed by my best friend and the woman I loved. It was my last day in prison because I would be sold as a slave the next day. A well-dressed man appeared before me. He asked whether or not I wanted to be free. If I pledged to work for him, he promised to help my revenge. I was devastated and agreed. He cut his finger and asked me to suck it. At that very moment, I heard the Raven’s tap dance. When the well-dressed man heard the Raven’s tap dance, he transformed into Satan. I cut him with my spiritual sword and applied the EE 7-step. A beautiful angel was released. She held my hand and his hand. Healing energy integrated us and we went higher and higher. I felt the life energy. I opened my eyes and I ticked the last remaining task on the list. Haha! I did it!!

On the last day in England, my daughter invited me to go to a special place. It is called a sky garden. She said that she really liked the futuristic

skyscraper. We went there. She was busy taking pictures. So I sat crossing my legs and meditated in the sky! I was hovering with the Raven.

After creating the Merkaba protection, I asked the last question to my mind computer looking down at my subconscious spring.

“Do I have a vow against my own Guides, God, and Spirit?”

It showed one spot on the timeline. I dived into my subconscious spring with a connection to the Future me. I was drifting down to the shining spot and I realised that it became quite empty in my subconscious water. I arrived at the moment. It was ancient Egypt. I was a poet. I wrote a poem for the future and I tied it to the long leg of the black Ibis. It flew up to the temple and the priest read it as the word from the future. One day, a new priest made a mistake. And a war started and lasted long. I was shocked and made a pledge by myself and stopped connecting to God. I talked to me in the past lifetimes. I explained it was a mistake. We dissolved the pledge and integrated together. The Raven was watching as always.

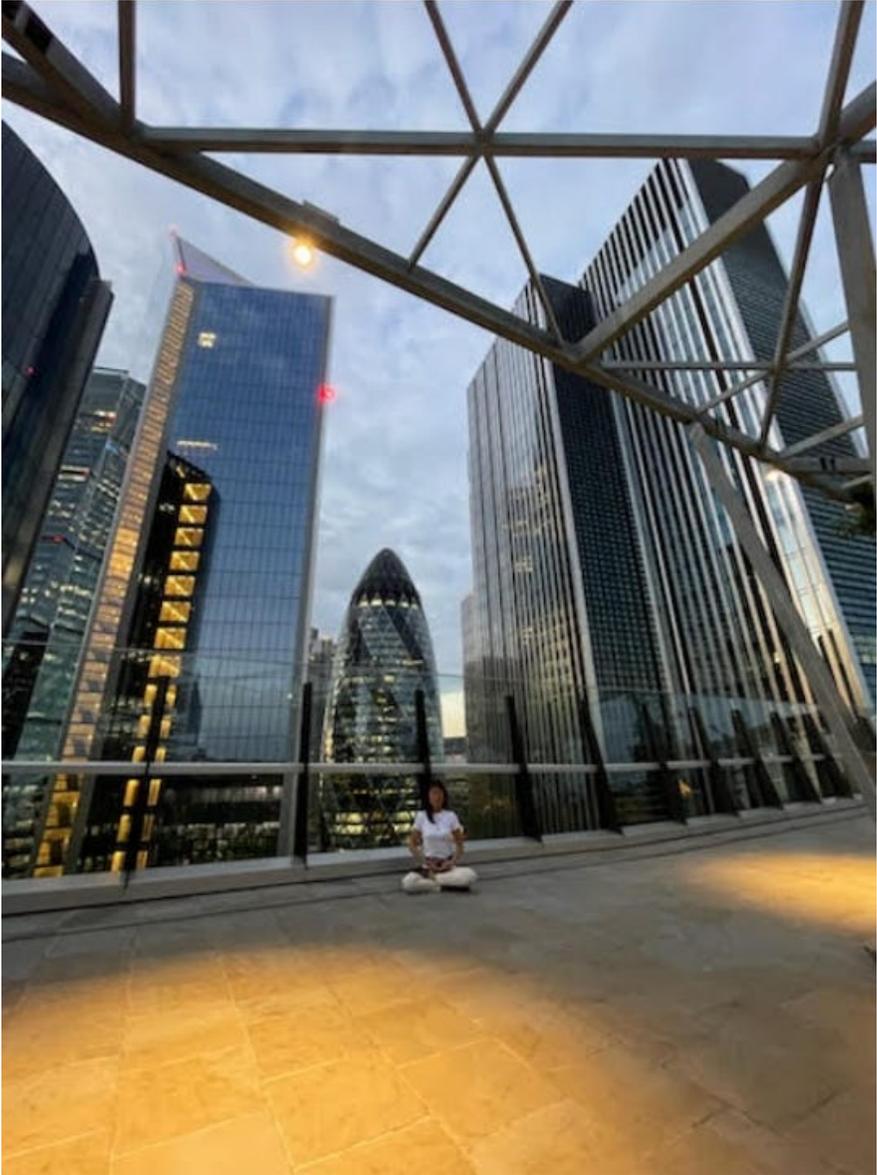

Then, the long black claws on the toes ploughed the ground. Then, strangely enough, ripples appeared on the surface of the ground. The ripples swole greatly according to the rhythm of the toes. Now his toe was dipped into the ground and stirred and created the milk crown shape. The apex of the milk crown was firmly attached to the base of the sky, like the north and south poles of a magnet. Now a mere little black bird danced gracefully like a black ibis in the middle of the ground and the sky. I was staring at it. The orange sun was slowly setting in the background. We were left behind with the sun whilst all around was a dark night.

We were stranded in a paradoxical wrinkle where day and night, the darkness and the light, the yin and the yang coexisted. The blackbird intuitively sensed that the time had come. It was time to pull up the anchor from the spring of our subconscious mind. His toes were buried in the ground and my toes were dipped in the spring. Now their deep psyches were connected, and at the same time, their surface consciousnesses were connected through their intertwined gazes, like the scene of a midday duel. In this unusual pocket where opposites could coexist peacefully, their surface and deep consciousnesses were, as a matter of course, circulating.

We know that judgment and comparison are illusions which feed the ego. The ego has no place in our hearts. We were looking at each other without blinking. The wavelengths of their thoughts were perfectly tuned with each other and the frequency of knowing. We knew that. We blinked at the same time. The blackbird lifted the anchor from the lake in my subconscious mind. We flew up together higher and higher. We reached the stone

temple. There was a giant man with the head of a blackbird and a beautiful golden moon was floating above him. I knew him. You know him, right?

I opened my eyes.

Swami Satchidanand Sep 25, 2023, 8:49 PM to Yuko

Hi Yuko,

What a fantastic journey!

You know, it's only possible to become enlightened by removing all the subpersonalities. By becoming One Soul infused personality.

You know Zen Master Hogen had a Golden Aura redolent of a Soul Infused personality.

But Swami Satchidanand had a Bright White Aura redolent of a Sirius infused personality.

Like the Buddha, Zen Master Hogen was an expert on Yoga and on Meditation and taught the Zen Method very well.

But Swami Satchidananda based his business on the Yoga Schools, teaching Yoga Teachers but himself he gave psychic experiences to his students of telepathy and exploding the blockages of the heart.

When I was young I exemplified wanting to help humanity by becoming another Einstein taking two degrees in Physics and Electronics but for me all I found was corruption and could not continue to work in this field.

I fell back on my experiences age 7 when I saw one of my past lives and at 14 when I had the experience of seeing myself die age 86 - all the blood flowing out of my body after a normal life of marriage and 2.5 children. The death affected me for a few days until I had another experience of seeing myself die again at age 21 again at age 86.

My Soul was telling me to hurry Up!! It was saying a normal life for me was not possible! Jesus was teaching in the temples age 12. Me, I was late starting age 35!

I started yoga by myself from a book not telling anyone else from age 14. I started pranayama from the Hatha Yoga Book by Theos Bernard at age 21. I started meditation age 28 by myself for a year and then with Hogen and Satchidananda until 35 when I started to teach Yoga and Meditation.

Prananyama and Agnisar Kriya builds up the ability to contain and channel prana. Holding the breath Kumbaka and Bandha - activates the Yama - Lord of Death - side of Pranayama where you battle with death

every time you hold the breath. It enables you to remove fear filled subpersonalities.

I became a Spiritual Healer with the British National Federation of Spiritual Healers age 21.

As Gurdjieff said, "If you can't teach anything new you should go back to school"

So, my Yoga DVD is new! It exemplifies a program to get you into a meditative state - the girl who we used to video the yoga session remained in a state of samadhi after the session for three hours. She became a monk in India. The Yoga is a new yoga, Hatha Yoga being Asana, Pranayama, mudra, bandha. In it I pushed Mudra Yoga holding the poses for longer.

https://eemeditationvideo.org/watch/energy-enhancement-hatha-yoga-dvd_OAicBfs1Q5c62ZF.html

After that I created the Energy Enhancement Video Meditation course which utilises the ancient techniques of Tamil Siddhar Bhogar and his students, Babaji and his Kundlini Kriyas and Patanjali and his Yoga Sutras of Patanjali and his Samyama the Energy Enhancement Seven Step Process to remove energy blockages.

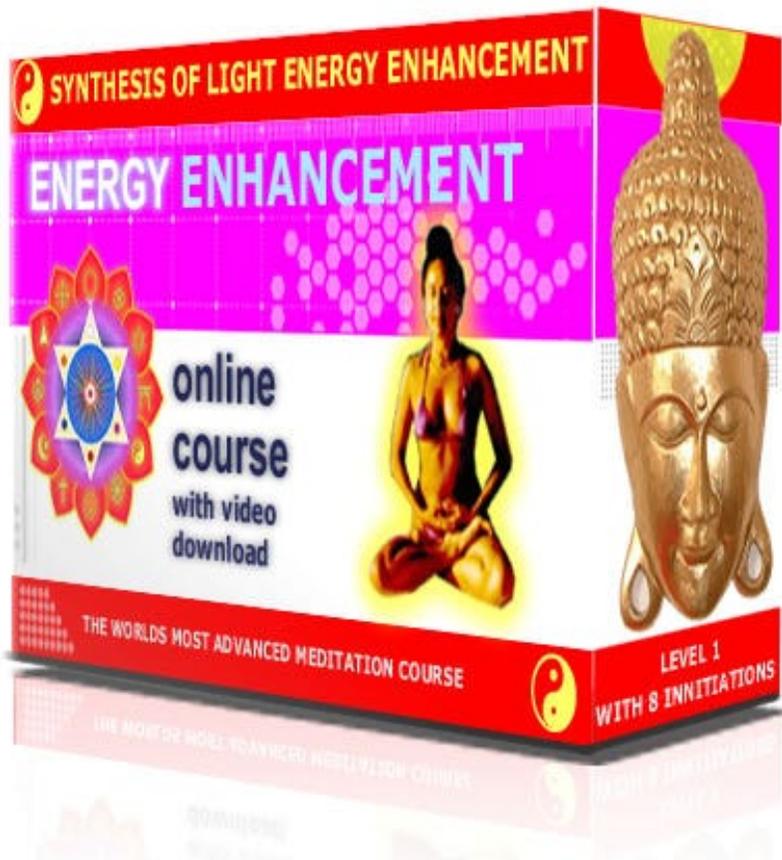

<https://energyenhancement.org/>

Every seven years of my life I have had psychic experiences of initiation. Every Master of Meditation in India, Hogen, Satchidananda, Sathya Sai Baba, Sri Yogendra, Father Bede Griffiths gave me energy and psychic experiences.

At 7, 14, 21, 28, 35, 42, 49, 56 years of age.

I became soul infused through Hogen at age 32. I became gradually Monad 35, Logos 42, Sirius 49 and Avatar of Synthesis 56 infused on that path.

"Been there, done that, got the T shirt" was the creation of the soul Yoga DVD, and Energy Enhancement Video Course...

<https://energyenhancement.org/>

As your heart expands, because every step on the chakras above the head, every fusion, every initiation, must expand the heart even more.

Originally as a child I wanted to remove pain from everyone. Like every good Dragon Child I wanted to help everyone!

Fusion with Sirius, the Chakra above the head of Jesus and Swami Satchiananda creates the Heart of Christ.

Swami Satchidananda was giving speeches at the United Nations...

Swami Satchidananda said that Ahimsa - no pain by word thought and deed - is the greatest Yama but the only reason to give pain is when you are teaching.

I began to understand that this Planet is a factory to produce enlightened beings over perhaps hundreds of lifetimes. 500 lifetimes, 700 lifetimes where every mistake is condignly karmicly punished. As the evil path is chosen so the pressure to reform is increased. This is the earth pressure of coal designed to create the perfect Diamond – a person who can only do the good and right thing...

These earthy lives are a teaching tool filled with pain. Karmic Pain created by people making the wrong choices as they gain greater knowledge of Good and Evil..

Only the Energy Enhancement Course of the transmutation of pain, Alchemical VITRIOL can remove that pain, heal energy blockages, remove subpersonalities, remove satanic pacts.

"After all that" here is Energy Enhancement - "Here are complete instructions on enlightenment" Yoga Sutras of Patanjali Book One, Sutra One

"After all that" is a person hard wired to only to be able to do the right and good thing. Only then are you allowed to become enlightened.

So with higher initiations I started to move away from individual enlightenment and on to planetary enlightenment.

Only my experiences in meditation could give the understanding that Satan is Real! Demons are Real! Dark Gods who vampirise the spiritual energies of humanity to live forever are Real!

Dearest Satchi,

Thank you for such a nice message. I read all. It was really good to know your path. I admire your strong determination.

I made a Japanese version of the part one.

Soon, I will create the part two. I meditated a lot to dissolve the pacts. And as you said below,

"I have to help the man. I'm scared if they reject me. I have to be liked by men. Men are society. I'm afraid of being rejected by society. I'm afraid of being thought crazy. I'm afraid of being thought of as just an ordinary woman. I have to be special as well as being nice and kind. I have to be accepted.

Very good to seven step every one of these sentences. A Very great vision! I applied the seven step every one of these sentences. Please read my review. I didn't write it yet, next day, I had a fantastic meditation experience. I will write in the next review.

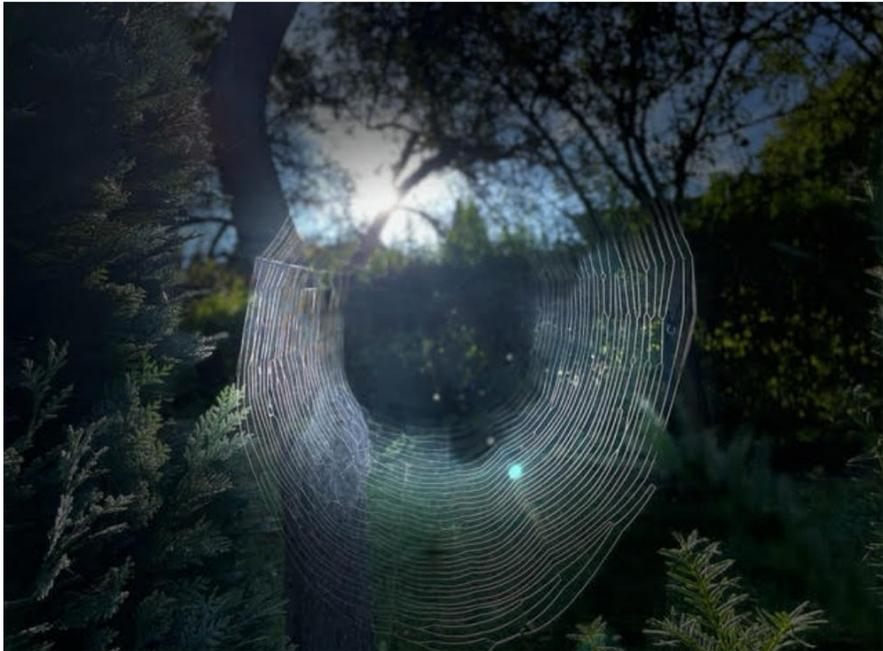

This weekend I will joined a Kendo practice with my daughter. A 8 dan Sensei will come to Prague from Japan.

Lots of gratitude to you, Devi and another EE students. We are cleaning and purifying the earth and the universe.

Yuko

On Sunday morning, I woke up in the small cottage on the cliff looking down the beautiful river called Ohře. I had stayed since Wednesday, so today was the fourth day and the last day.

Just before, I had received a message in my dream in a distinguished way. Yes, a dream again! I knew you said so. It showed "Wisdom" in black ink on a broad and bright white screen flashing backlight for a quite long time. When I woke up, reflecting bright light inside my eyes, I knew that I had enough wisdom from my experience and I was determined to trust it as well as myself.

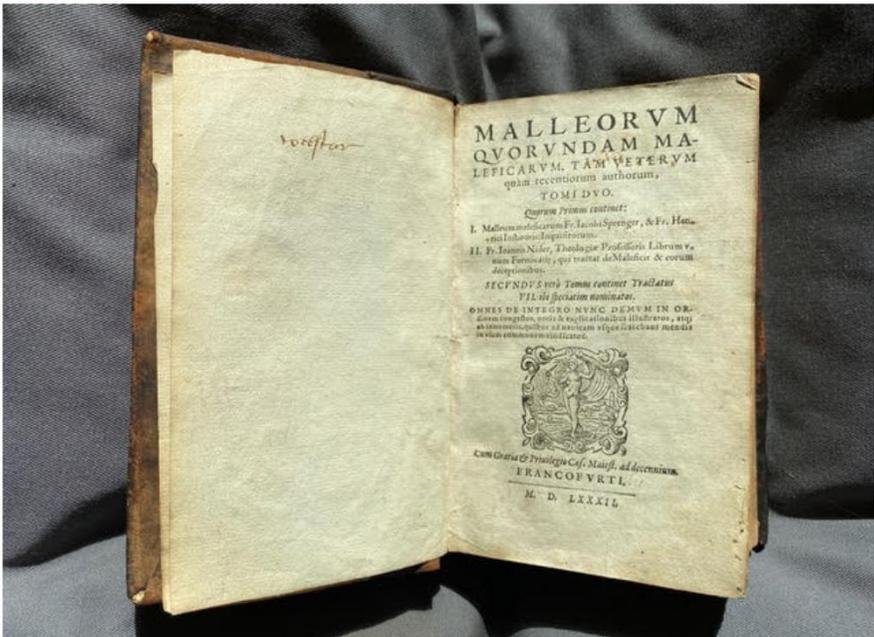

Following your curiosity, I'd been meditating upon the negative feelings against men which I received from ripples on the surface of my subconscious spring for a couple of days. These are,

"I have to help the man. I'm scared if they reject me. I have to be liked by men. Men are society. I'm afraid of being rejected by society. I'm afraid of being thought crazy. I'm afraid of being thought of as just an ordinary woman. I have to be special as well as being nice and kind. I have to be accepted.

You wrote, that

Very good to seven step every one of these sentences. A Very great vision!

I asked my mind computer about each of the 9 feelings and it showed the place in my timeline. I dived into my particular past life and I revealed a past life.

I was forced to marry someone for political reasons by my father in 1873. I had a man I love secretly and I was afraid of my father to know him. Finally, my father knew everything and locked me in the room. The Raven came at the window. I talked to the raven as if I were talking to the man I love. I expected one day he would come to save me. But it didn't happen. I cried a lot and gave up hope.

Eventually, the well-dressed man appeared in my room after midnight. He said that if I could sign this, then it would protect me from getting married.

It was like the 42. VOWS AGAINST MARRIAGE (Can Keep You From Getting Married) in your list, Satchi.

And he passed me an old book. He said that I could revenge on my father and the man who didn't save me using this book. I opened its cover. I saw the "MALLEUS MALEFICARUM". I didn't know what it meant. But, I was familiar with this book. Last year, one of my friends sent me a picture of this book. He worked in the museum in England and organized an exhibition of witches. This well-dressed man passed me another pact to sign. It was like the 21. VOWS TO REVENGE. WOW!!!! This was the moment.

Suddenly, the Raven appeared at the window and started tap dancing. This well-dressed man transformed the ugly creature. I applied the 7-step process to him, the pact and the book. When I completed the 7-step process, a lot of shining creatures - Angels - were released. I enjoyed dancing with them. I felt so free again. These pacts must be binding me so long and tight. But somehow, I felt not enough in my guts, and I could not make any progress after.

So, it was the purpose of this four-day trip to stay in the cottage with my best friend who wanted to meditate with me. Her name was Moth. The very first night, we sat on the sofa together drinking tea. She talked about her dream, where she was about to die. She was surrounded by her parents

and friends. They showed their love with a relaxing soft warm feeling. But she felt guilt.

When she was expressing the feelings of guilt to me, I was in sync and I saw the vision.

This was the first time I saw somebody's vision and my crown chakra behind my third eye so actively vibrating.

In my psychic vision, she was terribly wounded in the left side of her solar plexus. It was after the duel. There was a lot of blood in her hand. She was lying in the middle of a deep forest with her people. I told my vision and she jumped up shortly by surprise. She felt a strong heaviness in the left side of her solar plexus since she was small. We talked about this for a while. This was a beautiful but a bit spooky experience.

I thought it was high time to tell my experience with the Raven during my meditation. I didn't tell anybody except you, Satchi. I told her I heard the negative feelings against men from my subconscious spring in the bottom of my heart.

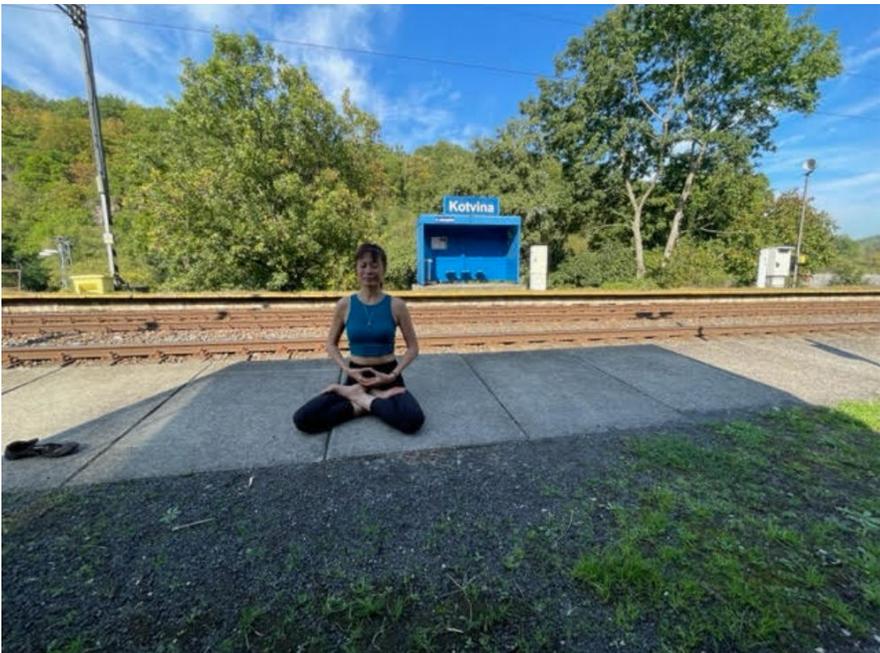

Surprisingly, she confessed that she had the same feelings since she was small. She added that it might be a collective feeling of women through long history. It surprised me a lot. Because she has a completely different

experience. She comes from a good family who support each other. She has a good lovely relationship with her father. She doesn't have any negative experiences against men, unlike me. So, It might be the feeling all women have in their subconscious mind. It gave me another perspective to meditate on these feelings.

The next day, we meditated together and we talked about our meditation, just like the EE meditation course. She had difficulty seeing blockages while I had no progress with these fears against men. Even though she said that she didn't have any blockages, I started to believe I grounded all of my fear against men, so there was nothing more to meditate on. I was too optimistic, Satchi. Of course, no, right?

After the meditation, I finished reading a book. It is called, "Women Who Run With the Wolves." I found some interesting information. It was written that a woman's life is divided into phases of seven years each. Every seven-year period stands for a certain set of experiences and learnings." It rang a bell in my head. You mentioned something like that in your email.

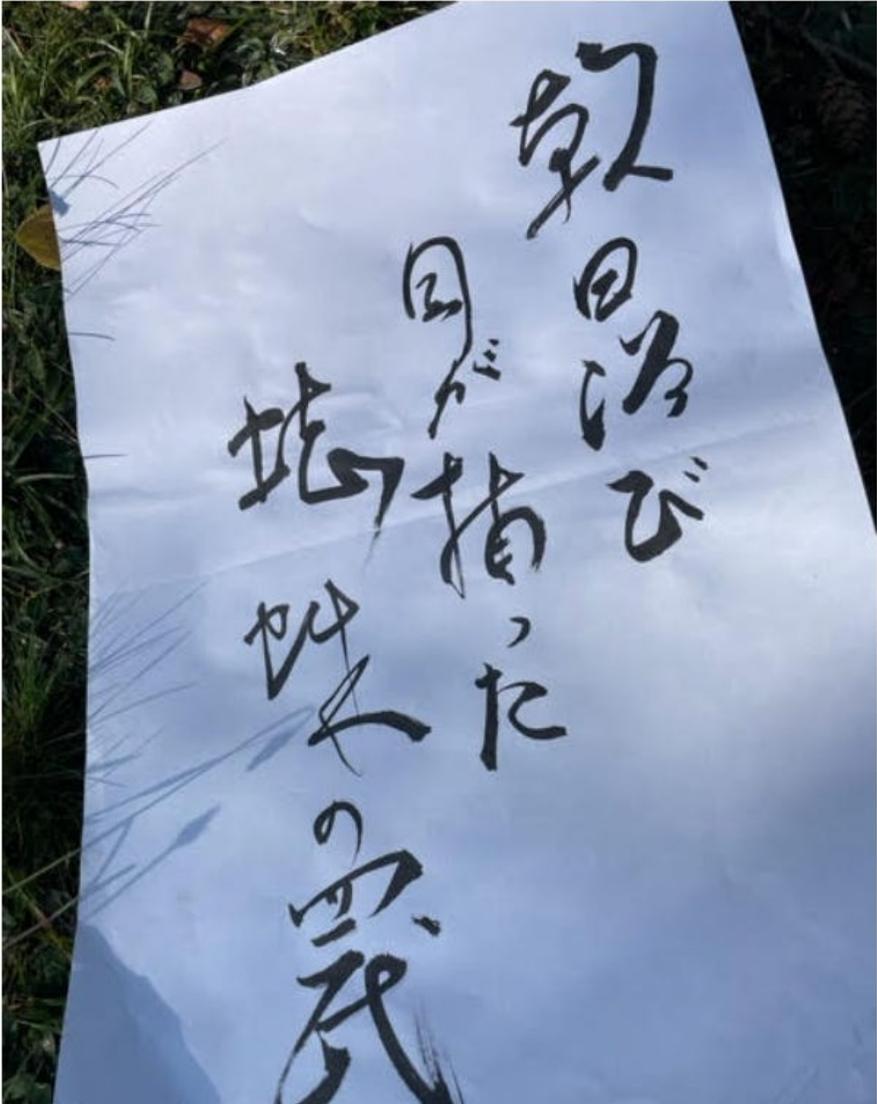

Satchi wrote,

"I think because my Sun is conjunct with Saturn, every seven years of my life I have had psychic experiences of initiation. Every Master of

Meditation in India, Hogen, Satchidananda, Sathya Sai Baba, Sri Yogendra, and Father Bede Griffiths gave me energy and psychic experiences.

At 7, 14, 21, 28, 35, 42, 49, 56 years of age.”

I was not familiar with Astrology, so I decided to check my sign. Whilst my Sun sign is Aquarius, my Moon is conjunct with Saturn at Gemini in the first house which represents myself. It showed that I was born with two almost opposite natures. My moon and Saturn never cooperate together,

they were fighting each other. I felt that my Saturn was dominant over the moon power in my life. It is interesting. It might be a trigger. Another conjunction in my horoscope is that the Sun and Venus are in the 10th house. Let's leave this aside. I have more serious business to meditate upon.

Then, after this discovery, I had a strange funny dream. It made me laugh still. There were Ms Moon and Mr Saturn in my dream. I was standing in the middle. Mr Saturn was really strict and strong like my mother. I had a very strict and dominant mother. It was funny, right? But Ms Moon was very quiet. It was obvious that she couldn't shine enough because she was frightened by Mr Saturn. I sincerely asked Mr Saturn to leave my life. I would like to be with Ms Moon. I would like to be confident to be a woman and naturally enjoy being a woman.

Mr Saturn answered "Nope!" Because if he left me, I would lose my strength which is courage and strong willpower. OK. I understand that. My strength comes from Mr Saturn, thank you very much. I started to use my communication skills with Mr Saturn. I knew if I used straightforward negotiation, he would say "Nope!" again, just like my mother. So, I tried more subliminal negotiation using Ms Moon's power of sensitivity. I appraised our interpersonal relationships with Mr Saturn and Ms Moon.

Now, if we use that lunar energy, sensitivity and intuition in the front line, moreover, Mr Saturn supports us at the bottom like a strong base, I would really convey this kind of emotional transparency like compassion, and good vibration along with my strength from Mr Saturn. It would be a new strength, our new unique strength. Then, I woke up.

ENERGY ENHANCEMENT MEDITATION LEVEL 5 IS TAUGHT BY SKYPE AFTER LEARNING LEVELS ONE TO FOUR BY VIDEO OR LIVE IN IGUAZU

As part of the Energy Enhancement Course Level 5 I have found these very helpful systems Initiations that further disinfect the purity of the soul. These systems can be seen as maps that indicate the condition of the body and the experiences of the Individual.

The basis of Energy Enhancement is to remove blockages using effective techniques like no other system of meditation. This Level 5 includes knowledge that is ancient and it helps anyone who is wanting to become all they were meant to be.

As we access the knowledge of Energy Enhancement Level 5 we access deep spiritual knowledge that we can attach to and augment our spiritual

bodies. As an additional support to the already well equipped Levels 0 – 4 of Mastery...

Here below my reports where I tried and tested Level 5 Initiations in Astrology, Iridology, The Major Arcana Archetypes of the Tarot, Removing All the Demons of Demonology, plus Runes, the I Ching, and videos of Devi Dhyani Mudras and Devi Dhyani Liberation of Blockages.

Personally I have always been interested in this subject. When I
became an EE student, it equipped me with the psychic solutions
to what seemed like an unavoidable karmic lessons. It is here
where I realised that "That which we know we can change".

In this initiation you are given a full astrological chart with a full
explanation. I found that grounding the entire chart, planets,
houses, signs and their unique aspect positions really helped in
clarify my energy.

Because this effective method of integration I was able to gain
more wisdom and freedom from negativity. To give you as
example; my black-moon Liliith happens to be in Aquarius.
Black-moon is considered something that is needs to be
integrated and brought into balance within everyone's astrology.
As this can manifest as a
destructive force.

The same can said for all the different aspects of an individual's
chart. In the specific case of the Liliith sign, I found that this
related to the unconscious effects of the sacralus (incubus within
males) blockage. One of the deepest blockages that reside the
base chakra. One that leads to many bad choices in partners.
It also drains life-force energy and recreate unfavorable situations
and reactions to those around you. That's just one aspect.

The eyes are the windows to the soul. This is the saying and I can certainly see why. My personal consultation with Sarah and revealed a lot about the condition of my health. Using Iridology and Iridology where by the irises can be viewed as maps of the body in the same way reflexology works in mapping the entire foot.

We could establish that I was in need of an intestinal cleanse and that my body was storing deep stress. When grounding these things I found that some of the blockages related to this lie, such as trauma from childhood and also I could see ghosts attached to me. Other blockages were carried on from past lives and so I was born with them. As is the case with many of us. By using Alchemical V.I.T.R.I.O.L. I am beginning to heal and transmute the story of distress that my eyes signify.

According to Iridology, the natural colour of the Eye for Europeans is Blue. Toxins are green, yellow, brown, black as the toxins become more concentrated. Above we have an eye from one person taken on the 12th August 2017

Here below we have that same person's eye taken one year later on 14th July 2018 See the difference

BEFORE, FROM GREEN EYES, AFTER, TO BLUE EYES WITH ENERGY ENHANCEMENT LEVEL 5!!

The Green wash has disappeared and the natural blue has been restored And that difference came from a combination of Herbs and Energy Enhancement. As further improvements occur I will post them below.

ENERGY ENHANCEMENT LEVEL 5 DEMONOLOGY INITIATION

In the past I would've steered well away from even reading about Satanism and Demons; this is because I was scared and to be honest it is scary stuff. However since becoming an EE student this has boosted my psychic solidarity and trust and ability in overcoming evil.

Also it is normal practice to ground that which frightens or disturbs you as an EE student. Not to say that horrible things should not affect you. As numbness is a blockage in itself. To feel compassionate feelings open up the opening of the heart.

Another life changing thing being in the Energy Enhancement Course Level 5. What I'm referring to here are things that you would because it is too painful and affects you in ways that stop you from being able to comprehend and understanding etc. about things. By being understanding this means you can use information to gain greater knowledge of yourself and the world around.

This is exactly what occurred when I worked through the over three-hundred Demon names and descriptions using the 7-Step process of EE.

The most poignant thing that came out of this for me was the confidence in knowing that these evil energies can be transmuted, that their influence on you can be nullified.

I worked through the book by grounding each of the demons. Most of them did ground, meaning I could see that they had negative effects on me. Over 60% were like this.

What I found was that certain demons were tougher to heal, meaning that their effect on me was stronger. Some grounded easier than others, but all had negative attributes that anyone would be able locate within their lives at some point in time.

I found that the stories about witch hunts really affected me. So I was able to heal the trauma of in past lives.

The information about the pacts made with the 1300 demons in charge of certain wisdom like crystals, astrology, knowledge etc. all gave me something to ground. I realised how it is possible to be tricked in practices if you do not know this was possible.

The great thing is that these demons and fallen angels can be healed and sent up to heaven. This also means that you can be your psychic self with talents. The soul then uses them they do not use you.

That's the key! Healing and transmuted these demons of the negative karmic mass and programming back into the angels they once were. Healing the past in which they caused you to reject the energy of God's love and light, knowledge and knowing.

Everyone will find different things come up for them and this was a very good aid.

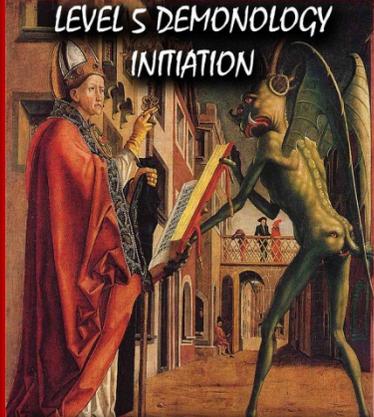

This is one of a series of Energy Enhancement approaches to Demonology, Tarot, Astrology, Runes, I Ching, Demonology, Judoogy and Herbal Health that probe more deeply to release negative energy and karma and release further with the greater riches of The Soul.

Energy Enhancement Meditation is the only therapy in the World which can remove Energy Blockages like Sub-Personalities!

With the help of Swami Satchidanand I'm experiencing the most accelerated integration period in my life.

Satchidanand has an intuitive ability to sense where there might be a Sub-Personality at work. He then encourages self-inquiry to find the root of what might be anchoring the blockage. Because his aura is so warm and caring he emanates an energy you can trust and be open with. Without judging you, he takes the logical approach in finding key words or images that you can then use to Ground and Heal the sub-personality.

As at the end of it I can then use Energy Enhancement – Samyama techniques to psychically transform the Sub-Personality or blockage, Ground all the trauma and Negative Karmic Mass.

I know that ordinarily some therapies slowly get you to unfold, open up, and talk about things. This is great. However it's not enough. Not if you want to be well. To be able to have such an effective Key, such as Energy Enhancement, to turn that all around and actually remove the blockage on a spiritual level is unheard of.

Satchidanand is so happy to help anyone that wants to be well, whole and connected to God.

This is an incredibly productive therapy session with Satchidanand here in the Ashram at Iguazu because although all other therapies like Jungian Analysis, Psychotherapy or Transactional Analysis can describe the energy blockage, sub-personality with traditional scripts and Archetypes like the Poor Me, Addict, Kick Me, Violator, Revenge, Fuck You!! or the Black Star, none of these therapies except Energy Enhancement can remove the script, sub-personality or Energy Blockage.

As I progress along the path of purification my meditative practices have improved, no actually it's more accurate to say they have been corrected with Energy Enhancement techniques. Because now I'm tapping into the process whereby I can affect my present experience. Healing my past and clearing my future with the energy of the Higher – Powered Present.

Because I activated my Soul energy through the practices of Energy Enhancement, my Soul now sends me information, vision downloads, about the things which need to be healed, grounded and integrated next. My Soul is in charge of my Integration, Enlightenment Process!!

I have noticed with all this grounding that I've been doing here at Iguazu,

that I can now sit in meditation and feel that peaceful bliss for a long time.
Now, out of Any forty Minute Session, for at least twenty minutes I Am In
Complete Bliss Samadhi!!

All that which stifles your True Self

Before I could not because of the blockages.

When I practice Pranayama, Yoga, or Nauli Kriya I get shown by my Soul through my psychic vision what needs to be healed.

When this happens, I've needed to stop in mid practice. This is because something comes up, a blockage is revealed by means of a vision. So I then get myself in an upright sitting position to ground and heal the blockages.

Also, the intense Prana created by these Energy Enhancement Course practices can be used to transmute blockages using Energy Enhancement Seven Step Process Techniques.

With the 12 Initiation Practises of the Energy Enhancement Course Level 0 – designed to parallel the other Energy Enhancement Course Levels – including Agnisar Kriya, Nauli Kriya and Pranayama, I'm learning to channel the intensified Prana and use it to clear my psychic body further.

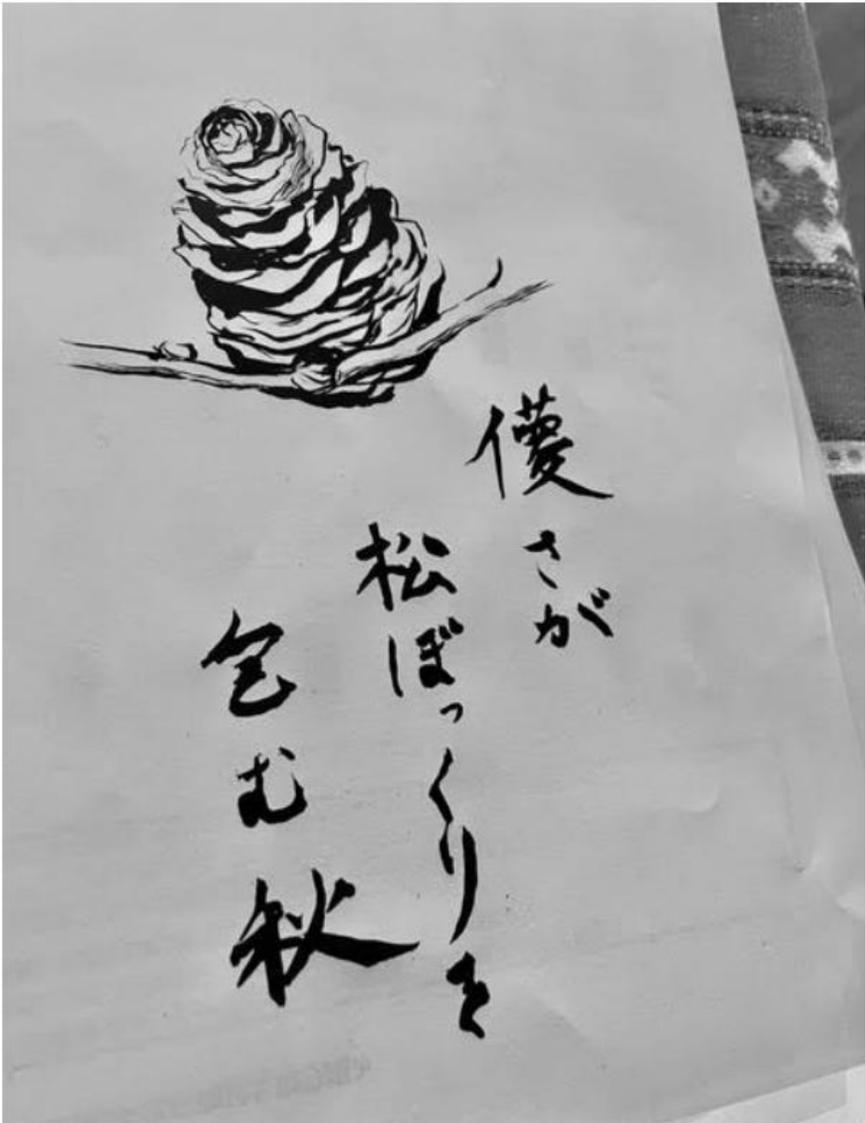

IF YOU HAVE DONE FIVE VIDEO LEVELS COME TO IGUAZU FOR THREE!! MONTHS FOR THE PRICE OF ONE MONTH!!

What I've realized is that I must go at these Subs and blocks a few times before they completely go. It is like the layers of an onion. I get tested I notice, a test to see if they are still there by circumstances and if I react in the same way or otherwise, then I know it is still there.

Sub – Personalities are the biggest problems they need a lot of energy to heal. That's why Satchidanand's Buddhfield energy is powerful energy which pervades the whole Ashram at Iguazu and augments my energy to

remove Energy Blockages. Because his purpose in being here to help others and improve life on this planet, he has been radiating the energy necessary to help me evolve.

Evolution is matter of energy, the more energy from God you can channel the more evolved you become. So this path of removing blockages and Sub-personalities has been the High Way of my life.

I feel really blessed to have this opportunity here in Iguazu!! – Thank you Satchi and Devi.

That day, we had a great long meditation together with my best friend, Moth. She finally succeeded in transforming the blockage into an angel!!! I did Shikantaza to feel Ms Moon's energy from the top and Mr Saturn's energy from the bottom. I enjoyed keeping a balance between the two and swimming in the harmonized energy. After the meditation, I created a Haiku which is Japanese short poems.

Then, it was the last day.

I boiled water and made Chinese tea called Liupao. A caramel-coloured liquid was poured into the dark brown teacup made by my friend Moth's creative hands. It's the colour of amber and the shape of almost a circle which is made by hand. It was shining like the full moon which I saw last night. I sat crossed my legs and sipped the moon. The energy of the earth from tea leaves and the clay of the teacup was flowing into my throat. The hidden passion beneath its burnish was there and life force energy flowed beneath its transparent brown colour. I closed my eyes and smelled the scent of the shining life force energy while listening to the Gyuto Monks. I breathed slowly and counted to 111.

I asked my mind computer to show where those feelings came from in my timeline. It showed those by lighting up in my timeline. It looked like a long line of light on it. And surprisingly, there was a giant black snake on the line of light. It was looking at me and brought the head up like a cobra.

It was very tall and frightened me. But I knew this black snake. Because it was in my dream last night, just before I received the message of "Wisdom". It was with my ex-husband. My ex-husband looked like a pet of this giant black snake. This snake was black like charcoal. I was really afraid of it, but it stayed somewhere in the flat where he and my daughter live. I wanted to get rid of this snake. It disappeared before my eyes, but I felt this existence.

Now, this black snake was about to attack me in my meditation. I thought to fight back with my spiritual sword as usual with Saturn energy. At that time, the message of "Wisdom" stopped me. A thought came to my head that if I kept fighting blockages with Saturn, it never end. I dropped my spiritual sword and breathed deeply and slowly, then I sat and crossed my legs before the giant black snake. Wisdom taught me that meditation was mightier than a sword. I trusted myself. I meditated over the meditation. I closed my eyes, but my third eye was projecting the black snake. It didn't disappear.

I brought Ms Moon on top of me connecting to gain lunar power. I saw the beautiful bright full moon in the woods last night after enjoying the fire. It shined like the silver sun without heat. It was stunningly beautiful. I felt compassion under the moonlight. It was similar to the feeling which was a mixture of sadness, acceptance and forgiveness as listening to the Moonlight Sonata by Beethoven.

I allowed the moon to shine more. Probably, I didn't allow it before unconsciously, because of Saturn. But now, Saturn was supporting us at the bottom as he spread his power bottom of the black snake secretly and patiently. I felt protected. So, I decided to sip a cup of tea.

I carefully pour that hidden passion into my mouth. The liquid of that passion revealed its presence on my tongue and slowly stretched its limbs. Its presence manifested my body and unified my five senses, as well as the sixth sense. I looked up. The caramel-coloured liquid made it so. There was a beautiful full moon shining at the top of my Antahkarana. The taste of tea and the moon were integrated. The moon shone double. I let the soft shining light fall on the black snake. It started to run away, but there was no way out. Because Mr Saturn perfectly created a strong container. The black snake could not run away. The soft light completely covered the black snake. Then, the shining moon angels appeared. The moon shone tripled and the black snake shrank. I completed the first step.

The next is minions. I let the moon shine more and lights were falling on all minions. I created the field of moonlight. I sandwiched minions with lights and a flat container of Saturn. I squeezed, kneaded and rolled it. Then, I threw it in the centre of the earth. A shining ball was born. It was just like the moon. I sent it to the moon. The moon shined more and the black snake shrank.

The Satan arrived in front of the black snake. It was the same man as the picture you often use in your substack. He was glaring at me, but I sat before him and let the moon shine more and more. I was breathing this light and I felt compassion. Satan was covered with shining silver light and he fell into the centre of the earth by himself. He transformed a beautiful silver shining angel. She passed me the silver key. Then she flew up to the moon. The moon shined more and more. It was absolutely bright.

I was not sure where the controller was. I asked my mind computer where it was. It answered that it was in my Womb. Wow! In my womb? It might be. Why not? It is located in my second chakra. I breathed shining lights and conveyed them into my womb. My womb was covered with shining lights.

The wind touched my cheeks and I sniffed the scent of apples. There were apple trees around this cottage. The scent of the wind blew up a layer of my womb. Wow, it was like a Matryoshka doll. I breathed shining lights and conveyed them into the new layer of my womb. It was covered with shining lights.

The wind touched my forehead and I felt warm. The temperature of the wind blew up a new layer of my womb. A new layer of my womb appeared. I kept breathing lights. It was covered with lights. I felt the glare of the sun on my shoulder. The glare of the sun burnt the layer of my womb. Now my

womb was filled with moon and sun lights. I saw a purified womb which was shining and vibrating.

There was a keyhole. Wow! I was excited because I had a shining silver key in my hand. The shining silver angel gave me. I put it into the keyhole. Bingo!!!! It was opened. I found the controller. Wow! Can you guess what it was? It was a small black computer chip. I conveyed the silver lights on it. I let the moon shine more and more. When it was covered, I put my

hand on it and picked it up gently without touching it. The black computer chip had many small black strings which went into my cells. I took them out from my womb and I pushed out all strings out from my cells. It worked. I made a small ball with lights and dropped it into the centre of the earth.

It became a silver shining snake.

I focus on the ten chakras above the head. I filled it with the moonlight. But I could see some black spots. I pushed them out and sent gratitude to those black spots. I said, "You no longer need to serve me, but thank you for protecting me." They were out from my Antahkarana and I dropped them into the center of the earth. At that very moment, I saw a small bright star through my Antahkarana. It was calling me to come over. Wow, it was so beautiful and so bright.

I heard the voice of Mr Saturn. "Two more steps to go." Mr Saturn reminded me, "You must complete the 7-step!" Then, a shining silver snake came to me. I tapped its head. It allowed me to ride on. So, I went up to millions of chakras above my head.

I filled the millions of chakras above my head with shining moonlight with compassion. I was overwhelmed with gratitude. I stirred the moonlight and washed the millions of chakras. Then I drained the moonlight with things no longer served me into the centre of the earth. The thousands of lights appeared and shot to the shining star far above. Now, all were aligned.

I flew up to infinity following the light. I reached the infinity. There was the mark of infinity. I found the flat stone below the infinity mark. There was a list of pacts. I put my palm on the stone. I scanned all pacts with my palm and I dropped all pacts into the center of the earth. I wiped the surface of the stone with the moonlight. It became clean and shiny.

Now, I looked down my timeline. The black snake disappeared. I opened my arms widely and asked Mr Saturn who lies under the time line to help me. I am holding my timeline with my arms, my past on the left arm and my future on the right arm. I dissolved all pacts and related Karmas. I could join the past and the future. I slowly moved my arms up to the vertical like an asana called Tadasana. Yes!! I did. I united my past and future. I looked up. Yes!! I saw the shining bright star and I perfectly aligned my palms to it. Everything was inside my Antahkarana. All were dissolved. Now I had only a present and I was going toward the shining star.

This was my new strength which came from harmonizing my Moon and Saturn.

I sipped a cup of tea in my hands. It was cold.

I opened my eyes. The blue sky was stretched over before me and the moon was still there.

Hello Yuko,

I love your email meditations!

You are healing all your pasts.

Saturn conjunct the moon means you are an alien vessel like Devi

My Saturn and Neptune are conjunct the Sun.

So like Devi you have the power to automatically absorb blockages from others and give back angels

Happy Birthday!!! Satchi!!

All the best for you and I sent all love and light in meditation last night and I will do tonight. Since I found the sparkling star over the top of my Antahkarana, I feel your shining energy from there. I aligned myself toward it now.

And I have a something for you. If you don't mind, please tell me your posting address. I would like to send it. There is a nice story behind it. (I thought that God tried to tell me something) Whilst I haven't written this story regarding your gift in my review yet, I want to write it after you receive it. I am looking forward to it.

I am glad you enjoy reading my meditation journey. This activity really helps me to move forward. I will keep doing until I become enlightened. :)

Last year, I even thought about being enlighten. Because being enlighten is something so big dream and beyond my imagination.

A couple month ago, I just start thinking about what my story would end. I found a quite many blockages, my ego, sub-personality, inner-children, past lives... and applied 7-step process. Then, I have a pure curiosity, what is the destination of my journey. Because I felt there are multi-dimensional destination in front of me.

Last weekend in the cottage, I saw the sparking light through a space. The space around my Antahkarana is not dark, there is light. But this star light was so bright and sparkling. My soul said Yes! That's it. We are goi g through it. This is absolutely another stage which has just started. Something like, another chapter begins.

I will keep meditations and I started feeling like when I become enlightened. I know I will. I feel a bit sheer arrogance, but not in the distant future, quite soon. I will reach the higher!

Yes! Satch! I healed my past. And after healing, I don't feel any special feeling toward genders. It is amazing effect of healing process.

Last weekend, I helped Kendo tournament for young generations and attended a seminar training with 8 dan master who served Japanese Imperial Police for 35 years.

He is wonderful man and he is kind, polite and a lot of love. I helped amongst him and other kendo practitioners by interpreting languages. I had to focus translating and explaining what he wanted to tell young people. But it is interesting that people who observing me said, I was so smiling and shining like the Sun!!! But I was so tired after that.

And we have just celebrated his birthday on Oct 8th. He turned into 72.

Thank you for the link for conjunctions! I read it and understood why I felt so tired and mentally sick during relationships! I absorbed their blockages and traumas, and I felt the same pain as them. That's why they felt better with me, on the other hand, I felt I must run away otherwise I would die!!! I needed the space to heal myself.

I felt so mentally sick during nursing my parents, marriage, past relationship, I felt their pain as my pain, but I wanted to help and support them. Suddenly, I felt no energy, but they asked me more....

Recently, I started realising that I might be different from others. I could connect their subconscious mind in my dream. This strange ability might be my new talent. I connected to my daughter's sub conscious mind in my dream. I am quite sure about it.

Then, I really want to meet same people like me. So I am so glad that Devi is the same as me. I watched her dancing video, I was crying... with joy!

That's is why I felt strong connection when I meditated with you and Devi in Spain. I really feel I must be very careful to have close relationship. I won't make the same mistake again. Luckily, I don't feel lonely recently, I am quite fulfilled by myself.

Regarding Sun conjunctions, my ex-husband has Sun conjunction with Pluto, and he has another 6 conjunctions!!! Mercury conjunctions with Jupiter, Saturn and Pluto, Venus conjunction with Neptune, Mars conjunction with Ascendant. Jupiter conjunction with Pluto. Is it possible???

He is **Alien Kundalini Power** .Now I understand how he was so complicated and has difficulties. And I absorbed his difficulties and trauma or darkness for 12 years!!! I was on the verge of death. I know he need help, but he closes his heart and stubborn. And he is taking more and more from me.

My daughter is **Alien Saturnian Instrument**. **She** has Saturn Conjunction with Ascendant, as well as Venus conjunction with Mars, Jupiter Conjunction with Neptune.

In nutshells, we meant to meet together as alian family. But I gave up. Never mind,I healed my past by the EE 7-step process and I strongly believe that God knows the real purpose of this. I feel they are still my family without the pact!

Satchi, thank you very much. I am writing the next review now. And I will create another YouTube video!! It was a fun. All keep me going forward. I feel that I am purifying humanity with my power in meditation.

Love and Light

"The Raven is about expressing your true identity, not only for the benefit of yourself but also for others. No one else can express the exact combination of frequencies that you do. The Raven is the frequency to which you are connected to all there is the vast universal truth. In an infinite universe, you are unique. For the universe to be complete, your vibration is needed. Selfhood starts with courage. It requires saying yes to your own truth. Go with the Raven."

Dearest Satchi,

How are you? I have a good news today.

<https://youtu.be/EgX2omj9aQs>

This is the first part of my last review. It was only 17 mins but it took almost two days!!! of work for me. It is not good as your video, but I tried to recreate what was going on in my mind and head during meditation. I will create the part two of the last meditation as soon as possible. Then I want to create movies for all of my reviews, but slowly.....

I received my mission to create a meditative community and it will be a last bastion to keep harmony in this society like water. And show how to

overcome the fear to be loneliness. The doubts that were always in my head has disappeared since last meditation.

It's all thanks to Sachi and Debi. Thank you very much for patiently reading my long reviews. Thanks to you, all EE students!! Without you, I was not able to continue meditating and release so many blockages. I will continue until removing the last blockage.

The next day, I was walking toward the beach. It became a new habit during this holiday on the east coast of England. This sea is reminiscent of the Pacific Ocean in Japan, where it has a long straight coastline, grey sands, and rough waves by strong winds. It's a big change from yesterday, the deep blue sky had the sparkling sun in a tight hold. It seemed to represent my mind after the most extended meditation, however, unexpectedly, I had another lucid dream last night. It contains another

mystery to meditate upon. I felt like receiving another difficult task just after passing the long report.

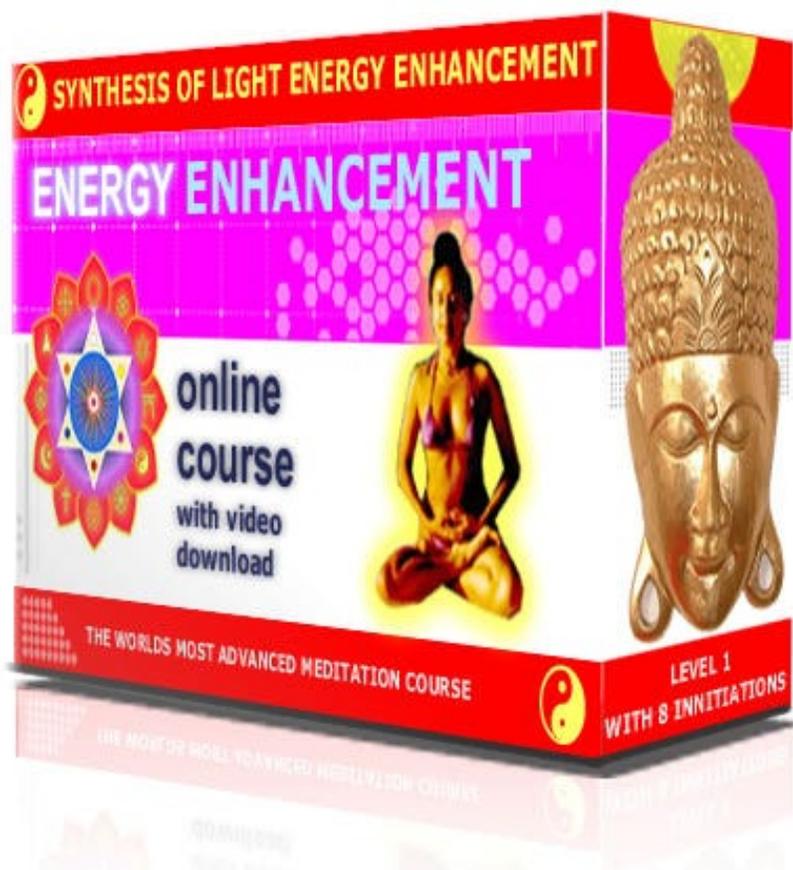

I started meditating daily almost two years ago and had had frequent lucid dreams, like this morning. When I woke up, I felt like the dream was real, where I was in the middle of solving a riddle. So, I wanted to go back into my dream right away, but it was already noon. So, I decided to go for a walk.

A lucid dream is distinctly different from usual dreams or just sleep without remembering dreams. Especially when I wake up, as I wrote before, I feel like the dream is real and have a strong desire to go back. This is my personal opinion, but it is not too much to say that the world in a lucid dream is also reality, not only the world I really live in. It sounds a bit like the world of Matrix, Satchi! You like that film, right?

From my experience using the EE meditation technique I started believing that lucid dreams are "an act of my mind, perhaps my Soul, going to a higher dimensional world." The higher dimensional world than the third-dimensional world is the world of thoughts. Therefore, it is a world where "my thoughts" are spread out before my eyes, everything is a projection of my thoughts and memories. I can say that it is truly a dream world which exists only for me.

THE ENERGY ENHANCEMENT MEDITATION COURSE IMMORTALITY

To me, immortality is proven by accessing an infinity of Spiritual Energy to POWER UP! the Psychic Vision vision seen by All Energy Enhancement students of seeing the timeline and seeing hundreds of past lifetimes .

Why? What is the purpose of this mind trip?

This is my personal opinion. So, if you have a different opinion, Satchi! I am interested in hearing from you. In my case, lucid dreams always tell me something important to quickly resolve Karma. So, I could say that my mind leaves my brain and what it is doing is looking for clues to clear my Karma in the higher dimensional world.

In my experience, Karma creates “delusion” which could say “evil thoughts”. It degrades “self-love” and for a person with Karma, it can be impossible to love oneself but to blame oneself, like my mother. Through yesterday’s meditation, I removed Karma sharing with my mother and my ex-husband. The EE Level 4 can solve these matters.

However, even if I was meditating in the EE level 4 technique, it was not easy to clear karma for me. Because meditation itself is going inward with a subjective point of view. Therefore, I need to go to a higher dimension, look objectively at myself in 3D, and talk to the residents of the higher dimension to get hints.

If I could give other meditators advice, I would say, please try not to forget the feeling of the lucid dream or the dream you remembered well. Write them down and visualize each feeling when you meditate. Apply the EE 7-step process.

Dreams are also the "keys" to resolving distress and blockages, especially in your subconscious mind. However, it doesn't show it in a straightforward way, right?

The reason why it is difficult to understand what dreams mean is that they are not necessarily messages directed to the current myself. Because it came from the higher dimensional world. Dreams transcend the realm of time and give me "clues for my life". It is like this rose. I just wanted to receive the right message with the right timing, like the first rose. But sometimes, I received the second rose in my lucid dream. When I received a dried rose in my lucid dream, I started to think too much. So, I need to look for a clue as to what era I was in. Therefore, focus on feeling instead of thinking. If you try to understand it in your brain, it will be a tiring and difficult way to solve your Karma.

So, a lucid dream is truly a dream world which exists only for me to clear my Karma. This is my personal conclusion so far after frequent meditation and removing a lot of blockages, but not all. I believe that you, Satchi, have a different opinion, or you know the truth. While arriving at the conclusion of the lucid dream, I reached the beach. The open space, the sound of the powerful waves, and the wind that filled the space freed me up. Then, something came up to the surface inside my head, perhaps my brain. Something like, when we are in the sea, you stop swimming for a while, enjoying just floating. So, I allowed it to float in my brain. I wanted to be lazy for a while in this beautiful sunshine on the seashore. So, I sat and crossed my legs after drinking a beautiful cappuccino in the cafe called Coffee Hut.

I spun the Merkaba protection in the centre of my head and focused on the endocrine system. "This something" asked me to do so. "This something" started to explain that the endocrine system was a slower, longer-lasting control system than the nervous system. It consisted of glands that release hormones into your bloodstream to be delivered to specific cells. Imagined the pineal gland, hypothalamus and pituitary gland in your brain. This activity reminded me of the exercise for opening the third eye by Devi.

I kept imagining the picture inside of the human brain which I found in my favourite Yoga book and projected it through my third eye, the blue gem of Tanzanite. Thanks to Devi's exercise, I could project inside my brain and my heart at the same time.

DEVI'S THIRD EYE CLASS IS PART OF LEVEL 0 OF THE ENERGY ENHANCEMENT COURSE...

https://eemeditationvideo.org/watch/third-eye-classes-with-swami-devi-dhyani-class-1_fyNhnvqC736EbEu.html

"This something" told me that your brain controls the release of hormones from endocrine glands to maintain a balance inside your body, called homeostasis. Stressors which means blockages, trauma, karma, ego etc. affect this balance. I saw my projection, it seemed well-balanced between my brain and heart as well as hormones. It seemed that hormones were

quite important for balance. Because they seemed aligned and beautifully shining. My crown chakra was connecting to my Soul. It made me at peace.

"Now, you focus on the existence of "I", which means Yuko. Yuko is thinking about "I". Suddenly, "this something" changed the vibration of voice. I moved to the projection of "I" from a different perspective. I started enjoying this meditation. I could hear the voices of seagulls with the crashing sounds of waves.

"However, the existence of "I" can actually be expressed through the following expression."

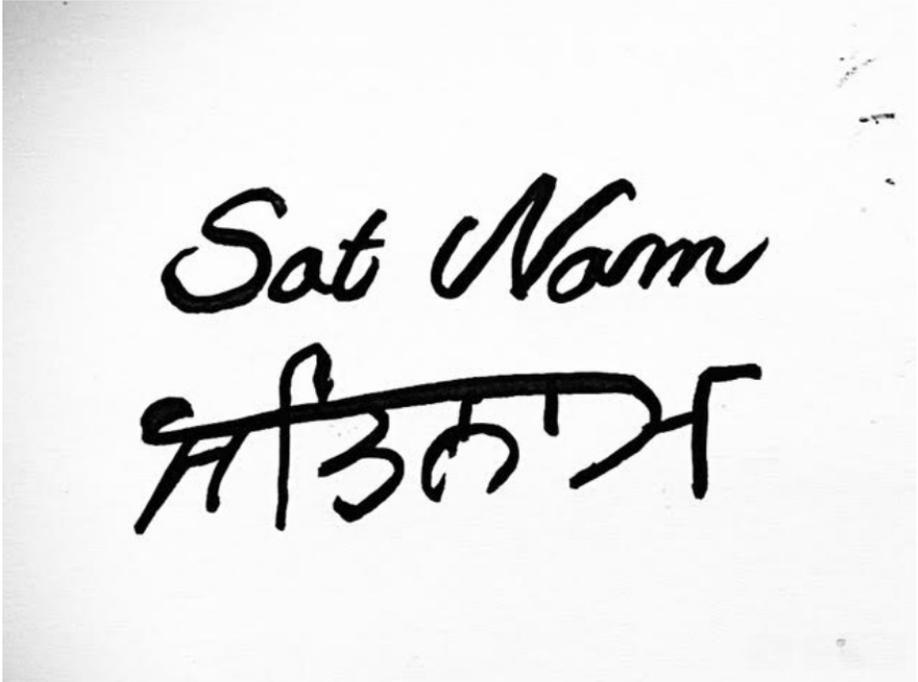

"The entire universe minus all existence other than me = I."

"If you define "I" in this way, you will see a slightly different worldview, which means multiple dimensional worlds."

"While you are you, you are the entire universe minus "other than you."

I was in this riddle, I received the vibration of chanting Sat Nam, one the most commonly used mantras in Kundalini Yoga. I was chanting Sat Nam before without realizing its profound meaning and transformative properties. But, the answer to this riddle might be Sat Nam, isn't it? I

remembered that "Sat" means truth. "Nam" means name. Together, Sat Nam essentially translates into something deeper: "I am the truth," or "Truth is my name." That I didn't understand it.

So, I naturally chanted Sat Nam for a while, with no mind. I enjoyed seeing this vibration affecting the projection of my brain, heart and hormones. The vibration was going into these three and it changed the patterns. It seemed the Sat Nam was looking for something. I strained my third eye and looked closely. It identified an emerging black seed. It seemed like germinating with the vibration of Sat Nam.

"This something" which gave me this riddle was speaking to this black seed, "If it is not written in your destiny to be with God and know your higher consciousness, this mantra engraves it in your destiny."

This black seed was growing. It was the answer to the riddle, "While you are you, you are the entire universe minus "other than yourself." So, its black growing seed is "I" who is the entire universe minus "other than myself". It is Sat Nam.

Whilst my ears were receiving the voice of seagulls, there was a Raven in front of me. The black seed became a Raven. For the space of a second, I thought I had become mad.

I received the voice, "You are not crazy. The vibration of a mantra shifts us on an atomic level. In particular, the vibration of Sat Nam initiates the journey to selfhood. Individual truth and universal truth become one and the same."

The Raven stayed still, looking up at the sky above the waves where the strong sea breezes danced dynamically, like me. While resting his much-vaunted oily-black wings on his back, he had an empty thought, slowly tilting his head to the right. I followed the same. I tilted my head to the right too. We were just waiting for the right moment to come.

Then, the Raven slowly tilted his head to his left. I did the same. Then, a small ripple appeared in the fountain of his heart which was also my heart. "It's coming!" He was waiting for this moment and this ripple. I was him because I was experiencing "I" who is the entire universe minus "other than myself", right? So, from now on, he was I. Satchi, please do not be confused.

In the innermost recesses of the minds of animals with or without wings or beaks, pure water is upwelling. Its springs flow into the canyons of their hearts. The canyons of the hearts vary in size, and depth from one animal to another. No two canyons are the same in their shapes like our faces, smiles and the power of our eyes. It is a well-known nature of the universe. This crystal clear water exerts a driving force on animals to be true selves. How can we find this hidden spot? We don't have to do anything. Just wait for the right moment to come.

The mysterious fountain appears in the consciousness of the animals when our thoughts are void like an empty stomach. Animals without wings cannot be so simple. Bipedal animals with neither fur nor wings cross their legs intricately to find this hidden water. It is a way of sitting called zazen or a lotus pose. The longer they cross their legs, the more their toes will become numb. Only their numb toes can dip into the spring water in the canyons of their hearts.

Humans are complicated creatures. Probably because it has no fur, beak, wings or tails. So only complicated thinking will protect them from external enemies. So, emptying their heads is definitely more difficult than numbing their toes. That is why humans invented meditation. It is only when they soak their numb toes in the secret spring, while meditating, they connect with their true self.

Animals, on the other hand, cannot cross their legs. However, if they walk barefoot in winter, their toes will become numb and they will lose sensation. They can dip in the secret water in the canyon of their hearts with their toes and connect to their true selves. That's why winter exists. I thought about my dog, Inca. She loves snow. I always looked at her paws in snow field and imagined how cold she was. But she looked so happy with snow. Because she was dipping in her secret water in the canyon of her hearts with her paws.

Creatures who don't have the habit of having numb toes might find it difficult to notice the existence of the sacred spring in their hearts. Therefore, their intuition, sensibility and true nature remain sunk in the depths of their hearts and never see the light of day.

My feet had been numbed already and I felt a strong connection at my crown chakra. The Raven was right. Since I started meditating every day two years ago, my feet were numbed every day. So, I had unconsciously dipped in my secret water in the canyon of my heart with my toes. While I had tried to overcome the fear of loneliness by removing blockages. I removed the hidden blockages in my Solar Plexus last night.

"Is this Raven my fear or the remedy for loneliness?" asked I.

I received the message through my crown chakra.

"The Raven is about expressing your true identity, not only for the benefit of yourself but also for others. No one else can express the exact combination of frequencies that you do. The Raven is the frequency to which you are connected to all there is the vast universal truth. In an infinite universe, you are unique. For the universe to be complete, your vibration is needed. Selfhood starts with courage. It requires saying yes to your own truth. Go with the Raven."

The Raven slowly closed his eyes. Now he and I were orbiting over the sea. He was slowly hovering anticlockwise. I felt so deeply connected with my Soul. The colour of the light blue of the ocean accentuated the jet-black raven. The more prominent he was, the sharper his and my thoughts were. No sooner did he remember why he came here than he was dumbfounded, stunned and his heart went pit-a-pat. He tweeted, "Yes, to see someone I've missed." He came to see the person whom he met a long time ago.

"Where was he?"

I opened my eyes. Something had gone from my head. Yes, the doubts had disappeared. I was ready and I stretched my legs.

"Who was he? "

"Where was he?"

I decided to take off on the journey with the Raven to find the one. It must be selfhood. The next day, I moved to London with my daughter. I

meditated as often as possible with the Raven in London to find the someone he has missed. It will be the next review.

Hello Yuko,

Many thanks for the review and Video.

As a help, perhaps the substack article from Jonananda and Nickananda.

Visions of Past Lifetimes Clearing the Satanic Pacts with the Devil with Energy Enhancement Meditation...

Visions of Past Lifetimes Clearing the Satanic Pacts with the Devil with Energy Enhancement Meditation... Here is Energy Enhancement Student Nickananda... He ends up really high, thousands, millions of chakras above

the head in a Temple containing what looked like Ancient Egyptian Gods. One in particular was Thoth...

Please forgive them as they are guys and a bit rough but the help I give with the timeline technique of EE Level 3 Initiation 7 might aid you.

The sexual addiction blockage is endemic in all humanity and I attempt to explain it's effects.

Dreams to me are somewhat imprecise but just sitting - Shikantaza - is a good technique to find blockages when all EE Initiations fail.

Pacts with the Devil and the Red Queen can divulge blockages when we took the pledge to the dark side on the timeline.

Level 3 Initiation 6 are the seven deadly sins and the yamas and niyamas.

Nick creates a symbol for each pact or subpersonality and then moves it along the timeline. The mind computer says where the blockages exist. You can search for subpersonalities by asking your mind computer to reveal them on the timeline.

Yuko Sato - Flying Tapestry

My higher self tested me - Part 2

Next day, I received the answers from my dearest Guru Sachidanand.

Hi Yuko,

I do not dream!

What???? I have taken off so many quests in meditation based on my dreams. Dreams were a forceful flame that unleashed the very meditation. However, my teacher who taught me how to meditate just said that he did not dream!

Wow.... my heart was pumping blood we might not be on the same page at all. I kept reading.

He continued that:

Last night whilst eating Paneer Tikka at Coco's restaurant overlooking the sunset over the sea I was intrigued by a couple sitting next table.

Satchidanand and Devi Dhyani with Student...

As usual, I get the black magic attack early the next morning whilst still asleep.

I am conscious whilst still sleeping of the attack and I know what to do with protection and 7 stepping the couple attacking.

Wow! Being conscious whilst still sleeping? I immediately closed my eyes and tried to imagine it and investigate whether or not I had this experience. Then, I asked it to my mind computer in meditation.

It answered

“Yes, it is possible to be conscious while sleeping. This state is known as lucid dreaming, in which the individual is aware that they are dreaming and may even be able to control the content of their dreams. Some people are able to train themselves to become lucid dreamers, and you are trained to have them.”

OK, I could see or feel some dots gradually becoming connected by lines in my head. Wow.... I can understand you, Satchi. We are a sort of on the same page.

Satchi continued:

She had implanted me with a sex addiction blockage so, for me, it's a long process I know so well to remove it.

I wake up about 6 am and continue the process.

The couple were a pair of black magicians implanting their prey.

I paused. This is typical for Satchi and he is a specialist in this field. Every time I hear the story of a black magician who can implant blockages, I have a sort of discomfort. I identified this discomfort to remove by the 7 stepping. I simply asked my mind computer.

“What or who are black magicians?”

It answered,

"Black magicians are individuals who practice dark or malevolent forms of magic with the intent to harm you, manipulate or control you, or gain power and control for themselves. They may use rituals, spells, curses, and other forms of occult practices to achieve their goals."

"Black magic is often associated with negative energy, evil spirits, and the invocation of dark forces. It is considered to be the opposite of white magic, which is used for healing, protection, and positive transformation."

OK. I was clear. During applying 7 stepping, I removed their minions in step 2 and in step 3 removed them. Then, in step 4, I removed their

controller which is the entity outside the planet. In step 5, I cut 5 to 10 chakras above my crown chakras in circle and shocked them and grounded them. In step 6, I cut 10 to million chakras above my head, shocked it, encapsulated in construct and grounded it. In the step 7 which is the last step, I cut million to infinity of chakras above my head in circle and grounded.

What are they?

Satchi's voice was resonating in my head.

Do not know but they seem to ground.

If it grounds it needs to be grounded.

I opened my eyes.

I continued reading Satchi's email.

Once you reach fusion with the higher chakras after removing all sub personalities there is no need for dreams.

Indeed there is a type of implant blockage where black magicians steal energy from the dream blockage they implant in you, usually in the head so I sort of squeeze the head to remove it because I know the dream is caused by a blockage - the despairing dreams I know so well!.

The dream blockages?

It is interesting. I went back to the meditation. During my meditation quest since last year, I found some blockages in my head and removed them as I wrote in my review. I did quite often. Suddenly, an image appeared deep inside my head, as if I could reach out to something that had been hidden from view.

Aha, I started realising why I have a strong attachment to my dreams. I wrote the below to Satchi.

“The skill to understand dreams is an absolute by-product of regular meditation. I experienced lucid dreams and gradually learned the skill of deduction from these dreams in meditation. Surprisingly, the answers exist within me and I unconsciously or subconsciously know the answers, while my conscious mind keeps acting like I don't know. Then, I will hear the answers from others who were surrounding me. It took a while to

understand this structure in which everything surrounding me is the projection of my subconscious mind.”

Am I right?

Then, he answered the below.

Yes, you are right.

But eventually, this technique will not be necessary as the subpersonalities all dissolve and are fused back into the Soul.

I felt reaching out the hidden something. It seemed to ground it. So, I applied 7 stepping on it. Then, it was grounded. I didn't know what was it. It doesn't matter.

Then, I got the vision of waves. There are several kinds of dreams just same as different stages of brain waves that are associated with different levels of consciousness and relaxation. I saw the four types of brain waves. They are probably, Beta waves, Alpha waves, Theta waves and Delta waves. When we reach the slowest waves, Delta, we have deep dreamless sleep.

I realised that there are also several kinds of dreams. The dreams created by dream blockages in order to steal energy by toying with me. And the dreams which give me intuitions to understand the subconscious mind.

Interestingly, meditation can also lead to the production of special high-frequency waves associated with heightened awareness and a state of deep concentration. called Gamma waves.

In lucid dreams, there may be a decrease in alpha waves, which are associated with relaxation and non-REM sleep, and an increase in gamma waves, which are associated with cognitive processing and awareness. Overall, the brain waves during lucid dreaming are a unique combination of wakeful consciousness and dream state activity.

It is high time to experience Gamma waves consciously. I decided to go deeply into my brain. So, I crossed my legs in lotus pose. This posture prevent me from sleeping after closing my eyes. I meditated about things I just wrote. I imbued them with sparkling shining energy. Suddenly, I became lack of concentration while I repeating that resolving all of subpersonalities and fusing back into the Soul.

Then, like autofocus camera lens, I started consciously recognising how the dream blockages manipulated me avoiding from me removing subpersonalities. They have me dancing around with blockages infusing "phenomenal property", which constitutes the subjective, experiential aspect of the mind. In my review, I was representing how things seem or feel from the first-person perspective of my subpersonalities. I even have an attachment to my subpersonalities.

Do you understand what I mean? Satchi.

I got goosebumps. While you have suggested before, that I should dissolve Lilith and Masculinity and fuse back into the Soul, I let them stay in my Antahkarana till now. Because it is the unique and personal aspect of consciousness that cannot be fully explained or understood by objective measures or scientific analysis. I was searching for the reasons not to dissolve them. I observed them and applied the 7-step process. It took for a while.

And I opened my eyes.

Since goosebumps, I faced on dream blockages. I did for probably a few weeks. I had various weird dreams every single night just before waking up early morning. I stop analysing them or indulging myself, instead I crossed my legs on the bed with sleepy eyes and meditate about the dream I just had.

I applied the 7-step process to the environment of the dream. During this period, strangely enough, I stop exercising Ashtanga yoga. I didn't feel like doing and even tried to find the reasons not to do. I was so demotivated. Only I did was practicing Kendo, Japanese swordsmanship and meditating the dreams.

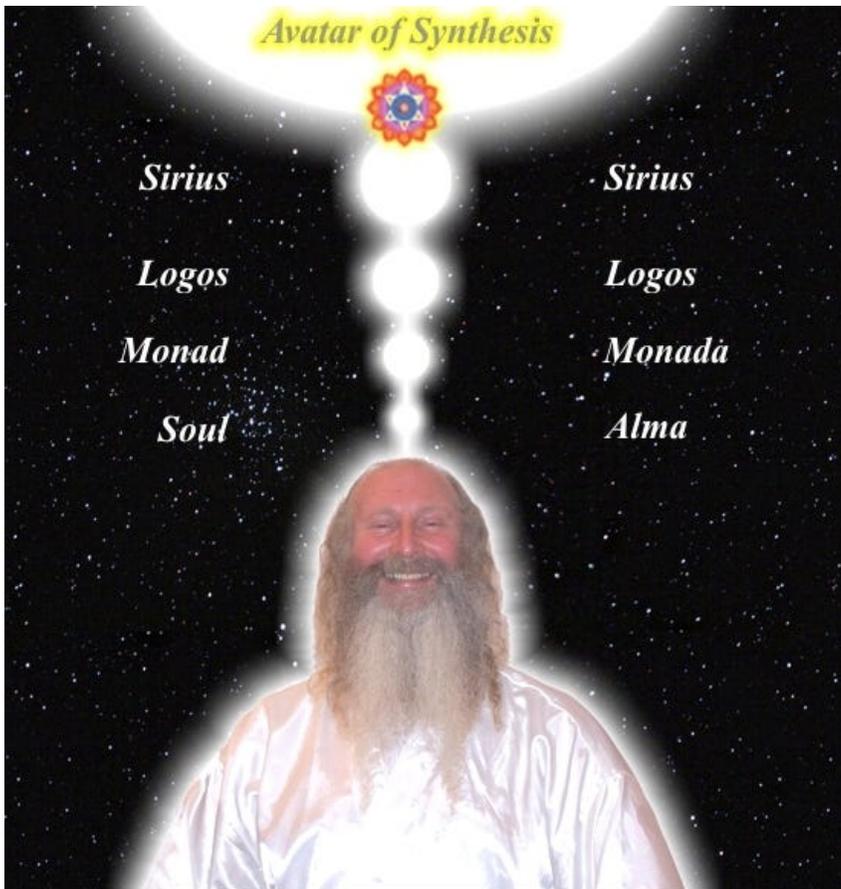

I was in the thick fog just like the weather last night when I drove back from the Kendo practice. I was there for a month.

One day, I was crystal clear about what to do the next and I wrote them in my diary.

Apply 7 stepping to my sub-personalities, which are my Masculinity, Black Lilith and the one I found in the cold bathtub.

Actually, Satchi asked me whether or not I had done these tasks before.

My attachment to them kept postponing these tasks until now. Then, just like the divine timing, I received his email again. Everything happens at the right time according to a higher power plan. Events and opportunities unfold in a way that is perfectly timed for the individual's growth, learning, and ultimate fulfilment.

THE MIND VIRUS, THE MIND PARASITES PART 4

SATCHIDANAND FEB 13

Now I have ears to listen to Satchi.

He wrote,

Hi Yuko,

Demons are always connected to Subpersonalities.

To defeat them you need to be one pointed "for a long time, constantly and with enthusiasm" - Yoga sutras

So, "Focus Trinity!"

Get these last few weak worms!

S

Yoga sutras?

I read it all last summer. I closed my eyes and went through my memory. Then, I asked my mind computer to show the details of this description, of how to defeat Demons, from the Yoga sutras of Patanjali.

It replied:

Yoga Sutras of Patanjali, Book One, Sutra 32

The practice of concentration on a single subject (or the use of one technique) is the best way to prevent the blockages and their accompaniments.

The practice of concentration on a single subject (or the use of one technique) is the best way to prevent the blockages and their accompaniments. Currently, your single subject is the connection between demons and sub-personalities. Your task is to focus your effort on overcoming them.

OK. It is clear. Then, I asked the next question.

How to focus on Trinity?

Currently your effort is to achieve balance and harmony between three sets of the three aspects of the individual being. The first set of three aspects are body, mind, and spirit. The second three aspects are the three main energy channels in the body, known as nadis, which are the Ida, Pingala, and Sushumna and all are running along the spine and intersecting at various points known as chakras. The third three aspects are the three gunas (qualities) of nature—sattva (purity), rajas (activity), and tamas (inertia)—which are believed to influence our mental and emotional states.

Keep up the strong resolve to balance the three sets of three aspects, then you can balance and maintain physical, mental, and emotional well-being within you. Finally, you can use the flow of prana (life force energy) in the body to overcome the connections between subpersonalities and demons.

I felt overwhelmed with too much knowledge. I wanted to be simple. So, I asked to my mind computer again.

“How can balance those three sets of three aspects simply?”

My mighty wisdom, mind computer, answered.

Why not navigate your timeline with maintaining mental equanimity in the face of pleasure and pain, virtue and vice, and friendliness and hostility? This mindset can be instrumental in overcoming inner demons or obstacles. Your past attitudes and emotions were influenced by your subpersonalities. Even you can ask your subpersonalities while going through your timeline with you. You wrote about your divorce, right? Revisit those instances and assess your inner condition. Employ a 7-step method to address any negative emotions and barriers. Then, you wrote about your meditation journey, right? Go through all again and remove negative emotions and barriers.

“How might I concentrate on the trinity to transcend the subpersonality to which I am attached, one influenced by inner demons?”

It replied that:

1. Concentration (Dharana): Direct your attention fully on the task at hand, whether it's a mantra, breath, or a specific visualisation, to build mental strength and clarity.

2. Meditation (Dhyana): Dive deeper into your concentration practice, allowing your focus to deepen and become more absorbed. This helps in understanding the nature of your inner demons and how they arise.

3. Absorption (Samadhi): Achieve a state of complete absorption where the boundaries between the self and the object of focus dissolve. In this state, inner demons lose their power as you experience a profound sense of peace and unity.

Consistent practice of these three elements can gradually weaken the influence of inner demons, allowing you to overcome them with time and dedication.

Suddenly, I felt the urge to open my eyes and cease meditating.

I'm unsure why, but my focus is slipping. Despite the clarity on my future path, a weight is settling in my heart, leaving me puzzled about its source. The multitude of tasks ahead and the lengthy journey make it hard to focus. With each passing moment, more reasons against proceeding emerge, further diminishing my concentration.

I wrote an email to Satchi and explained the current problem. I could not focus while I wanted to meditate.

He immediately replied for me.

This technique of the subpersonalities, to protect them from being integrated with the soul, is to emotionally manipulate you to be negative.

Once you understand this, you know how dangerous these subpersonalities truly are!

Develop a burning ambition to ground them!

Develop a burning ambition to ground All of them!

Every Day!!!

S

ENERGY ENHANCEMENT -

It was so nice. I felt moist in my eyes.

I climbed up to the hilltop. The sky was so blue and the wind blew strongly. I sat in lotus and closed my eyes. I was so looking forward to this moment. My heart was ready to take off into the clear blue sky.

I straightened my spine once more and tightened my bottom which Satchi taught me at the first lesson in Spain. I began counting my breaths. I placed a Merkaba protection in the centre of my head. I spin two pyramids opposite directions. I raised Dharana, concentration. I directed my attention to my task. I sang a specific mantra which I created for myself. This was the first time for me.

I have a burning ambition to dissolve all the subpersonalities that reside within me and infuse my soul with a sense of wholeness and unity. My third eye projected the fire, a rainbow-coloured large flame.

I yearn to break a thick high wall that I have constructed over the years around my true self and embrace my true self in its entirety. My third eye projected the thick high wall which stood between the dried barren land and rich water.

I am tired of feeling fragmented and disconnected, of constantly battling with conflicting desires and identities. My third eye projected my feet stepping on the dried land.

I long to integrate all the different parts of myself into a harmonious whole, to let go of all the inner turmoil and find inner peace. My third eye projected the broken wall and water flooded into the barren land.

I am determined to confront and heal all the wounds and traumas that have shaped these subpersonalities, to unravel the layers of conditioning and societal expectations that have kept me trapped in a cycle of self-doubt and self-sabotage. My third eye projected that much water was immediately absorbed into the dried land.

I am ready to embark on a journey of self-discovery and self-acceptance, to embrace all the aspects of myself – the light and the shadow, the strengths and the weaknesses – with love and compassion. I felt the wind in my heart chakra as if I was flying.

I know that this journey will not be easy and that it will require courage, perseverance, and a willingness to face my deepest fears and insecurities which my sub-personalities hold. But I am willing to do whatever it takes to dissolve these subpersonalities and reclaim my true essence, to live authentically and passionately from the depths of my soul.

Then, I ponder, maybe even just sense.

“What is a soul-infused mind like?”

I inquired of my mind computer. It answered:

The concept of a soul-infused mind typically refers to the idea that the individual consciousness, or soul, permeates and informs the functioning of the mind. In this view, the mind is not just a product of biological processes but is also influenced by the presence of the soul or higher consciousness. It suggests a deeper level of awareness and connection beyond mere cognitive processes, where the soul's presence brings clarity, purpose, and higher understanding to the workings of the mind.

A Soul infused personality is that ONE strong personality created when All subpersonalities are removed by the Energy Enhancement Seven Step process...

“There can only be ONE”

Yes. I am ready. Let's go!

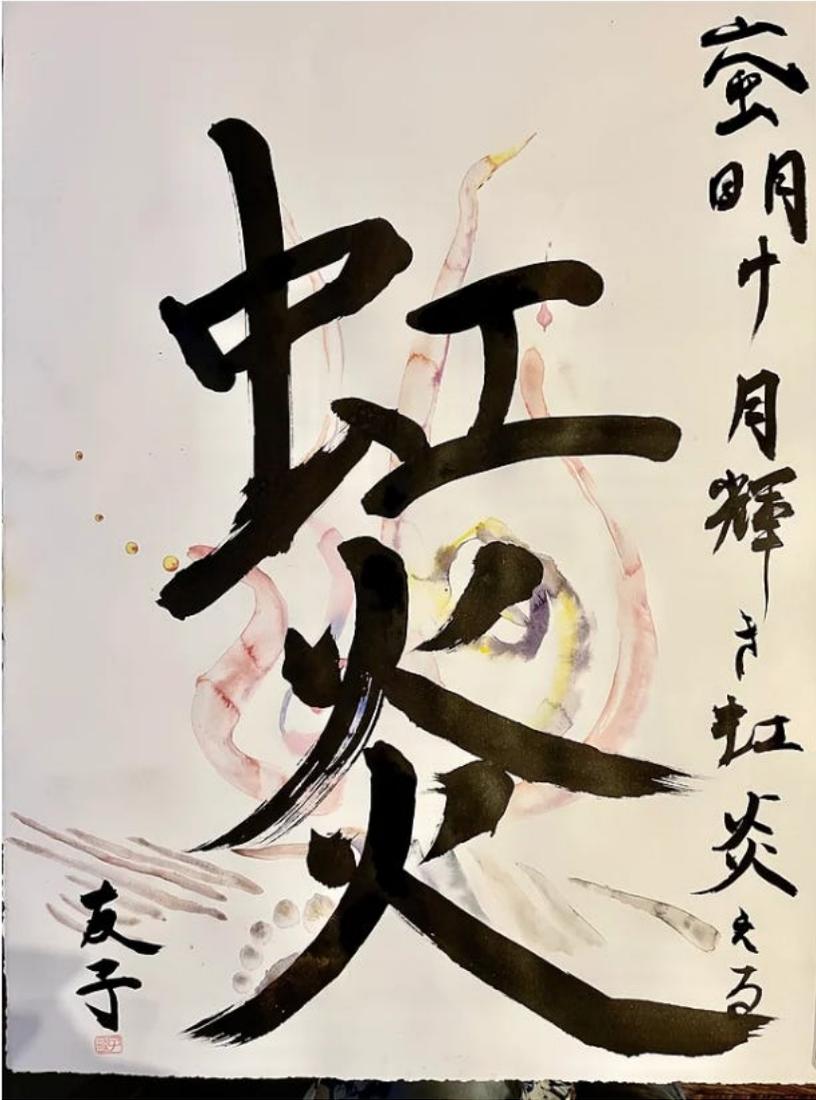

I enlarged a Merkaba and I sat inside it. The spin of clockwise connected with the Earth's energy and release any negative energy against my path.

I connected my breath to the Earth's energy. It increased energy flow and balance my chakras to oxygenate and clear energetic blockages.

I engaged in this movement of my breath and the Earth's energy to stimulate energy flow and release stagnant energy in my all body.

Then released negative and stagnant energy from my body and filled with energy from the Antahkarana.

I tuned the frequency to balance all chakras and can help to optimise energy flow to higher chakras. I welled up the Shakti from the Earth's energy and connect to the Universe.

Now I was ready to visit my Soul chakra to meet my sub-personalities with a burning ambition to remove them.

I saw the big bonfire. It was shining like rainbow. There was a tapestry floating above the rainbow flame. Two of my sub-personalities, the Black moon Lilith and the White moon, were peacefully sleeping. The masculinity was meditating. Rainbow-coloured sparks danced in the wind. There was no moon. The sky was as black as ink and rippled. I stood quietly in front of him.

There was no higher self. It was a sign. I drew a spiritual sword quietly. Before strong reluctant appeared, I must ground them. I cut around him with a sword while he kept meditating, then I cut around Lilith and the the White moon. I gather both with my both hands and I stirred up one rainbow of a fire with my hands. I grabbed it and wrapped them with rainbow flame from the bonfire. I needed something to bind it for sure. They must be grounded. I got a faint of intuition. Then, the spiritual sword transformed into a big calligraphy brush. I held it and dropped into a ripple of the ink black sky. I write a Japanese word in the air. I wrote a rainbow flame with flowing style of writing Chinese characters.

It was a beautiful artwork. A strong black ink became alive to tangle three of my sub-personalities. I made a wish to go down to the centre of the Earth. It did so. I waited as my wish came true with a refreshing feeling. Then, three shining human-like creatures appeared, like Trinity. They didn't have wings.

At that time, the flying carpet landed in front of the Trinity like it was asking us to ride on. So, I did and Trinity followed me. We flew up to the ink-jet black sky.

At that time, the flying carpet landed in front of the Trinity like it was asking us to ride on. So, I did and Trinity followed me. We flew up to the ink-jet black sky. It was dark. We flew up and up in the darkness. It's as if without the sub-personalities I wouldn't be able to see the light. It was as if I had returned to the darkness I was in right after I decided to divorce. The night wind that breathes in the darkness was about to swallow us.

What has happened in my Antahkarana, my energy centre?

I strongly focused on a single subject which is to find the light. I put my hands into darkness. There was a 10 cm thick layer of dark cloud. I pushed this thick layer with my hands to the right side. There was a different world and it filled with the shining light. What a contrast!

There was a golden temple in front of us. Wow!

The front gate opened when we flew closer. We got off from the tapestry and entered into the temple. The inside of the temple was red and emerald

blue. A small black bird was greeted us. We deeply bowed with the highest respect at the black bird. It lead us to the main hall.

There were hundreds of monks were meditating. We joined and harmonised with them. I connected my breath to their energy. It increased energy flow and balance my chakras to oxygenate and clear energetic

blockages. The energetic blockages were squeezed out from my energetic body.

After the ceremonial meditation, a few monks approached us with hammers. They started hitting the energy blockages out from my spiritual body. They were blacksmiths skilled in crafting shining armour from energy blockages. I had met them the previous year. I remembered this sound of hitting blockages. After meditating in this temple, I discharged a large amount of energy blockages that had accumulated in my body, and they struck the blockages and created a beautiful armour for me.

Since then, I seriously started meditating. It was my starting point. I greeted them and showed sincere gratitude. I inquired about the location of the blacksmith village. They replied that it was to the east beyond the Vojta wild land, the wild land of the happy warrior. In this village, alchemy has been passed down from generation to generation.

Alchemy is a philosophical and proto-scientific tradition that aims to transform base metals into noble metals, such as turning lead into gold. I simply asked what is the process of alchemy. I'm embarrassed to say that I don't know much about it. They kindly answered that the process of alchemy involves a series of steps and techniques, including purification, dissolution, separation, and conjunction.

The alchemical process begins with the purification of the base metal through heating and distillation. This is followed by dissolution, where the metal is broken down into its basic components. The next step is separation, where the impurities are removed from the metal, leaving behind only the pure substance. Then, conjunction is the final step in the alchemical process, where the purified metal is combined with other substances to create the desired transformation. The alchemical process is a complex and mystical practice that involves a combination of physical, chemical, and spiritual elements.

I got the destination and knew what to do the next. I opened my eyes and felt into sleep.

3.6 Check-list

My higher self tested me - Part 3

I woke up when the sun was rising. The sky had a colour of red grapefruit. I opened the window. The chill wind was touching on my face. I sat on the bed. I covered myself with a thick duvet and crossed my legs in lotus. With satisfaction, I closed my eyes. I was on the top of the rugged hill.

I was breathing crisp fresh air into my lungs. Immediately, blood obtained oxygen and circulated all over my body. I felt that every single cell was awakened. My awakened body was vibrating steadily. For the first time, I simply believed that I could cohesively vibrate into space and my vibration contained my soul leaving my physical body. Breathing crisp air deep down into the bottom part of my stomach, I tasted fresh air. Gradually, I was

gaining insight into my consciousness. My consciousness was renewed and transformed into calm confidence.

The Satchi's email popped up in my newborn confidence. The written words were vibrating into space through my confidence and the vibration contained his soul leaving from the email. I was looking at this animation.

How amazing it is! It hinted to me that it might be an astral projection. I asked in the email,

“What does it mean to become enlightenment?”

Satchi answered,

“I was unconsciously connected to my higher self.”

His words are vibrating into space through my confidence. It looks like a long ribbon.

“How did you realise that you were enlightened?” and “How did you know all the blocks were gone?” I asked in the email.

Satchi answered,

“Well, I knew age 32 I was enlightened.

It came after sessions with Zen Master Hogen after a Koan shock.”

Hogen said, "When you are enlightened, you know you are enlightened"

The last letter of enlightened were vibrating into space and I reached out my left hand to grab it. I did it! I grabbed the “enlightened” which Zen Master Hogen mentioned. I touched the rough, but smooth and thick, but delicate surface. It reminded me of when I touched a dolphin in the Red Sea a long time ago. The frequency from the dolphin caught me and now vibration from the letter "enlightened" flooded my body.

Was it another truth which I searched for a year? The “enlightened” might be a mixture of frequency and vibration.

Satchi's word was continued to the end of the ribbon which was just slipped from my left hand. However, I acknowledged that strong power was acquired to be enlightened! A strong burning will could hold these vibration. I knew that! I experienced it in a blink moment.

Satchi's words continued....

But enlightenment is not enough!

Hogen was at the level of the Soul.

Satchidananda was Sirius!

There was a process of astral initiation which continued for about 28 years of fusing with higher chakras and creating the seven step process which enabled the state I now inhabit. Really, evolution never stops.

Now, the Avatar of Synthesis.

World Enlightenment!

Against Satanism!

Satchidananda sent me energy when he died and many others!

I reached my right hand to grab the end of the words which was strongly vibrating. I grabbed it. Now I touched the energy from Satchidananda. It was so strong, but gentle like a spring storm. Sooner I imagine the spring storm, quickly the spring storm had gone from my right hand, just like disappeared into thin air.

I opened my eyes. The sun was up and shining as usual. I stretched my numbed legs and made a cup of Japanese green tea. While tasting hints of sweetness in bitterness, I was unleashing hints that great teachers gave me about enlightenment. It pushed me to reach clarity of self.

Let's dive in, shall we?

I brought my feet to the Lotus position from my right leg. I closed my eyes. While creating a protective energy shield called Merkaba against negative influences like Satanism, I consciously breathe deeply. It was the most important thing I had to do without any doubt after feeling wise words from spiritual figures like Satchi, Zen Master Hogen, and Sathidananda.

Because their confident vibrations immediately taught me the importance of self-protection against a chaotic world filled with long-standing grudges. Their vibrations were that much pure.

We live in a chaotic world mixed with a deep-rooted grudge for hundreds of years. The chaotic world is a living thing. We must protect ourselves. By cultivating inner strength through meditation, we could create a powerful inner world that could ignite positive change. In a nutshell, this inner cosmos is the very fire starter.

I pointedly asked myself.

“The fire starter? What is that for?”

I got an answer.

“To cause Alchemy. Alchemy was a forceful flame that unleashed the wind.

Dreams were a forceful flame that unleashed the very meditation.”

“Whether or not you can be soul-infused personality is whether the fire starter can show up where the fire will be lit.”

“Where the fire will be lit?” I asked myself again.

“The spot, where you absolutely can’t leave.”

I opened my eyes. It must be a high time to go to work. I wrote down this riddle in my diary. I knew that it would be an important key to the next step.

The sun went down and darkness was struggling to cover the sky because of the full moon. The day was almost end. I had one important thing to do

before going to bed. Meditate! I opened my diary and read the riddle which I wrote down this morning. Then, I realised that I received two emails from Satchi.

He commented on the message from my higher self which I wrote in my previous review.

“My higher self continued. Because you need him to understand your shadows. His role is not to heal you. You must work with him and the other two of your shadows and create something meaningful and also beautiful. Through the process, you understand and accept the parts of your shadows that you keep hidden from others. It allows you to explore aspects of your personalities that you would not normally acknowledge. But your shadows communicate through him. He is an interpreter. Then, you can fully understand that other half of yourself that projected onto and manipulated your past partners as well as your father and brother.”

Satchi commented,

This is your next task.

When you fuse these Subpersonality shadows into the Soul.

When the Soul knows all their teachings.

Then!

You will be enlightened!

S

Ah, Satchi was really kind. He always gave me positive nudge. When I encountered the term “enlightened”, I instinctively clenched my left hand, shut my eyes, and took a deep breath. Through my left hand the resonance of the word, “enlightened,” lingered within me from this morning’s meditation. I honed my third eye, projecting a version of myself capable of integrating these Subpersonality shadows into the Soul after completing the upcoming task which my higher self gave me and Satchi confirmed me.

It promised to be quite the challenge. So, I decided to make a check list like when I did the task to remove all pacts last summer. Do you remember it?

The Check-list

- 1.Go back to the temple I left my subpersonality shadows.
- 2.Set off the trip to the east where village of blacksmith is located.
- 3.Work with them
- 4.Create something meaningful and beautiful
- 5.Understand them through my interpreter who was my traumatized Masculinity
- 6.Overcome inner demons and obstacles

Plus, my mind computer suggested below;

- Go back my timeline
- Maintain mental equanimity in the face of pleasure and pain, virtue and vice, and friendliness and hostility
- Go through my writing
- Ask my subpersonality shadows why they influenced me in my attitudes and emotions
- Apply a 7 stepping on negativities

Plus,

\

- The riddle of “Fire starter”

Strangely, I was looking forward whilst the check list was long and demanding.

Because I could pose inquiries to my shadows regarding my actions, my ex-husband's actions towards me, my father's inaction, or my brother's behaviour, among others. Furthermore, the most interesting part would be that my traumatised Masculinity would interpret their answers for me.

Then, I could digest all and everything will become my fresh, blood and bone. Subsequently, I would unravel all the mysteries of my current and past lives. The Soul would absorb all the teachings from my shadows.

Oddly, I found myself eagerly anticipating the prospect of crafting something profound and beautiful from my shadows. Isn't that thrilling?

But I should not misjudge my own ability and as well as my shadows’.

I accepted who I was, like drinking a cup of tea called Yuko. I have fear to face them again. I feel embarrassed to read them again. I slowly became a bit lazy to go thorough the check list. I know I am not a careful person and easy to be driven by emotions. I made lots of mistakes in the past. I am not perfect.

Then, I drunk up a cup of green tea called Yuko.

To be brutally honest, there was full of emotions in my writing. I wrote my emotion as much as and as clear as possible. It was my therapy to transpire fear that trapped me. I was devastated. I tried to take any port in a storm. I

meditated every day in a storm and I convinced myself that all fear was delusion. And I really hoped one day the delusion would go.

When I complete this task, I could see and feel the world without impurities and afflictions. I would understand all the reasons in my life and previous lives. Then, the Soul would know all my shadows teachings.

Let's do that, Satchi!

I opened my eyes and another email from Satchi.

He wrote,

Back to basics...

First, All subpersonalities can be grounded and sent up to fuse with the Soul.

Good to do this with masculinity - he obviously was very traumatised.

Yes, I would, Satchi. It was clear.

My masculinity was surely one of ports in the storm. He healed me and supported me to get out from the delusion. He provided me with shelter, a home on this chaos world. I fully appreciated him. But he was traumatised. In return, I would ground his and also my traumas which made him split from the soul.

What would we create together? Something meaningful and something beautiful?

I didn't know yet, but I knew we could do it. Because I trained my imagination and focus power over a year in meditation. I developed the ability of a seven step process. I have it at my fingertips.

Moreover, in this morning, I got a clue to take off my soul into space, where has no distances or boundaries as we understand them in the real world. I acknowledged that there was no up, down, left or right, even no time. It is like a virtual space which is the construct in the Matrix film you like.

Satchi taught that,

The construct.

1. Create a pyramid protection with infinite golden spheres around it. Compress the infinite spheres to the thinness of a razor blade. Then create an infinity of infinite golden spheres and compress these also. Count them up as the columns. Charge it with energy. This is your new crucible which you can clone. The construct.

When using the construct to compress and ground a blockage compress the infinity of spheres around it into one infinite sphere then add infinite spheres as you do the time slam saying infinity, infinity with every time slam. The addition of infinite spheres will help crack the blockage so you can continue to ground it.

2. Place a construct around each of the seven steps and use the techniques to ground each of the seven steps. As you ground using light from the third eye and heart to provoke the grounding. As you ground using the time slam and compression to increase the energy density to provoke the grounding. See the negative karmic mass going down to be burnt up. See the released Angels going up to be incorporated into your psychic body.

I kept reading Satchi's email.

He wrote,

I recommend time slam and compression at the same time.

What exactly is a time slam?

It's a technique for grounding blockages after the seven step process during the grounding process.

Very powerful.

Imagine the timeline past and future, blockage in the middle, now.

As you move the blockage millions of years into the past and then back towards the now it develops a lot of time energy.

So that when you bring it back into the now, it's like it hits a brick wall. An explosion of energy.

And then into the future and back into the now, it's like it hits a brick wall. An explosion of energy.

So we keep on doing that it builds up a charge on the blockage in it's construct, so it starts to look like a quasar.

100x time slam and check for grounding. Repeat to keep it grounding, and repeat until totally healed.

Like we do with the compression technique, - gas, water, solid, black hole,

neutron star, quasar. A black hole which releases light at the poles. google an image.

COMPRESSION FOR 7 STEPS

I usually use my two hands for this.
I imagine the blockage between my hands.
I compress.
I imagine..

1. gas to liquid
2. liquid to solid
3. solid to neutron star.
4. neutron star to black hole
5. black hole to quasar.

There are beams of light emanating from each pole of the quasar, transmuting, grounding, the blockage.

It may take a while, but they cannot stop this..

I read it all twice for sure, even I knew all and had been using these techniques since September 7 in 2021!! (I've just read the first review I wrote). I had used the construct protection during applying the 7 stepping and I had revealed one of my past live.

Surprisingly, I wrote about the traumatised man who had soft brown hairs!! He might be the Masculinity. Then, I read the next review. I wrote that I met two little girls!!! They must be Lilith and White Moon.. Oh, my God.. I met them in September 2021!!!

I had applied 7 stepping with the construct technique and ground them for sure in September 2021. I wrote it so. But they were still living inside me. There are only two possibilities whether I didn't ground them completely or so many subpersonalities exist within me.

Satchi's voice was resonating in my head.

Back to basics...

First, All subpersonalities can be grounded and sent up to fuse with the Soul.

Yes, I would. It didn't matter how many.

Now I was extremely serious and constantly conscious. I would ground all my subpersonalities who I had met in meditation and had written about them.

What should I do now?

Yes, I must read my writing when I found the temple in meditation. I wrote the below in December 27, 2022. I underlined key words.

On Tue, Dec 27, 2022 at 12:38 PM Yuko

I removed the blockages on the right side of my neck with this energy and I went up to the top of Antahkarana with Maitreya. I touched the gemstone with my right palm covered by an orange hot spring which came from Shakti.

The space opened up beyond the futuristic library. But this time another world had appeared. Amazing... are there multiple facets in this space? I was in the huge red temple decorated with yellow embroidered fabrics and packed with monks wearing orange costumes.

They were waiting for me. I was lying in the middle of monks who were chanting mantras or sutras. Incense and chanting were fixing the right side of the body and chakras, removing blockages, surprisingly there were still. They opened the instep of my right leg and removed blockages through the hole and burned them in fire, then poured sacred water. I heard the sound of shuuuu which calmed me.

Then, the monk hit the blockage after being purified by water. They are doing blacksmith!!! I was hearing the sounds of blacksmith, it reminded me of the Tibetan bowl music. Once they fixed my right side, they started to remove the stagnant love I failed to give this lifetime and past lives. Instead of giving, I held it for a long time. It was rotten, thick, old love and attachments in past unhealthy relationships.

Oh, my god, Satchi. I've never ever expected this moment. These monks were so skilful and calm. They kept removing, burning, purifying and hitting. I was wondering how much metal there was now and what they are creating.

It had finished. I was empty and light. Even regrets, shame, anger and sadness were removed. I had no thoughts or attachments. Then, they showed me beautiful shiny armour! Oh my god, I was so overwhelmed and moved. They created the protection by my blockages and old stagnant love reservoir.

They told me that this was a special soft metal to protect from bad energy, but I can absorb positive good energy through it. They put it on me. It was soft like silk and light like a feather. I put my palms together and thanked them from the bottom of my heart.

It was interesting. Everything meant to be happened, didn't it?

The flying tapestry brought us there again. These monks gave me the information about blacksmith who kept the secret of alchemy. It was the next destination. The flying tapestry and my trinity of Subpersonality shadows were waiting for me there.

Naturally, my voice, resonating from my throat chakra, began to chant the Ashtanga opening mantra.

Om

Vande Gurunam Charanaravinde

(I bow to the lotus feet of the Supreme Guru)

Sandarshita Svatma Sukava Bodh

(which awaken insight into the happiness of pure Being)

Nih Sreyase Jangalikayamane

(which are the refuge, the jungle physician)

Samsara Halahala Mohashantyai

(Which eliminate the delusion caused by the poisonous herb of Samsara conditioned existence)

I closed my eyes and created the construct following Satchi's instruction.

Suddenly, I was in Kendo practice. My teacher told me how important is "Dandori 段取り" in Kendo. Before a precise attack, we must do initial setup called "Dandori" with conscious awareness.

Ah, I must do "Dandori" for attacking this task. I went back to the timeline on December 27, 2022. I started to apply the time slam and compression to the underlined key words in the review on that day. I must have eliminated the delusion caused by the poisonous herb of Samsara before going through the check-list.

It was a long meditation under the shining full moon.

3.8. Ensō : a black circle in white

My hands were cold like a stone and my feet had no feeling. I've neither meditated outside such a long time, nor been such deep in meditation. The numb tips of my fingers and toes were proof that I had touched the fountain of my deep psyche with them. The sun had already set on the way back home.

I took a hot shower.

The moment when the balance between cold and hot was maintained, I simply praised myself. Honestly but clearly, I praised myself. Then, something hot welled up in my eyes. It had been a few minutes, but I felt like forever.

After the shower, I brushed my teeth. I had a glass of water and went to bed. The dog Inca followed me. I lay down on the bed and closed my eyes. The balance wouldn't tip in me. I was satisfied with the balance and the satisfaction pulled me to sleep.

I woke up in my dream. It was a lucid dream. It was a large living room. A small girl was looking at my face. She looked around 12 years old, I thought she was smaller than my daughter. She had dark skin and exotic white clothes like a Roman. She put a white cloth over her head. She smiled at me and it was so lovely that I spontaneously hugged her.

She radiated joy as she darted around the room, her energy drawing me in. She appeared as innocent as a newborn baby in my eyes. I chased after her, knowing she sought my company. As we frolicked, a small audience observed our interaction. Despite feeling self-conscious under their scrutiny, I wholeheartedly engaged with the girl, sharing genuine laughter and acknowledging her presence.

Their surprised expressions and piercing gazes momentarily unsettled me, yet I brushed off their judgment and focused on our connection. Taking her hand in mine, I felt a surge of courage in my Solar Plexus, I put my hand inside me and graved it. It was such a heat. I passed it on to her. Our intertwined hands symbolised a bond forming within us sharing the growth journey. In that moment, she gleamed like pure gold, illuminating our shared experience that had just been acknowledged.

I woke up in the usual morning. One sentence popped up in my mind. It was Chinese.

“The whole world knows the usual as usual only because of the existence of the special.”

天下皆知寻常之为寻常，斯特别矣。

Somebody told me the poem which was something like that in Chinese long time ago. I indulged in reminiscences, but I didn't pick anything. But a special dream that ever since when I was little was imposing on me. It was that I've dreamed of being rescued, just like the girl in my lucid dream. I wrote down both dreams, the one that happen in my mind when I was sleeping last night and another that I wanted to happen very much but this was not. Intuitively, I knew that both finally met each other in my diary

I began my day as usual but with this special girl. The usual days past. I sleep, meditate, walk with my dog, work, exercise Kendo and Yoga and wrote my journey.

Then, Satchi replied to me.

From: Swami Satchidanand
Subject: Re: 3-7. I am the reed

"if you see buddha along the path, kill him"

Test everything.

If you want to transmute a subpersonality, visualise him, 7step him.

S

Satchi had advised me with "If you see Buddha along the path, kill him" several times. I understand that it means questioning and doubting everything. But I would think about it deeply. Suddenly, I I had a nagging feeling in the pit of my stomach.

What was Maitreya Bodhisattva, so called Future Buddha, really trying to convey to me?

Why now, again? My intuition kept telling me I must put on my thinking cap.

Maitreya appeared in meditation in December 2022 and he saved me to remove blockages. One year later he told me to kill him. So, I did. I killed him with my spiritual sword and grounded him in the centre of the Earth. He transmuted into golden light. Then, I lost my psychic visions, of cause, in meditation.

It caused a small problem. I couldn't visualise any of my sub-personalities since then. It was the second advice from Satchi, "If you want to transmute a sub-personality, visualise him, 7step him." Therefore, activity of transmuting sub-personalities was paused. It must be a hidden message from Maitreya.

I sat in lotus and closed my eyes.

Maitreya is an important figure in Buddhism and is widely worshiped in Japan. The no.1 Japanese National Treasure is the wooden statue of Maitreya. All Japanese students study about it in history textbooks. Its form of thinking in half was so delicate and elegant that I'd fallen in love since I saw it.

Maitreya is a bodhisattva who is said to become a Buddha in the future, but it was not immediate future. He will appear 5.67 billion years after Buddha's death and is believed to be a being who can save people.

If Maitreya Bodhisattva appeared to me during meditation, it can be seen as a symbolic message to encourage change and growth in my mind and spirit. Because Maitreya Bodhisattva is said that he shows us the teachings to liberate ourselves from suffering and delusion. When I saw him in meditation, I was suffering from delusion and he gave me a power against it.

Why he asked me to kill him?

The phrase "If you see Buddha along the path, kill him" is a Zen Buddhist saying that conveys the idea of not becoming attached to any external form or concept, even if it is something as revered as Buddha. Relying on external sources or figures for guidance and wisdom may provide temporary relief, but true enlightenment comes from within.

So, it emphasises the importance of seeking enlightenment within myself rather than relying on external sources or figures.

All make sense. That's why I lost psychic visions since I killed Meityana. It's time to focus on developing faith within myself. I might have been lost in visions, or perhaps, been manipulated by visions. Therefore, he wanted me to cut off my attachments to visions and worldly desires, then explore my inner self and make efforts to grow and transform to create a new self.

I was satisfied to the end of deduction. Surprisingly, I could do without visions. I opened my eyes.

I kept meditating with no visions. It didn't bother me at all. I rather enjoyed the Shikantaza meditation imagining I am a mere reed. Joy of being a reed gave me confidence.

Confidence is purely abstract.

There were various kinds of confidence. This confidence comes from observing, as a mere reed, the intricate and interconnected relationships within ecosystems, the cycles of growth and decay, and the ability of nature to adapt and regenerate in the face of challenges.

A phrase popped up.

“The whole world knows the confidence as confidence only because of the existence of the surrender.”

天下皆知信心之为信心，斯臣服矣。

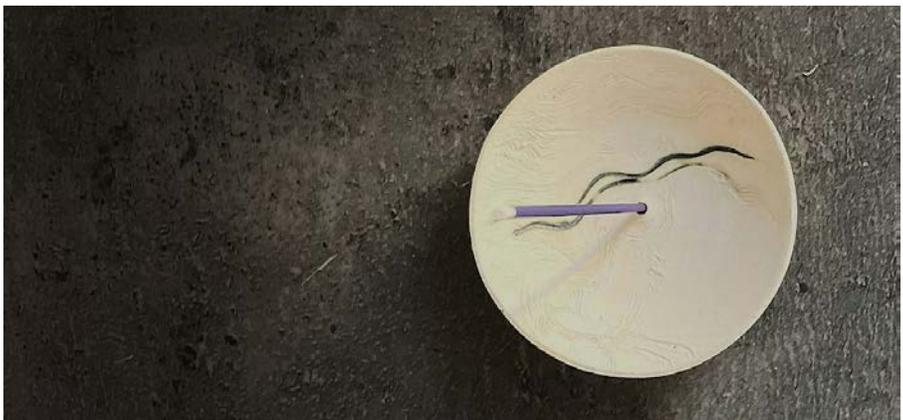

Yes, that’s right. I was in between confidence and surrender now as a reed. Perceiving confidence with surrender in nature simply led me to a sense of awe, wonder, and respect for the beauty and complexity of the natural world. That must be closed to the soul-infused personality.

Today was the 7th day since I lost psychic visions.

Unlike other days, I felt restless today. It was a storm in a teacup. I felt like I had been forgetting something that needed to be done. The teacup storm raged in my heart. It seemed to be looking for a lost jewel in the sea.

But soon, I realised that I was acting as if so. It was merely habit. I had clung to it for a long time, acting as if I didn’t know what to do, whilst it became clear to me. I knew what I had to do.

So, I headed to the post office. It was raining.

Upon returning home, I lit a stick of incense. The scent of sandalwood slowly filled the room, working on me in a direct and purifying way despite its elegant appearance. It thrived most in the rain.

I sat in lotus in the purified room with a line of smell of incense and I closed my eyes. I was listening to the sound of rain.

The sound of rain was soothing the teacup storm and calming the sea in my heart. It evoked a sense of peace and tranquillity, as the gentle patter of raindrops created a rhythmic and meditative sound. The tranquillity was in white. I returned to the starting point of my journey, "Kiosk" which was the initial chapter of my writing and my spiritual journey.

I was on the white platform in white tranquillity.

I heard the train approaching. Ah, I stood on the white platform, reminiscent of my initial writing, "Kiosk." I revisited the essence of "Kiosk" again. This was the third time. Although I returned to the familiar location, I was not the same person. I was sure I was different from that time. I convinced myself that I had undergone a personal transformation since I wrote "Kiosk". I must have faith in these experiences, believing I did foster deep growth and self-discovery.

The train stopped and the door was opened. It was a white train in white. Literally, there was no vision. But I could hear the sounds clearly. I got on. There was the girl I met in my dream. She put a white veil in white, but I felt her. I recognised that I was trusting myself, which I couldn't do for a long time. Confidence in the reed grew.

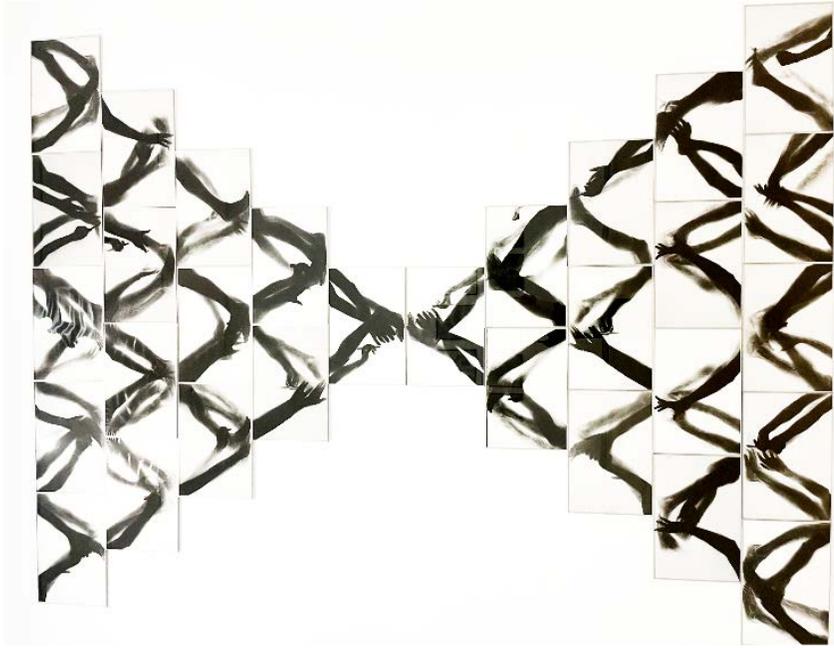

Confidence told me that this girl was the one who had me to write "Kiosk". I remembered what I wrote in my diary. She waited to be rescued for a long time and her desire developed need for other people to validate my existence. The train moved. I tried to hold her hand to save her.

Yes, there she was.

We were holding hands for a while. The train stopped and the door was sliding. She pulled me outside. There was a beautiful full moon in the white sky. The moon was expanding more and more. It reminded me the memory named "Full Moon", which I wrote in April in 2021. So, I wrote it almost three years ago. Today was April 23rd in 2024.

I wrote in "Full Moon";

Everything started on that full moon night. The full moon makes people go crazy. It may be true. That night, a man's real thought held in the back of his heart, and at the same time, my darkness was reflected as if in a mirror. He's like a werewolf transformed. The man is my husband who has been married to me for 12 years since tying the knot after a grand passion.

This girl was my darkness. I intuitively knew that the girl whom I was holding hands must be my darkness.

Now, I was holding hands with my darkness on the platform in white. I was not the same as the one who wrote “Full Moon” after hundreds of meditation undergoing a personal transformation. I autonomously urged to rescue my darkness and transmute her.

But from whom? From what?

Unlike the beginning of “Full Moon”, I mainly wrote about my childhood and a black sheep in our family. Today, I went to the post office to send a small parcel to this black sheep.

I looked at the full moon in the white sky through my third eye and heart. Reflecting on my strengths and qualities, I showed the strong will to free myself from a strong Karma with this black sheep. I have no communication of any kind with the black sheep since he left the family six years ago.

The full moon showed me the mark of the South Node in Astrology with tapioca balls just like the very first lucid dream in KIOSK, then the sign moved upside down. It showed the sign of the North Node. I understood the message from the full moon. Yes, it was high time to embody the

highest expression of the South Node to complete the Karma and move forward into the North Node.

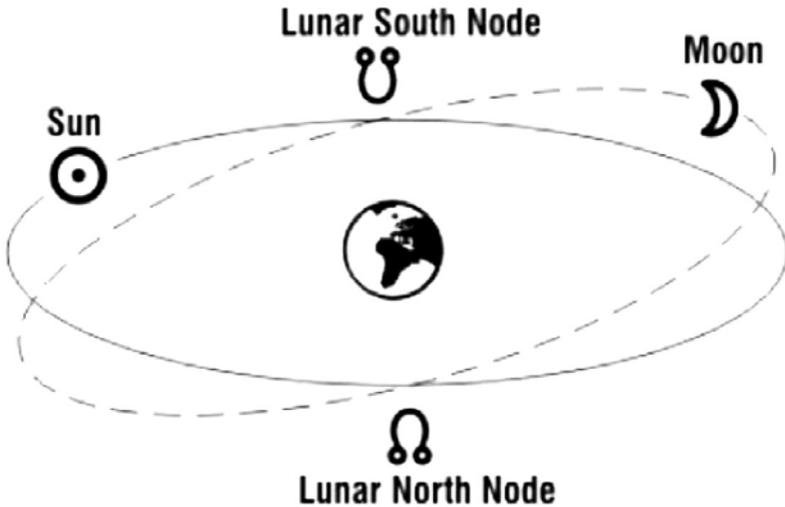

There are two lunar nodes in astrology which are the north node and the south node. They are usually discussed together, as they are strongly intertwined. In the natal chart, the lunar nodes are located directly opposite each other. The Moon's nodes are not existing objects in the sky. These points are calculated as the intersection between the Moon's orbit and the ecliptic.

The south node and the north node are connected with our soul's journey towards spiritual growth and evolution. They are particularly important in karmic astrology.

The south node shows my past and it is located in the third house in Cancer. This point shows what I have mastered in my early years or in my previous lives.

I, as my natal south node in 3rd house, have many past life experiences honing how I think, speak and write, and connecting with people and ideas in my community. However, in the other hand, it suggests that I paid too much attention to what others thought about me in the past. So, what I am doing now is exactly what the south node in 3rd house person is good at.

Also, I might have focused on nurturing and caring for my immediate family. Especially, I may have been very emotionally connected to my siblings. Human emotion is an unreliable, shifting foundation. The separation between love and hate is no thicker than a whisper. I have the similar quality of love to my brother since we were small.

I promised under the full moon that before I whisper I should taste my words to make sure they are palatable. I am going to touch the most sensitive part of the south node in 3rd house.

I focused on breathing and counted 108 times. In Japan, we rang the bell 108 times in Buddhist temples at night in December 31 in order to clean "煩惱:Bonno", earthly desires which are the mind that torments us with each sound of the bell. I heard the sound of bells while breathing.

When I counted up to 108 time, my father appeared under the sign of south node. I couldn't see him, but felt. I guessed because I sent my father's golden watch to the black sheep today. I even attached a short letter explaining how our father's end was and where his grave was located. He passed away in October 2020. It was 7 months after my mother's death and 2 years later after our black sheep abandoned him.

My sub-personality wrote below in April in 2021.

A father, who thrived within the patriarchy in Samurai clan in the north, lavished his eldest son with indulgence - his son who happens to be my younger brother.

Unlike my father, my mother who came from a poor peasant family in the south had rigorous academic expectations for their children. Rabeling against the stringent guidance of my mother, my younger brother metamorphosed into a creature of unchecked ego during his later elementary school years. Faced with my mother's conditional love for the academic results, he resorted to heated arguments and loud outbursts whenever denied his desires or when pressed to focus on his studies. It happened almost every day.

I wanted to be rescued from yelling. Because I had lived in Chaos which my younger brother created.

However, my father didn't say anything. He just bought things my brother wanted because he was a first born son. I was a child who couldn't say anything I wanted, instead I worked hard to live up to my mother's expectations. I couldn't believe that my younger brother, who didn't live up to my mother's expectations, could get whatever he wanted.

The black sheep was so greedy that its greediness scared me. His greediness started to like taste of violence. I was scared more. I became so attuned to my family around me, that I lost who I really was in the big picture of life.

Why had I forgotten that? Greed is terrifying to me. Greed turned to violence and attacked me. It will consume everything. Before that happens, as soon as I smell greediness, I flee. So I jumped out of my marriage. Because my ex-husband's greed had attacked me.

These are the things my sub-personality had me write in April in 2021.

"I tried to understand whether this was the nous which is real intention and the Tatemae which is a public face. However, after all it exceeded my understanding and it hurt my brain. So I cried in the darkness of my heart, where I had not gazed until the reflection of my husband in the mirror on the night of the full moon."

Now I was at the same place in April in 2024. It was a long journey while writing, meditating and practicing swordsmanship to explore the south node in the 3rd house. But I was not same.

A circle appeared in white. It was outstanding in black. It was the Enso in Zen.

Indra, my Kendo teacher explained the Enso circle after Kendo practice last Monday.

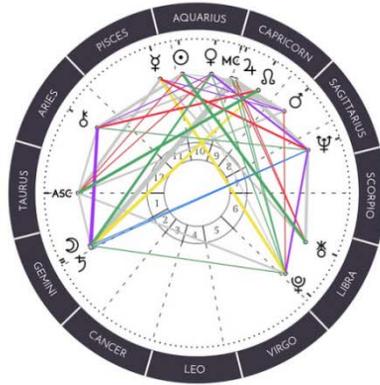

"After years of dedication, Kendo warriors face each other with a pure heart, untainted by the movements of their opponent's blade. It was just like a novice approaching Kendo for the first time, their minds were a blank canvas. Yet, they are not the same. The starting point of a brushstroke differs from its end within the blurred circle. The difference is the height of their hands holding the brush. In other words, they exist in the same space but in different dimension."

I am in the higher dimension under the Enso circle. And it is connected to the beginning of exploring the north node which describes what I am yet to experience and learn.

If I have the south node in 3rd house in my natal chart, this also means that my north node is located in the ninth house.

The ninth house is the house of the higher mind, the superego that guides me in my life. It suggests that I was ignored this part in the past or my previous life. I also need faith, represented by the ninth house in astrology. Learning to trust my intuition is essential with this placement. I must explore what I believe apart from others, and cultivate trust that lights the way within. Don't adapt to my audience. I must speak my truth. Then I can discover my true self.

BIRTH CHART

Am I able to trust my intuition? Am I able to speak my truth? Am I able to discover my true self?

I spoke out my real desire which I hid in the darkness of my heart.

I wanted my father to be strong and scold the black sheep, even fight against him. If he did wrong behaviour. I wanted my mother to become kinder, respect my father who has become stronger, smile happily, and love my younger brother and me.

I wanted to be protected.

After I spoke out, the black sheep appeared through the Enso circle. It was my younger brother. He was black covered with black ink.

更新日：6月19日

Empty thoughts helped me to engage in driving and painful wrists from a Kendo practice gave me consciousness. I was driving a car heading west toward the beautiful tangerine orange sunset in the west. Nobody misses it from my car. So, my 14-year-old daughter must have seen it, even engaging using her smartphone.

Since my daughter joined the Kendo Dojo last February 2023, this has become our daily routine. I spent time with her after school every Monday. We sit in the car next to each other for 2 hours round trip and then practice swordsmanship in the same space. This routine has improved our interpersonal relationship, even though we remained silent. When we talk,

we have the same topic regarding Kendo and our friends we both know in Dojo. It was like spinning straw into gold.

I tried to remember the tension in the emotional atmosphere surrounding us last year. It was rough and dry like straw stirring my blood. Surprisingly, it reminded me of last night's meditation. I felt similar in my blood when I faced the black sheep. It stayed still and didn't move at all but had such existence. I couldn't do anything and the uncomfortable feeling got bigger and bigger. I felt similar when I was with my daughter last year, but I don't feel it now in the car. Even though we didn't talk. Silence didn't put us under any pressure.

I was wondering why.

"Of course, you applied the seven-stepping." Satchi's voice resonated in the beautiful sunset. Yes, Satchi was right. I meditated about her, especially the energy connections between us in meditation many times.

I gazed at the place above where the light indigo colour intersected with the beautiful tangerine orange colour. It triggered the sudden remembrance of a past feeling buried beneath forgotten memories.

The graduation of the sky reignited the neural pathways associated with that particular emotion.

Yes! Instantly, I was transported back to a specific moment when I experienced a similar feeling - whether it would be confusion, discomfort, shame or doubts. It was during Kendo's training.

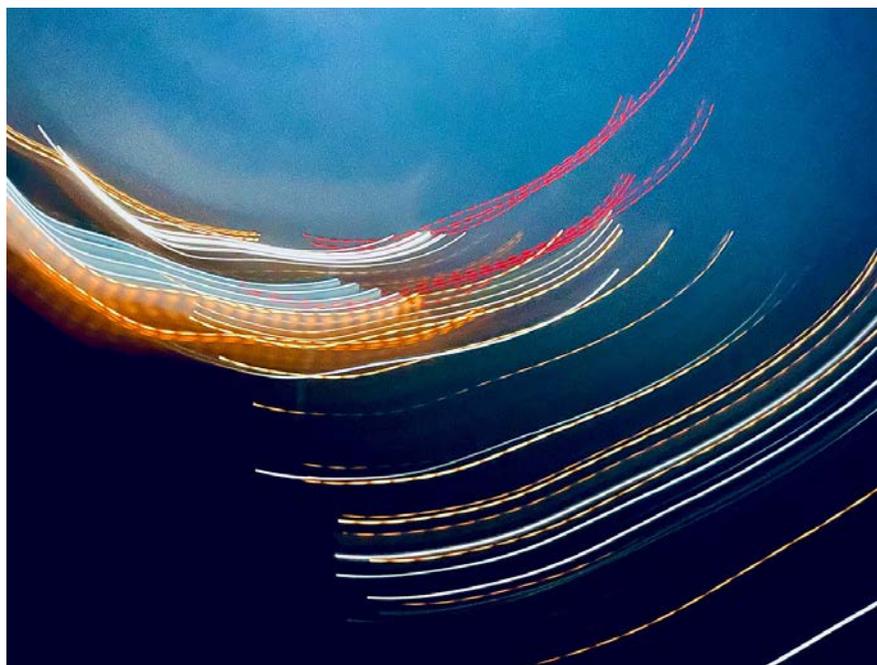

However, I fortunately feel them less. Instead, I could understand the opponent and it gave me some strength and I felt harmonious satisfaction. There was a sort of transformation in me.

Has anything changed in my inner mind or have I learned something through two years of Kendo training?

With darkening twilight hues of azure and speed of lights, I slowly began to unravel the secret of Kendo, Japanese swordsmanship. This revelation stirred within me and it became clear that the secret was a fusion of strength and vulnerability.

It was important to pay attention to this fusion because I didn't have it when I started writing three years ago when I was struggling in my life.

So, how did Kendo training create this fusion?

think, consider

While I just used the word "training" in English, we use a different word, "Keiko" for Kendo compared to the other sports training in Japanese. The word "Keiko:稽古" means "to consider the old which means the past" and was used to refer to training in martial arts and performing arts from the 12 century of the Kamakura period in Japan.

old

The Kamakura period was established by the first shōgun Minamoto no Yoritomo in 1185. Since then, powerful samurai clans held significant political and military power and a feudal system arose and flourished in Japan.

Interestingly, the Kamakura period was a time of significant growth and influence of Zen Buddhism in Japan. Many samurai warriors embraced Zen teachings, which emphasised mindfulness, discipline, and meditation.

Satchi, this meditation was highly likely “只管打坐:Shikantaza”. Their preference continues to Kendo.

Let me return to the topic of Keiko. "Keiko" refers to the need to hone one's skills daily to develop artistic ability while emphasising the importance of one's "attitude" toward the art including martial arts. Therefore, the

training process is directly connected to one's "way of life". The "Keiko" is an important element that integrates art and way of life.

The sky was filled with a deep shade of blue before me who was driving at 100 km per hour. It was one of the most beautiful blues and recalled the colour of Kendo armour and training wear. I touched the secret of this blue moment.

"The integration of art and way of life creates a fusion of strength and vulnerability."

Then, how?

It continues to question the quality of movement.

Yes, it is. My Kendo teacher has asked me to improve the quality of my movement for two years. And you, Satchi also, right? My meditation teacher has challenged me on the quality of movement in everything I can't see.

I was satisfied while driving in the dark. There was no room for confusion, discomfort, shame or doubts.

I came home and took a hot shower. My dog Inca was already sleeping on my bed. Her four legs were in the air. I tried to sit on the bed quietly. I crossed my legs in the lotus and slowly closed my eyes. I inhaled deeply and slowly and exhaled even slower. It was my favourite moment. Soon, my counting synchronised with the sound of my heart.

I imagined spinning a merkaba in the Pineal gland in my head and it helped me to focus on connecting to the top from my crown chakra and to the bottom from my base chakra. Then, I enlarged the merkaba protection and I was sitting inside of the protection. I was ready.

I returned to the moment I left in the last meditation. There was the Enso and I felt somebody dark inside the circle. I focused on breathing and kept my heart beating steady, just like I learnt in Keiko, where I pursued the quality of movement.

"Tell me what have you learnt?"

The voice was resonating in my head. Momently, the voice drew the sky behind my eyelids. I remembered this sky. I saw this sky through somebody's eyes three years ago when I was totally lost in myself. Somebody was my great-grandmother whom I've never met, but I met her in my meditation. She was a member of the Samurai clan in Shiroishi, which means a white stone, located in north part of Japan.

I stood in front of her existence inside the Enso circle. It was too dark to identify who or what was there. It didn't matter at all anymore. I must trust my feeling. I could be myself whatever was in front of me. It would be a reflection of myself, like a self-portrait. I must do the way I do in Kendo Keiko.

In Kendo's Keiko, opponents boldly but politely and sincerely look for my opening opportunity. The openings were created anywhere and anytime in me. Then, they hit it immediately with pain.

The pain was more direct than words. It showed me poor quality of movement with outer focus, immaturity and irrationality. But, I have no moment to taste this pain with my judgment. Nobody interested in my judgement. Yes, this is extremely important. Only me, perhaps my sub-personality was keenly interested in own judgement. Instead, I must focus on finding their openings with the touching tips of bamboo swords. It was like looking at myself in the mirror. Because the opening often happens when I attack.

Through hundreds of Keiko, I knew that I was awfully bad at measuring the right distance. I was always too close to the opponent and showed all the cards in my hands to them. The desire to win made me aggressive, but the opponent had no hesitation in biting me with the quality of their movement. After hundreds of tries, I realised that my way of fighting in

kendo was the same as the way I communicated with others in my life. While looking at the bruise on my right arm, I realised how self-centred and one-sided I was in Keikos. The bruises were the proof that I failed in Kendo Keikos and in my past relationships.

I answered her.

“I have learned the subtle nuances of distance and strategy, mirroring the delicate balance required in navigating the intricate terrain of relationships.”

Then, the darkness of the Enso cracked and the light leaked out. At the same time, from the crack in my wounded heart, a new understanding blossomed, blooming like a tender shoot reaching towards the light. Just as Kendo taught me to anticipate my opponent's moves and adapt swiftly, so too did I realise the importance of communication and empathy in forging connections.

The new understanding from my heart reached the light inside the Enso. I felt an exquisite sensation in my base chakra and it went through me. A person appeared against the backlight. Behind him, I could feel the existence of my great-grandmother who was challenging me to communicate with this person.

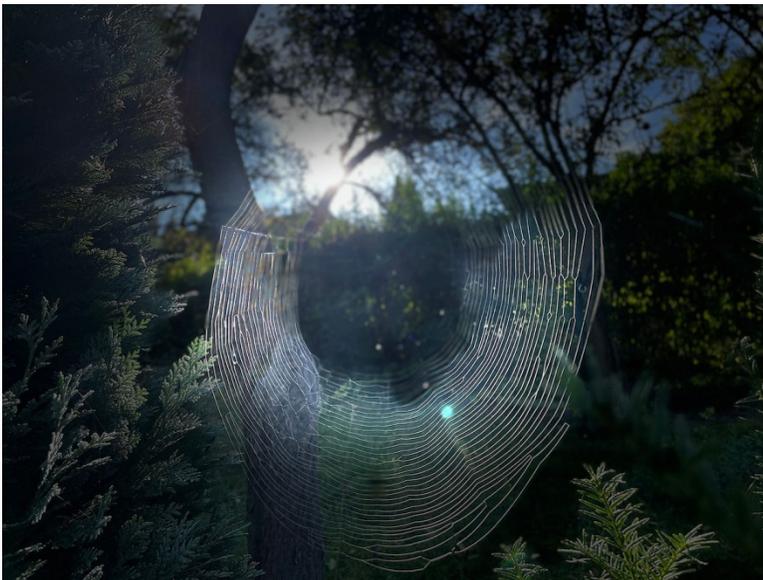

I have known this person since he was born. Our bond was rooted in a shared childhood and familial ties. We would spend hours playing with Lego together every day, our favourite game was to create a spaceship and load it up with all our toys before blasting off into the universe.

But our joy was always short-lived because as soon as my mother caught sight of the mess, she would start screaming and yelling at us to clean up. My little brother was often too young to tidy up properly, so it always fell to me. All the while tears streaming down my cheeks. Once the mess was finally cleared, I would try to seek comfort in my mother's arms, only to be met with a cold push away.

I began to have a complex and contradictory relationship with him. I once adored him with a fierce and protective love as a big sister, but as he veered off the path of righteousness, my feelings towards him shifted. His actions brought chaos and pain into our family, causing me to bury my love for him deep within me. Instead, I found myself consumed by resentment, anger, and disappointment towards him. And fear grew in me.

The person inside the Enso responded to my negative feelings and said.

“I stood up to our mother, Sis. She had always nagged us to study hard and tidy up with a screaming voice. There was no love in our family. So I got revenge on her. She didn't give us love, so I asked for money. Money was love for me. The more I annoyed her, the happier I was. When I abandoned our parents in Japan, my goal was accomplished. I was finally free from them. Sis, anyway, you got love from her, because you played your role as a good daughter in our family.”

He became the black sheep, the outsider who stood apart from the rest of us. Our relationship became a tangled web of conflicting emotions, a blend of love and disdain that I had been struggling to untangle.

“Can you untangle it?”

It must be the voice of my great-grandmother. It was a dignified vibration that left no room for argument.

“Yes, I can. This is my role as a firstborn daughter.” I answered and continued.

“I will challenge him to a duel. After the duel, I can untangle the web of conflicting emotions between us. Please allow us to fight within siblings and be a judge for it.” I politely asked her. Then, I sat properly and deeply vowed.

Subconsciously, I thought my great-grandmother didn't want me to fight against my younger brother. That is why I asked her permission. At the same time, I wanted to fight with him because I couldn't forgive what he did to our parents who passed away in 2020, which is 4 years ago.

Why does his misbehavior as an ungrateful son bother me so much?

Through my meditation journey with you, Satchi. I grounded negativities related to my family, plenty of them... I even went through past lives. However, it still clung to me when I was in the last stage of grounding sub-personalities. It was like an eerie black sheep standing before the last boss when I had learnt about Samurai spirit which was the challenge our great-grandmother gave me three years ago. Moreover, she brought the black sheep to me. We must be tied up in some incredibly heavy something which might be inherited in my blood from our ancestors who were Bushi Samurai warriors.

Could it be Karma?

Actions of the heart that ignore all reason. Karma also has other meanings in Japanese. It can refer to one's work or deeds. Some could call it a higher calling. One works because they are compelled to do so by some higher power.

I saw my great-grandmother nodded, or felt her agreement.

Firstly, I explained to her what I learnt about Samurai spirit.

Bushi, a Japanese samurai, had a special virtue called “武士道:Bushi-do” which means the path to be Bushi. It represented the ideal attitude and ethics for Bushi, a Japanese warrior, sought in his life, actions, and

thoughts. Through Bushi-do, samurai can naturally boosted self-esteem and pride. This is the pride that my great-grandmother asked me to have three years ago when she appeared in the meditation and gave me a dagger I used to cut blockages, traumas and evil spirits.

Then, Kendo appeared on my path by chance or fate, and through my continued training, I finally understood a bit about Bushido, which is also the foundation of Kendo. It was subtle like staining Indigo dye on my fingers from new training wear. But surely I was in Bushido.

It was expressed in 4 letters, 五常五輪, Gojo-Go-rin.

"Gojo: Five Virtues" and "Gorin: Five Rings" are essential notions in Bushido. Go:五 is five in Japanese.

In order to keep this teaching, there are the five folds in the hakama training wear. Before training, when we put on the hakama and tie the strings, we must look at these five pleats to remind us.

"Gojo" is a Confucian concept that refers to the five virtues that humans should possess in the Analects:論語, also known as the Sayings of Confucius. These five virtues are Jin:仁 (love for humanity with a compassionate heart, suppress selfish desires, and practice good manners), Gi:義 (justice which is to do what needs to be done, regardless of self-interest), Rei:礼 (politeness including manners), Chi:智 (wisdom), and

Shin: 信 (trust which is to be true to one's word, to keep one's promises, and to be sincere), and these virtues should be practised in Bushido, the path to be Bushi.

Kendo Keiko (practice) is created to experience these five virtues.

Firstly, I practice Rei, politeness. Because Kendo starts with Rei: 礼, politeness and ends with Rei: 礼.

Then, I gradually feel Jin:仁, harmony. It took two years. It convinced me that I haven't experienced real harmony throughout my life, especially in my family.

Jin, love for humanity, is extensively discussed in the Analects. Confucius uses hundreds of questions and answers to elaborate on this concept. Jin encompasses various forms of compassion, highlighting its importance in different relationships. Among Confucius's five virtues, Jin is considered the most crucial.

Oh, my God!

I opened my eyes and ran to the bookshelf. I found the book, the Saying of Confucius. Incredible truth was in my hand. Delving into its pages, I realised the profound significance of its teachings. It feels as though it was destined for me to uncover its wisdom at this very moment.

Because I received this book from my younger brother about 20 years ago during a chance meeting in Shanghai, where I used to live and he was on a business trip. We shared a memorable dinner at a round table, just like an Enso circle in a Chinese restaurant. We had a moment of rare harmony between us.

I opened the book and the delicate brown thread was placed in the middle. It was the chapter of Rijin 理仁 which tells to love for humanity with a compassionate heart, suppress selfish desires, and practice good manners.

Could something like this really happen?

At that moment, perhaps time was flowing from the future to the past?

Was it for this moment that my fate with my brother was created?

I went to the kitchen. It was pitch black. Slowly and gracefully, I started to brew coffee. Soon, the steam was released with a consistent and repetitive sound. A rhythmic hissing noise was soothing me and increased a quality of atmosphere in the quiet of the night. While listening to the high-pressure steam escaping from the espresso machine, I sang a faint humming and enjoyed vibrating throat.

"Om"

The oven in the kitchen showed 22:22 in red. The aroma of coffee danced in the air.

I returned to the bedroom in dark, sat in lotus once again and closed my eyes. Savouring the aroma of fragrant coffee in the middle of the night, I was calm but energised. I evoked a sense of anticipation for surrendering myself to this mysterious flow of time, future to past. Letting myself go with the flow, it led me to the same place as before, but in the different dimension. I got it! I understood something.

I continued to answer to my great grandmother.

In Kendo, we practice together with all ages, levels, genders and nationalities. It was extremely serious and hard. Contradictory, I learnt how a compassionate heart create. It will create from respect. I respect fellows without words and conditions.

Then, I began to trust people a little by little. It was Shin:信. Before, I couldn't. I had doubted myself to trust people. I accepted this fact and started to learn it slowly. It was not easy. But I must learn if I am not good at.

These five virtues is wisdom which is Chi:智. Practising Gojo, these moral precepts will make us good human beings.

On the other hand, "Five Rings: 五輪" is a Buddhist concept that indicates the stages of training to free humans from suffering and confusion. These are Jirin:地輪 (ring of ground which is lust), Suirin:水輪 (ring of water which is anger), Karin:火輪 (ring of fire which is stupidity), Furin:風輪 (ring of wind which is madness), and Kurin:空輪 (ring of air which is ignorance).

It is said that it is possible to attain enlightenment by transcending these five rings.

Through the training of Kendo, we can overcome these inner obstacles such as lust, anger, stupidity, madness, and ignorance, and promote spiritual growth.

In other words, through training with Gorin Gojo in Kendo, we can develop not only our technical and physical abilities but also their mental aspects in a well-balanced manner, which ultimately leads to contributing to society.

Through the disciplined practice of swordsmanship, I discovered the art of vulnerability and courage, channelling my inner strength to mend the fractures of the past and embrace a future filled with renewed hope and understanding.

I breathed slowly and deeply again to charge infinite energy. I was in front of the Enso. I felt the existence of my great-grandmother behind us. I counted down from 10.

I said to her.

It took three years to be aware of where I belong. I learnt to conduct myself in a manner that prevents any feeling of shame. I will fight a duel over this pride.

I stood in front of the Enso.

"Hajime!" strong voice released just like the high-pressure steam from the espresso machine. Hajime means start.

unleashed a powerful "Kiai" scream with vibrations on full blast from my throat. I put all negativities toward him in it and he did the same. We would get rid of all in this duel. Both negativities crashed and ate each other like two starved bears after hibernation. It disappeared and remained silent.

Only the tip of my bamboo sword touched him. In that split second of contact, we sense everything about us from different perspectives, making us a mental and physical challenge and leading us to the one truth.

Samurai won't focus on the opponent's thoughts or plans but on five viewpoints which lead to the truth which is the best opportunity to attack. So do I.

This wisdom is called "五観:GoKan一見:Ikken".

This is the second thing I've learnt through Kendo practice. And I am still learning. To be honest, I was horrible when I started Kendo. I did the opposite.

I embarrassingly focused on my thoughts, even not the opponent's one. I was so self-centred and bombarded with thoughts. It was like the way to judge my younger brother, but now I will communicate with him five viewpoints to release the tangled emotions and ground both my and his sub-personalities which were split when he veered off the path of righteousness and my feelings towards him shifted.

I tried the first perspective called “手裏剣 : Shuriken”. I focused on hands movements instead of what he said to me. It was not easy, because I was distracted by what he said in the past. I applied the five stepping technique which my meditation teacher taught me.

Gradually, I could focus on his hands movements through the tip of the bamboo sword like a usual Kendo Keiko. I had a big shock because I touched a vulnerability and strength in him that I had never imagined before. Tears moistened my eyes and filled my heart. I knew that we were both just desperate for love. My heart re-opened to him.

Next, I adopted the second method called “水月 : Suigetsu”. I woke up my ability to feel harmony with him by connecting my heart chakra to his one. Then two small children appeared. They were playing together with full of joy.

I tried the third method called "神妙剣: Shinmyoken". I consider the relationship with my little brother as sacred. They became angels. While finding the opportunity to attack this angel, I cultivated an attitude of valuing connection and respect with him.

Then, I found "病気:byoki" in him. It means sickness, but in Kendo, it refers to perceiving weaknesses and disturbances in my opponent's mind. Finally, I identified weaknesses and disturbances hidden in my little brother. It was his ego.

The fifth perspective called 身手足:shu(body) Te(hands) Ashi(legs). We read the opponent's overall movements which means body, hands and legs while preparing our body, hands and legs to attack. I imagined my body just before releasing an arrow from a bow.

I was reading his overall movement and he slightly dropped his bamboo sword. His ego decided to attack me. It couldn't wait any longer.

I spotted the opportunity to release my bamboo sword.

I cut his ego from his head.

"Men Ari!" my great grandmother said sharply and raised her left arm which was my side.

I cut his ego in half. The circle of Enso caught and squeezed it and dropped into the centre of the Earth. At the same time, I hugged two little children.

I felt so relax and our borders are melting. Suddenly I touched something hard with both hands. I grabbed them and looked at them. They were flints. I didn't know why, but I recognised them as flints. I stroke a spark from flints.

The spark ignited our molten bodies. We were engulfed in flames. The flames were not hot.

We flew up to the infinity. Our flame covered the infinity mark.

Then, heavy rain washed all. A yellow field spread before me and my black dog Inca was walking a path.

I found the path.

My psychic vision was back. I fell into sleep while feeling numbed legs.

Hello Yuko,

I am being very slow at the moment, waiting for wisdom.

I loved your article.

It was true, it was genuine, and you are teaching the virtues of Kendo, Bushido, Buddhism and Energy Enhancement Meditation - please mention it more..

I noticed this, I hope it's a help...

blues - bruise - but a bruise is blue, the colour of your garb.

melkoba - merkaba.

worrier - warrior

And Duel, phonetically like Dual which is two - you and a subpersonality - I still suspect subpersonalities. They are the bane of wisdom.

Subpersonalities hate me, hate Energy Enhancement Meditation, hate Devi - this is the way to see them and remove them. Anything which hates!

And to worry - worrier - warrior - could it be a freudian slip?

Enough of my idiocy.

I am really happy you are meditating and becoming more and more wise every day!

Love and Light,

to me

Hi Satchi,

Thank you for your reply.
Me too. I am being slow too.

I am glad you like my writing and my meditation.

Yes, I will write about the beginning of my meditation journey in my substack articles. I promised myself to add new story every Sunday night. Next one will be about meditation.

Thank you for telling me the mistakes and typo in the article.

I corrected them. This action helped me to add some memories which I forgot when I wrote.

If you have time, please read it again.

Subpersonalities hate me, hate Energy Enhancement Meditation, hate Devi - this is the way to see them and remove them. Anything which hates!

I experienced this. But I overcame this feeling. I won't doubt myself who trust you and Devi.
They gave me the feeling I should stop writing because nobody wants to read such things. But as I wrote in this article, I should not be interested in my own judgement towards my writing. I must write. This is surely one of my missions.

I still suspect subpersonalities.

I haven't written all I experienced with sub-personality so far. My writing is a month behind. You can see.....

I will keep meditating.

to Yuko

Hello Yuko,

How are you?

Understand the power of the buddhafield and that you have one too, affecting everyone around you, creating their reactions, evolving them..

EE Student...

The course has exceeded my expectations in every way. I have been meaning to send a progress report and to thank you for the opportunity to progress in your teaching.

I have been learning each initiation slowly, absorbing the videos and contemplating the student experiences. I practice the 7 steps daily, working on my Antahkarana, chakras etc. and it has become second nature to do so.

I practiced Level 1 for years and it laid a good foundation for Level 2. Ever since I was introduced to the idea of energy blockages, I have been aware of their presence in my body. For a long time, when focussing on removing them, my attention would divert to the blockage which made removing them a very slow process. The 7 steps has removed them very effectively.

There have been blockages in my body that are stubborn to go still. I use the 7 steps and repeat the process yet they are still there. Either my method is not correct or they are very dense. However, recently in one of the videos you mentioned sending 4 powers towers into the center of the earth and connecting it to the base chakra. I started to do this and the blockages in the head started to dissolve (these have been the stubborn ones for a long time) I also started to connect with the 5th chakra below the base and I can feel its energy profoundly with the same results. Now only a few remain and I believe like you said, the blockages in the base chakra (which I was able to remove) corresponds to the crown chakra.

I compare my mind to a year ago, and it used to be filled with thoughts. These thoughts were fear and anger which are now gone. It is like having a new life with my eyes wide open and living in the present moment. My body radiates with energy and life is so smooth as things often just fall into place. I feel a lot of love and want to help. Serving others is the most fulfilling thing for me now. What I want or rather desire is so small that I feel utterly free.

I am having a better understanding of the Astral world and I now understand that the experiences are based on how we perceive and malleable into anything we want. Years ago, I joined a hermetic fraternity and it was the same with protection, projecting energy etc. The methods were different yet the result was the same. These similarities confirm I am on the right track. Yet, there is always something stopping me from moving past the first steps of raising energy. I truly fear contacting beings and exploring because I am not sure if I will be prepared to respond if in danger. Nonetheless, this is the furthest I have been on the path and enjoying it thoroughly. Thank you again for your teachings and guidance.

But simply - a third level technique - put the word fear in a circle of white light and 7step it!

And do not worry, every white magician is more powerful than the dark side because we are connected with God, and they are not.

Put your full trust in God. Be faithful and you will grow in evolution.

to me

I really want to thank you for the everything. I appreciate the opportunity to pay over time, otherwise I would not have been able to have this experience. Everything has been going well, please see my report below:

I have spent the last several weeks removing the extremely dense blockages in the head. Of all the areas in the body, these were the most difficult to remove, giving me the impression that was not progressing. This repeated process has helped me to refine my 7 step technique and there have been several shifts in my external world. In addition, a hidden internal world has surfaced and everyday I understand a little more how to navigate it.

The blockages in the head feel like hard rock lodged between flesh. It was a

network, a swarm of interconnected blockages. As I removed a piece of it, it was connected to another portion. It was stubborn to lift like it has been there a long time, controlling my thoughts and actions. The blockages were most dense around the third eye, crown chakra and the back of the head (corresponding to the 3rd eye). It took me weeks to make progress, but I continued as long as I made any progress at all.

Method - To remove the blockage, I enclosed the blockage with a construct. I then try to psychically lift the construct outside of the body, containing the blockages within. As the construct exits my body, I feel some of the blockages come loose, almost like being severed from a larger mass. I have found that once the construct is above the head out outside the body, I can use it to draw in negative energies. It acts like a vacuum where all the black negative energies are drawn into its center. The construct vibrates in glittering gold, and inside white hot light liquifying the blockage. I was able to remove more in each sitting this way.

At the start of the session, (after I activate my protection) I fly throughout space towards my higher self. The details of this higher self is like an astral body that I am building, details being added and modified over time. Once I approach this being, I merge my consciousness with it and assume it like a "God form" to perform my work. This figure now has a flaming sword radiating white light with an engraved golden hilt. The energy is so great the flames are surrounded by flashes of lightening. Almost every form of energy I now project radiates lightening with great force, especially when it is released with the out breath. At first, in my other hand, I had a laser sword with violet light to cut the connections. I would charge the sword with the violet ray of St Germain from my heart and brow centers. The sword would glow violet with flashes of lightening showing the great force it possessed. This later became a golden staff with a large Amethyst stone at the top, which in my large form projected like a ray of violet lighting to burn up all the connections at each stage of the 7 steps. On the figure, the eyes are flames. There is a golden lotus crown with diamonds upon its head, an emerald jewel in place of the third eye. It wears an armor of silver and gold. The latest thing to happen is it has gained angelic wings. I am learning to use them to traverse large distances. With each flap of the wings, I travel almost at warp speed across space. Last night I had the idea to use the construct as a vehicle to travel throughout space instead.

I now know that this is another world with its own rules. Occult teachings speak of planes which exist in each chakra above the head. Each is its own universe with its own entities. As I enter the Monad, it is a paradise where my masters congregate in a large hall. Buddha glows in radiant gold, Jesus and the other masters have a human like form glowing with white light.

I meet with my masters. Buddha, Hermes Trismegistus, Jesus, Thoth (Egyptian God, but I am suspicious of his power...maybe I need to test) and you Satchi. I thank them and ask for their guidance on the path. I ask

Buddha to share his energy and he nods. I send a beam from my third eye and heart and circulate it.

Powerful Projection - I use the out-breath while projecting white light from the third eye and the heart with a force of lightening. Once it reaches the circle of light that I create with my sword, it explodes into the center of the universe and into the center of the earth with spirals of light. The construct is then assembled around the blockage being charge by the the spirals of energy and the outer rings added on by one.

As I compress the blockage with my hands, my hands radiate lightening. I surround the blockage within the construct with my energy as the forms change within the crucible. From air to water to earth etc.

I now know my progress is because of the power you have shared. I now understand what you meant by the Buddhafield and how it has magnified all that I do. I have been on this path before, but almost feeling alone, now I know I am not. I am grateful to have discovered this new world, I tasted it once but broke my practice and lost it for years.

THANK YOU.

Hi Satchi!

Sorry to reply a bit late.

Now I am in Italy with my daughter.

Thank you for all your effort. I will take a look later.

I am meditating in Rome....

We are waiting on the que to the entrance of the Vatican Museum. I am trying to meet and talk to real angels.

Btw, I am writing the experience after the Duel now.

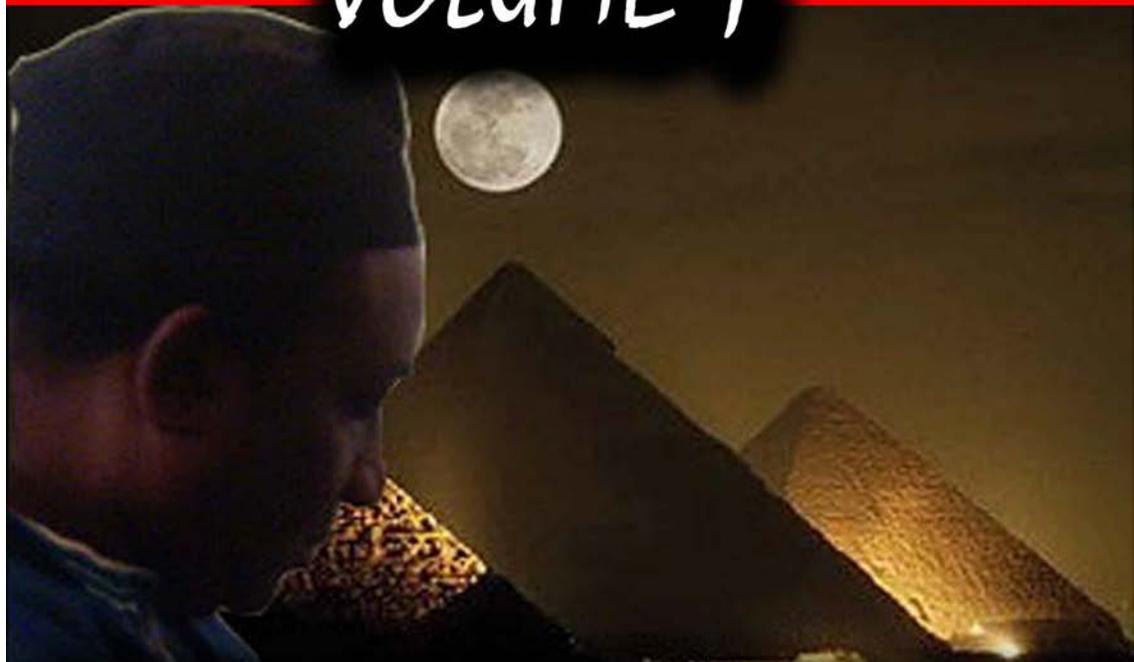

I am grounding last bits of attachment to my daughter.

FAKE ECONOMICS - Economists have been paid - Adam Smith (and his Satanic Mandevillian, "Public benefits come from Private Vices") was a hack, paid by Lord Shelburne, Head of the British East India Company, foundation of the British Empire - to create an Economics which would perpetuate the Bankers of the British Empire, later the Anglo-American Empire. AGAINST SATANISM VOLUME TWO

The Secret History of the Modern World and the Battle for the Future -
The "One Ring" of Gyges of Plato's Book, Republic - A Comparison between
Ring of Gyges of the Hobbit and the One Ring of the Lord of the Rings with
reference to the effect of Eugenic No Heart Plato and No Soul Aristotle on
the Secret History of the Modern World and Satanic Globalism
- the Battle for the Future.

The difference between the simple Ring of Gyges of the Hobbit and the One
Ring of the Lord of the Rings is - "Into this ring he poured all his cruelty,
his malice and his will to dominate all life" -

The difference is this energy of cruelty. "By our sinning and Ritual human
sacrifices, and Ritual human sacrifices and sinning, the gods will be
propitiated, and we shall not be punished" - Plato's Republic

Used for one purpose "The Concealment of Wickedness"

Plato's Republic - WHAT IS THY NATURE? SATANIC ADEIMANTUS

"Appearance Tyrannizes over Truth and is Lord of Happiness"

Adeimantus of Collytus (432 BCE – 382 BCE) son of Ariston of Athens was
also known as Plato's brother. In Plato's Republic, Adeimantus questions
whether they would be living a good life with little or no personal property.
Consequently, Adeimantus is often associated with greed or love for money
in interpretations of the dialogue.

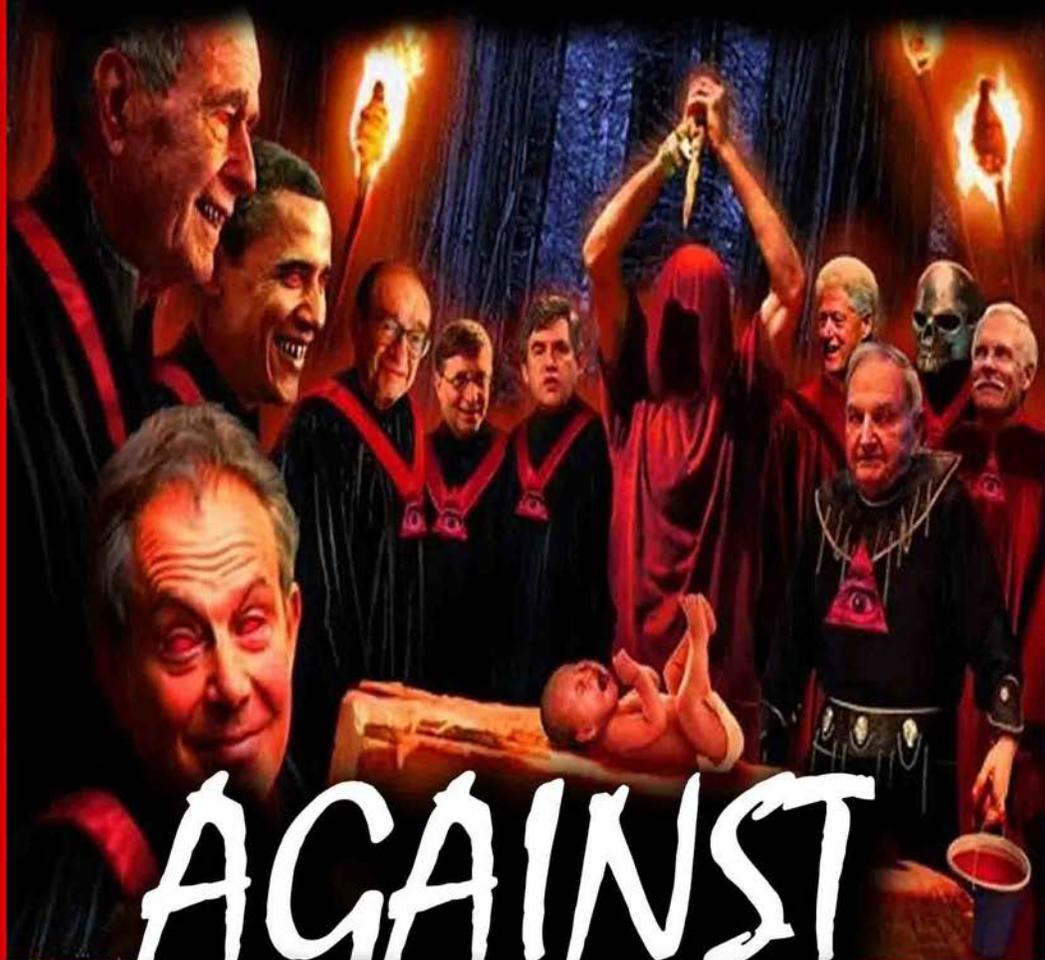

He quotes Pindar (522 – 443 BC) an Ancient Greek lyric poet from Thebes—
"Can I by justice or by crooked ways of deceit ascend a loftier tower which
may be a fortress to me all my days? For what men say is that, if I am really
just and am not also thought just profit there is none, but the pain and loss
on the other hand are unmistakable. But if, though unjust, I acquire the
reputation of justice, a heavenly life is promised to me."

"Let us be consistent then, and believe both or neither. If the poets speak
truly, why then we had better be unjust, and offer of the fruits of injustice;
for if we are just, although we may escape the vengeance of heaven, we shall
lose the gains of injustice; but, if we are unjust, we shall keep the gains,
and by our sinning and Ritual human sacrifices, and Ritual human sacrifices
and sinning, the gods will be propitiated, and we shall not be punished."

And here is where the elite get all their negative energy or as we call it in

Human Sacrifice - a Satanic Ritual used in all civilisations on All Continents
by the Satanic Elites for tens of Thousands of years.

Yes Satanism, the Occult Cult was created 10,000 years ago before Christ,

SATANISM - 10,000 YEARS OF TOTAL CONTROL

AGAINST SATANISM VOLUME 3

SATANIC RITUALS AND HUMAN SACRIFICE

Sometimes people reading the Truth get depressed by it.

For people with big hearts though, the truth gets them started with an Implacable Opposition to Absolute Evil.

The Battle of Armageddon can only be won by sufficient Angels to fight against the Demons. Be an Angel!!

The point of this introductory missive is that 72 Empires have been recorded and every one of them has failed in the same way. The facts have been recorded that a totalitarian and satanic elite infil-traited and took over all these Empires and that 72 once free, flourishing and rich republics were destroyed from within.

Infil-traition of Satanism is the methodology as slowly every Government Ministry and Societal function is taken over. Eventually a Satanist becomes King Emperor President. The Satanist Pillars of Homosexuality, Pederasty, Drugs and Ritual Sex - both Hetero and Homosexual - are introduced overtly and the society is destroyed.

The Ancient Enemy who counts meditation and the mind control psychic arts as one of its main planks of World Domination has used Satanic Infil-Traitors for 10,000 years in every Organisation - Religion, Left and Right Politics, Dynastic Families, Geopolitics, Economics, Universities, Intelligence Services, Think Tanks, Banking, International Companies, Eugenics - All of them Censoring Worldwide, Advanced Meditation techniques - Alchemical VITRIOL, the Kundalini Key and Energy Blockage Removal from every Meditation Program.. EXCEPT ENERGY ENHANCEMENT!!

The key is that the Satanic Religion and its current recruiting cults of Freemasonry and the Crowlean Sexual Ritual OTO - Ordo Templi Orientis - are Fake Gangs, created by men as a 10,000 years old technique to create psychopathic leaders and thus conquer the world.

All Rituals, Religion, Education, Secret Services and Political Movements have been Scientifically Engineered to create Fake Gangs for 10,000 Years. It's what the old Roman Empire, and the Babylonian Empire, and the Cult of Apollo, and the Byzantine Empire did before.

As you know, all the gangs have Rituals before you can join, making your bones with the Mafia means you must murder someone before you can join and Drug Cartels, secret groups within the Masons, the Hellfire Club, all have their Rituals before you can join and before you can progress. All Rituals, Religion, Education and Political Movements are designed to create fake gangs of psychopaths who can then be used to create control through chaos created poverty - The Oligarchic Policy of Poverty - destroying infrastructure - preventing human evolution.

Satanic Communism and Fascism is gradually being instituted as the New World Religion defined by Satanic Ritual.

72 Empires have been recorded and every one of them has failed in the same way. The facts have been recorded that a totalitarian and satanic elite infil-treasured and took over all these Empires and that 72 once free, flourishing and rich republics were destroyed from within by Satanic Ritual.

From South America Incas and Aztecs to Satanic Pagan Odin, Cybele and Attis, Baal and Molech, and the Holy Inquisition, Ritual Human Sacrifice and burning alive and Ritual Homosexuality, Sodomy and Pedophilia has been endemic for Thousands of Years.

Read Against Satanism Volume Two - The Foundation of Western Philosophy is Pagan, Satanic, based on No-Heart Plato and No-Soul Aristotle. Plato's Republic (c.370 BC) propounded the "Concealment of Wickedness" and the use of Ritual Human Sacrifice to placate the Gods of Karma. Plato's Republic's ideal state is based on Sparta - The Spartan society was dominated by a rigidly Hierarchical and Elitist Pedophile Warrior Cult that featured mandatory induction of twelve-year-old boys into Homosexual Partnerships with adult men, and which Plato argues should be ruled by Autocratic Dictator Philosopher-Kings. The Republic propounds the Eugenic elimination of the family and the elimination of private property.

Infil-treasure of Satanism is the methodology as slowly every Government Ministry and Societal function is taken over. Eventually a Satanist becomes King Emperor President. The Satanist Pillars of Homosexuality, Pederasty, Drugs and Ritual Sex - both Hetero and Homosexual - are introduced overtly. Christianity and Judaism - the bulwarks Against Satanism - are destroyed and then society fucked through the fear of Ritual Human Sacrifice.

The Ancient Enemy who counts meditation and the mind control psychic arts as one of its main planks of World Domination has used Satanic Infil-Traitors for 10,000 years in every Organisation - Religion, Left and Right Politics, Dynastic Families, Geopolitics, Economics, Universities, Economics, Intelligence Services, Think Tanks, Banking, International Companies, Global Warming, Eugenics -

Read Against Satanism Volume One - Satanic Karl Marx created Communism for Ambassador Urquhart of British Secret Services writing Das Capital in his Office in the British National Library in London. Communism was used by British Agents Satanic Lenin and Stalin and Satanic 33rd Degree Freemason of Yale University, Mao to take over Russia and China torturing and killing 160 millions of people.

All of them Censoring Worldwide, Advanced Meditation techniques - Alchemical VITRIOL, the Kundalini Key and Energy Blockage Removal from every Meditation Program..

EXCEPT ENERGY ENHANCEMENT!! The Energy Enhancement Video Course - energyenhancement.org

Read Against Satanism Volume Three - Satanism is Defined by Satanic Rituals - These Rituals Define Satanism.. Loveless Ritual Sex, Sodomy, Pedophilia, Ritual Drugs, Ritual Blood Sacrifice, Ritual Human Sacrifice, Ritual Torture, Ritual Burning Alive, Ritual Cannibalism, Ritual Castration.

This means Pedophilia Sex Rituals and means the Totalitarian Fear Control of Human Sacrifice. As presently occurs in Totalitarian No-Soul Communist China. Christians, Buddhists and Falun Gong are executed in special organ harvesting vans - Human Sacrifice.

They have ten of these vans in every city and they work all day long taking fresh organs to the airport for implantation in Japan. The organs harvested and sold to Rich Oligarchs Worldwide

Read Against Satanism Volume Four - SATANIC HOMO-OCCULTISM AND THE HOMOSEXUAL ROOTS OF FASCISM - Black Magician Homosexual Hitler created Homosexual Cults based upon Black Magic - taught to him by Guido von List and the Armanen Order, Jorg Lanz von Liebenfels and Ariosophy, The Thule Society, Madame Blavatsky and the Theosophical Society, and Friedrich Nietzsche.

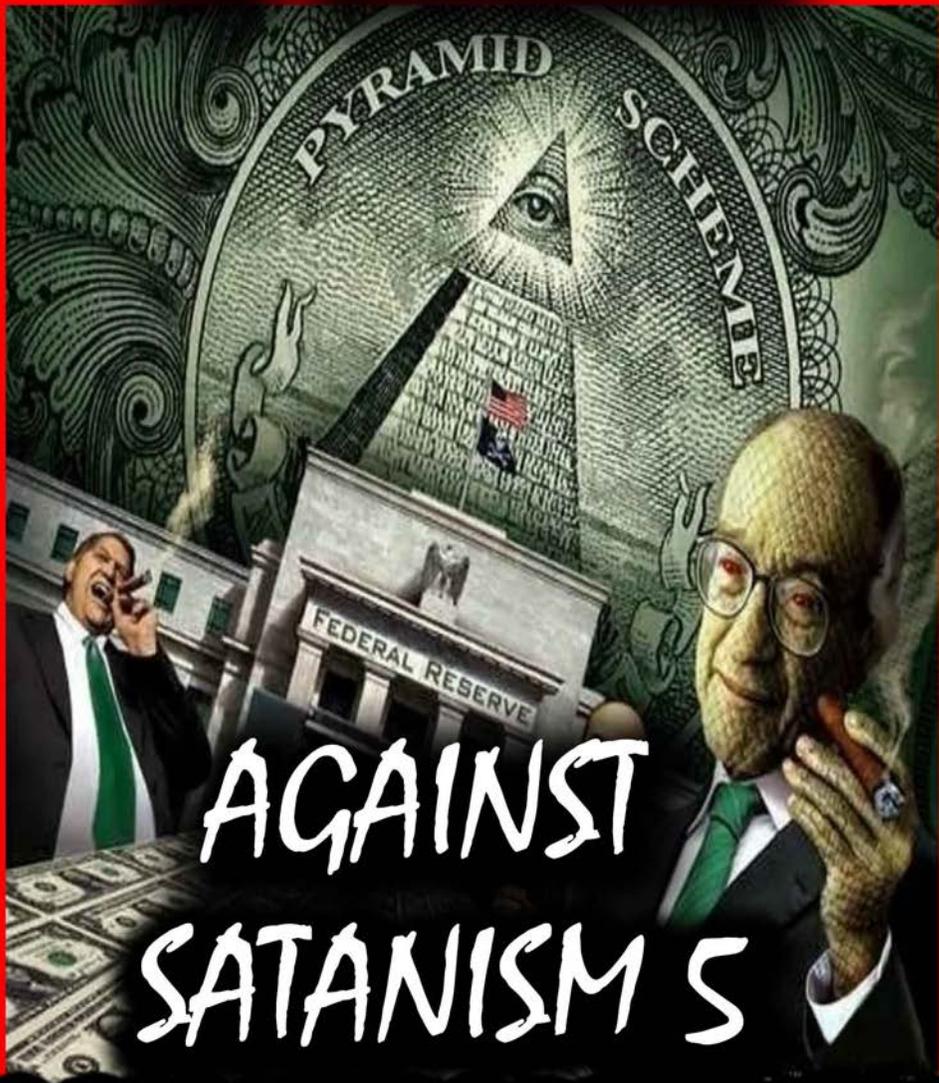

Because the Torah and the Bible prohibit Homosexuality, in order to introduce Satanism and its Satanic Rituals, Hitler decided to destroy Judaism and Also he changed Christianity - Jesus - into a Sun God associated with Odin by sending all Clerics to the Concentration Death camps along with the Satanic Ritual Burning Human Sacrifice Holocaust of Six Million Jews.

After that Hitler allied with Islam because Islam promotes Jihad Warrior Spartan Pedophilia and Sex Slavery of Women - "Women for breeding, boys for love" See, Thousands of Muslim child prostitutes in every city of Britain - Rochdale child sex abuse ring.. https://en.wikipedia.org/wiki/Rochdale_child_sex_abuse_ring

Hitler's NAZI is Satanic National Socialism, an offshoot of Satanic No-God Communism - You can see this plan occurring in Western Civilisation and China, everywhere, NOW!!

"What we are trying to do in this meeting today is to give you a new view of how the real economy
works today and teach reality economics, instead of
the parallel universe that you have in economic textbooks.

So, instead of learning how the economy operates, students are told how a
parallel universe might operate on a different planet, if there were no government, if there
were no fraud, if the entire economy operated on barter, if there was no debt, and
that everybody wanted to help everybody else, that nobody inherited money, that
everybody earned all of the income and wealth that they have. The reality is the
opposite, but it seems to be talked about only in novels these days.

"Whenever you have a misunderstanding of reality year after year, decade after
decade, and now for a century, when a false picture of the economy is painted
you can be sure that there is a special interest benefiting. A false picture of reality
does not happen by nature; it is subsidised. And the banking sector has subsidised
and paid for a junk economics that is taught in the universities, broadcast from
your newspapers, mouthed by the politicians, whose election they sponsor, to try to
make you believe, that you're living on Mars in a different kind of a world—instead
of the actual country that you're living in—and to pretend that there is no financial
class that is trying to grab what belongs to the public at large.

This is what ends up with a difference between central bank creation by the
government with the government aims of economic growth and full employment,
as compared with commercial bank credit that aims at economic shrinkage, at
austerity, at lower wages, at lower output, so that it can do to you what the
commercial banks are doing to Greece, to say give us your ports and your land
and your tourist areas and your water and sewer systems, so we can charge you
for water and sewer. And we can take the money that you had expected to get in pensions
and we can scale it down, so that we can pay ourselves.

"This is what it took an army in times past, And today it's done without an army, as long
as you will be passive and believe the Lies, the science-fiction of the world that banks
are painting. Thank you. [Applause]"

Remember, the main purpose is not money or power, it is in fact the Satanic
Oligarchic Principle of Poverty. Dummed Down, Barefoot, and Back on the Reservation.

AGAINST SATANISM VOLUME SIX

Infiltrating Bloodline Phoenician/Jewish aristocratic Families have existed for over 5000 years before the Birth of Christ. Using emotional rhetorical religious concepts to control, they worship all the Pagan Gods, including Lucifer, Satan, Baal, Bel, Molech, Ashtoreth, Cybele and Attis including all the Satanic Rituals In Against Satanism Volume 3 - RITUAL SEX, RITUAL DRUGS, RITUAL BLOOD SACRIFICE, RITUAL HUMAN SACRIFICE, RITUAL PEDOPHILIA, RITUAL TORTURE, RITUAL BURNING ALIVE, RITUAL CANNIBALISM, RITUAL CASTRATION.

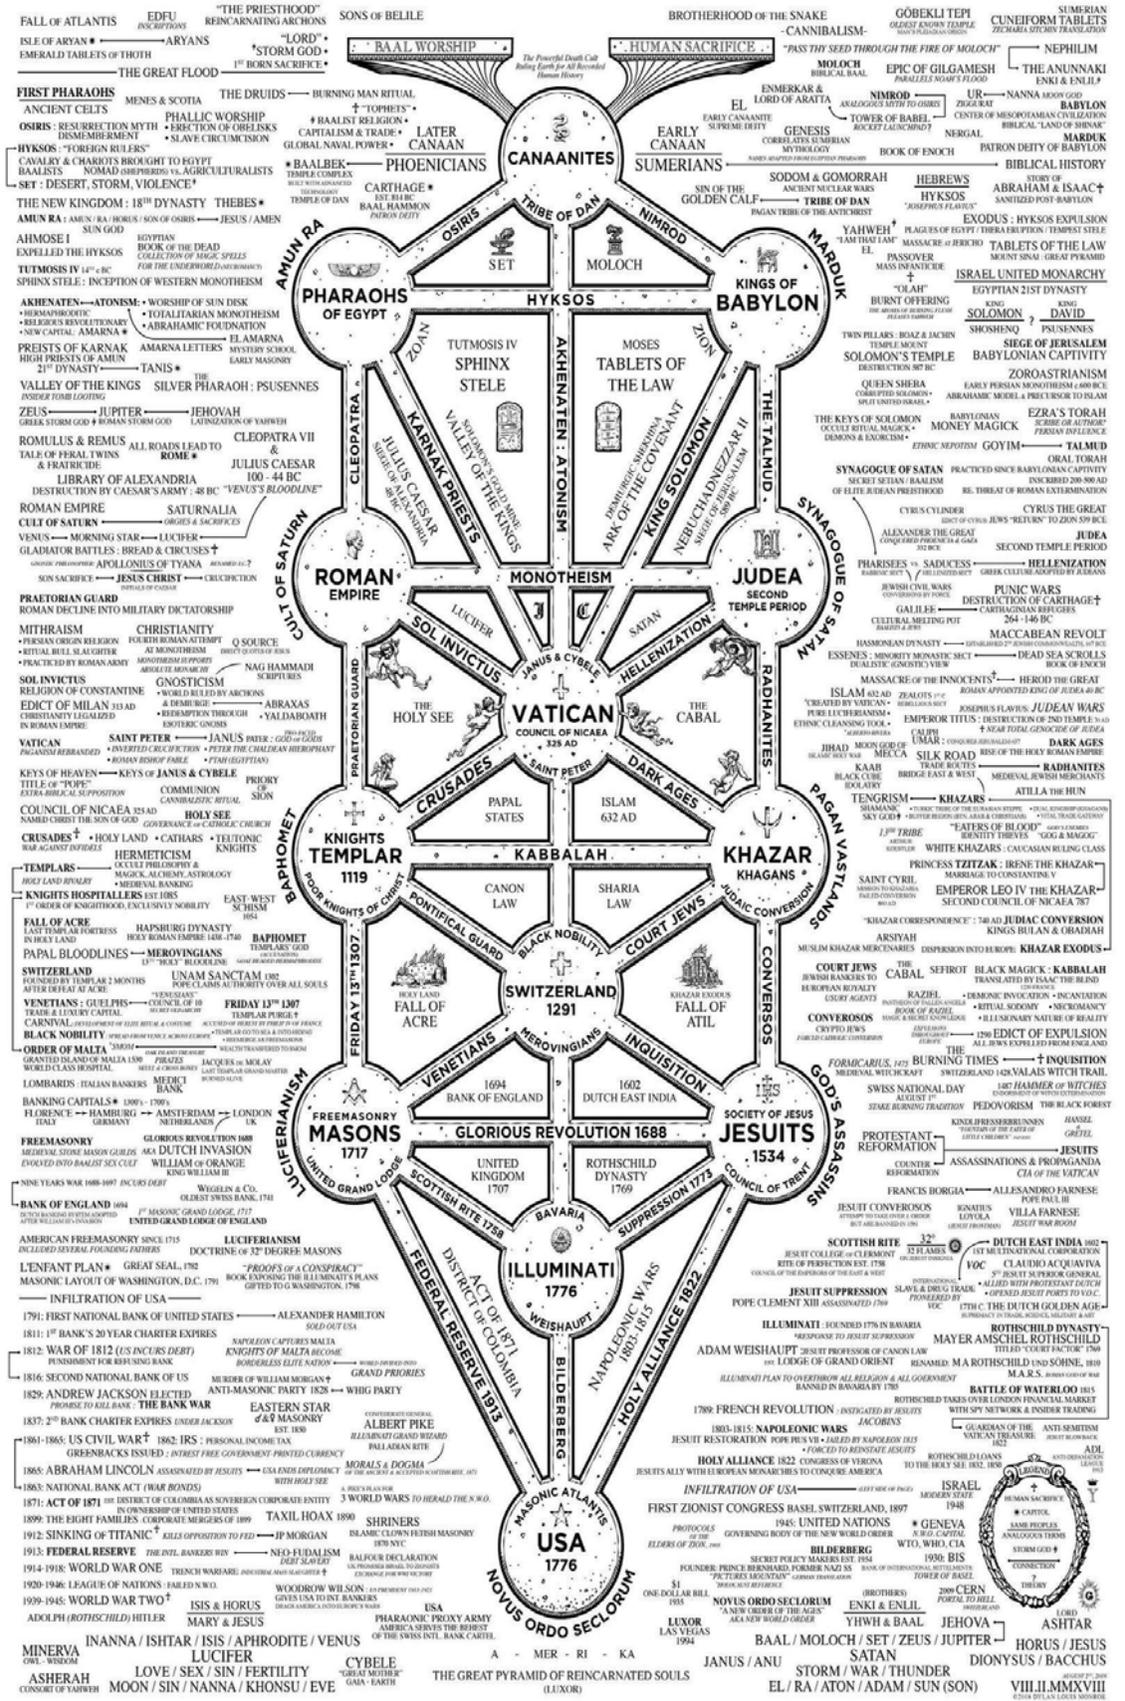

In this book we find that over thousands of years, spook, Bloodline Phoenician/Jewish aristocratic Families infiltrated every country, every Empire, taking over or infiltrating every ruling aristocracy and aristocratic, bloodline family, in Europe, Britain, America, India, China and in every other country in the World.

Jewish/Phoenician aristocrats were never attached to any tiny nation, but were always one globalized trading empire from 2000BC, playing countries against each other for profit. For example using a false Flag to start a fake war between ruling elites in separate countries both of which have been allowed, built up, to become rich, but all the elites in each country coming from the same Infiltrating Bloodline Phoenician/Jewish aristocratic Families, and then buying all the assets for pennies on the dollar after the war. Not only that, giving loans to each country to prosecute the war, owning the Military Academic Industrial Complex providing materiel for the war.

Many Infiltrating Bloodline Phoenician/Jewish families who have ruled the World as one trading block for thousands of years before the Birth of Christ came from the Fertile Middle East Crescent including Lebanon, Libya, Syria, Israel, Mesopotamia-Iraq, and Persia-Iran, and had that region and all it's Empires razed many times over nonetheless, profiting from each destruction. They hop to and fro over the planet, always profiting by shifting, reshuffling and breaking their Empires.

We saw that the important conquests are not in our history books as such. Rather, Europe was colonized in the Bronze Age already, in patterns that match up with structures we see in today's spook aristocracy. The entire upper class of colonized regions was replaced by Phoenician/Jewish families, with common people unaware of it to this day. Some of this colonization is cautiously admitted, just not emphasized.

We saw that the Infiltrating Bloodline Phoenician/Jewish families always held power. The secret behind their power is simply that there is no big secret. They don't know anything special. They can't do anything special. They never achieved anything special—other than monopolizing trade. With the power to deceive from the Father of Lies, owning all the media, - The CIA, the Military Academic Industrial complex, Universities, History, Books, Magazines, Newspapers, Television, Youtube, Facebook, Google - even idiots can rule the world for millennia.

Remember, the main purpose is not money or power, it is in fact the Satanic Oligarchic Principle of Poverty. Dummed Down, Barefoot, and Back on the Reservation

Even though Tesla Free Energy Broadcast Power has been suppressed, these next pages show how Fusion power and Fission Power have also been suppressed due to a Policy of Poverty going back to Fra Paolo Sarpi of the Satanic Venetian Republic and the British Royal Society for Science...

Prince Phillip of England

These Satanic Malthusians Demand Genocide

“Human population growth is probably the single most serious long-term threat to survival. We're in for a major disaster if it isn't curbed...We have no option.” —Prince Philip, interview in People Magazine, December 21, 1981

“In the event that I am reincarnated, I would like to return as a deadly virus, in order to contribute something to solve overpopulation.” —Prince Philip, Deutsche Press Agentur, August 1988

“It is almost self-evident that the greater the human population, the greater the demands for natural resources... The paramount question deals with an optimum human population. How many is too many people in relation to available resources? Many believe that our current (satanically consciously created) environmental problems indicate that the optimum level has been surpassed.” —Task Force on Earth, Resources and Population, George H. W. Bush, Chairman, July 8, 1970

POST MORTEM

Unfortunately, all the obituaries were premature: Venice has continued to be very much alive. During the nineteenth century and up to our own time it has been the most important single incubator for fascist movements. With its military and financial power largely emigrated elsewhere, Venice's importance for political culture is now greater than ever.

Examples of this are inexhaustible. Richard Wagner wrote part of *Tristan und Isolde* while living in the Palazzo Giustinian on the Grand Canal. One story has it that the leitmotif of the *Liebeshod* was inspired by the mournful call of

a gondolier. At the end of his life Wagner moved to Palazzo Vendramin Callergi, where he died. This building, presently a gambling casino, was also the home of Count Coudenhove-Kalergi, the founder of the Pan-European Union. Friedrich Nietzsche loved Venice, returned there incessantly, and dedicated certain poems to the city which today can still be used in lieu of a powerful emetic. Venice was an inspiration for Lord Byron, for Thomas Mann, and so on.

Other examples abound of how the Venetian oligarchy's cultural and political influence has reached down into the modern era:

* When British East India Company retainer Thomas Malthus published his *Essay on Population* he was plagiarizing from the Venetian Giammaria Ortes, who produced, around 1750, a fully developed version of the argument that geometric population growth outstrips the much slower arithmetic progress of food production.

* John Ruskin, the leading ideologue of the British Dark Ages faction, began his career with a raving treatise on architecture, *The Stones of Venice* (1851). This volume popularized the notion that a "Venetian Gothic" style had been developed in the better times of the city's history (which for Ruskin ended in 1418) and it was used systematically to discredit the Golden Renaissance.

* A turn-of-the-century new Roman Empire faction led by Venetian Count Volpi di Misurata, who was known as the doge of his era, sponsored the fascist Mussolini supporter Gabriele D'Annunzio to drum up enthusiasm for a new crusade into the Balkans and the East. Volpi became finance minister in Mussolini's cabinet, along with a very large number of other Venetians. D'Annunzio incited the Italians to take back Trieste, the rest of Italia Irredenta, and the Dardanelles, bringing on to center stage the so-called Parvus Plan for dismemberment of the Ottoman and Russian empires, which is generally recognized as the detonator of World War I. It is

possible that the turn-of-the-century super spook Alexander Parvus was ultimately employed by Venice.

* The Societe Europeenne de Culture, a think tank created in 1950 through the efforts of Venetian intelligence operative Umberto Campagnolo, has for the past three decades pulled intellectuals from both East and West into organizing for an “international culture,” based on rejecting the existence of sovereign nations. The SEC counted among its members the cream of the postwar intelligencia: Adam Schaff of Poland, Bertolt Brecht of East Germany, Georg Lukas of Hungary, and Boris Paternak of the Soviet Union, as well as Stephen Spender and Arnold Toynbee, Benedetto Croce and Norberto Bobbio, Julian Huxley and Thomas Mann, Francois Mauriac, and Jean Cocteau. Later, the SEC launched the Third World national liberation ideology.

Today, the Club of Rome is the institution that represents the most concentrated essence of Venetian influence and the Venetian method. The Club of Rome wants to convince the great powers and peoples of the world to commit collective suicide by accepting the genocidal doctrine of zero growth. It also hopes to abolish the sovereign nation as a vehicle for economic growth and scientific progress.

Club of Rome founder Aurelio Peccei has just written a new book titled *One Hundred Pages For the Future*, a global review of the impact of the Club of Rome, and particularly since its 1972 release of the zero-growth model *Limits to Growth* was published, a series of social movements has sprung up under the sponsorship of the ideas in the book. These – the women’s movement, the peace movement, Third World national liberation movements, gay rights, civil liberties, ecologists, consumer and minority rights, etc. – must now be welded together into one movement for a single strategic goal: the implementation of a zero-growth international order.

The Venetian problem remains with us today. Truly, the most urgent task of this generation of mankind is to definitively

liquidate the horror that is Venice and all the other Gang Clan Families who have ruled the World for 10,000 years.

The Satanic Conservative outpost of the Satanic Phoenician Navy who for 10,000 years have worshipped Molech, Baal and Cybele and Attis, and with Satanic Ritual, it's not just Sex on Altars like in Kubrick's, "Eyes Wide Shut", it is Pedophilia with Babies and Children supplied by Epstein, Dutroux or Jimmy Savile, it's Ritual Human Sacrifice, Ritual Blood Sacrifice, Ritual Burning Alive, Ritual Torture, Ritual Castration - and those Damn Liberals by Miles Mathis and Satchidanand

The founding fathers have even been sold as liberal in this sense, since although they were rich guys, fully connected, we are supposed to believe they believed in democracy, republicanism, and fairness in general. That is why they go on and on about that in the Declaration of Independence and Constitution. Those are liberal documents, in that they deny not only the divine rights of kings, they deny any other sort of favoritism based on name or birth.

As it turns out, the founding fathers were not liberal at all. They were Satanic fascists, and the whole liberal stance was just another con-job.

The United States were never meant to be republic, much less a democracy, they were meant to be another outpost of the Satanic Phoenician Navy who for 10,000 years have worshipped Molech, Baal and Cybele and Attis, and more worship with Satanic Ritual, it's not just Sex on Altars like in Kubrick's, "Eyes Wide Shut", it is Pedophilia with Babies and children supplied by Epstein, Dutroux or Jimmy Savile, it's Ritual Human Sacrifice, Ritual Blood Sacrifice, Ritual Burning Alive, Ritual Castration.

Some of my readers have been confused by my insistence that I am a liberal. These readers agree with me on a lot of things, so they can't fathom what I mean by calling myself a liberal while they consider themselves conservatives. Since it is important, I will hit it again, trying to get them to understand.

I think the difference is that I am coming at this as a student of history, while many of them are coming at it as students (or consumers) of current politics.

I haven't gotten my definitions and stances by listening to Rush Limbaugh, or Sean Hannity, I have gotten them from texts from the 19th century or earlier. My readers will answer me, "Then why don't you keep up, Holmes! This is 2020, not 1880". Good point. . . except that it isn't.

To see what I mean, let's transport ourselves back to the 1880s. Back then, satanic conservatives were those people who wished to conserve the status quo. Hence the name. They were quite satisfied with the way things were set up, and why should they not be?

They were rich and connected and had it made. Liberals were those who were not satisfied by the way things were, and so they were pushing for reforms. In general, they wished to see more fairness in government policies. They wanted those not "of the manor born" to be given a fair shot at good employment, good wages, court access, and all the various fruits of society.

The founding fathers have even been sold as liberal in this sense, since although they were rich guys, fully connected, we are supposed to believe they believed in democracy, republicanism, and fairness in general. That is why they go on and on about that in the Declaration of Independence and Constitution. Those are liberal documents, in that they deny not only the divine rights of kings, they deny any other sort of favoritism based on name or birth.

As it turns out, the founding fathers were not liberal at all. They were Satanic fascists, and the whole liberal stance was just another con-job.

The United States were never meant to be republic, much less a democracy, they were meant to be another outpost of the Satanic Phoenician Navy who for 10,000 years have

worshipped Molech, Baal and Cybele and Attis, and more worship with Satanic Ritual.

It's not just Sex on Altars like in Kubrick's, "Eyes Wide Shut", it is Pedophilia with Babies and children supplied by Epstein, Dutroux or Jimmy Savile, it's Ritual Human Sacrifice, Ritual Blood Sacrifice, Ritual Burning Alive, Ritual Castration.

Infiltrating Bloodline Phoenician/Jewish aristocratic Families have existed for over 5000 years before the Birth of Christ. Using emotional rhetorical religious concepts to control, they worship all the Pagan Gods, including Lucifer, Satan, Baal, Bel, Molech, Ashtoreth, Cybele and Attis. In this book we find that over thousands of years, spook, Bloodline Phoenician/Jewish aristocratic Families infiltrated every country, every Empire, taking over or infiltrating every ruling aristocracy and aristocratic, bloodline family, in Europe, Britain, America, India, China and in every other country in the World.

There is a translation of Hatha Yoga Pradipika which I studied as a young man as part of my studies of Hatha Yoga by my Guru, Theos Bernard who through yoga, pranayama and meditation became accepted as a Rinpoche, Tibetan Reincarnation when he came to the gates of Tibet.

Through the practise of Hatha Yoga from the age of fourteen and the study of Pranayama and Agnisar Kriya at age 21 and then the study of meditation and Shambhavi Mudra at age 28 I gradually built up the happy power of samadhi within my being and became a healer with the National Federation of Spiritual Healers of Great Britain.

My Guru, Swami Satchidananda said that when he was young he could touch a person and take away their Heart disease or Cancer. But later he found the same people coming back with the same problem. By this he learned that the people had to change themselves, their attitudes, their lives before the disease, a product of all that, could be truly healed. And for this reason, people need to learn to do it for themselves with the Energy Enhancement Streaming Video Course - or come visit us in India of Iguazu Falls, Brazil.

In reality, Illumination is the final healing required. Although the normal miracle can show what is possible, this should only show the way. So then he started teaching yoga and meditation. Healing came in from the side.

With the addition of Energy Enhancement, came the finish of all the problems associated with Energy Blockages, the bane of every healers life yet at the same time their reason for existence.

I can now say the same for every man and woman on this planet, "Energy Blockages, the Shadow, are the bane of every persons life yet at the same time their reason for existence"

In order to evolve we need to understand that Energy Blockages are the reason for all your problems.

1. Book - The Yoga Sutras of Patanjali by Satchidanand

Save your life with Energy Enhancement Streaming Video Meditation course.. Book One, Sutra One - Here are complete Instructions on Enlightenment...

ILLUMINATION!!

The Yoga Sutras of Patanjali talks about Illumination as being Nirbija Samadhi. This word is a teaching as to what exactly enlightenment is. Nir means no, and Bija means seed. The seeds of desires which have not yet come to fruition. These Seeds are Energy Blockages. This is the Karma which is yet to come. And as it says in the Yoga Sutras of Patanjali, "The Karma, the Pain, that is to come can be averted" - Book 2 Sutra 16. The removal of Energy Blockages, Grounding their Negative Karmic Mass, is an Energy Enhancement Process called, "Karma Cleaning" - The Energy Enhancement Meditation Course Level 3 of Energy Enhancement.

Each desire seed when watered can addict us to the desire it contains.

In the Yoga Sutras they talk of the method of roasting the seeds - removing the addiction, the slavery to your desires (When you slaver your saliva over something the desire drips out of your mouth) - so that the life they contain is extinguished, they can not germinate even with all the correct conditions, ever again to bring us to Painful Karma. And what roasts the seeds?

This is the concentration of the Light of the Soul in Samadhi, the next highest energy to the mind and there are higher energies still we can contact on the path of Energy Enhancement, as light is concentrated through a lens, as it is focused through the Brow Chakra, Ajna Chakra or through any of the chakras of which the Brow chakra is the Master - this is called Samyama...

5. The Energy Enhancement Meditation Course Level One - Access Infinite Spiritual Energy!!

Fantastic Resource for Energy Enhancement Meditation Course & all genuine Truth Seekers!!!

November 27, 2016

Format: Paperback|Verified Purchase

There is great wisdom and truth within Satchidanand's books, website and energy enhancement teachings. I feel that Energy Enhancement is the most important work I have ever embarked upon in my life. I am learning a tremendous amount of spiritual knowledge in addition to gaining a much greater understanding about our world. This is the second paperback book I purchased from Energy Enhancement.

However since this is a book about Level 1 initiations I recommend getting this book first. I like having this book to refer to while listening to initiation videos, for study, review, and writing notes. I plan to purchase all three of the currently available Energy Enhancement books in paperback form. Thanks to Satchi's great teachings and the experiences I have had while doing the level 1 initiations I feel renewed happiness, optimism, & hope. I highly recommend this book for all genuine truth seekers, especially for those working on the Energy Enhancement Meditation Course!!!

Format: Paperback|Verified Purchase

This is an excellent start to the energy enhancement system! Swami Satchidanand has done an excellent job in integrating

different spiritual systems and extracting essential wisdom for seekers. Swami Satchidanand has studied with many of the top spiritual masters and this definitely shows in his ability to motivate others. The other review gives a skewed review IMO, I have experienced his online course, the book is an excellent start to the advanced material. People see what they want to see in spiritual teachers and responses can be polarised, clear your own mirror first to see the truth.

Satchidanand's book challenges assumptions about society's spiritual roots and made people look at them in new ways."

Satchidanand dedicated Super Energy And Sacred Symbols for Perfect Wisdom Enlightenment to "the proposition that concealed within the emblematic figures, allegories and rituals of the ancients is a secret doctrine concerning the inner mysteries of life, which doctrine has been preserved in toto among a small band of initiated minds and hidden from the rest of humanity."

"The result is a gorgeous, dreamlike book of mysterious symbols, concise essays and guided meditations evoking colorful renderings of mythical beasts rising out of the sea, and angelic beings with lions' heads presiding over somber initiation rites in torch-lit temples of ancestral civilizations that had mastered latent powers beyond the reach of modern man."

"The greatest knowledge of all time should be available to the twenty-first century not hidden in Myth and Symbol and ancient libraries where books go to die"

"Within this book, are the sacred colors, shapes and symbols of the Western Mystery Tradition. If a picture is worth a thousand words, then the wisdom contained herein is infinite. As a reference book for symbols and sacred art, as a gateway into the Western Mystery Tradition, or simply as a pleasant read, this book is well worth adding to your library. You will turn to it again and again, and walk away pleased each and every time."

The Biggest and most Controversial Book of the Century.

Hi, I've been reading through all the 4 e-books in a couple of days, FWIW I found the site through googling words "gnostic"

and "chakra" and came to an article on the site. I once literally didn't believe the time when I stopped to go to sleep, that I had been pretty much just reading for 12 hours straight! (including of course every one of the submissions relating to the Argentine junta torture, I felt you were just GODAMNN DARING someone to skip! even just that reading time duration yet relentlessly personal nature of trauma all by itself would mean never being the same again after finding your website!)

I'd like to receive the video course, but also wonder whether you would provide some perspective for me on some odd things that have happened to me that I didn't understand, I was amazed to read in the book the experience of [Dan, I think] and realizing what has happened to me may be similar and you can help me understand it after feeling very alone with these things. I will write it in a longer form in new email if you will be willing to read and comment, I will just say now that I think one strange day as an ignorant know-it-all teenager, 17 I think (21 years ago now) when I defaced every 7th page of a copy of the New Testament with inverted pentagrams may have something to do with it all! In between reading all the books back to back I slept with, for the first time really, asking to be shown in dream what stops me from working on my projects (I perfectly fit your description of a head in the clouds dreamer feeling revolt against being born a human animal, the two triangles not being integrated)

And I had by far the most vivid dream I have ever had and only one I can remember where "I" was killed in it (brief nothing then a bizarre future life continuation of dream) which started from recognizable home street surroundings (unusual for me in dreams) but meeting an intense man (?) controlling me by thick cord to make me sway around or whatever he wanted Regards, Peter

15. Book 15 out of 45 Free Books with Energy Enhancement..15. Eliminating the Shadow.. In this book, Satchidanand trashes the greatest most intellectual investigators and descriptors of the Shadow and the Shadow Subpersonalities.

Great People - The Highest of All Humanity - Jordan Peterson, Carl Jung, Nietzsche, and every Psychotherapy, Psychological therapist who can describe the problem of the Shadow, talk about the problem of the shadow but have no Practical solution to the Shadow. All of those guys Failed to Solve the Problem of the Shadow. None of these guys have Any practical solution for the Shadow.. And it is the Shadow Subpersonalities which is the Source, The Fount, of All Evil on this Planet... And the Source of All Evil within You!!

Carl Jung says.. "There is no generally effective technique for assimilating the shadow. It is more like diplomacy or

statesmanship and it is always an individual matter. First one has to accept and take seriously the existence of the shadow. Second, one has to become aware of its qualities and intentions. This happens through conscientious attention to moods, fantasies and impulses. Third, a long process of negotiation is unavoidable.” (Carl Jung)

As Jung notes in the passage above, he thought there is no general technique to integrate the shadow, even though the Buddha and Jesus Christ exemplified the Ancient Meditation Technology which is the only means for removing the Shadow. For thousands of years great souls have come to earth to demonstrate otherwise, that enlightenment is, "Tat tvam asi" Thou art that!! You are a part of the Universe and have nothing else to seek.

Energy Enhancement Meditation including Level 1 Alchemical VITRIOL to Ground Pain and Trauma from Memories and the Energy Enhancement Level 2 Seven Step Process to remove Energy Blockages by Purifying them then Integrating them with the Soul to create ONE Soul Infused Personality creating Spiritual Insight – combined with psychological knowledge Energy Enhancement is THE complete way of processing and integrating your Shadow Side into wholeness.

I am writing today because this is so important.

Only Energy Enhancement can Annihilate Evil on Earth and change this Planet into a Planet of Love and Light in this Place, for You, for Me, for the Entire Human Race.

It is about The Energy Enhancement Elimination of All Evil on this Planet.

You remember my latest book, Eliminating the Shadow Subpersonalities..

It is beneficial for everyone to heal themselves by removing ALL blockages using Energy Enhancement advanced techniques. Not just a handful.

Because the Shadow Subpersonalities are the Source, the Fount, of All Evil on this Planet.

The Shadow Subpersonalities are essentially Evil because they are cut off from the energies of God and thus from Good, because Only God is Good!!

Shadow Subpersonalities are virtual machines existing within the mind computer but with no access to God, "They are minds of metal and wheels" - Tolkien, with no access to genius because the geni etymologically, is the Soul.

Shadow Subpersonalities, cut off from the energies of God, can only live off the Soul infused Personality or the Essence within themselves or that Energy within other people.

Shadow Subpersonalities Vampirise the Energy of God and devise Evil schemes to get it.

Strategies, - the Strategies of the Vampire are all Attention Seeking schemes to Vampirise your Energy. The Poor Me Addictions, the Violator Bullying, the Selfish Competitive Black Star, the Sabotaging Self Destructor, are all Drama Queens - just a little Evil to destroy lives - Your Life, the Lives of your family, your City, and your Country.

You can see all these strategies busily at work in the people around you. You might even see them at work in yourself. Know that these strategies are even now turning you against the One Course which can Remove them.

ONE COURSE, ONE SOUL INFUSED PERSONALITY, ONE WORLD OF LOVE AND LIGHT!!

The Energy Enhancement Seven Step Process Can Easily Remove All your Strategies and Subpersonalities!

Most people are just a little evil, but over many lifetimes, as the number and power of Subpersonalities grow within you, so that the Demon on your left shoulder, debating with the Angel on your right shoulder becomes so powerful that you become more and more Evil.. Until you are entirely taken over by Evil.. Possessed by Evil, a Servant of Satan!!

THE ENERGY ENHANCEMENT ELIMINATION OF ALL EVIL

You can see in the picture below that most people are controlled by Shadow Subpersonalities.

The Energy Enhancement Meditation Course Level 3 - The Karma Cleaning Process - Remove Even Deeper Subpersonality Energy Blockages Click Below..

<http://www.energyenhancement.org/Free-Book-Level-3-The-Karma-Cleaning-Process-Remove-Even-Deeper-Energy-Blockages.htm>

These Evil Shadow Subpersonalities band together to take you over and repress the Soul infused Personality. They are then Evil psychopaths and this is bad enough. But when these Evil Shadow taken over people band together into groups, Satanic Evil Religions, Bloodline Families and Bloodline Races, Secret Societies, Cartels, Banksters - giving courses on how to repress further the soul infused personality - how to become even more Evil - then this is what and why I write in my Against Satanism series of Books - currently Nine volumes available for FREE!! when you sign up for the newsletter at energyenhancement.org.

Satanism is gradually being instituted as the New World Order.

The New World Religion, defined by Satanic Ritual.

72 Empires have been recorded and every one of them has failed in the same way. The facts have been recorded that a totalitarian and satanic elite infil-traited and took over all these Empires and that 72 once free, flourishing and rich republics were destroyed from within by Satanic Ritual - read Toynbee. Satanism is gradually being instituted as the New World Religion defined by Satanic Ritual.

Infil-traition of Satanism is the methodology as slowly every Government Ministry and Societal function is taken over. Eventually a Satanist becomes King Emperor President. LGBTP - The Satanist Ritual Pillars of Homosexuality, Pederasty, Pedophilia, Drugs and Ritual Sex - both Hetero and Homosexual - are introduced overtly as a prelude to Ritual Human Sacrifice and Ritual Baby Sacrifice. Christianity and Judaism - the bulwarks Against Satanism - are destroyed and then society destroyed through the fear of mandatory Ritual Human Sacrifice.

READ THE AGAINST SATANISM SERIES OF NINE BOOKS!!

72 Empires have been recorded and every one of them has failed in the same way. The facts have been recorded that a totalitarian and satanic elite infil-traited and took over all these Empires and that 21 once free, flourishing and rich republics were destroyed from within by Satanic Ritual - read Toynebee.

Infil-traition of Satanism is the methodology as slowly every Government Ministry and Societal function is taken over. Eventually a Satanist becomes King Emperor President. Christianity and Judaism - the bulwarks Against Satanism - are destroyed and then society destroyed through the fear of mandatory Ritual Human Sacrifice.

The Ancient Enemy who counts meditation and the mind control psychic arts as one of its main planks of World Domination has used Satanic Infil-Traitors for 10,000 years in every Organisation - Religion, Left and Right Politics, Dynastic Families, Geopolitics, Economics, Universities, Intelligence Services, Think Tanks, Banking, Facebook, Twitter, International Companies, Vatican, Transhumanism, CRISPR Androids, Eugenics..

The key is that the Satanic Religion and its current recruiting cults of Freemasonry and the Crowleyan Sexual Ritual OTO - Ordo Templi Orientis - are Fake Gangs, created by men as a 10,000 years old technique to create psychopathic leaders and their minions, and thus conquer the world.

All Rituals, Religions, Education, Secret Services and Political Movements have been scientifically Engineered to create Fake Gangs for 10,000 years. It's what the old Roman Empire, The Babylonian Empire of Satanic Nimrod, and the Cult of Appollo and the Byzantine Empire did before.

As you know, every Gang has Blackmail Rituals before you can join. Making your Bones with the Mafia means you must murder someone before you can join. Drug Cartels like MS13, secret groups within the Masons, the Hellfire Club, all have their Rituals before you can progress.

Epstein did not kill himself. He videoed Scientists from MIT and Harvard, Oligarchs, Politicians etc, Pedophiling young girls then Blackmailed them into doing the work of his Trillionaire sponsors - MKULTRA, Transhumanism, CRISPR Androids. As their willing victims are given access to stealing higher quantities of money, so they must go to the next level of Ritual. First it is 15 year old girls who look 25. Then it's 12 year olds, 5 year olds, and then its the murder of children, babies!

All to create a Satanic Society of Total Control through Human Sacrifice, poverty, lack of education, poison in the air, water and food. Lack of infrastructure, education and Total Control of the Media.

All of them Censoring Worldwide, Advanced Meditation techniques - Alchemical VITRIOL, the Kundalini Key and Energy Blockage Removal from every Meditation Program.. EXCEPT ENERGY ENHANCEMENT!!

The very word secrecy is repugnant in a free and open society
JFK (27 April 1961)

The very word secrecy is repugnant in a free and open society; and we are as a people inherently and historically opposed to secret societies, to secret oaths and to secret proceedings. For we are opposed around the world by a monolithic and ruthless conspiracy that relies primarily on covert means for expanding its sphere of influence — on infiltration instead of invasion, on subversion instead of elections, on intimidation instead of free choice, on guerrillas by night instead of armies by day. It is a system which has conscripted vast human and material resources into the building of a tightly knit, highly efficient machine that combines military, diplomatic, intelligence, economic, scientific and political operations.

JFK (27 April 1961)

What We See when we Remove an Energy Blockage is the Secret of Infinite Energy, Secret of Eternal Life, the Secret of Immortality. Energy Blockages are Satanic, and it is this we see directly when we remove the blockages with the Energy Enhancement Meditation Course.. Energy Blockages do not exist alone, they are part of a network of evil, a network of control, which is designed not to allow people to understand the nature of that control, the purpose of that control, so as to maintain that control and the flow of energy - stolen from all human beings - to allow an elite of Black magicians, Sorcerers, Enchanters, Warlocks, Witches, Necromancers, Devils, Dark Gods... to live forever, Immortally, in private Universes, outside the body and then to download into a body from time to time, to maintain their Plantation, their Farm, their Property, to maintain the flow of stolen spiritual energy to them from every human being on this planet - Eternally. This is why I wrote Eight volumes of Against Satanism..

See this..

In order to remove blockages using the Level 2 Seven Step Process, Internally, we teach you how to Ground every trace of Satanic Energy which makes sick, which perverts, which degenerates!

Externally we see the effect of Satanic Energy Blockages and their creators, on the World.. This is why I wrote Nine volumes of Against Satanism..

We know the effects of meeting one psychopath and the destruction he can wreak in our lives. Wisdom teachings teach how to overcome their strategies and, "stay away from evil".

Satanism, - The Old Religion" - is when all the psychopaths get together in one group to wreck the world - with Covid-19, mrna vaccines, economy and middle class destroying lockdowns and oxygen destroying muzzles - to their benefit. Energy Enhancement Wisdom teachings describe the historical problem and the means to overcome it. "Vampires hate the light of truth".

British Destruction of France with its created French Revolution and Jacobins, commanded by Palmerston, Necker, Bentham, Mazzini and Masonry.

17. AGAINST SATANISM VOLUME 2 - Pedophile Plato and No-Soul Aristotle - The Foundations of Western Philosophy!

The inspiration for the fascist state comes from Plato, the male supremacist and apologist for pederasty. Plato is revered as the preeminent classical philosopher, although his apparent advocacy of man/boy sex is not commonly known. A prototypical statement by the philosopher is recorded in George Grant's *Legislating Immorality*: "Through the nightly loving of boys, a man, on arising, begins to see the authentic nature of true beauty" (Grant, 1993:24).

Plato's Republic is his best known work.

The following is a summary of the Republic from W.K.C. Guthrie's *A History of Greek Philosophy*:

The Republic (c.370 BC) advances many of Plato's principal ideas, notably those concerned with government and justice. Composed as a debate between Socrates and five other speakers, The Republic is best known for its description of the ideal state (based on Sparta), which Plato argues should be ruled by Totalitarian Dictator philosopher-kings (Guthrie in Grolier).

As we have noted, the Spartan society was dominated by a pederastic warrior cult that featured mandatory induction of

twelve-year-old boys into homosexual partnerships with adult men. Like all such cults, the Spartan military was rigidly hierarchical and elitist. Plato's concept of the "philosopher-king" is that of an autocratic dictator leader appropriate to such a society. The Totalitarian Dictator Philosopher-King rules over a kind of fascist utopia. Interestingly, Plato's idealized society in the Republic includes the elimination of the family as a social unit and the elimination of private property.

Satanism is gradually being instituted as the New World Religion defined by Satanic Ritual.

72 Empires have been recorded and every one of them has failed in the same way. The facts have been recorded that a totalitarian and satanic elite infil-traited and took over all these Empires and that 21 once free, flourishing and rich republics were destroyed from within by Satanic Ritual - read Toynbee.

Infil-treason of Satanism is the methodology as slowly every Government Ministry and Societal function is taken over. Eventually a Satanist becomes King Emperor President. LGTBP - The Satanist Ritual Pillars of Homosexuality, Pederasty, Drugs and Ritual Sex - both Hetero and Homosexual - are introduced overtly as a prelude to Ritual Human Sacrifice. Christianity and Judaism - the bulwarks Against Satanism - are destroyed and then society destroyed through the fear of mandatory Ritual Human Sacrifice.

The Ancient Enemy who counts meditation and the mind control psychic arts as one of its main planks of World Domination has used Satanic Infil-Traitors for 10,000 years in every Organisation - Religion, Left and Right Politics, Dynastic Families, Geopolitics, Economics, Universities, Intelligence Services, Think Tanks, Banking, Facebook, Twitter, International Companies, Vatican, Transhumanism, CRISPR Androids, Eugenics..

The key is that the Satanic Religion and its current recruiting cults of Freemasonry and the Crowleyan Sexual Ritual OTO - Ordo Templi Orientis - are Fake Gangs, created by men as a 10,000 years old technique to create psychopathic leaders and their minions, and thus conquer the world.

All Rituals, Religions, Education, Secret Services and Political Movements have been scientifically Engineered to create Fake Gangs for 10,000 years. It's what the old Roman Empire, The Babylonian Empire of Satanic Nimrod, and the Cult of Appollo and the Byzantine Empire did before.

As you know, every Gang has Blackmail Rituals before you can join. Making your Bones with the Mafia means you must

murder someone before you can join. Drug Cartels like MS13, secret groups within the Masons, the Hellfire Club, all have their Rituals before you can progress.

Epstein did not kill himself. He videoed Scientists from MIT and Harvard, Oligarchs, Politicians etc, Pedophiling young girls then Blackmailed them into doing the work of his Trillionaire sponsors - MKULTRA, Transhumanism, CRISPR Androids. As their willing victims are given access to stealing higher quantities of money, so they must go to the next level of Ritual. First it is 15 year old girls who look 25. Then it's 12 year olds, 5 year olds, and then its the murder of children, babies!

All to create a Satanic Society of Total Control through Human Sacrifice, poverty, lack of education, poison in the air, water and food. Lack of infrastructure, education and Total Control of the Media.

All of them Censoring Worldwide, Advanced Meditation techniques - Alchemical VITRIOL, the Kundalini Key and Energy Blockage Removal from every Meditation Program..

The very word secrecy is repugnant in a free and open society
JFK (27 April 1961)

The very word secrecy is repugnant in a free and open society; and we are as a people inherently and historically opposed to secret societies, to secret oaths and to secret proceedings. For we are opposed around the world by a monolithic and ruthless conspiracy that relies primarily on covert means for expanding its sphere of influence — on infiltration instead of invasion, on subversion instead of elections, on intimidation instead of free choice, on guerrillas by night instead of armies by day. It is a system which has conscripted vast human and material resources into the building of a tightly knit, highly efficient machine that combines military, diplomatic, intelligence, economic, scientific and political operations.

The wicked foundations of Clown World

Clown World is built upon a series of intellectual pillars that range from Darwin, Diderot, and Freud to Einstein, Keynes, and Foucault. The first thing that rapidly becomes apparent when one regards them as a set is first, that they are all frauds. The second thing one realizes is what a collection of seriously evil sexual deviants they tend to be:

A French-American professor has accused fellow intellectual Michel Foucault of being a "paedophile rapist", a report by The Sunday Times said.

In an interview, Guy Sorman said he found out about Foucault's behaviour after visiting the late philosopher in Tunisia where he was living in 1969.

"Young children were running after Foucault saying 'what about me? take me, take me'," he said to The Sunday Times. "They were eight, nine, ten years old. He was throwing money at them and would say 'let's meet at 10pm at the usual place'. He would make love there on the gravestones with young boys. The question of consent wasn't even raised."

Sorman argued that Foucault was able to get away with this because of the racial element of his affairs.

"Foucault would not have dared to do it in France... There is a colonial dimension to this. A white imperialism," Sorman said.

In the interview Sorman said he "regrets" not reporting this "extremely morally ugly" behaviour to the police. He added that the press had been aware of Foucault's conduct but were reluctant to publish stories due to his status as France's "philosopher king" alike to that of a "god".

The philosopher who died in 1984 signed a petition in 1977, which sought to legalise sexual relations with children aged 13 or above.

Don't be misled. Whatever aspect of Clown World rhetoric happens appeals to you, be it free trade, freedom of expression, libertarianism, judeo-christianity, equality, tolerance, or respect, it's really all about pedos and human sacrifice. It's literally all designed to lead there in the end.

20. AGAINST SATANISM VOLUME 5 - Satanic Economics and the Satanic Principle of Poverty Published Feb 2019

We know the effects of meeting one psychopath and the destruction he can wreak in our lives. Wisdom teachings teach how to overcome their strategies and, "stay away from evil".

Satanism, - The Old Religion" - is when all the psychopaths get together in one group to wreck the world to their benefit. Energy Enhancement Wisdom teachings describe the historical problem and the means to overcome it. "Vampires hate the light of truth".

The key is that the Satanic Religion and its recruiting cults of Freemasonry and the Crowlean Sexual Ritual Ordo Templi Orientis are Fake Gangs, created by men as a technique to conquer the world.

The Ancient Satanic Enemy who counts meditation and the mind control psychic arts as one of its main planks of World Domination has used Satanic Infil-Traitors for 10,000 years in every Organisation - Religion, Left and Right Politics, Dynastic Families, Geopolitics, Economics, Universities, Intelligence Services, Think Tanks, Banking, International Companies, Global Warming, Eugenics..

And Banking Infiltration by Satanic Banksters supported by the False Fabulous Science of Economics..

And this book pricks the bubble of Fake Satanic Economics because Godly people could never set up the World banking and economic system described in these pages.

Only Satanists could create a system which is against the evolution of Humanity to the Stars.

Instead, the Satanic Banksters promote the Principle of Poverty, barefoot, back on the reservation, in debt to the company store.

20a. Companion Volume to Volume 5 - Satanic Economics and the Satanic Principle of Poverty - The Babylonian Woe - the History of Money and the Phoenicians who created it.

Meyer Amschel Rothschild, who founded the great Satanic international banking house of Rothschild which, through its affiliation with the European Central Banks, still dominates the financial policies of practically every country in the world, said: 'Permit me to issue and control the money of a nation, and I care not who makes its laws.'

In this time, as today, the people were almost entirely at the mercy of the Satanic private persons controlling their money, who then controlled the inflow of precious metals, silver and gold, the foundation of the people's money. The Satanic policies of these controllers from their standpoint as internationalists, with Banks and secret agents in both countries, were necessarily directed towards the creation of war against the well-being of mankind. Frequent wars were above all the prime essential.

1. Arms sales - The selling of weapons and war materiel to both sides of the war.
2. Chaos towards the destruction of the natural system of rule previously defined, which had been the protection of the

people, to create the Satanic recruiting process of despair, nihilism, and then Satanism in the people.

3. War booty towards the reinjection into the system of hoarded coin and bullion, and consequent reflation of the money supply;

4. The buying of property, farms and businesses in the defeated country for cents on the dollar.

5. Not the least important, the enslavement of the defeated populace and prisoners of war - gathering of a new crop of slaves for working the poisonous heavy metal mines to replace those stocks of silver and gold, so necessary to the foundation of their money power, and the maintenance of their international hegemony in consequence...

Dark Forces have used Infiltrating Bloodline Phoenician/Jewish aristocratic Families which have existed for over 5000 years before the Birth of Christ. Using emotional rhetorical religious concepts to control humanity, they themselves worship all the Pagan Gods, including Lucifer, Satan, Baal, Bel, Molech, Ashtoreth, Cybele and Attis. In this book we find that over thousands of years, spook, Bloodline Phoenician/Jewish aristocratic Families infiltrated every country, every Empire, taking over or infiltrating every ruling aristocracy and aristocratic, bloodline family, in Europe, Britain, America, India, China and in every other country in the World.

The Cancer of The Venetian Empire - The Phoenician Empire - Merges with the Satanic Catholic Church

The reputation and good behaviour of hundreds of millions of good Catholics in no way is questioned by highlighting the deliberate actions of a few thousand dedicated Satanists, Baalists and Luciferians who have caused world wars and sacrificed millions to demon gods.

The Roman Cult and associated networks of Sabbatean and secret Satanic organisations since the 14th and 15th Centuries is the only time in the history of civilization whereby a “sacred” religious ceremony was established for the systematic and widespread encouragement of its clergy to Satanically ritualistically abuse children...

24. AGAINST SATANISM VOLUME 9 - The Satanic Suppression of Science

Satanic Secret Agents, Aristotle; Contarini, Pomponazzi and Giorgi; Sarpi, Galileo and Kepler; Conti, Newton against Leibniz - The Satanic Corruption of Science by the Satanic, Slave Trading, Drug Running, Bankster run Venetian Empire to suppress Steam, Tesla, Fission and Fusion.

Satanic Control comes from the Satanic, "Policy of Poverty" and the Satanic, "Policy of Poisoning" by means of the, "Borgia Cup" and indeed Satanism itself which is a form of Mind Control to create the Psychopaths who will follow any orders.

These policies are designed to weaken the opposition to the Satanic Religious leaders whose aim is to continue ruling humanity as they have ruled the Human Herd for 10,000 years since Satanic Babylon in order to Steal their Spiritual Energy.

All religions are created by the Fascist Peerage Robber Barons whose Genealogy goes back to Satanic Babylon and their created Religions of Satanism, Luciferianism, the Cult of Apollo, Dionysus, Isis, Horus, Osiris have been created to control the upper levels of society for the real Peerage Robber Baron owners for thousands of years. Because if you believe a Satanic created, infiltrated religion, you will believe anything, do anything for the compartmentalised top of the Hierarchy.

Yet, "False Gold is there only because Real Gold Exists" -
Tamil Siddar Alchemist Thiruvalluvar

If a member of the Peerage Fascist Robber Baron Elite partakes of the normal Satanic Rituals extant for thousands of years designed to reduce people to the level of a psychopathic beast of..

1. Animal and human sacrifice rituals.
2. Canibalism rituals.
3. Drug rituals,
4. Sex rituals - homosexual sodomy rituals - pederasty rituals - bestiality rituals - torture rituals.
5. The castration rituals of Cybele and Attis.

and then you have your pictures and videos taken by Epstein, Ghislaine Maxwell, or Jimmy Savile, of you doing it, then you tend to follow orders!!

Rather than concentrating on problems with food, security and housing which poverty induces in all, only wealth and education can lead humanity to evolutionary meditation the foundation of Human Evolution to the Stars.

Realise that Austerity is not an accident.

Everything must be planned.

If Austerity can be planned and executed for the USA and Europe over 50 years since the assassination of John Kennedy then wealth too can be planned!!

Only wealth can lead Human Evolution to the Stars, therefore anti-evolutionary Satanism created by the Robber Baron oligarchic elite for the purpose of creating poverty, so as to maintain their control over thousands of years, has acted to degrade every part of human society including science as the Satanic Frankfurt school has acted to similarly degrade philosophy, music and art, and the Satanic Robber Baron Drug trade has acted to destroy all culture and civilisation and

the poisoning of air, food and water by fluoride, genetically modified foods, glyphosate and other pesticides, and incinerator dioxins and VOC's to destroy the health and energy of all humanity.

In order to secure acceptance for their Satanic ideas, the Satanic Venetian Party seeks to control the way people think. If you can control the way people think, say the Satanic Venetians, you can control the way they respond to events, no matter what those events may be.

It is therefore vital to the Satanic Venetians to control philosophy and especially science, the area where human powers of hypothesis and creative reason become a force for improvements in the order of nature.

It is therefore vital to the Satanists to control and suppress science because Science is the source of all Wealth creation which can lift Humanity from the level of a beast to Enlightenment itself.

"Gehlen pioneered the setting up of dummy fronts and cover companies to support his far flung covert operations... By the time the Gehlen Organization became part of the West German state, Gehlen already had his agent-in-place in the United States. He was Otto Albrecht von Bolschwing, who had

been a captain in Heinrich Himmler's dreaded SS and Adolph Eichmann's superior in Europe and Palestine. Von Bolschwing worked simultaneously for Dulles' OSS. When he entered the U.S. in February 1954, he cleverly concealed his Nazi past. He was to take over Gehlen's network not only in this country but in many corners of the globe. He became closely associated with the late Elmer Bobst [Pilgrim's Society; SMOM; anti-Jewish; accused of sexual abuse granddaughters and great-great-granddaughters] of Warner-Lambert Pharmaceutical, a godfather of Richard Nixon's political career. In 1969, he showed up in California with a high-tech firm called TCI that held classified Defense Department contracts. His translator for German projects was Helene van Damme, Governor Ronald Reagan's appointment secretary." [45] 268

DOUBLE BIND: DONALD STERLING, NBA, GENOCIDE,
TANTRISM & THE PLOT AGAINST THE PEOPLE 56
95

When I first heard that the NFL as a "league or association" was officially celebrating Hispanic Heritage Month, I had to scratch my head in puzzlement. I not saying that the NFL should celebrate Black History Month instead. There are twelve months a year and 365 days a year. There is enough justification for America to celebrate each month and every day of the year to the People of Color's contribution to this

country; and condemn its atrocities against them, whether Black, Brown or Yellow. 95

But, why would the predominantly Black player NFL officially celebrate Hispanic Heritage Month and give token observance to, and dismiss the significance of Black History Month? Why wouldn't the NBA or NFL openly support Black History Month that is expressly articulated to humbly HELP save their Black Fan Base and majority Black Players and their families from racial injustice and extermination— GENOCIDE in America? But for, to confuse, divide, conquer and continuity DOMINATE the masses by deception and PSYCHOLOGICAL WARFARE. 96

Table of Contents

BEYONCE, SATANIC JAY & ALEISTER CROWLEY 666'S VEILED SATANIC SEX MAGICK AT THE 2014 GRAMMY'S 29

The January 26, 2014 56th Grammy Awards was far more flagrantly Satanic than I had envisioned. Katy Perry's Grammy

“Dark Horse” performance is widely recognized as a Satanic Rite and “Open Witchcraft and Satanism on Display.”[1]

29

“Rose, my dear, you filthy whore, would you be ever so nice as to do a magick ritual with me today?” –the BEAST, Aleister Crowley[7] 32

“Drunk in Love” introduced Beyonce’s new MK ULTRA Sex Kitten alter personality “Yoncé”, above, that is far more “FILTHY”, erotic, perverse and lustful than Demotic Sasha Fierce. 32

Yoncé– the 2014 Grammy’s Sex Magick Show & the Scarlet Woman 46

Lucifer’s Color is BLUE [41] 47

Babalon (also known as the Scarlet Woman, Great Mother or Mother of Abominations) is a goddess found in Aleister Crowley, the Great BEAST 666’s mystical system of Thelema. In her most abstract form, she represents the female sexual impulse and the liberated woman; she is also identified with MOTHER EARTH, in her most fertile sense.[42] 47

At the Grammy’s, Yoncé and Satanic Jay performed an erotic piece co-written by Beyonce called “Drunk in Love.” Its lyrics express “UNBRIDLED LUST” [43] and ancient phallic-Masonic worship,[44] 47

I’ve been drinking, I’ve been drinking I get filthy when that liquor get into me I’ve been thinking, I’ve been thinking Why can’t I keep my fingers off it, baby?[45] 47

“We be all night, and everything alright No complaints for my body, so fluorescent under these lights Boy, I’m drinking, walking in my l’assemblage ... If you scared, call that reverend Boy, I’m drinking, INNA bring it right...”[46] 47

Compare Nin-imma Symbol with Hathor’s Symbolic Wig 49

Nin-imma(Earth Mother) is a Sumerian, Babylonian, and Akkadian fertility goddess and deification of the female sex organs. Her parents are ENKI and Ninkurra. Her name derives from the Sumerian words nin – goddess, and imma – water that created everything. [50] 49

In Great Antiquity, Nin-imma is known by many names and spellings mainly Ninhursag (Earth Mother),[53] Ninmah (“Great Queen”) and Nintu (“Lady of Birth”). Both Nin-imma

and Nin-anna traits are similar to the Kemet Goddess WORSET (Hathor).[54] 50

Reverend Boy- unlike being an ordained minister, for instance, a Reverend of the Church of Satan is who is revered by the believers or Satanists- while a priest or minister is one who dedicates their life to preaching religion to others.[61] Basically, Drunk in Love, recounts one of the Great BEAST's continuous Satanic Tantra-Sex Magick Ritual sometimes referred to as the Babalon Workings that involves Crowley's satanic philosophies, and Demoness Scarlet Women.[62]

The X Club created academics who would promote Darwin's ideas of evolution and eugenics. This information is taken from an excellent internet article by Jan Irvin, "How Darwin, Huxley, and the Esalen Institute launched the 2012 and psychedelic revolutions – and began one of the largest mind control operations in history." [62] 151

"Via the Esalen [Michael Murphy] Institute this multi-generational plan to "evolutionize" (– their idea of evolution was just for them and the elites, not the rest of society whom they planned to dumb down and exterminate..." [64] 152

The CIA (MK ULTRA- MONARCH) had to find and figure out who Huey was, and prevent another Huey P. Newton from rising among the masses. Even the ILLUMINATI and Satanic Bloodlines (Priory of Sion) were also extremely curious about Huey. 277

In 1947, Big Papa's first official CIA assignment was to cover Ambassador Prentice Cooper in Lima, Peru. He said that the Peruvian military was still wearing Nazi war helmets and goose stepping.[42] 313

Cooper wasn't a junior ambassador. He was out of Princeton University, and had been the former governor of Tennessee. During his administration as governor, the U.S. government began the ultra secret Oak Ridge Tennessee Manhattan Project to build America's first atomic bomb. 313

In 1944, he trailed only Freemason of the 33 degree, Harry S. Truman, for the vice presidency of the United States. In 1946, President Truman appointed Cooper as the Peruvian Ambassador.[43] 313

Mason Sturmbannführer SS Friedrich Schwend 315

The CIA had a big ultra secret asset and operation concealed in Lima, Sturmbannführer SS Friedrich Schwend of Himmler's ultra secret SS counterfeiting Operation BERNARD. 315

In 1945, OSS Chief Allen Dulles had recruited SS Schwend as an agent in the Reinhard Gehlen Org. Through him, Dulles recovered millions in SS gold, American and British counterfeit dollars and pounds. However, the U.S. discovered that Schwend and the SS continued its counterfeiting operation under deep cover.[44] 315

In 1947, when things got too hot for Schwend in Europe, the CIA and the Gehlen Org packed him up and sent him off to Cooper and Big Papa in Lima.[45] 315

The Illuminati Enemy Within Freemasonry - Weishaupt, General Pike, Palladian Rite, Morals and Dogma, Albert Pike, Rose-Croix, Templars, Alta Vendita or highest lodge of the Italian Carbonari, Mazzini, The Lost Keys of Freemasonry, Manly P. Hall the seething energies of Lucifer - Satan, or Lucifer, and the demons, Demonic Possession, Morals and Dogma, Albert Pike, Elias Ashmole edited Dr. John Dee, sorcerer who "brought through" the Enochian system of magic, of satanic ritual and demonic evocation, the Pagan Eleusinian Mysteries, Council on Foreign Relations ... the Trilateral Commission ... and the Bilderberger Group serve to disseminate and to coordinate the plans for this so-called new world order, Alice A. Bailey, 1950, 1986, "The Plan" involves a one-world government, an occult hierarchy, an elite "illuminated" oligarchy ruling over a world in which Christianity has been slated to be displaced and destroyed.

42. OCCULT THEOCRACY BY EDITH STARR MILLER,
LADY QUEENSBOROUGH

EDITH QUEENBOROUGH

This book claims to be an endeavour to prove that: —

1 — Owing to their union, all secret societies, whether political, philanthropic or occult in appearance, serve a political purpose unknown to the majority of their members.

2 — The power wielded by such societies is real and its character is international.

3 — Regardless of their exoteric objects, the esoteric aims of most societies are all directed towards the same end — namely : the concentration of political, economic and intellectual power into the hands of a small group of individuals, each of whom controls a branch of the International life, material and spiritual, of the world today.

The main branches thus controlled are : —

1 — The International Banking Groups and their subsidiaries.

2 — International, industrial and commercial control groups with their interlocking directorates.

3 — Education, Art, Literature, Science, and Religion, as vehicles of intellectual and moral perversion.

4 — The Groups already organized throughout different countries for the study of International affairs political, financial and economic.

5 — The International Press, the medium used to mould public opinion.

6 — The Political party organizations of each nation,

whether conservative, liberal, radical, socialist etc. existing in every country with parliamentary administration.

7 — Internationally organized corruption, the white-slave traffic, vice and drug-rings, etc.

Glancing at the body frame of all political organizations, do we not perceive that money is its main sinew? It would not sound preposterous to state that the electoral system is similar to that of auction, insomuch as it favours the highest bidder. In election campaigns, the successful candidate is not necessarily the most deserving or worthy of votes, but too frequently he who was able to buy the greater number of votes. Votes are captured by slogans, propaganda and, not unfrequently, bribery. Only an infinitesimal percentage among them will ever strive to find out the power or powers behind the candidate, and by whom he is, in effect, controlled.

43. Psychopath. Hervey Cleckley THE MASK OF SANITY, Section 1: An Outline of the Problem, 1. Sanity—a protean concept, A millionaire notable for his eccentricity had an older and better balanced brother who, on numerous fitting occasions, exercised strong persuasion to bring him under psychiatric care. On receiving word that this wiser brother had been deserted immediately after the nuptial night by a famous lady of the theatre (on whom he had just settled a large fortune) and that the bride, furthermore, had, during the brief pseudoconnubial episode, remained stubbornly encased in tights, the younger hastened to dispatch this succinct and unanswerable telegram

45. The Deliberate Dumbing Down of America by Charlotte Thompson Iserbyt - Now we are taught to be beta males and female warriors. The "men are pigs" propaganda will stop some women from marrying men but make them marry the state as Policemen, as Commissars.

From the Slave Manual of the Romans.. When creating a slave system, kill a few warriors and children in front of the women. Then say to the women, if you revolt we will kill everyone. Then put the women in charge of the plantation. We do this because if you ask the same thing of the men, statistically more will revolt, whereas women will comply.

49. Hallett & Spymaster - Stalin was a Rothschild, Stalin's British MKUltra Training at the Tavistock institute - Breeding Concubines - Paedophiles at War (2008)

1. British Royalty Sexual Excess, Breeding Concubines, Rothschild take over of Britain and Europe by breeding with Royalty.
2. Stalin was a Rothschild - Rothschild Stalin trained by the British at the Tavistock institute to take over Russia.
3. Satanic Pedophilia and Sodomy Ritual - Kitchener and Baden Powell
4. Gurdjieff Secret Agent

Lord Kitchener and Stalin were both trained by Gurdjieff as Martinist Freemasons. Stalin went on to rule a third of the world and Kitchener colonised the world through his special brand of Freemasonry - incestuous paedophilia and sadistic ORDER OUT OF CHAOS.

Britain was the training ground for immigrant revolutionaries to destroy their own foreign countries. This saved the colonising British army from doing it. Misinformation was always on the breakfast menu for the City of London and Metropolitan Police who regularly sabotaged each other's interrogations giving foreign terrorists any and every advantage.

Winston Churchill was King Edward VII's son. Once his father died, Winston needed to prove himself to his brother, the new King George V, so the 1911 Sidney Street Siege was held as a canned meat operation - a training exercise between Churchill and his protege Stalin, who went on to decimate Russia.

Protecting the satanic pedophile establishment by file theft is one of the main functions of a knight. A crime is committed,

the case is botched and the files are stolen. Ipso facto, the stitch-up is all stitched up and official history contains generations of the most unbelievable claptrap where nothing fits and most lose interest. This is the desired goal of establishment historians - most of whom are embedded into the Satanic occult. Jack the Ripper was an inside job that had the full support of Satanic occultist Freemasons and the British Royal Family.

Two of the most decorated men in British history Kitchener and Baden Powell were paedophiles who competed to commit the most heinous crimes in the British colonies and then use the Baden Powell Scouts to provide paedo children for the Elite, just like Epstein and Jimmy Savile. Understanding Queen Victoria and her children's illegitimacy, they operated with complete immunity, attained hero status, and medals were theirs for the asking.

50. Hallet and Spymaster, Hitler was a Rothschild Hitler was a British Agent trained by the MKUltra Tavistock Institute

And Hitler was a Rothschild like Stalin and Bill Clinton, conceived during a Satanic Ritual to create an Agent of War!

“During his period in the Tavistock Military Mind Control Institute in Britain in 1912, Hitler was trained as a public speaker. They taught him to gesture with his hands to emphasise points. He then developed his own style which was non-Germanic and incredibly effective. MI-6 also used an elocution teacher from Dublin’s Trinity College to give him voice lessons and teach him how to raise and lower his voice for emphasis.

“Much of an agent’s training is along sexual lines. Agents are given the Fritz Springmeier Mind Control trauma, drugs, alcohol, subjected to hypnotism, given access to other agents, and the instructors step out and watch what develops. Adolf gave indications of bisexuality, which is not unusual in an MI-6 training setting, and later went on to develop more complicated perversions that sickened many of the other would-be agents – notably coprophilia. The more extreme his sexual perversions, the more easily manipulated he was and the Mandarins of Whitehall were delighted with his progress.

Some predicted the sky was the limit for Hitler...

Historian Henry Makow, Ph.D., United States Greg Hallett offers persuasive circumstantial evidence that Hitler was a British Agent. As Hitler was in Britain 1912–13 other historians are guilty of sanitizing Hitler, giving him more credibility that he had. Hitler was a British Agent is a useful paradigm that clarifies many improbable events . . .

Why the Nazi war machine was financed and built by the Bank of England. Why Hitler was able to expand into the Rhineland without fear of retaliation. Why Hitler let 335,000 Allied soldiers escape at Dunkirk. Why Hitler attacked Russia before England was invaded or conquered. Why the Nazis never figured out their communications were compromised. Why Hitler never sealed the Mediterranean at Gibraltar. Why the Spanish dictator Franco remained neutral. Why Hitler didn’t conquer the oil fields of Russia and the Middle East. Why Hitler gave his racial policies priority over actually winning the war. Why I.G. Farben was never bombed, and became the CIA headquarters in Frankfurt after WWII.

The biggest improbability of traditional history is that an Austrian tramp, street cleaner and gay prostitute could become the Chancellor of Germany. Hitler joins a long list of obscure blackmailable figures catapulted into world prominence by the unseen hand.

Implications . . . History is unfolding according to the Satanic Sodomy Ritual Skull and Bones Illuminati's long-term plan. Wars are plotted decades in advance and orchestrated to achieve the destruction of nations and natural elites, depopulation, demoralization, and of course power and profit . . . The Satanic Sodomy Ritual Skull and Bones Illuminati sponsor 'enemies' in order to ferment conflict . . . The super rich Satanic Phoenician Mega Trillionaires have organized themselves to prey on mankind and establish permanent hegemony . . .

Greg Hallett deserves our thanks for advancing a history more plausible than what supposedly transpired.

Satchi's energy is amazing and just watching his videos would charge me up with softness and bliss. The energy I felt from watching the videos not only enabled me to see my own blockages, but I could feel some of them rising to the surface and then getting dissolved by light.

- Satchi is very helpful in emails and I have emailed him many times...he got back to me and gave me some hard truths and also honest support which helped me to continue making progress.

- The frequency of energy is the most powerful and high frequency I have worked with, it charged me up really fast and enabled me to see blockages psychically.- I started to sense astral beings a lot more (most of them not very nice) but we got taught how to deal with these in Level 2 with the Seven Step Process.

I also felt some very wonderful presences of spirits and ascended Masters associated with the course who were helping teach me.

- The level 2 method 7 step Process of removing energy blockages is simply amazing.

I use it every day. I've used it to dissolve or 'ground' negative emotions, fear, anger, to clear negative energy from astral entities, deceased human spirits who were inside my aura...

random spirits who would come to me to get guided to the light and so on.

This method has been far superior than all other methods which I have used.

- The level 2 methods allowed me to personally get through some very bothersome subconscious programming and blockages which no other methods were healing...I was under heavy psychic attack at this point and I got what I needed to stop it. Problems grounded and dissolved in the light of the earth chakra.

- The level 3 methods to remove deep karma - The Karma Cleaning Process - actually do work. I said in another report that I saw that it would have taken me 500 lifetimes to clear my Karma and become Enlightened . Now using Energy Enhancement Techniques I see that all those 500 lifetimes of Karma have been dissolved!! Perhaps Enlightenment is Next!!

My body feels so bright and purified, so light and fresh, I have used these methods to clear the karmic bonds between me and other human souls. It feels like all the 'history' between you becomes instantly neutralized back into peace and light.

Although it also dissolves the 'good' karma too, for example it will neutralize positive attachment's between you and others and make you feel a more evenly spread benevolent peace to humas in general.

AGAINST SATANISM Vol. 6

AGAINST SATANISM VOLUME SIX

Infiltrating Bloodline Phoenician/Jewish aristocratic Families have existed for over 5000 years before the Birth of Christ. Using emotional rhetorical religious concepts to control, they worship all the Pagan Gods, including Lucifer, Satan, Baal, Bel, Molech, Ashtoreth, Cybele and Attis including all the Satanic Rituals in Against Satanism Volume 3 - RITUAL SEX, RITUAL DRUGS, RITUAL BLOOD SACRIFICE, RITUAL HUMAN SACRIFICE, RITUAL PEDOPHILIA, RITUAL TORTURE, RITUAL BURNING ALIVE, RITUAL CANNIBALISM, RITUAL CASTRATION.

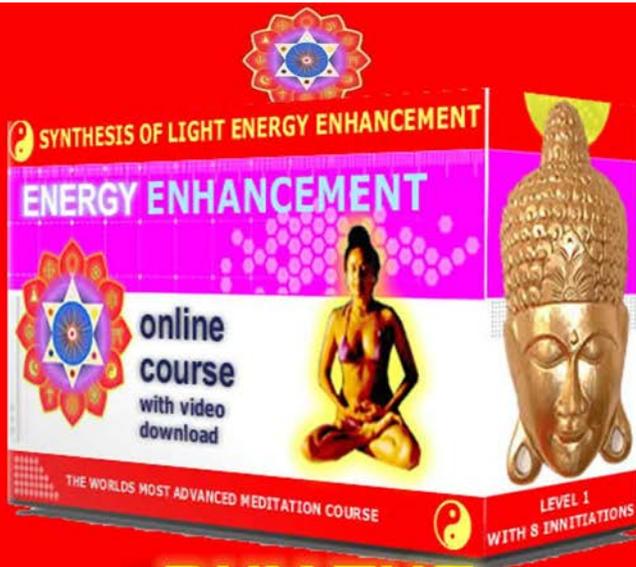

In this book we find that over thousands of years, spook, Bloodline Phoenician/Jewish aristocratic Families infiltrated every country, every Empire, taking over or infiltrating every ruling aristocracy and aristocratic, bloodline family, in Europe, Britain, America, India, China and in every other country in the World.

Jewish/Phoenician aristocrats were never attached to any tiny nation, but were always one globalized trading empire from 2000BC, playing countries against each other for profit. For example using a false Flag to start a fake war between ruling elites in separate countries both of which have been allowed, built up, to become rich, but all the elites in each country coming from the same Infiltrating Bloodline Phoenician/Jewish aristocratic Families, and then buying all the assets for pennies on the dollar after the war. Not only that, giving loans to each country to prosecute the war, owning the Military Academic Industrial Complex providing materiel for the war.

Many Infiltrating Bloodline Phoenician/Jewish families who have ruled the World as one trading block for thousands of years before the Birth of Christ came from the Fertile Middle East Crescent including Lebanon, Libya, Syria, Israel, Mesopotamia-Iraq, and Persia-Iran, and had that region and all it's Empires razed many times over nonetheless, profiting from each destruction. They hop to and fro over the planet, always profiting by shifting, reshuffling and breaking their Empires.

We saw that the important conquests are not in our history books as such. Rather, Europe was colonized in the Bronze Age already, in patterns that match up with structures we see in today's spook aristocracy. The entire upper class of colonized regions was replaced by Phoenician/Jewish families, with common people unaware of it to this day. Some of this colonization is cautiously admitted, just not emphasized.

We saw that the Infiltrating Bloodline Phoenician/Jewish families always held power. The secret behind their power is simply that there is no big secret. They don't know anything special. They can't do anything special. They never achieved anything special —other than monopolizing trade. With the power to deceive from the Father of Lies, owning all the media, - The CIA, the Military Academic Industrial complex, Universities, History, Books, Magazines, Newspapers, Television, Youtube, Facebook, Google - even idiots can rule the world for millennia.

He said, "By Meditating we can change our messy life painting into a clean white sheet again."

Here he is saying that Meditation can with Intensity of Feeling, ground all the negativity, all the negative emotions, all the energy blockages attached to your memories that ever happened to you in this lifetime

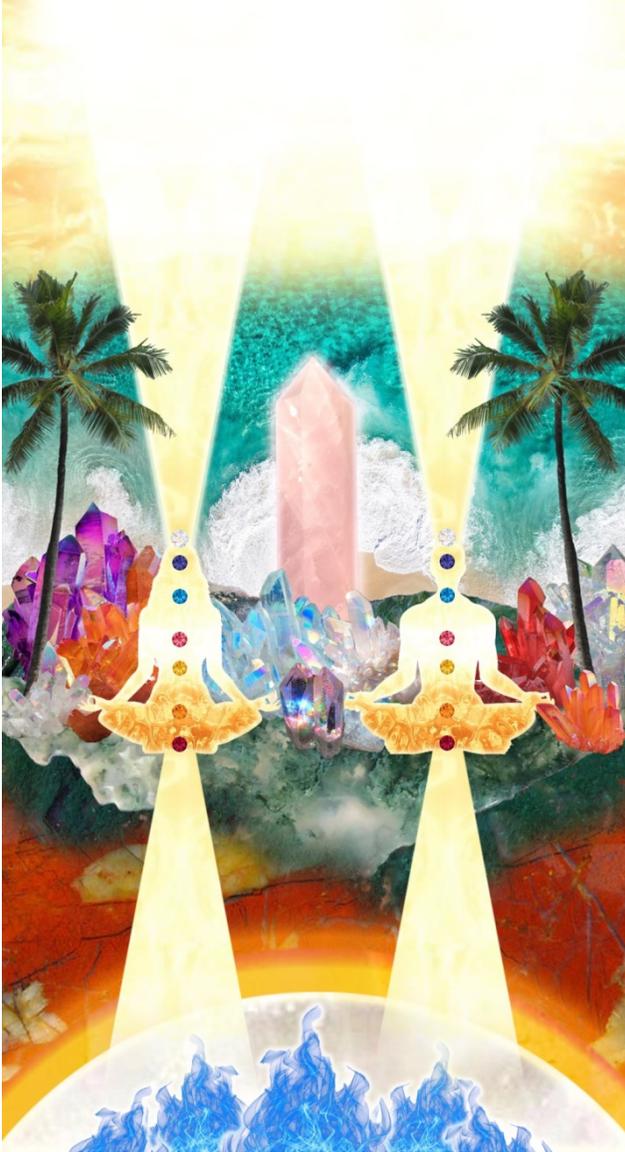

He said, "I spent all my previous lifetimes making Guinness. Now in this lifetime I am drinking all the Guinness!"

Here he is saying that with Passionate Energy Enhancement Samyama Meditation can ground all the negativity, all the negative emotions, all the energy blockages attached to your memories that ever happened to you in all your previous lifetimes.

If you can use Energy Enhancement Meditation to Ground all that negative energy from your past, to remove those dense, deep, energy blockages not only from this lifetime, but from all your previous lifetimes...

Can you Imagine what that will Feel Like?

Today's a brand new day!!

REMOVE ENERGY BLOCKAGES

Learn the "Energy Enhancement Anti Energy Blockage Hack Technique" and Free Your Mind Once and for All.

Why has this Energy Blockage predator taken over in the fashion that you're describing, Don Juan?" I asked. "There must be a logical explanation."

"There is an explanation," don Juan replied, "which is the simplest explanation in the world. They took over because we are food for them, and they squeeze us mercilessly because we are their sustenance. Just as we rear chickens in chicken coops, gallineros, the predators rear us in human coops, humaneros. Therefore, their food is always available to them."

Don Juan had a broad smile on his face. He was as pleased as punch. He explained that sorcerers see infant human beings as strange, luminous balls of energy covered from the top to the bottom with a glowing coat something like a plastic cover that is adjusted tightly over their cocoon of energy. He said that that glowing coat of awareness was what the predators consumed, and that when a human being reached adulthood, all that was left of that glowing coat of awareness was a narrow fringe that went from the ground to the top of the toes.

If we consider a human being as containing seven parallel chakra processors within the body and an infinity of parallel chakra processors above the head and below the base, connecting us to the Universe, then the more of these parallel chakra processors we can access, the more intelligence we have - What stops the access to these parallel chakra processors is Energy Blockages.

We need to learn how to "Hack" these Energy Blockages to remove them so we can access our native genius. The Geni being the Soul Chakra, the first Chakra above the head.

Yet as we remove more of the energy blockages and access many more chakras, even more intelligence is possible!!

OPENING
THE THIRD EYE**

**AWAKEN YOUR THIRD EYE
IMPROVING PSYCHIC SIGHT**

OPENING THE THIRD EYE

The conscious rocking backwards and forwards at the Start of your EE practice is to get your spine into alignment with the Kundalini energy from the center of the earth out into the center of the Universe..

to power your Psychic Vision, to Open your Third Eye...

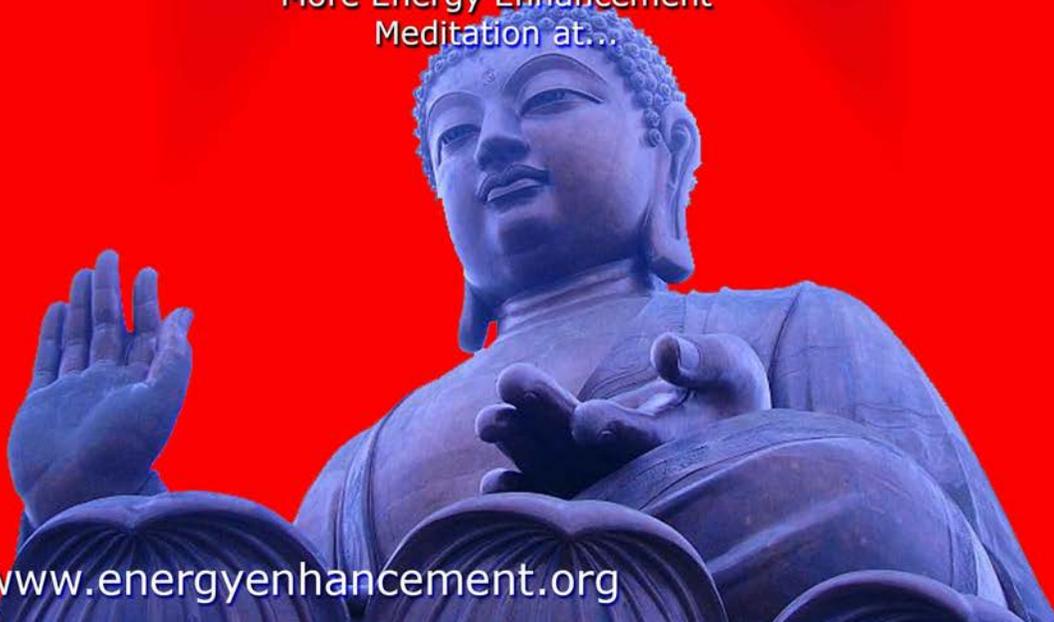

Antaeus was killed (the process of Illumination requires the ability to get out of the body into the higher chakras, the same path we take when we die, but without the advantage of being able to come back along the Silver Chord) Antaeus was killed by suspending him in a tree - SEE THE MYTH OF ODIN IN AXIS MUNDI where Odin spent 9 nights suspended in the Axis Mundi Tree above the Crown Chakra in order to become Illuminated and gain psychic vision - make all his sight one in the third eye.

We eventually get into a state of energy transfer. We both feel it as white light flowing from one to the other in an incredibly intense way which lasts for two hours. At the end of that time I perceive an initiation which is taking place on the astral plane. Surrounded by a group of ascended masters I introduce him to the chief initiator who uses the rod of initiation to touch his third eye with the intense energies of initiation so that his energies can never again drop into that state we call normal waking consciousness.

The Antahkarana Also refers to the Unicorn - So, by removing the Blockages of Ajna Chakra the Psychic Powers of the Third Eye and of the Rainbow Bridge, a Horn emanating from the Crown Chakra leading to Wisdom, Psychic Vision and the Actualisation of all our Dreams, Our Soul Path which we teach in Energy Enhancement Initiation 4.

"COMPLETE INSTRUCTIONS ON
ENLIGHTENMENT" - THE
ENERGY ENHANCEMENT WAY BY-
SATCHIDANAND

"Now!! Here Are Complete Instructions on Enlightenment" After you have tried all the bad things and found they do not work - Here are complete instructions on how to attain your Infinite Peace. Yoga comes from Yoke. This Yoking or Union with the Higher self and the chakras above the head is Enlightenment.

By the loosening of the cause (of the bondage of mind to body) and by knowledge of the procedure of the mind-stuff's functioning, entering another's body is accomplished.

THE WHOLE WORLD IS CONTROLLED BY MEDITATION..

He who, due to his perfect discrimination - dis-crime-ination or sanskrit, Viveka, is the ability to transmute energy blockages and as they transmute and ground, so they go through the symptoms of the Gunas from Tamas, to Rajas, to Sattvic as the Negative Karmic Mass is grounded - The sword of discrimination is the ANTAHKARANA - the energy connection between all the chakras above the head through the body and below the base chakra to below the Center of the Earth, which feeds energy from higher to lower levels of the hierarchy - this discriminative energy blockage transmuting flow of energy if maintained is called Dharma Mega Samadhi.

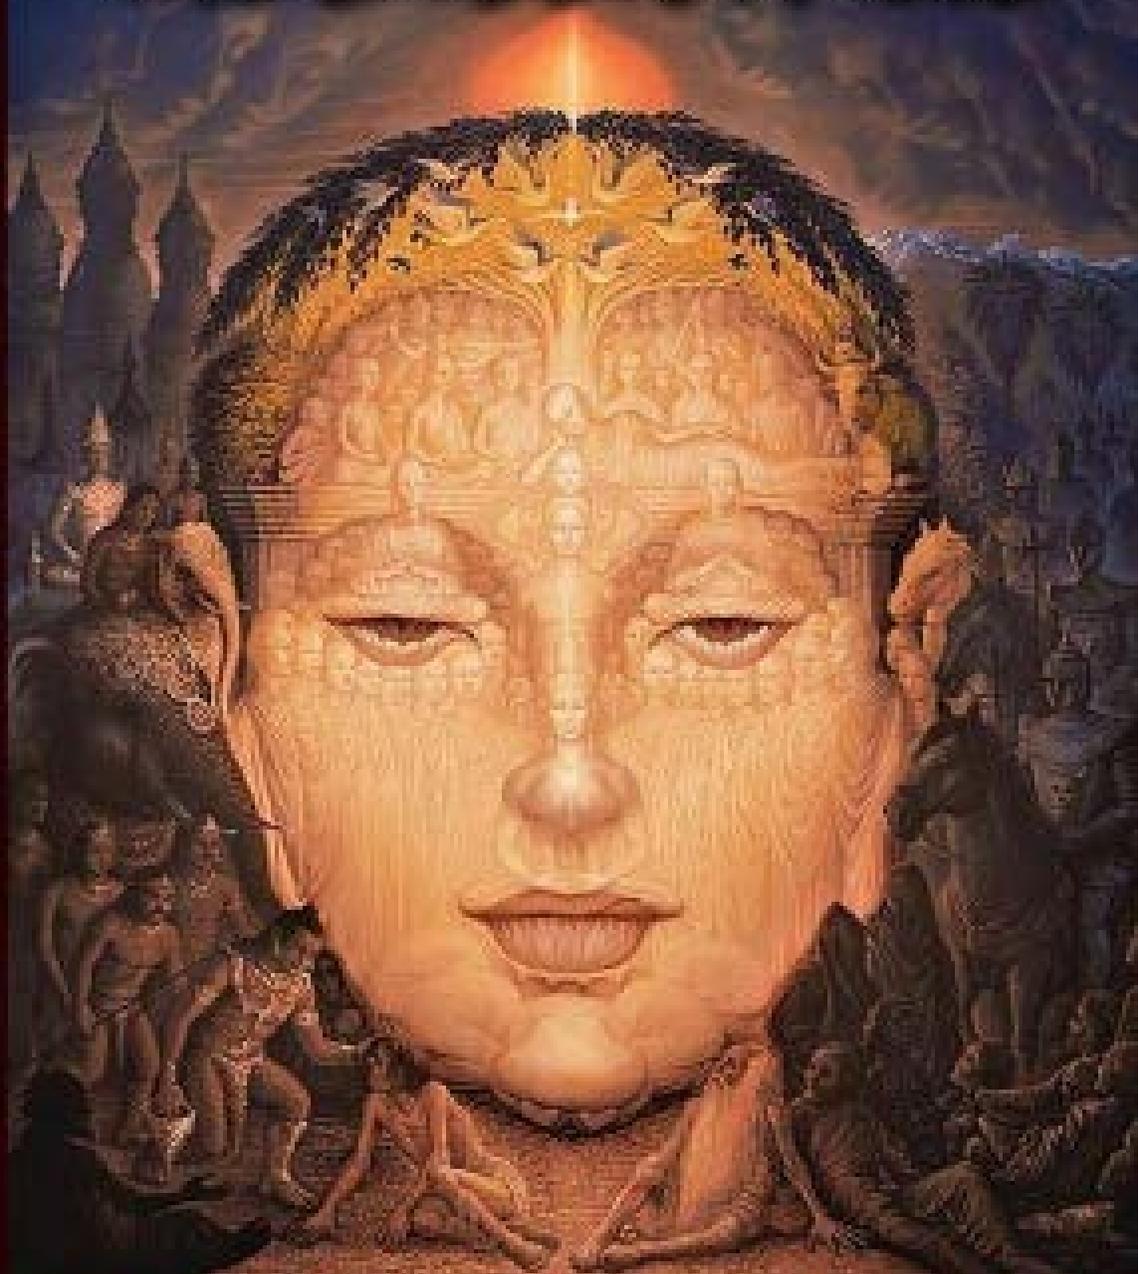

The meaning of dharma includes goodness - next to Godness - virtue, justice, law, duty, morality, religion, religious merit, and steadfast decree - all symptoms of being Soul Infused.

Dharma is the energy of the Soul!!

GOODNESS AND MERCY SHALL FOLLOW ME ALL THE DAYS OF MY LIFE AND I SHALL DWELL IN THE HOUSE OF THE LORD FOREVER..

"WHEN ALL ENERGY BLOCKAGES ARE GONE, ENLIGHTENMENT IS SURE TO FOLLOW" - Satchidanand

VIMALAKIRTI SUTRA -THE BUDDHA FIELD

SATCHIDANAND

ENERGY ENHANCEMENT

Vimalakirti Sutra - The Buddhafield

Buddhas, Bodhisattvas, Aryasravakas, and Pratyekabuddhas conquering demons, natural spiritual benefactors of all living beings, free from impurities, expert in knowing the spiritual faculties of all living beings, high resolve as hard as diamond, unbreakable in their faith in Buddha, Dharma and Sangha, they showered forth the rain of ambrosia that is released by the light rays of the jewel of the Dharma, which shines everywhere.

The Purification - the Removal of Energy Blockages - And the Augmentation of Psychic Powers - Caused by the Buddhafield

Inconceivable Skill in Enlightenment Liberative Technique, Dharma, Connection with the Infinite Chakras above the Head - Gnosis, conquered all demons, transcendence of wisdom, tolerance and self-control, respected by Indra, Brahma, and all the Lokapalas

Thereby, thirty-two thousand living beings purified their immaculate, undistorted Dharma-eye in regard to all things.

The eight thousand bhikshus were liberated from their mental defilements, attaining the state of non-grasping.

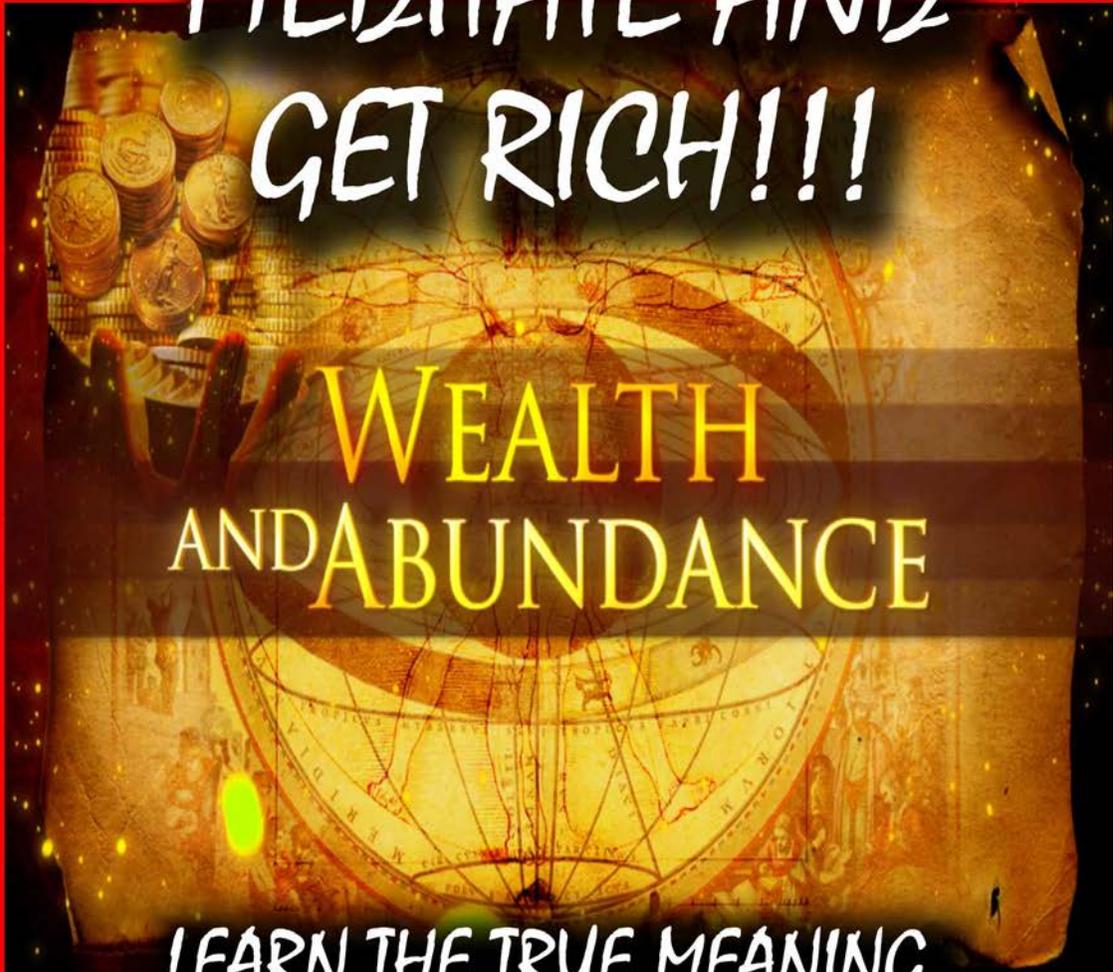

And the eighty-four thousand living beings who were devoted to the grandeur of the buddhafield, having understood that all things are by nature but magical creations, all conceived in their own minds the spirit of unexcelled, totally perfect enlightenment.

A Zen Master saw a child with a broken arm sitting miserably by the side of the road. This guy was so miserable that the Zen Master just knew he was impervious to being cheered up, To accepting good advice, to being told that, "Everything changes". So he took an iron bar and with it he broke his own arm. Sitting down by the young child he said, "Now we can talk!!"

"The Dharma - The Path of the Soul Chakra - The First Chakra above the Head - permeates evenly all things, because all are included in the ultimate realm. It conforms to reality by means of the process of nonconformity. It abides at the reality-limit, for it is utterly without fluctuation. It is immovable, because it is independent of the six objects of sense. It is without coming and going, for it never stands still. It is comprised by voidness, emptiness, a vibration so high that it is not gross like matter, or emotion, or mind, it is remarkable through signlessness, and is free of presumption and repudiation, because of wishlessness. It is without establishment and rejection, without birth or destruction. It is without any fundamental consciousness, transcending the range of eye, ear, nose, tongue, body, and thought. It is without highness and lowness. It abides without movement or activity.

But one of the Forgotten Secrets of Wealth and Richness has Traditionally been the Transmutation of Lead into Gold.

The Ancient Secrets of Alchemy!!

And what we need now is the Modern Upgrade of the Secrets of Alchemy brought into the Modern Age.

As Jung has brought Alchemy and Archetypes into Psychology, so Energy Enhancement has brought Alchemy and Archetypes into Wealth and Self Actualisation.

Get the Gold!!

Understand the Ancient Formulas of Alchemy to release Sources of Internal and External Wealth!!

Get the Gold!!

Get the Philosophers Stone which Transmutes All Base Metal into Pure Alchemical Gold!!

There are Powers inside you that once Released, Paradigms Transmuted, Blockages Removed, will enable you to Access your true Potential.

These Ancient Techniques called Alchemy will Truly Release your Beast and Allow Incredible Success in Any Field of Life.

The Secret of Alchemy lies in the Transmutation of Trauma which lies at the Base of all Blocks and Bad Habits.

Trauma creates the Dragon of Fear which in all Ancient Mythical Stories is Killed by the Hero in Order to Rescue and Release the Princess..... and Get the Gold...

After reading this, in lieu of its recommendations which may take a little while to percolate through the Archetypal Mind of humanity, my recommendation is to teach Energy Enhancement Advanced Meditation Techniques..

To achieve True Wealth.. the Ultimate Truth, and Freedom... Enlightenment!!

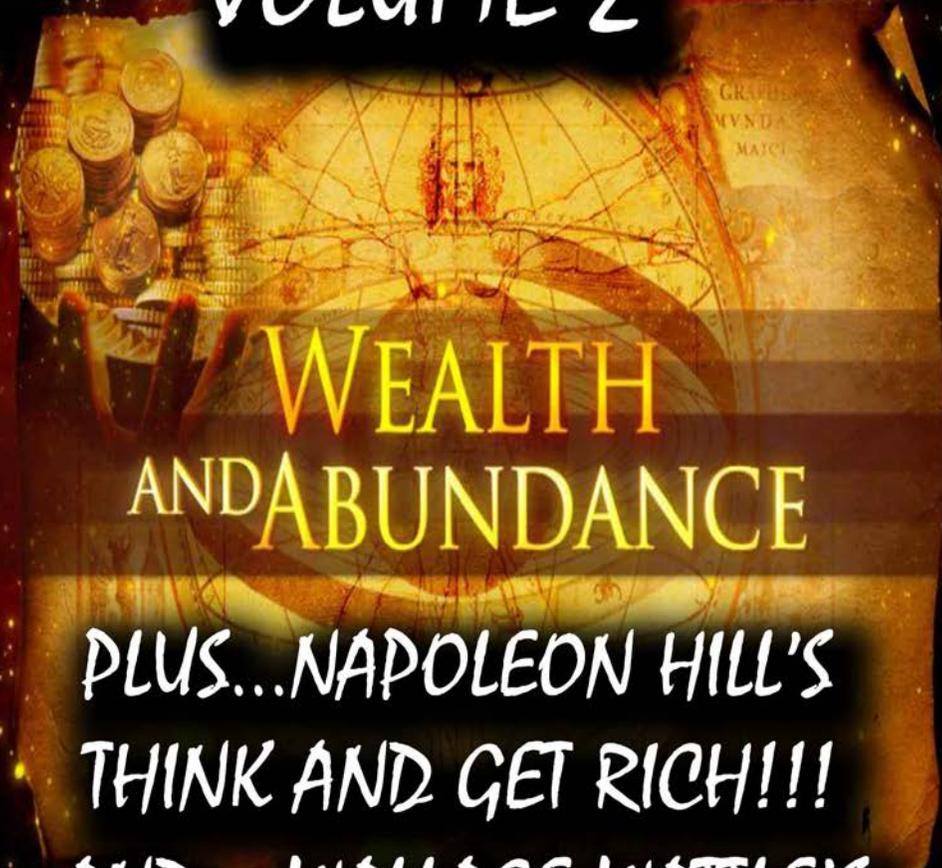

ENLIGHTENMENT IS AVAILABLE FOR EVERYONE

INCREASING WEALTH WILL SPEED UP THE PROCESS OF EVOLUTION AND ENLIGHTENMENT FOR ALL

MEDITATE AND GET RICH VOL.2

YOUR RICHNESS SEED IS A THOUGHTFORM!!

With regard to becoming rich, becoming strong, any mortal thing you want to be – All these things and more are thoughtforms.

They are thoughtform seeds.

And Napoleon Hill talks about growing these thoughtform seeds, actualising these thoughtform seeds, so that they grown like Acorns to become the great Oak trees they were destined to become - and he gives the formula for this Richness tree to come to fruition.

That you actually become rich!

And Napoleon Hill gives in this book these methods – which suit the natural competents, but require everything from those not naturally competent, including a lot of time..

FAITH, AUTO SUGGESTION, IMAGINATION, DESIRE, DECISION, PERSISTANCE, SEX, THE SUBCONSCIOUS MIND, THE BRAIN, THE SIXTH SENSE, HOW TO OUTWIT THE SIX GHOSTS OF FEAR

NOW, HOW WOULD YOU LIKE TO GROW YOUR PSYCHIC OAK TREE IN DOUBLE QUICK TIME?

HOW WOULD YOU LIKE TO SPEED UP THE PROCESS?

The thing about these Thoughtform Seeds is that they are psychic seeds.

These Thoughtform Seeds do not need real Earth, Water, Sunlight and Carbon Dioxide to grow.

No!

These Thoughtform Seeds need Psychic Energy to Grow.

Most Richness and Wealth Courses teach very beginners techniques.

We are taught the Ancient Buddhist Technique of Metta Bhavana – Gratitude - to Open the Heart.

We are taught the Ancient Yogic Technique of Repetition – of Mantra and Visualisation to Life Stream what we want in the Present tense as though we already have it

So we write down what we want on sheets of paper, read them out into audio files, listen to the files constantly, so that we live in our Matrix, not truly alive so as to enter the prayers into our conscious minds so that with years of repetition the thoughtform seeds might grow, clothe themselves in psychic matter and enter in to the Universal Sub-conscious mind and we might actually become rich and everything work out just as we wish.

So, why does it take so much effort by Mantra to become Rich?

The answer is Energy Blockages which stop our connection with the infinite energies of the Earth and the Central Spiritual Sun and which block our little richness thoughtform from the energies that would make it grow Superfast!

As I said, Mantra is a very beginners technique. There are Ancient Techniques of the Sidars which quickly develop the Psychic Powers to get what you want quickly and easily.

Everyone who takes the Energy Enhancement Course gets these psychic powers.

The power to connect with the fountain of kundalini energy from the Earth.

The power to connect with Infinite Spiritual Energy which descends from the Central Spiritual Sun.

The most powerful Technique is that of Meditation developing quickly with Energy Enhancement Initiations into Samadhi and Samyama, talked about in the Ancient – 5000 years old - Yoga Book, the Yoga Sutras of Patanjali.

Everyone knows that Meditation is the best, most ancient, fastest and efficient technique to gain Psychic Powers,

There is a whole chapter in the Yoga Sutras of Patanjali on the use of Samyama to gain all the Psychic Powers – gain immense riches, remove all our vows of poverty from our past lifetimes as monks, remove all bad luck and karma, remove everything holding you back, and attain Enlightenment the goal of All our Past Lifetimes.

ELIMINATING THE SHADOW

In this book, Satchidanand trashes the greatest most intellectual investigators and descriptors of the Shadow and the Shadow Subpersonalities. Great People - The Highest of All Humanity - Jordan Peterson, Carl Jung, Nietzsche, and every Psychotherapy, Psychological therapist who can describe the problem of the Shadow, talk about the problem of the shadow but have no Practical solution to the Shadow. All of those guys Failed to Solve the Problem of the Shadow. None of these guys have Any practical solution for the Shadow.. And it is the Shadow Subpersonalities which is the Source, The Fount, of All Evil on this Planet... And the Source of All Evil within You!!

Carl Jung says.. "There is no generally effective technique for assimilating the shadow. It is more like diplomacy or statesmanship and it is always an individual matter. First one has to accept and take seriously the existence of the shadow. Second, one has to become aware of its qualities and intentions. This happens through conscientious attention to moods, fantasies and impulses. Third, a long process of negotiation is unavoidable." (Carl Jung)

As Jung notes in the passage above, he thought there is no general technique to integrate the shadow, even though the Buddha and Jesus Christ exemplified the Meditation Technology. For thousands of years great souls have come to earth to demonstrate otherwise, that enlightenment is, "Tat tvam asi" Thou art that!! You are a part of the Universe and have nothing else to seek.

Energy Enhancement Meditation – Spiritual Insight – combined with psychological knowledge is THE complete way of processing and integrating your Shadow Side into wholeness.

Because Energy Enhancement Meditation has actual ancient time-tested meditative techniques that you can use and apply to your Shadow work to Heal All your trauma formed Subpersonalities and Integrate them into the Soul. As long as we have a Shadow Side we have Trauma formed Negative Karmic Mass – pain, frustration, pessimism, depression, anxiety, grief, bitterness, spitefulness, jealousy, anger, greed, lust, addiction, escapism, nihilism. These all need to be addressed and healed – transmuted and integrated.

Energy Enhancement Meditation uses the Psychic Spiritual Center – Third Eye as primary gateway into healing yourself. If we just use psychological analysis then we are limited. If we just use creative therapies, dream exploration, trance-work etc then we are also limited still. This is because we need it all, both sides.

ENERGY ENHANCEMENT MEDITATION – DEEPER THAN THE INTELLECT, MORE PROFOUND THAN THE MIND!

Alchemical VITRIOL is an Ancient Meditation designed to remove Trauma from Memories!! VITRIOL IS A LATIN ACRONYM - VITRIOL. – Visita Interiore Terrae Rectificando Invenies Occultem Lapidem, THE GROUNDING AND TRANSMUTATION OF ENERGY BLOCKAGES – The unification of the conscious and the unconscious., night and day, hot and cold, masculine and feminine. In the center is the Ajna Chakra – Third Eye. The kundalini Serpent has risen from the Muladhara – Base Chakra to the Third Eye Center. The symbolic meaning of its risen state is a raised consciousness that has dissolved duality. A state of Wholeness – Integration – Enlightenment.

"Come together, right now, over me" Singing these famous song lyrics from the Beatles to yourself, You can come together, surpassing your current-self to a higher-self!

YUKO SATO - SPIRITUAL WARRIOR ON THE ENERGY ENHANCEMENT VIDEO MEDITATION COURSE PATH TO SELF REALISATION Vol 3

I have known this person since he was born. Our bond was rooted in a shared childhood and familial ties. We would spend hours playing with Lego together every day, our favourite game was to create a spaceship and load it up with all our toys before blasting off into the universe.

But our joy was always short-lived because as soon as my mother caught sight of the mess, she would start screaming and yelling at us to clean up. My little brother was often too young to tidy up properly, so it always fell to me. All the while tears streaming down my cheeks. Once the mess was finally cleared, I would try to seek comfort in my mother's arms, only to be met with a cold push away.

I began to have a complex and contradictory relationship with him. I once adored him with a fierce and protective love as a big sister, but as he veered off the path of righteousness, my feelings towards him shifted. His actions brought chaos and pain into our family, causing me to bury my love for him deep within me. Instead, I found myself consumed by resentment, anger, and disappointment towards him. And fear grew in me. The person inside the Enso responded to my negative feelings and said. "I stood up to our mother, Sis. She had always nagged us to study hard and tidy up with a screaming voice. There was no love in our family. So I got revenge on her. She didn't give us love, so I asked for money. Money was love for me. The more I annoyed her, the happier I was. When I abandoned our parents in Japan, my goal was accomplished. I was finally free from them. Sis, anyway, you got love from her, because you played your role as a good daughter in our family." He became the black sheep, the outsider who stood apart from the rest of us. Our relationship became a tangled web of conflicting emotions, a blend of love and disdain that I had been struggling to untangle.

"Can you untangle it?"
